STRIKERS HIT BACK.

THE HOMESTEAD MAN PROPOSE TO HAVE FRICK ARRESTED.

the Mills Are Full.

PITTSBURG, Aug. 3.—Hon. John F. Cox, one of the attorneys for the Amalgamated association, informed the reporter for the United Press that warrants will be sworn out for the arrest of Chairman H. C. Frick, Secretary F. T. F. Lovejoy, General Superintendent Potter and four or five underbosses at the Homestead Steel works, charging them with murder. The warrants will probably be served at once.

The charges in detail are to be almost precisely the same as those made against the strikers by the company.

Mr. Frick will be accused of responsibility for the riot on July 6 and will be held answerable for bringing in the Pinkerton men and arming them.

Every one of the Homestead strikers who aver returned to work in the mill has recived terrible warnings of dire punishment he does not quit work at once. The men, on going home, have found sandbage tied to heir doors every morning for a week past, and requests and warnings have been hung on the front knobs. They have received etters through the mails which contain loodthirsty threats of punishment for deerting the ranks of the strikers.

Opening of Pine Street.

Depositions were taken before Squire Buckley yerterday afternoon in the matter of the extension of Pine street, from Johnson to the borough line. It will be remembered that some time ago viewers were appointed by the court to view the and assess the damages done to the land owned by the Birkbeck estate and Peter Cunningham. They met and allowed Mr. Cunningham S600 for the lot where the Washburn shops are erected, and did not allow the Birkbeck estate any compensation for the taking of its land. Exceptions to the report were taken and the matter has been at a standstill since. Witnesses were heard on the part of the Birkbeck estate, the matter being agreed by the parties at interest with the same effect as if taken upon a rule dnly entered and notice served. A number of witnesses were examined. T. J. Chase, Esq., of Wilkes-Barre, looked after the interests of the Birkbeck estate and John D. Hayes Esq., of Freeland, for the borough. The matter will be presented to the next court of quarter sessions.

would Make a Strong Candidate.

A correspondent writes to the Leader suggesting the nomination of Daniel Coxe, of Drifton, for the Republican nomination for state senator. He is described as a young, competent and active man and from the right locality. "Danny" would make a strong candidate, and if he could be induced to accept the nomination he would make it interesting for the Democratic nominee. He is said to be the only member of the famous Coxe family that votes the Republican ticket.

Wore a G. A. R. Badge.

A traveling street doctor was arrested at Minersyille for wearing a Grand Army badge and button, on the allegation that he was not entitled to it and by which he obtained free license for the sale of his medicines. He failed to pass muster by the post in that town and was, therefore, prosecuted by the commander. The limit of the fine is \$100 and refusing to pay it he was committed to the Pottsville jail.

HIGHLAND DOTS.

Last week a party of ladies from here, accompained by a few dogs, went to gather huckleberries out near No. 5 Upper Lehigh. At South Heberton Mrs. Kate Gallagher and her household pet joined the party and they all proceeded on their journey. When they had been picking the berries for a short time, the dogs began to fight. Mrs. Gallagher picked up her pet and held it in her arms and one of the other dogs few at her and bit a whole mouthful out of one of her legs. The doctor who dressed the wound said there is no danger of hydrophobia setting in, as the teeth were thoroughly cleaned by going through her clothing.

The stripping at No 3 is being worked vigorously. Coal must be precious and far more valuable than the circular prices tell us, or it would be impossible to remove the depth of clay that is here and still make it pay.

It is said that orders have been issued from the Jeddo-flow that here and from the Jeddo office that hereafter all men working here from outside townse-specially Freeland—if they wish to continue in the employ of the company will have to occupy a company house. All who are compelled to obey this order-will have no trouble in finding one, as we have a score of them with the windows and doors nailed up with slabs and boards awaiting tenants.

Domnick Welsh, a young man from Freeland, who is employed as breaker engineer at No. 1, was seriously hurt here on Tresday. While engaged in oiling the machinery he in some manner was struck on the foot by the crank of the derrick pump, badly injuring it. He is likely to loose the first two toes.
