THE DEAD STATESMAN BACK TO MOTHER EARTH.

A Private Funeral and Burial at the

Request of Mrs. Blaine-Services at the Church of the Covenant-The Es-

WASHINGTON, Jan. 30 .- The body of the

WASHINGTON, Jan. 30.—The body of the late ex-Secretary Blaine was removed to the parlor on the north gide of the second floor of the residence. The windows of this room open ont upon Lafayette square, one of the most delightful spots in Washing-ton. Across this plot of ground stands the state, war and nay building, where the dead man achieved his latest triumphs in statecraft and diplomacy. A number of Mr. Blaine's friends called at the honse and took a last look upon the face of the departed. The expression of the face was peaceful, and the lineaments of that well known countenance showed but few traces of the rawages of the disease that carried under the mass of floral tributes which have been received, many of them from a distance. The first prayers of the funeral services were said by Rev. Dr. Tenuis S. Hamlin, D. D., of the Church of the Cove-nant at 10 'clock.

distance. The first prayers of the funeral services were said by Rev. Dr. Tennis S. Hamlin, D. D., of the Church of the Cove-nant at 11 o'clock. Notwithstanding the fact that the fu-neral was a private one, the attendants upon the service were as truly national in their representative character as if a presi-dent were being buried. The state of Maine sent a delegation of 14, headed by Governor 5 Cleaves; Massachusetts a delegation of 8 Work sent 32 of 18 members to represent delegation of 14, headed by Governor 5 Cleaves; Massachusetts a delegation of 8 Work sent 32 of 18 members to represent delegation in Pennsylvania cume several delegates of various societies and organiza-tions. Alfogether 100 or more of these rep-resentatives were present. Personal friends to the number of 65 were present from var-fous parts of the country. Mrs. Gaffield was there and others from cities as wildly separated as Portland and Omain. The Maine delegation was invited to attend the services at the church as well as those at the house. Not more that do or 50 persons were present. Bervices at the church as well as those at the house were strictly private, and no one was admitted who had not re-ceived an invitation. The family regret-ted that this was necessarily so, as they appreciated the desire and the motives of the people who would pay a tribute of re-spect by their presence to one whose life has been so closely identified with the his-tory of the country. But the limited seating capacity of the church and the large number of the dele-gations and officials to be provided for left no room for the general public. The first eight rows of seats in the main body were occupied by the family, the rela-tives and the paylearers. Beining them in order were seated the president, vice resident, cabinet officers, Speaker Crisp and members of the supreme court, with their families. In the rear of these were senators and representatives. On the south side of the church were seated the members of the various delega-tions and on the

If this should strike the eye of Con-gressman Hines, we would respectfully ask him to try and do something for the residents of this place in the ways of steam and electricity two miles are en-tirely too far to walk to a postofice for a letter or a paper. When this system was established about twenty-twe years ago, which is now in use few letters were written or papers read, but at pres-ent the people are more enlightened and newspapers containing the happen-ings of the day are eagerly sought for. The Men Will Be Taken Back Where Their Places Are Not Filled. DUNKIRK, N. Y., Jan, SI.—The strike at the Brooks Locomotive works is ended ba-yond a doubt. The strikers themselves acknowledge that their case is hopeless. The strike fell flat when the Brooks peo-ple demonstrated that they could run the works with outside men. Many of the old men have returned, and in a day or two the full complement of workmen will have been enrolled and the making of locom-tives move along as before. President Hiuman says the old men can return if they wish to, but that competent workmen now employed will not be discharged to make room for them. Everything is quiet around the works. No consideration in the world would induce me to return to it. A great error of our countrymen is that they endure the harassing cares indicate to business until they break down in the har-ness, when they should be in their prime, and die still striving for dollars. I believe in retiring betimes and giving younger men-a chance. I have sold portions of my in-terest and am gradually selling more to such young men in our service as my part-nets find possessed of exceptional ability am not an officer in the company, but only a shareholder." Governor Flower on Good Roads

Governor Flower on Good Roads. ALDANY, Jan. 26.—A bill was introduced in the legislature today embodying the views of Governor Flower in regard to the construction of better roads throughout the state. The bill provides that the board of supervisors in any county, by a majority vote, may designate certain county roads, which so far as possible should be the lead-ing market roads between towns in the county, and undertake their repair and maintenance, the cost of the same to be a county expense and to be apportioned among the several towns of the county.

The End In View. The End In View. ALBANT, Jan. 31. — Governor Flower signed the bill appropriating \$700,000 for continuing work upon the capitol build-ing. The governor says: "In approving a larger appropriation last year I quoted the estimate of the commissioner of the capitol that the total amount needed for the com-pletion of the structure was then \$42,351, -05,352, and that by the expenditure of \$500,000 that year, \$700,000 this year and the remainder, \$750,000, next year the capitol would be finally completed.

More than y completed. Mrs. Lease's Opinion. TOPEKA, Jan. 28.—Mrs. Lease and Mrs. Diggs declare emphatically that the elec-tion of Martin means nothing less than the death of the People's party, both state and national. Mrs. Lease said: "This is a deathblow to the People's party, state and national. It will drive 400,000 Populists in the south back into the Democratic party, and in Kansas thousands will return to the Republican party. John Martin's election killed our party, and that is all there is to k."
