# FREELAND TRIBUNE.

### VOL. V. No. 28.

Beath in the Borough.
 Beath in the Borough.
 The members of the borough council met in special session on Thursday even-ing for the purpose of hearing the report of the board of health. The members of both bodies were all present. The meeting was called to order by President Dooris, after which Dr. A. S. McKnipht, seeretary of the board of health, pre-sented and read the report. It was approved and is as follows:
 FERLAND, FA, Sept. 20, 1892.
 To the Council of Freeland Borough:— Pursuant to the resolution of your coun-cil, passed September 6, 1892, the board of health met the evening of above date in the office of Dr. Frank Schilcher, and organized by appointing Dr. Frank Schil-cher as president and Dr. A. S. Me-Knipth, scretary. John B. Quigley, appropriated to the use of the board by the council shall be used, nor any bills contracted by the board.
 It was ordered that none of the more ys signed by the president and secretary of said board.

mestic animals, fowl, etc., of the streets, alleys and lots, while the same was being done. An inspection of the borough was be-grup by the board and continued every day between the hours of 2 and 4 P. M., until the borough limits were reached. The result of these inspections would astonish you. The president **#** the board has the list. It is not advisable that names be mentioned in this report. The street commissioner was notified, and by his direction, and under the su-pervision of the health officer, men, horses and wagons were engaged, and the board has the pleasure of stating that every alley in the borough has been cleaned up, garbage, offal and rubbish removed, the alleys disinfected, and never in the history of the borough has the work been so well done. But we would regretfully say, that while so much has been done, there is still much more to be done. We men-tion a few, viz: I. Water closets to the number of twenty or thirty are overflowing the surface. Two-thirds of all the water closets in the borough need disinfection, and at least one-half need cleansing. II. Stables are filled with accumulated manure, garbage, offal, and in many in-stances your board would report that they are used for family water closets. III. Fig-pens are in a very filthy con-dition, and by reason of their faulty con-struction are positive nuisances, the surful mear to street and alley lines, and

Struction are positive nuisances, the stencth being almost unbearable. IV. Manure piles are allowed to accu-mulate near to street and alley lines, and every rain washes the material over the same, and animals, fow, etc., scatter the matter over the cleaned up portions of said streets and alleys. V. Premises, particularly yards and lots, are made the dumping ground for all kinds of filth and garbage, offal, etc., and allowed to accumulate in great heaps. Cellars also are little better than cesspools, by reason of rains and no drainage.

cesspools, by reason drainage. VI. By reason of above facts and con-ditions, we have had in the past dipthe-ria, scarlet fever, spotted fever, and numerous contagious diseases, too many constion.

vaccination sman post is of the past. Should we, as a board of health, allow in this way, when we natters to go on in this way, when we know we ask only what is right and proper, is to prove false to our duties as good citizens and faithful officers. We hope we err on the side of right and the

CONDITION OF FREELAND, THE TOWN AS SEEN BY THE BOARD OF HEALTH. A Full and Complete Review of the Work Done by That Body-Suggestion Offered for the Better Preservation of Health in the Borough. The members of the borough council ing for the purpose of hearing the review of of beab bodies were all present. The members of both bodies were all present. The members of schools, etc., in cases of both bodies were all present. The members of both bodies were all present. The members of schools, etc., in cases of both bodies were all present. The members of schools, etc., in cases of both bodies were all present. The members of the present of the specifies of both bodies were all present. The members of both bodies were all present. The members of both bodies were all presents the specifies of the used to buildings wherein such diseases exist.

of both bodies were all present. The meeting was called to order by President booris, after which Dr. A. S. McKnight, secretary of the board of health, pre-sented and read the report. It was approved and is as follows: FREXLAND, PA, Sept. 20, 1892. To the Council of Freeland Borough:-Pursant to the resolution of your coun-cil, passed September 6, 1892, the board of health met the evening of above data in the office of Dr. Frank Schilcher, and organized by apjoining Dr. Frank Schilcher, and organized by apjoining Dr. Frank Schilcher, and in the office of Dr. Frank Schilcher, and organized by apjoining Dr. Frank Schilcher, and the prize of \$25 for the company the particle of \$25 for the company the prize of \$25 for the company the approprinted to the used of the board by the source the board of health of Pennsylvania was notified of health an asked for rules, regulation etc. These supplies were received by the socretary, and cover all the salte board of health an asked for rules, regulation etc. These supplies were received by the socretary, and cover all the suber of public health, etc. Any councilman or critizen of this stata and borough need not be ignorant of such information will be cheerfuly farihers for his welfare and inspection, and all information will be cheerfuly farihers were the for second pize. The keererary of the same, or the health officer. By order of the board circulars were printed and circulated, advocating clean information will be cheerfuly farihers or and borough inmitating a renever being 45 seconds, isc. CH aven, 26; Mather and healter company of faller and the prize files on zeits on the same and displayed and the mather and a sole of or the same and lots, while the same was being do ne. The these and a ground stream 257 day between the hours of 2 and 4 P.M.

Presbyterian Ministers Meet

Presbyterian Ministers Meet. The Lehigh Presbytery held its fall session at Stroudsburg last week. The district includes Upper Lehigh, White Haven, Hazleton and all towns in the Lehigh Valley. Rev. J. W. Bischoff, of Upper Lehigh, was selected permanent clerk. The pastoral relationship exist-ing between Dr. J. I. Umstead and the church at White Haven were dissolved. A lively discussion took place over the action of the resolution adopted by the general assembly that the Pres-byterian Church holds that the original scriptures, as they came from the hands of God, were without error. Dr. A Lebar, of Stroudsburg; Rev. Williamson were members of the com-mission who made the report, and they were opposed by Dr. Bellview, of Potts-ville; Dr. Earl, of Catsaunun, and Rev. J, W. Bischoff, of Upper Lehigh. A majority of the presbytery favored the report.

majority of the pressytery favored the report. Objections were made to the ordina-tion of Mr. Gonzalino, an Italian evan-gelist, on the ground that he is not a college graduate. The matter was fi-nally referred to an investigating com-mittee.

mittee. A committee of ministers appointed to fix a date and time for an adjourned meeting of the preselytery fixed upon Allentown, and November 15 as the date. The spring meeting of the pres-bytery will be held at Easton.

**Junior Mechanics Adjourn** 

Junior Mechanics Adjourn. The state council of the Junior O. U. A. M. has finished its session. The fol-lowing were elected as delegates to the national council: Harry M. Mills, of Reading and Z. T. Wohensmith, of Reading and Z. T. Wohensmith, of Philadelphia. The state council will meet at Johnstown in 1893. The recom-mendation of the finance committee that the per capita tax be reduced from 30 to 28 cents was ad-pted. The estimated revenue from the per capita tax of 28 cents is \$21,000, of which the national council receives \$6000. Article 6, section 2, of the constitution was amended to the effect that all newly instituted subordinate councils pay a per capita tax according to the length of time between granting the warrant and the end of the term in which the council ment provides that hereafter twenty persons must sign an application for a charter instead of ten. The subordinate consiltation was amended, providing that delegates shall be elected annually to serve two years. The odd numbered councils begin-ing with June 1894. The subordinate constitution was amended further to the solution was amended burther to the by any sufficient. All proposed amendments to the by-haws were defeated. The charter fee was used to the 300 to \$20. The sal-ary of the state councilor was fixed at \$1000 and he was given a clerk at \$000 per annum. The state councilor's secre-ary's salary was fixed at \$500 and he was given a clerk at \$000 per annum. The state councilor's secre-ary's salary masmice the success. The origing head the success.

The First a Grand Success.

The First a Grand Success. The opening ball of the season here, held by Division 19, A. O. H., was asuc-ces in every respect. The crowded con-dition of the hall was the only drawhack to the enjoyment of the evening, but the gathering was a jolly and good-natured one, and accepted the surging and pushing in good part, as it was no fault of the organization that the baild-ing was not large enough to properly ac-commodate its friends. The number present was far larger than expected or the hall on the upper floor would have been opened. Music could not be procured in time or that would have been done during the even-ing. People were present from all parts of this and surrounding counties, and were unanimous in their praise of the handsome decorations and the treatment accorded to visitors. At 10.15 o'clock 141 couples formed in double column for the grand march, which was led by Master of Cermonies Peter B. Carr, of Freeland, and Miss Sallie Carr, of Drifton. Dancing was continued until 5 A. M., when the large crowd returned to their

Sallie Carr, of Drifton. Dancing was continued until 5 A, M., when the large crowd returned to their homes, feeling well satisfied. The mem-bers of Division 10, through the commit-tee, are thankful to the public for the cordial reception given the organization upon its first appearance.

thracite Coal Traffic

Anthracite Coal Traffic. The statement of shipments of anthra-cite coal for the month of August, 1892, has just been issued by the burean of statistics, Phildelphia, says the Mauch founk Coal Gazette. Compared with the scilows: Wyoming region, 2,016,518.03 tons, an increase of 349,592.19 tons. Lehigh region, 592,891.12 tons, an in-crease of 32,50.15 tons. Bacrease of 32,50.15 tons. Increase of 32,50.15 tons. The shipments for the entire year up to August 31, 1892, compared with tho some period last year are as follows: Wyoming region, 14,735,299.18 tons,

an increase of 1,456,480.05 tons. Lehigh region, 3,974,421.05 tons, a de-crease of 8,428.17 tons. Schuylkill region, 8,041,867.04 tons, an increase of 400,568.06 tons. The total output for the year shows an increase of 1,848,719.14 tons. The total output for the year shows an increase of 1,848,719.14 tons. The total output for the year shows an increase of 1,848,719.14 tons. The total output for the year shows an increase of 1,848,719.14 tons. The total output for the year shows an increase of over one million, four hundred thousand tons. This large-ly explains the tremendously dull times which have prevailed all this year in the Lehigh Valley. Will Admit Colored Men Again.

Will Admit Colored Men Again.

Will Admit Colored Men Again. The national camp of the Patriotic Order Sons of America met at Lebanon. Some very important business was transacted, the new ritual being one of the principles subjects of discussion. An entire new form was adopted. The committee on constitution reported to the convention and recommended a number of changes. One was a proposi-tion to strike out the word "white" in article 10, prescribing qualifications for membership, thus admiting colored men to membership.

to membership. Abraham Hall, Jr., a member from Pittsburg, the only colored delegate in attendance, delivered an eloquent speech favoring the proposition and after two entire sessions were consumed in discus-sing the change it was decided to strike out the word. The order had not hear acclusion

sing the change it was decided to strike out the word. The order had not been exclusive until 1890, when the national camp, in session in Boston, inserted the word white. The order was subjected to much criticism on account of its action, and especially in this state the members were anxious to recognize all without regard to color. It was due to the Pennsylvania delegates that the change was made on Friday. Officers will not be elected until next year, when the camp will meet at Chicago.

Wants to Fight Corbett

Wants to Fight Corbett. Harrison Nickerman would like to fight Jim Corbett. He is six feet and one-half inch tall, 23 vears old and weizhs 196 pounds. His home is in To-wanda, but he works in the lumber re-gion along the west branch of the susquehanna, between Williamsport and Lock Haven. Nickerman stated to a Standard re-porter that he had sparred with both sullivan and Corbett, and is willing and anxious to meet the latter in the ring. He said he had never engaged in a bona fide prize fight, but had frequently given boxing exhibitions. Mickerman was in Hazleton with the Lock Haven fremen and carried their banner in Thursday's parade. He at-tracted much attention from the crowd, and many were heard saying he ought to make a good fighter.

Jealous of His Wife

minute. The Newsdealer says that a Polander from the upper end of the county will probably be nominated for recorder at the Republican convention to-morrow, to fill the vacancy caused by Sutliff's resignation. Jealous of His Wife. At Jeddo on Saturday evening con-siderable excitement was created by a Hungarian attempting to kill his wife with an axe. He followed her about during the evening, determined to end her career at the first opportunity, but on account of the noise and disturbance he made the large number of people which were drawn to the scene prevent-it. Policeman Seiwell at last got word of it and arrested him. He was then taken and locked in a freight car over right and will be taken to Wilkes-Barre to-day. Jealously is the cause assigned for his actions. A petition to prohibit the parade yes-terday was taken through town on Sat-urday by Stephen Page. It is said sev-eral signatures were attached to it, but no attempt was made to carry out the intentions of the promoters. At the church of the Immaculate Con-ception, Fckley, yesterday morning, twenty-five girls and the same number of boys were confirmed by Bishop O'Hara, of Scranton, assisted by Rev. Thos. Brehony, pastor of the church.

Looks Like a Murder.

On Friday morning the mangled re-mains of Michael Urich were found on the Lehigh Valley tracks, near Stockton. The body was horribly mutilated. The friends of the deceased believe that death was not due to a railroad accident, but that investigation will show it to be a case of murder. Mrs. McElrue is visiting friends in Plymouth for a few days this week. Plymouth for a few days this week. Quite a number of our people attend-ed the firemen's parade in Huzleton on Thursday. Miss Alice Houston, an estimable young lady of this place, entered the convent at Hazleton on Saturday. The Fearnots are seriously considering what their chances would be in a game with the Hazleton club. While the team under the management of Mr. Gough is a good one, it is saft to say that our boys could easily win from them.

Suct that investigation will show it to be a case of murder. The theory advanced is that he had enemies living in this vicinity, and that he was killed, and in order to cover up the crime the body was placed on the track.

Albert Gorman, a brakeman willed. Albert Gorman, a brakeman on the C. R. R. of N. J., met with instant death Hursday morning near White Haven. He was running along the tops of the freight cars when he stambled and fell, and his head was caught under the wheels and severed from his body. He boarded at Ashley, but his home was at Lehighton, and the remains were taken to the latter place.

Gone to Connecticut

Gone to Connecticut. John Trimble and sister Celia, of Sandy Run, left this morning for An-sonia, Connecticut, where they will re-side in in the future. Mr. Trimble was presented last evening with a charm and tie pin by the Tigers Athletic Associa-tion as a token of their appreciation of the good work he has done on the Tigers ball club.
