VETERANS IN SESSION. GENERAL PALMER OPENS THE G. A. R. ENCAMPMENT.

Quarter of a Million Pe view the Procession of Sixty Thousand Veterans, Which Took Seven Hours to Pass a Given Point.

Pass a Given Point. WASHINGTON, Sept. 21.—The city is in a perfect vortex of excitement over the Grand Army encampment, and the bright uniforms, the blaze of colors, the music of numerous bands and the jostling, good natured throngs to be found everywhere only serve to add spice to the effervescent scene. Some idea of the crowds brought to the city may be gained from a knowledge of the fact that the train on the Chesapeake and Ohio railroad was run in twenty-seven sections, some sections comprising fourteen coaches.

Accounts, some sections comprising fourteen ocaches. Amid thunders of applause all along the avenne made sacred to them by the march, nearly a generation ago, before their be-loved generals, with nearly thrice the number of comrades, the gray old soldiers who had saved the flag in 1861 and had made it forever respected in 1865 marched again yesterday, led by the survivors of the valiant old Sixth Massachusetts, the first to reach the goal in the patriotic race of 1861. The grand parade meant much to the veterans, but it produced also a deep im-pression upon the 300,000 spectators as the more than 60,000 herces, some aged and ore than 60,000 heroes, some aged and nt, swung proudly by for seven long

more than 60,000 heroes, some aged and bent, swung proudly by for seven long hours. The Encampment Proper. A pleasing feature of the march was the choral tribute by school children of the district at two points-300 colored girls at the corner of Third street and the avenue and 500 white girls at the corner of Fif-teenth street. All bands ceased playing as they passed these points, and the children sang patriotic airs and old army songs. The lowa department carried in the air 3,000 cornstalks, some of them nearly six inches in diameter, and each man had an ear of corn strapped to his back. Night was even more glorious than the day. Shortly after dark the thousands in progress repaired to the vicinity of the monument. Here the elaborate display of fireworks provided was made. It was a magnificent show, in some respects un-equaled, and was worthy of a place in the programme of the day's events. Succeeding the fireworks display there was an electric illumination on a scale never before attempted in this country. Pennsylvania avenue, from the Capitol to Seventeenth street, was ablace with col-ored lights. Every available dynamo in the city, public and private, was brought into requisition.

pointed Democrats Form an Inde-pendent Party to Boom Ryon.

A number of prominent Democratic politicians of Schuylkill county, terming themselves the "Independent Judiciary party," are making elaborate prepara-tions for pushing a vigorous campaign in the interest of Hon. John W. Ryon, the independent candidate for president judge, Mr. Ryon and the present judge, Hon. Cyrus L. Pershing, were candidates for nomination for judge at the Democratic county convention when Judge Pershing was made the Demo-cratic nominee. Several weeks ago Ryon secured the required number of signers to have his

The Democratic county contention made the Demo-landge Pershing was made the Demo-ratic nominee. Several weeks ago Ryon secured the required number of signers to have his name put upon the county ticket, very much to the surprise of the supporters of Judge Pershing. For the past few days meetings were held at Ryon's office and promineut politicians from all parts of the county were present and discussed the issue. Among them were a num-ber of gentlemen who sat as delegates in the convention. All expressed their hearty accord with what they termed the Independent Judicary. They have effected an organization and made J. F. Dolphin, of Mahanoy City, their chairman- A committee was appointed to push a campaign in the in-terest of the Independent Judicary with all possible dispatch. As Ryon has a strong following in the county the issue is awaited with a great deal of interest by Democrats and Republicans alike. The First Annual Ball of the A. O. H.

The First Annual Ball of the A. O. H. The first annual ball of Division 19, A. O. H. of Freeland, will be held at the opera house to-morrow evening. Commencing to-day the committees will begin the hall decorations, which will equal anything seen here in that line.

will begin the hall decorations, which will equal anything seen here in that line. The fact that it is the first ball of the season would alone be sufficient to make it a success, but besides this it has many other things in its favor to insure that point. Although scarcely over a year old the division stands among the most prominent in the county, and its mem-bership is composed almost entirely of the young men of the parish. The members of Division 20, of Eck-ley; Division 10, of Hazleton, and Divi-sion 6, 'of Audenried, accompanied by their lady friends, have promsed to at-tend, and a large number of tickets are already sold in these places. Every person attending the ball will be presented with a neat programme, filed with the latest round and square dances. Gillespie's orchestra will sup-ply the music.

ply the music. Descriing the Ticket. S. W. Sutliff, of Nanticoke, the Repub-lican candidate for recorder, has with-drawn from the Republican ticket and from the fight. The Republican county committee met on Monday, and the first business that came up was a letter from Sutliff, asking the committee to consider his name withdrawn from the ticket and stating his reasons for so doing. The reasons were not made public by the committee, but it is understood that Sutliff is chargrimed by not receiving the nomination for sheriff after his fight for it.

court to disbar him. The opinion is as follows: Smucker & Co. vs. R. H. Wright: Rule to show cause why the defendant shall not be disbarred as an attorney. While we are unable to rate the conduct of the defendent with that high rule of action which should regulate and control a member of the bar in all his relations to his clients we are not persuaded that we should be justified in making this rule absolute. If a jury upon a full trial of the case should find against the defen-dent upon the question involved in the controversy it might then become our duty so to do. The rule is discharged.— Newsdealer.

Coal Goes Up in the Wyoming Valley. The price of coal, chestnut, store and egg, has been raised from \$2.25 to \$3 at the breakers throughout the Wyoming valley. Never before has the price been changed to local consumers. No matter how great the changes in price delivered at the scaboard or western points, it has remained the same at the collieries. The increase means the addition of the mining companies, all of which will come from the pockets of those who live in the mining to the incomes of the mines. It is rumored that the coal companies of this section are also contemplating an advance in prices for their customers. Such a move would fall heaily upon those who have not yet put in their win-ter supply.
