A MEMORABLE YEAR.

THE ANNALS OF 1892 GIVEN IN NUTSHELL.

Political Revolutions, Remarkable La bor Disturbances, Unusual Disaster and Notable Anniversary Celebration

The year 1892 will pass into history a one of the most remarkable in the annals of the world. There have been was and rumors of wars, famines, cholera yellow fever and labor disturbances election contests of a remarkable character in England and the United States each resulting in the downfall of the each resulting in the downfall of the ditherto dominant party; a comet ha-blazed across the heavens, there have been star showers, the president elect has come the celebration of his daughter's one year birthday.

A man who might have become king of England and emperor of the Indies died and left a fiancee, who was promptly betrothed to his brother and successor in the royal line. Three great American

between the mis brother and successor is the royal line. Three great America; millionaires have gone to the grave, and the world has sorrowed at the deaths of Whittier, Whitman and Tennyson, the notable poets of our day.

But turn the shield; shut out the record

notable poets or our day.

But turn the shield; shut out the record of death, disaster and calamity and view the brighter side. There you may see the bright promise of prosperity incident to good crops and fair prices; the splendid possibilities of the World's fair at Chicago; the growing power and greatness of the United States; the advancement in science, invention and the arts, both liberal and industrial; th augmentation of knowledge; the increase of morality and prosperity, and as we consider the various phases of the year's record we cannot but admit that despite all drawbacks 1892 was a twelvemonth in which it was well to live, to observe, to learn, to suffer and to enjoy.

FIRES AND DISASTERS.
