

FREELAND TRIBUNE.

VOL. V. No. 65.

FREELAND, LUZERNE COUNTY, PA., FEBRUARY 2, 1893.

\$1.50 PER YEAR.

FOR ANNEXATION.

REPRESENTATIVES OF HAWAII'S REVOLUTIONISTS HERE.

The Queen thought to adopt arbitrary measures destructive to American Capital—The Revolution a Peaceful One—She Will Present a Protest at Washington.

SAN FRANCISCO, Jan. 30.—An Hawaiian steamer arrived with the news of a revolution at Honolulu and having on board a commission, headed by L. A. Thurston, with a petition to the United States government to annex the Hawaiian islands to the United States. Queen Liliuokalani has been deposed because of her attempt to promulgate a new constitution depriving foreigners of rights of citizenship. Seventy-five per cent of the business in the islands is owned by American residents, and hence the demand for annexation.

England Refuses Recognition.

The new government called on volunteers, who assembled, armed, to the number of 500. The old government surrendered without striking a blow, although it had about 400 men under arms and a battery of Gatling guns. The provisional government notified the representatives of foreign governments of the change and asked recognition. It was at once granted by all powers except England.

The United States ship Boston landed about 800 men, who have taken up quarters on the island and will remain there until recalled by the government.

The Reason For the Overthrow.

In 1887 almost absolute power was given the king of Hawaii. He could appoint and dismiss his ministers at will, and no restrictions were placed upon him. This of course could not last, and the people took this power away from King Kalakaua and adopted a new constitution, which the sovereign was obliged to sign. The native element has always chafed under the limitation which was placed on their ruler.

What Hawaii Is.

The kingdom of Hawaii consists of 15 islands in the north Pacific, only eight of which are inhabited. They are about 2,100 miles from San Francisco. The population is about 80,000, and the total area 16,400 square miles.

Of the population in 1890, 34,436 were natives, 15,301 Chinese, 12,300 Japanese, 5,802 Portuguese, 1,528 Americans and 1,394 British. Nine-tenths of the trade of the islands is with the United States. The exports consist mainly of sugar, rice, bananas and hides.

Honolulu, the capital, on the island of Oahu, is lighted by electricity, and nearly every leading family in the town has its telephone. In 1890 235 vessels visited the islands. The naval and military forces of the islands consist of the household guards, fixed at 65 men. There are no volunteer military organizations.

IN CARLISLE HARRIS' CASE.

A Story Which, if True, Will Give Him a Chance For His Life.

NEW YORK, Feb. 1.—The sensational murder case of Carlisle Harris, who was convicted of poisoning his schoolgirl wife, Helen Potts Harris, which in various stages has been before the public for a year, may take another turn if the story contained in a Kingston dispatch is true. It is to the effect that Lawyer Van Buren of that place has evidence to the effect that Helen Potts was addicted to the use of opium and morphia and had frequently threatened to kill herself. Mr. Van Buren's wife is a sister to Miss McKinstry, a former teacher in a Fifth Avenue school where Miss Potts attended.

Miss McKinstry, in conversation with Mr. Van Buren, informed him of these facts some time ago. The matter passed out of his mind until after the affirmation of the conviction by the court of appeals, when he went to New York and saw Miss McKinstry and induced her to go to Philadelphia, where the principal of the school now lives, and find out the facts. Miss McKinstry did this, and on Monday morning Mr. Van Buren received a note from her stating that she had had along conversation with the principal of the school, who told her that Miss Potts, the wife of Harris, was addicted to the frequent use of morphia and opium, and that when the girl became extremely dissatisfied with the school or when she was threatened to kill herself.

Eric Car Works Closed.

ERIC, Pa., Jan. 30.—The Eric car works, limited, a plant representing \$500,000 investment, was seized by the sheriff upon executions amounting to \$102,000 in favor of Eric banks. The plant covers 10 acres of land and comprises car works and car wheel works; also a large Martel furnace at Point St. Ignace, Mich. The latter enterprise is alleged to have been the cause of the failure. The Eric plant had a large contract for cars for the Pennsylvania Railroad company under construction.

The Mormons Not Interested In Statehood.

SALT LAKE CITY, Jan. 30.—The first president and twelve apostles of the Mormon church reiterate former claims that the church leaders, as such, are out of politics, and say that their people have progressed with others. They say that they do not claim to control the members of their church in politics; that they are satisfied with the free school system now in vogue, and they do not know that any material change would be desirable.

Postmasters Appointed.

WASHINGTON, Jan. 30.—The senate has removed the seal of secrecy from the confirmations of Mrs. Ida A. Blanchard, postmistress at Millville, Mass.; J. L. Derby, postmaster at Cranford, N. J., and Jacob Alvord at Lyons, Pa.

HAZLE NOMINEES.

Democrats and Republicans Name Their Tickets on Tuesday.

The Hazle township Democratic convention was held at Hazle Mines school-house on Tuesday afternoon. It was one of the quietest and most orderly conventions the party has held for some time, and the forty-two delegates present nominated a ticket which they feel positive will win from top to bottom on the 21st inst. Frank McGraw, of Ebervale, and James Caldwell, of Hazle Mines, were chairman and secretary. The following is the ticket:

Tax collector—John H. Boyle, Ebervale.

School directors—John McGinness, Latimer, Charles McGuire, Hazle Mines.

Supervisors—John O'Donnell, Drifton, Daniel Conaghan, Cranberry.

Treasurer—Wm. Wolf, M. Pleasant.

Clerk—Cyrus Sherry, Stockton.

Auditors—Patrick McKenna, three years; Joseph Costello, one year.

Justice of the peace—Robert Fagan, Harwood.

The candidates for poor director and auditor, Messrs. McDonald and Rinker, were endorsed.

The Republicans delegates of Hazle township met at Union Hall, Hazleton, on Tuesday evening. J. L. Carter was chairman and Frank Salmon secretary.

The ticket named is as follows:

Tax collector—W. S. Leiby, Harleigh.

School directors—F. J. Hattinger, Latimer; Thomas Henderson, Stockton.

Supervisors—Samuel Pettit, Jeddo; John Fulmer, Jeanesville.

Treasurer—B. F. Salmon, Drifton.

Clerk—Thomas Evans, Mt. Pleasant.

Auditors—H. E. Sweeney, Drifton, three years; C. W. Kerbaugh, Milnesville, one year.

Justice of the peace—Enoch P. Evans, Beaver Brook.

A resolution of condolence upon the death of Mr. Blaine was passed and the convention adjourned.

Sad Scene After a Wedding.

On Tuesday G. A. Kuehn, of Wilkes-Barre, was married at Hazleton to Miss Florence Krapf, of the latter city. Among the invited guests was the mother of the groom. She left Wilkes-Barre in the morning in apparent good health, but by the time she reached White Haven became very ill. When the train arrived here she was much worse, but continued on to Hazleton, where she was found to be dangerously ill.

She was taken to the Krapf residence, where the marriage ceremony took place in the afternoon. At half-past four o'clock a change came over her, and she died an hour later. The bride and groom had taken a train for New York, where they intended spending their honeymoon, but were called home by the announcement of the death.

Mrs. Kuehn was the wife of a prominent physician and minister, and she remains passed through here yesterday morning, en route to her home.

Trying to Arrange for a Fight.

A number of sporting men met in town on Monday evening to make the preliminary arrangements for a fight between "Strong Boy" Jones, of Freeland, and Lewis Landmesser, of West Hazleton. After wasting considerable time and talk they were unable to come to any agreement, and the proposed match fell through. An effort is being made to have Landmesser come here on Saturday evening, when another meeting of the backers of the two men will be held.

Landmesser has a number of friends here who say he will make a harder fight than he did when "Strong Boy" whipped him last August, and Jones' friends are equally positive that no other man can do him in less time than before. Jones says he is very anxious for another battle with Landmesser and will meet him for any sum between \$250 and \$300.

A Variety Entertainment.

Tickets for the variety entertainment to be given at the opera house under the auspices of the St. Patrick's cornet band on February 14 are selling rapidly. The band has secured the services of a number of excellent singers and instrumentalists, and the entertainment will be of a high order.

Among the many attractions to be here will be Prof. John K. Brennan, of Wilkes-Barre, one of the finest violinists in the county, who will be accompanied on the piano by his brother, Prof. Frank J. Boyle, of Allentown, who is known as the champion club singer of the state, will also appear and give an exhibition of his athletic feats. The programme is to include many other artists and when fully arranged will be announced to the public.

Three Slavonians Sentenced.

When court convened on Tuesday the three Slavonians who were convicted of a felonious assault upon an aged woman named Mrs. Mary Shunko, at Jeddo, were called up before the judge and sentenced. Judge Woodward dealt out to them their punishment. Each received \$50 fine and three years and three months in the eastern penitentiary. Their names are George Koschok, John Demekok and Joseph Kosoido.

George Kasario, who stood charged with the other three for the same crime, was found guilty of simple assault and battery and sentenced to \$15 fine and three months imprisonment.

Fire Burns a Paint Shop.

A one-story frame building situated near No. 2 breaker, Drifton, was discovered on fire shortly before 12 o'clock last night. The large whistle was sounded and called the firemen to the place. The chemical engine was brought into service, but the flames had too much headway and the building burned to the ground.

It was used as a storehouse for oils, paint, varnish, cotton-waste, etc., and the supposition is that the fire was caused by spontaneous combustion, as it was heated by steam.

For the Wardenship.

The Democratic politicians of the

uptown are excited over the contest

that is now being made over a successor

to the warden of the county jail. The

warden is appointed by the prison

commissioners, who are Barney Burgunder,

of Wilkes-Barre, and T. F. Conniff, of

Plains, both Democrats, and the county

commissioners, Messrs. Evans, Smith

and Dullard, two Republicans and one

Democrat. They will meet some day

this week to select a warden.

There are several aspirants but the

general opinion is that Burgunder will

be chosen for Charles Ritterspach of Wilkes-

Barre; Conniff for T. F. Quigley, of

Miners Mills, and Dullard for Ziba Van-

loon, of Nanticoke. The Republicans,

Evans and Smith, will support Thomas

Haines, the present warden.

There is considerable discussion in

the Democratic ranks, so much in fact

that there is doubt whether the prize

will go to one of the party or to a Re-

publican. It is expected the voting at

first will be a deadlock, and that Bur-

gunder will finally go over to Quigley.

Smith and Evans will, of course, stand

by Haines, there being no other Re-

publican candidate in the field. Dullard,

however, states openly he will never

vote for Quigley and it is feared that to

break the deadlock he will go over to

Haines thus electing him.

WORK COMMENCED.

The North Side Company Breaks Ground. Talk of an Injunction.

The Hazleton and North Side Electric Railway Company broke the first ground for its system on Tuesday morning at a short distance below the borough limits at Centre and South streets in the Points. The force at work so far consists of only a few men, but a representative of the company stated yesterday that this would be increased. The workmen find the ground very hard after digging through the snow, but the company expects to continue work unless the weather becomes very unfavorable. Joseph D. Myers is foreman of the force.

Matt Long, of Hazleton, who is somewhat interested in the road, is superintending the work. He says the ties and rails will be laid to the lower end of Centre street, and if the right of way through the borough is not secured by the time that portion is completed the company will return to the starting point and continue down South street to the land owned by G. B. Markle & Co. This will be crossed until connection is made with the township road at South Heberton, from which place the line will extend to Upper Lehigh.

From what can be seen so far the methods of constructing this road will be no different from those used in build-

steam railroads. The ties will be laid three feet apart and are of the same length and size as are used by the Le-

high Valley, and the rails are said to be much heavier than the kind on an average railroad track. The "T" rails are not viewed with much satisfaction by the men who have occasion to drive wagons and other vehicles, and since their arrival here many complaints have been heard against allowing the com-

pany to lay that kind.

The topic of conversation throughout town centres upon the two electric roads that are making efforts to build here.

Since the North Side has made a start many are waiting to see if any action will be taken by the Union people to restrain them from laying track in the township. As both claim the right of way through Foster it is expected that a legal battle will soon be on, and until that is settled it seems doubtful whether the borough council will decide in favor of giving either company the right to come through the borough.

From what can be learned by representatives of the TRIBUNE both companies have many friends in town among the business men and property holders.

The majority of those who have expressed any opinion in the matter favor the Union Company, and the prevailing sentiment is that it would be the best for the town. The fact of the North Side commencing work brought some over from the other side, but they lost many others who do not approve of the "T" rail being laid on an unpaved street.

The TRIBUNE has it from reliable authority that the Union Company will make application in court today or tomorrow for an injunction to restrain the North Side from doing any further work in Foster until the claims of the two sides to the right of way can be decided.

Heavenly Recruit Convention.

The national convention of the Heavenly Recruits, which is being held here this week, has attracted large crowds to their church on Centre street. Considerable work of interest to this denomination was done.

The delegates attending are as follows:

Rev. H. M. Lengle and A. Linder-

muth, Auburn, Pa.

Rev. A. D. Buck, Rev. C. W. Ruth and L. V. Stamm, Indiana.

Rev. James Redgraves and H. Burris, Wilmington, Del.

Rev. Chas. Brown, Wm. Burger and Harry Peters, Freeland, Pa.

Rev. J. Trombaur, Rev. L. F. Haas, Rev. James Robinson, James Stratton and L. Gramlick, Philadelphia, Pa.

Rev. E. L. Hyde, Joseph Cash and E. Marsteller, Chester, Pa.

Rev. H. P. Jones, J. Earl and Harry Casey, Conshohocken, Pa.

Rev. D. P. Sanderlon, Camden, N. J.

Rev. T. J. J. Wright, Charles Haas and Henry Fanning, Reading, Pa.
