WILL NOT SHOOT.

Members of the Ninth Sympathize With the Locked-out Men.

The New York World is authority for the statement that many members of the National Guard, now stationed at Homestead, will not fire upon the locked-out men while the latter try to hold their positions against Pinkertons or non-union workmen. Shortly after the arrival of the militia the workmen made them acquainted with the true state of affairs. Since then nearly every man in the troops who thinks at all has been finding out things for himself. The workmen have explained the situation and the whole command is fast becoming the friends of the people of Homestead.

When good soldiers who are not hired mankillers come into town upon a mission to kill, if those in command deem it necessary, it takes the blood-letting spirit out of them to be received with open arms and have those whom they came to conquer give them all the assistance in their power in order to prepare for the conquest.

On Friday a private of the Ninth regiment went to the World headquarters and asked for a reporter.

"I want to tell you," he said, "of the feeling in the Ninth regiment. We have promised that not one of us shall fire a single shot at the locked-out men, and what is more, we will fire upon those who do shoot upon them. We do not come here to take jobs away from honest, hardworking, orderly men. We are not going to do police duty. We will throw down our arms first. And this is not the sentiment of our men alone but of the majority of the whole command. Go up and talk with the boys and listen to what they will tell you."

That is significant, as the Ninth comes from the coal regions in the far eastern part of the state. The Eighteenth and Fourteenth regiments of Pittsburgh feel about the same. Many of the men in those regiments are in the coal regions, and if it comes to a test there will be some startling surprises for the officers of the National Guard.

Confest for a Flag.

A contest that will arouse much friendly rivalry has been entered into by Miss Mary T. A. B. Society and Division 20, A. O. H., both of Eckley, for a splendid United States flag which will be given by the congregation to the organization collecting the most money. The proceeds of the contest will be expended in equipping the Catholic church and pastoral residence with a steam heating plant, an improvement that is being made there. The field for collection is unlimited, both societies expect to receive considerable aid from the organizations and members of the two orders. As the C. T. A. U. and A. O. H. are strong, numerically and financially, in the Scranton diocese, a large amount will be collected and donated for the contest, which will close on October 21, 1892. Rev. Thos. Brehony will offer a mass on the first Sunday of each month during the year for the benefit of all who contribute in any degree.

Opera House Leased.

Negotiations were completed on Friday morning by which B. F. Davis, one of the leading business men of town, leased the Freeland opera house for the season of 1892-93. As soon as the final arrangements were made the new manager began corresponding with the agents of all the reliable companies whose address he could procure. Although rather late in the season to commence booking plays he expects to secure dates for all the favorite troupes and many new ones. Mr. Davis is a thorough business man, and intends to give the people here the best shows the town can support.

A Model Printing Office.

"Squire Buckley, of the FREELAND TRIBUNE, has his presses running by steam power and has a new printing office that is a credit to the always creditable paper that he prints.—Sentinel.

Will be Buried This Afternoon.

The remains of West Fritzing, who was killed last week in New Mexico, arrived here this morning. He was employed as yard-master on one of the railroads in that territory, and met death while attempting to board an engine. The deceased is a son of Councilman Owen Fritzing, and the body was brought here for interment. It arrived at White Haven at 3 A. M. to-day, and was conveyed to Freeland by Undertaker Bachman. He was aged 31 years and 4 months. The funeral will take place from his father's residence at 3 o'clock this afternoon. Services at St. John's Reformed church, after which the interment will be made in Freeland cemetery.

Birthday Anniversary.

On Friday evening a very enjoyable party was held in Donop's hall by a large number of young ladies and gentlemen of Freeland and South Heberton. The event was in honor of the sixteenth birthday anniversary of Miss Emma Klingerman, of South Heberton, and the young lady received many congratulations from her host of friends. All the amusements indulged in were of a character suitable to the occasion. Refreshments were in abundance and the young ladies who had charge of the affair, among whom were Misses Louisa Dumtra, Cassie Shano, Maggie Brown and Sarah Brown deserve praise for conducting it to such a successful termination.

DRIFTON ITEMS.

The political portion of the community is working silently, but effectively, the last few weeks. One has his eye on the sheriff's berth and the other on the vacant chair in the legislature. Two candidates from here seem to frighten others who have an eye looking in the same direction, but our men mean business and are out to win.

The collieries were idle here two days last week.

Rumor has it that William Baskin and Miss Mary Smith will be married on the 29th inst.

Dr. Crease will leave here in a few weeks to take a position in an hospital in Canada.

William Gillespie has fallen into line with the rest of the residents who are paying house rent. We failed to get its name.

A number of parties living outside of this place have applied for permission to rent the ball park to hold picnics. The manager of the park, Daniel Cox, will not lease it to any party or organization unless they are in some way connected with Drifton.

Mr. Kemp, who taught school here last term, has been replaced by John L. Simmons, of Hazleton, who taught at Laurel Hill last term. Mr. Kemp fell into disfavor with the majority of our people for having some small boys arrested for a trivial offence, when he should have consulted their parents. However, the town will lose nothing by his absence, as Mr. Simmons is a gentleman and an able scholar.

Great excitement prevailed here on Wednesday evening after the storm. A report reached here that a cyclone had struck Freeland and many were killed and injured. Fortunately, the report was untrue. Nevertheless, one of our young men offered to wager money that the cyclone that strikes Freeland will come out second best.

Miss Madge Bonner, of Philadelphia, is visiting her parents.

Mrs. Charles McElrue and Mrs. William McLaughlin were visitors at the residence of Con Byrnes, at McInty, yesterday.

Still the collieries are working four days a week and we have made our minds to stand it until we hear of the D. S. & S. being extended in the direction of Lanrytown. Then we expect to roam the country in gypsy-fashion.

JEDDO NEWS.

Miss Annie Quigley and Miss Rose Burke, of Freeland, were visiting here yesterday.

There is some talk among the boys of giving the people of this vicinity a change in the way of amusement by holding Scotch games before the season is out. Some of them are already planning it.

The breaker at No. 5, when completed, will be one of the largest and finest in Luzerne county for preparing coal. It is 160 feet high and will be able to handle an unlimited amount of coal. The frame work is finished and a part of the siding is on. All the latest inventions in machinery will be placed in it and the number of men and boys it will give employment to will make things more lively here.

A birthday party was held here on Friday evening at which a pleasant time was had and all our young people who attended speak highly of the treatment they received.

On Saturday evening the acrobats of the borough played an interesting game with the association club of Japan. The excitement ran high and the spectators were not slow in wagering money on their favorites. It had been agreed to play seven innings, but when the seventh inning was played the score was a tie. Another inning was necessary to decide the matter, and after many disputes, was played, the Japan boys winning by a score of 5 to 4.

Infanticide at South Heberton.

A sensation was created yesterday morning by the announcement of a case of infanticide at South Heberton. Upon investigation it was discovered that a child was born at the house of Henry Binch on Friday night and died in twenty minutes. Up to this morning it was not buried and its reputed father says he will not bury it.

Drowned at Lattimer.

David Fitzpatrick, employed in the Lattimer mine which is being driven into the Butler tunnel, was drowned on Thursday. The slope is a very wet one and the pumps must be run day and night to keep it dry. Mr. Fitzpatrick was unable to do any work until the water was pumped out. He pulled the bell wire which broke, fell backwards into eight feet of water and was drowned. Mr. Fitzpatrick was 33 years old and leaves a wife and one child who reside at Ebervale.

Democratic Conventions.

The Democratic committee of the fourth legislative district met on Saturday at Hazleton and selected that city as the place for holding the convention. The primaries will be held on Saturday, August 20, and the convention on Tuesday, August 23. Freeland made a strong fight for the convention, but was defeated by one vote.

On the Warpath.

Chas. Brill, a Polander, boarding at the house of Mrs. Kirk, at Walnut and Pine streets, brutally beat and threatened to kill his landlady last night while intoxicated. A warrant was sworn out for his arrest and Officers Kennedy and McLaughlin were sent to the house, where they found their man still in fighting trim, and making violent threats against the woman whom he had almost killed. The officers seized him, took him out the house and after a desperate resistance he was handcuffed and taken before Squire Johnson for a hearing. The woman, Mrs. Kirk, was so badly beaten that she was unable to appear against him, and Squire Brill found it necessary to remand Brill to the lockup to await the result of the woman's injuries.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

BARRELS OF BEER.

Internal Revenue Figures From the Books of the Twelfth District.

Internal Revenue Collector T. F. Penman, of the twelfth district of Pennsylvania, has closed his report for the fiscal year ending June 30, 1892, and has submitted the same to the commissioner of internal revenue at Washington. The twelfth district of this state embraces the twenty counties of Bradford, Carbon, Centre, Clinton, Columbia, Lackawanna, Luzerne, Lycoming, Monroe, Northampton, Northumberland, Pike, Potter, Sullivan, Susquehanna, Tioga, Union, Wayne and Wyoming.

The collections for the year ending June 30, 1891, amounted to \$575,735.14. The collections for the year ending June 30, 1892, were \$628,285.98, an increase of \$52,550.84.

The collections for 1891 were less than the collections of the year before to the amount of \$8,752, accounted for by the provisions of the McKinley bill, which had then been in effect but a short time. The year 1890 was marked by the largest collections ever made until the year just completed, when the collections exceeded those of 1890 to the amount of \$43,798.88. As the tax on manufactured tobacco has been reduced and the dealers' tax on tobacco and cigars has been abolished, there is a slight decrease in the collection of tobacco taxes this year.

The following shows the sources from which the gross amount of revenue collected in the district, is obtained.

Fines and penalties..... \$ 2,180 31
Tax on beer..... 32,153 90
Tax on whiskey..... 51,217 20
Tax on cigars and cigarettes..... 94,988 08
Tax on manufactured tobacco..... 30,961 90

Total..... \$202,255 98

Increase..... 52,550 84

In the district there are 20 grain distilleries, 2 fruit distilleries, 35 breweries, 20 tobacco factories, 276 cigar factories, 20 saloons, 11 wholesale liquor dealers, 4,378 retail liquor dealers, 32 saloons, 2 distilleries are distributed among the counties of Centre, Columbia, Lycoming, Montour, Northampton and Sullivan. There were 324,154 barrels of beer brewed in the district during the past year.

A Democratic Club.

The Democrats of Freeland and vicinity are agitating the organization of a Cleveland and Stevenson Club to further the interests of the party in this section. It is proposed to hold a meeting at Cottage Hotel Hall on Monday evening, July 25, when every Democrat on the North Side is requested to attend and prove his Democracy by joining the club. There is a lot of work to be done in the coming campaign, and the nominees will be selected with the same good judgment. The candidates will be worthy of the united support of the party, and their success can in no way be made more certain than by organizing a good, strong club. Therefore, every Democrat should turn out and attend the first meeting of the Cleveland and Stevenson Club of Freeland.

May Get the State Convention.

Wilkes-Barre will be a candidate before the next state camp of the P. O. S. of A. convention which convenes in Shamokin in August, as the case for holding the state camp in 1893. Wilkes-Barre was a candidate last year before the convention at Gettysburg and came in second best, and it was conceded at that time by nearly all the delegates and state officers present that should Wilkes-Barre be chosen before the convention at Shamokin in 1893, the convention was assured. Mayor Nichols, of Wilkes-Barre, has been chosen by the P. O. S. of A. members from the first district of Luzerne county to place the name of their candidate before the convention.

Order of the World.

On Wednesday evening, July 20, there will be a meeting in the committee room of P. O. S. of A. building, for those interested in Fraternal Insurance. Albert H. Wells, of Binghamton, N. Y. is to present an excellent paper on workings of the Order of the World. Come and bring a friend. Meeting called to order at 8 o'clock.

End of the Season.

The trout season ended on Friday last, and the fishermen of this section intend to have the game laws strictly enforced hereafter. The Freeland and Upper Lehigh Game Club will pay \$25 for information that will cause the arrest and conviction of any person violating the law. The streams are being watched and all offenders will be punished as severely as the law allows.

On the Warpath.

Chas. Brill, a Polander, boarding at the house of Mrs. Kirk, at Walnut and Pine streets, brutally beat and threatened to kill his landlady last night while intoxicated. A warrant was sworn out for his arrest and Officers Kennedy and McLaughlin were sent to the house, where they found their man still in fighting trim, and making violent threats against the woman whom he had almost killed. The officers seized him, took him out the house and after a desperate resistance he was handcuffed and taken before Squire Johnson for a hearing. The woman, Mrs. Kirk, was so badly beaten that she was unable to appear against him, and Squire Brill found it necessary to remand Brill to the lockup to await the result of the woman's injuries.

UPPER LEHIGH LETTER.

AN IMPORTANT MEETING OF THE TARRIERS' CLUB.

A Brief Report of the Doings of This Famous Organization and Its Members—How One of Our Young Men Was Left by a Practical Joker.

The Tarriers held their regular meeting at the usual place on Saturday evening, and after prayer, the regular order of business was taken up. The roll-call showed all present but the expert. A delegation from the Mickey Mucks, of Pond Creek, waited on the Grand Tarrier and wanted to know if the club did not want a goat for initiative purposes. The Tarriers made a motion that the club purchase the goat, providing it was a "mooly." The motion then was lost. The delegation left here to try and make a sale to the Goslin Club, of Freeland. The Chicago delegates made their report. They said they congratulated Cleveland in the name of the club, and Harry sent his compliments to the club. They also said that Smoulder and Lennahan were there, but were very cool in comparison with the time they wanted offices in this county. A motion to accept the report of the delegates was carried. A motion was made by the Blizzard, condemning Smoulder and Lennahan. It was carried after two amendments were offered, one of which provided that the condemnation should not go into effect before November and the other declaring the motion to be null and void if the court-house ring would subsidize the club before the next election. The committee appointed to take care of the Motor Man on the Fourth reported they found him trying to rick a fight out of Captain Jack, the wooden man at St. Ann's picnic. They took him away, as they were afraid the wooden man would whip him. At four o'clock they found him again, all broken up. He had a chicken in one hand and was chasing a duck for dear life, at Harmon Holland's, in South Heberton. Here the expert came in and said Gladstone had been elected King of the English people. He insisted on making a speech on the "Prospects of Irish Liberty." He was not given permission, but he kept up such a noise that the Tarriers adjourned to meet again on Saturday evening.

James Conahan spent a few days with his brother in Jersey City, and expects him on a visit soon.

We were always famous for having a large stock of curiosities on hand, but death came along and robbed us of our loading monstrosity. It was a Shanghai rooster that weighed 300 pounds and was 3 feet 6 inches high.

On account of the hoof disease breaking out among the horses in this section, some of our young men cannot go to see the Lattimer strippings so often.

Thomas Sheppard, mine foreman at No. 5, can be seen exercising his new hoe every evening.

The collieries only worked half a day on Saturday, in order to allow the boys to get their long-looked-for pay.

Albert Leisenring and wife were visiting Hazleton friends on Friday evening.

S. S. Harris made a business trip to Philadelphia last week.

A special car containing a number of Central officials came up the branch on Thursday.

Loie No. 3 is under repairs at the shop, and while finished it will haul coal from No. 4 slope to No. 2 breaker.

One of our young men who is sweet on a lassie here undertook to make himself solid with the gentleman with whom she is living. The gentleman, who is a noted joker, induced our young man to accompany him to Freeland not long ago, and when they came near the public school building the joker stopped the horse, jumped out at precisely 10 o'clock and told our young man to hold the animal, as there was a private social going on and he wished to pay his respects. Our young man sat holding the reins as hour after hour passed, and the joker was still paying his respects. At 3 o'clock the joker made his appearance accompanied by another gentleman, and told our young man to vacate the carriage and sit quietly on the school porch until he would drive the gentleman home. While driving away he remarked to the gentleman that he always kept obedient hostlers. Our young man came home on the old reliable. Since then, however, he has agreed that the joker's respects, when computed in running measure, would amount to 44 miles, according to the time taken to pay them.
