ANOTHER SUICIDE.

A Hungarian Becomes Demented and Severs His Throat With a Razor.

The residents of Yorktown were thrown into a state of excitement on Monday upon learning that a suicide had been committed in their midst. A Hungarian named Mike Sovel was the unfortunate victim of self destruction. The Standard says he had been on a protracted debauch last week and acted very strangely since. Sometimes at night he would rise up out of his sleep, commence crying and imagine he saw all kinds of disagreeable apparitions.

Other times he would become sullen and remain perfectly quiet. Yesterday morning he went to work, but returned home shortly afterward and lingered about the house until half past ten o'clock when he went up stairs, unlocked his trunk, seized a razor and drew it across his throat.

After committing the rash act he again placed the razor in the trunk, covered with blood, locked it and put the key in his pocket, where it was afterward found. Twenty minutes later his soul was wafted into eternity. Sovel was a married man with two children. His family is in the old country. He had been in America six years.

Chinese Registering.

There are thirty-three Chinese residing in the twelfth internal revenue district, and up to Tuesday last Col. J. D. Lacer, deputy collector of the district, had received the certificates of twenty-three. According to an act of congress all Chinese must register before May 5, 1893, in order that those here now can be identified at any future time. This will aid the government in capturing and sending back the coolies who are being smuggled across the Canadian border, as any Chinaman found not registered after the above date can be shipped out of the country. No fee is charged.

Ying Lee, Freeland's solitary representative of the race, registered yesterday, and in a conversation with a Tribune reporter stated that a very pompous person whom he did not know called upon him last week with papers to sign and asked for a fee of \$5. As Ying has been in the United States twenty-seven years and is thoroughly posted upon all laws relating to his countrymen and can read and write English he did not allow the Melican man to take him.

Opera House Leased.

The Freeland opera house has been leased for the theatrical season of 1893-94 by John J. Welsh, of this place, who has been connected with the opera house as assistant manager and in other capacities for the past few years. As the proprietor, Mr. Yannes, intends to remodel the house this summer, equip it with comfortable chairs, put in an elevated floor, change the gallery and make improvements to the stage, it may be taken for granted that the house will be liberally patronized next season.

The new manager does not intend to be left on any of the good things in the show business that are coming through this part of the state, and has seven companies already booked. From this it can be seen that he intends to make it a success.

Jester Puts Clark to Sleep.

A finish fight took place at Nanticoke on Tuesday night before the Nanticoke Athletic Club between Louis Jester, of Wilkes-Barre, and Tom Clark, of Nanticoke. The fight was for a purse of \$700.

Jester's left eye was closed in the second round, but despite this he put up a very game fight and won in the fifteenth round, putting Clark out with a right-hand swing on the jaw. Dominick McCaffrey was referee.

Before the fight came off Strong Boy Jones and a scrapper from Wilkes-Barre named Thomas amused the audience with an imitation of the Sullivan-Corbett battle.

Alley Ball Players Matched.

John Walsh, the noted alley ball player of Plains, and Joe Curry, an equally good player of Plymouth, have tied a match for a game, 61 aces, for \$100 a side. The first half of the game will be played at Miners' Mills on May 22, and the last half at Plymouth on May 25. Both men have opposed each other before, and as both are confident of victory a good game is assured.

To Build a Parsonage.

A parsonage for the pastor of St. John's Reformed church will be erected on Washington street, on the lot adjoining the church. It will be 38x40 feet and two stories in height.

PLEASURE CALENDAR.

May 8—Fair and festival of Welsh Baptist church, at church building, Fern street, until May 29. Tickets, 25 cents.
May 23—First annual ball of Division 6, A. O. H. B. of E., at Freeland opera house. Admission, 50 cents.

HICKS' FORECASTS.

What the Weather for the Month of May Is Likely to Be.

Indications are that May will open with cool, fair weather in most parts, with frosts in northern directions. A warm wave will pass eastward across the country, giving rise to reactionary storms, central on and next to the 3d. After a few days of cooler, clear weather, about the 7th it will grow warmer in the west, and during the 8th to 11th the warmth will increase as it advances eastward over the continent, resulting in many storms about the 8th, 9th and 10th.

There is a marked tendency to frost, as a rule, from about the 10th to 15th of May, especially when storms occur on or just preceding those dates. But the indications for this month are that this frost period will reach its crisis at the close of reactionary storms central about the 15th. The new moon on that day, and the equinox of Mercury on the 16th, will increase and prolong storm conditions, and add to the probabilities of frost after the storms in northerly regions.

From the 18th to 22d fall a marked storm period, the crisis of which will likely be reached about 22d. A very warm wave will pass over the entire country during the period, and dangerous storms are liable to result. Cloud formations and other storm indications should be prudently watched. Easterly to southerly winds, sultry air, with low and falling barometer, are certain harbingers of coming disturbances. After storms pass, if winds continue from southerly points, or the barometer suddenly refuses to rise, look for a repetition of wind, rain and thunder, in cycles of twelve and twenty-four hours, until winds shift permanently to westerly, and the barometer moves decidedly upward.

About the 25th and 26th there will be another rise in temperature, resulting in reactionary storms, beginning of course, first in the west, and appearing later and later at points along their march to the east. Fix this fact well in your minds. You will soon learn by the plain indications when the storms are liable to be retarded, or to appear early in the periods in your locality.

The last day of May is the center of a regular storm period, which runs into the opening days of June. Full moon on the 30th will tend to hasten developments, so that a very warm wave will be well defined, and on its way from the west, attended by increasing storms, by the closing hours of the month. The effects of the Venus equinox will be felt in all the storms up to the middle of May, hence there will be a marked tendency to hard hailstorms, to excessive and sudden changes from very warm to very cool, increasing the probabilities of frost after storms in all northerly regions.

MAKING CITIZENS.

An Act to Prevent Wholesale Naturalization of Foreigners.

An act relating to the naturalization of aliens and prohibiting the payment of the expenses connected therewith by officers and members of political organizations and by candidates has been passed finally in the house and will soon come up for third reading in the senate. Its chances of becoming a law are very good, as the wholesale manufacture of citizens in the past few years has produced an unfavorable opinion of the methods now used by both political parties and candidates. The bill is as follows:

Sec. 1. On and after the passage of this act it shall be unlawful for any officer or member of any committee or organization of any political party, or any candidate, or for any person in behalf of said committee, organization or candidate, to pay, or furnish the money to pay the fees and expenses directly or indirectly incurred by an alien in attending upon any court for the purpose of obtaining his naturalization papers.

Sec. 2. Any person violating the provisions of the first section of this act shall, upon conviction in a summary proceeding before any city magistrate, alderman or justice of the peace, who are hereby given jurisdiction to try said offenders in a summary way, for each offense pay a fine of fifty dollars which, when collected, shall be paid into the county treasury of the county wherein the offense was committed.

Sec. 3. If any person convicted in the manner prescribed in the second section of this act, shall refuse or fail to forthwith pay the fine and costs to the official before whom he is convicted, or give satisfactory security to be approved by the said official to pay the same within ten days, he shall be committed to the county jail, there to be held one day for every five dollars of the fine or fines which he has been sentenced to pay; provided however, that said imprisonment shall not prevent the collection of said fine or fines and costs by legal process.

Secure Your Loans From the Montana Mining, Loan and Investment Co.

Byron Lockhart, of No. 1119 Pine street, this city, had a very pleasant experience the first of this week. He called in on A. A. Markam & Co., 1302 Washington avenue, this city, general agents of the Montana Mining, Loan and Investment Company, of Butte City, Montana, of which Henry L. Haupt is president, and invested in a one dollar certificate. He stated to a *Sporting News* reporter this morning that in looking over their statements he found that his certificate in the January issue, No. 57,413, had entitled him to a loan of \$2,500. He forwarded the certificate to the main office at Butte City, Montana, through the Pacific Express Company, which was promptly paid.—*Sporting News*, St. Louis, March 4, 1893.

W. H. Gillingham, a grocery clerk of this city, is an exceedingly lucky individual. He is a member of the Montana Mining, Loan and Investment Company, whose main office is in Butte City, Montana, and of which Henry L. Haupt is president, and which is in existence apparently to avoid the United States lottery laws. Instead of giving prizes the company makes "loans" each month. Gillingham was the fortunate one who got a \$2,500 "loan" at the October allotment. The young man, with this "loan" as capital, intends going into business here.—*Wheeling*, (W. Va.) *Intelligencer*, Nov. 22, 1892.

For terms and certificates or any other information apply to Andrew Zemany, agent, Freeland, Pa.

Elected President.

Samuel B. Leisenring, who was elected on Monday to succeed Joseph S. Harris as president of the Lehigh Coal and Navigation Company, is a son of the late Judge John Leisenring, of Mauch Chunk. The new president received a thorough technical education and from a very early period in his life has been at the head of mining enterprises as superintendent, engineer and owner. From 1877 to 1884 he mined the Honey Brook Company's coal by contract, the output being 500,000 tons yearly.

In addition to this new office Mr. Leisenring holds the presidency of the Upper Lehigh, Midvalley and Moccasin Mountain Coal Companies, and the Virginia Coal and Iron Company. In addition he is a director of the Pioneer Mining and Manufacturing Company, of Alabama, and the Nescopeck Coal Company, a member of the coal firms of T. M. Righter & Co., Leisenring & Co., and M. S. Kemmerer & Co. Mr. Leisenring has been a director of the Lehigh Coal and Navigation Company since 1884, and it is expected he will continue the policy followed by his predecessor.

Odd Fellows at Mauch Chunk.

Yesterday was a gala day for the Odd Fellows of Carbon and adjoining counties. Over 2,000 men took part in the annual parade at Mauch Chunk, and the staid old town gave them a royal welcome. The decorations and displays were very elaborate, and the handsome arches erected on the principal streets were greatly admired by the many visitors.

Mt. Horeb Lodge of Freeland and Drifton Lodge participated and made a fine appearance. The members wore high silk hats and carried bamboo canes.

At the business meeting the initiation fee for this district was reduced to \$5.00. The following officers were elected: President, George Weiss, Schuylkill Haven; vice president, John Smith, Creighton; secretary, T. Jones, St. Clair; C. V. B. Dorward, Schuylkill Haven; treasurer, J. J. Mathias. The next parade will be held at Schuylkill Haven.

Entertainment on May 20.

An entertainment for the benefit of the Mining and Mechanical Institute of town will be held at the opera house on Saturday evening, May 20. Owing to the low rate of tuition the institute is under considerable expense for hall rent, supplies, etc., and the proceeds of the entertainment will assist it in keeping ahead, thereby giving the directors an opportunity to make several improvements that are under contemplation.

Among the persons who will take part in the entertainment is James Goldie, of Philadelphia, a gentleman who has a national reputation as a comedian. The programme will be published in full when completed.

Appeal from Auditors' Report.

John C. Stroh and Walter L. Richards, taxpayers of Foster township, made an appeal on Tuesday from the report of the auditors of said township for the year ending the first Monday in March, 1893, of the accounts of Wm. Gallagher, treasurer, Patrick Givens, tax collector, and Patrick McFadden and John Schnee, supervisors.

They entered bail in the sum of \$500 as a guarantee of their intention to prosecute the appeal.
