NEWS OF THE SUBURBS.

OUR REGULAR CORRESPONDENTS SEND IN BRIGHT LETTERS.

The News of Upper Lehigh and Drifton Done up in a Readable Manner for "Tribune" Patrons—An Exciting Runaway—Personals and Other Notes.

DRIFTON ITEMS.

On Thursday Lewis Ottmar, a driver for Hon. E. B. Cox, drove the latter gentleman to the vicinity of Freeland. In some manner the team ran away from them and came dashing madly down the highway through town and continued their course in the direction of Jeddo.

William Hineer, a freight conductor on the Jersey Central Railroad, has accepted a position as Manager of Locomotives and Traveling Engineer on the D. S. & S. He entered on his duties last week.

The shop hands here are still working nine hours per day.

Frank Gallagher, a lad about 14 years of age, came home from work one evening last week and being cold sat beside the stove. His mother attempted to lift a wash boiler of water off the stove when one of the handles broke and the scalding water burned one of the boy's feet badly.

One of the engines that has been used as a shifter at Minersville was brought here on Friday and is now doing service on the D. S. & S.

Several new locomotives, it is said, will be added to the rolling stock of the D. S. & S. in the near future, as the traffic is entirely too heavy for the locomotive power now in use.

The calendar fiend resides here without a doubt. One young man is said to have a collection of thirty-two which he takes great pride in showing to his friends.

A six-year old daughter of John Brennan died on Sunday morning. It will be buried tomorrow afternoon.

Some of the young people are talking of having a sleighing party.

Many of the citizens here are of the opinion that some action should be taken in respect to the old school house. Since it was strained so badly by the caving some time ago it is not in good condition.

The delegate election for township offices will be held next Saturday. Then look out for music.

For the past week the residents have been considerably annoyed by frozen hydrants.

Elliott Oberender, of Drifton, dined here with his uncle J. P. Oberender, Wednesday last.

The D. S. & S. employees will be paid today.

It pleased the residents of this place very much to see the announcement in the Tribune that we are to have an electric railway. This should have been years ago.

John Edmunds, a miner in No. 2 slope, had a foot seriously injured on Friday by having a pick run through it.

UPPER LEHIGH NOTES.

In the lecture room of the Presbyterian church on Wednesday evening an entertainment will be given by Ralph Bingham, the noted elocutionist, assisted by his sister Ruth. These two distinguished artists have a world-wide reputation for giving refined and interesting entertainments, and they will draw exceedingly well here.

A gathering in the head, somewhat similar to his sickness last spring, is again the trouble. Last reports say he is in a critical condition.

PLEASURE CALENDAR.

January 21—Ball of Assembly No. 5, National Slavonian Society, at Freeland opera house. Admission, 25 cents.

January 25—Fourth annual ball of the Tigers Athletic Club, at Freeland opera house. Admission, 50 cents.

January 25 and 26—Tea party and oyster supper, under the auspices of Owena Council, No. 47, Degree of Peacocks, at Cottage hotel hall. Tickets, 25 cents.

HAZLETON MEN SCARED.

VERY MUCH EXCITED OVER FREELAND'S ELECTRIC ROAD.

The Union Company's Application Has Stirred Up One of the "Paper" Companies on the Other Side, and They Threaten to Make a Big Fight.

The announcement of the Tribune that there was some hope of Freeland having an electric road built was no sooner made than one of the Hazleton companies, known as the Hazleton and North Side Company, had its representatives over here predicting the wonderful things that they intend to do for the town.

Since their organization these companies have been regarded by the people of the North Side, but also by many persons in Hazleton, as creatures of the Lehigh Valley Railroad Company, and to be used by the latter company in blockading all movements that might possibly draw any traffic from the railroad.

Probably the Hazleton men are just as much in earnest as the Union Passenger Company, and if they can prove that to the people of this side there is no question but that their propositions for light of way, etc., will receive all the consideration they merit.

The application for a charter is now being put in shape for presentation to the state department, but it is very likely that it will not accomplish its object for the reason that the law granting street railway rights, as corporations, says: "No company shall be granted a charter to construct a street railway, on any street or highway on which any track is laid, or authorized to be laid under any existing charter," and as the Hazleton and North Side Electric Company's charter covers nearly all the points named in the Union Passenger Company's application, it is very clear that the stumbling block will be reached when the application for a charter from the new company reaches the state department.

A reporter of the Plain Speaker called on Mr. A. Markle, president of the Hazleton and North Side Electric Company, yesterday afternoon. Mr. Markle was found in company with Mr. A. P. Blakeslee, one of the charter members of the Hazleton and North Side Company.
