W. C. Miller has taken his play, "Under a Ban," off the road until the opening of next season, when it will be played with a strong company and additional scenery.

The petition of A. W. Washburn for the appointment of postmaster here has been placed on file at Washington. Ex-Postmaster Wm. F. Boyle's petition is in the hands of Congressman Hines.

It is thought the supreme court will give its decision in the electric road case this afternoon. The Union Company is confident of victory, but the delay is causing much valuable time to be lost.

During this month devotions will be held at St. Ann's church at 7.30 o'clock on Monday, Wednesday and Friday evenings, and at 7 o'clock on Sunday evenings. They are to commence this evening.

At a meeting of the Foster township school board on Saturday evening the directors decided to increase the school term another month, making it a ten months term. This is a good showing for the township, and proves that it has a progressive school board.

It is reported that the congregation of St. Mary's Greek Catholic church intends to enlarge the building, as the seating capacity of the edifice is inadequate to accommodate the increasing demands. The church, which has cost over \$15,000, is in a prosperous condition, and the estimated cost of the addition and alterations is \$2,000.

Reading's Miners in Hard Luck.

The Reading Company's miners in the vicinity of Shenandoah have a very discouraging outlook before them. On Saturday the Shenandoah City, West Shenandoah and Maple Hill collieries shut down indefinitely, throwing 1623 men and boys out of employment. This, in addition to the idleness of Indian Ridge colliery, makes the total amount of unemployed labor in this district upward of 2200. It is reported there that the company contemplated shutting down thirty of the ninety collieries.

The rate of wages to be paid the miners of the Schuylkill district for the last two weeks of April and the first two weeks of May is \$2.42. This is 2 per cent. below the \$2.50 basis. Last month it was 3 per cent. above the basis, and the drop of 5 per cent. in one lump is an indication that the receivers know who to squeeze to cut down expenses.

A Lawyer's Disgrace.

J. J. McCarty, a well-known attorney of the Lackawanna bar, was sentenced on Saturday to one year in the county jail on two convictions of forgery. He was found guilty of forging the name of his landlord to receipts, but was recommended to the extreme mercy of the court.

When he was called for sentence before Judge Gunster, his counsel made an earnest plea for suspension of sentence, saying the weight of the law's wrath would fall not upon the attorney himself but upon his wife and children. Judge Gunster refused the motion and then proceeded to impose sentence. He referred to the high standing of the Lackawanna bar, told Mr. McCarty he was the first to cast a cloud upon it, and then announced the sentence.

The censure committee of the bar has taken steps to have Mr. McCarty disbarred.

Railroaders at Tamaqua.

The organized railroad men of the eastern part of the state met yesterday at Tamaqua, and transacted considerable business of importance to the different unions which the delegates represented. The sessions, however, were secret, and nothing was given out for publication. In the afternoon public addresses were made by the following labor leaders and clergymen:

Master Workman T. V. Powderly; P. A. Morrissey, of the Railroad Trainmen; E. A. Wilson, of the Firemen's Brotherhood; C. W. Henry, of the Brotherhood of Locomotive Engineers; E. H. Gerhart, of the order of Railroad Operators; W. C. Embody, of Mauch Chunk, and F. P. Spiese, Revs. J. S. Lame and George Gebert, of Tamaqua.

School Superintendents.

Tomorrow evening the school directors of Hazle township will choose a superintendent to succeed Mr. Jones, the present incumbent. As far as known there are only two candidates, James Costello and John J. Mulhall, either of which is fully competent to fill the position. Both claim three votes, and how to secure the necessary one vote, which will decide the election, is the fight.

The election for county superintendent also occurs tomorrow. While there is some opposition to Superintendent Harrison, those in a position to know say he will be re-elected without a doubt.

Police Officers in Trouble.

Policemen Loelie and Thomas, of Nanticoke, were arrested on Saturday, charged with the murder of ex-Burgess James Vivian. The prosecutor is Harry Vivian, a brother of the dead man. The policemen a few days ago arrested Vivian, who was drunk, and in taking him to the station house used their clubs vigorously, cutting his head open and otherwise injuring him.

It is claimed that the attack was malicious, the officers having had a grudge against Vivian. They were held in \$10,000 bail for trial.

Stole a Watch.

Several weeks ago Ulrich's rag wagon, from South Heberton, was passing through the streets of Jerusalem, a part of White Haven, when a young boy who was with the wagon looked into the house of S. A. Stearns. Mrs. Stearns was up stairs, and the boy finding no one about went into the house and took a watch he found hanging there. In some way he made a noise which attracted Mrs. Stearns' attention, but when she had come down he had departed.

The watch was missing and on a subsequent trip through the same place he was asked about it, but denied having any knowledge of it. Several neighbors had seen the boy go into the house the first time and readily identified him.

Krone, a rival in the rag business, heard of the theft and informed the boy that a warrant had been issued for his arrest, which had the desired effect of causing the return of the watch a few days ago, and the matter has thus been settled.—Journal.

The employees of the Patterson colliery near Mt. Carmel have struck for the semi-monthly pay.

Hazleton is preparing for a great ostentatious Memorial Day. The prizes offered amount to \$480.

Six coal cars and two engines were completely demolished by a collision on the Pennsylvania on Thursday.

Assistant District Attorney P. A. O'Boyle, of Pittston, will be the Memorial Day orator at White Haven.

While walking the railroad on his way to work, John Gwinner, of Hazleton, was struck by an engine and died a few hours later.

Rev. Father McNelis, of Mt. Pleasant, who was ordained a priest last week, read his first mass at Hazleton yesterday. He will locate in the Pittsburg diocese.

Barney Doyle has been appointed postmaster at Centralia, and if he accepts he must resign his position as poor director. He would like to know which pays best.

The name of the new president of the Lehigh Coal and Navigation Company is Edward B. Leisenring, not Samuel B. Leisenring, as stated in these columns on Thursday.

The venerable Captain James O'Donnell died at his home in Allentown last week. He was, years ago, a citizen of Mauch Chunk, and well known throughout Carbon county.

Preparations on a large scale are in progress at Tamaqua, for the reception and entertainment of the delegates to the Christian Endeavor Convention to be held May 12 and 13.

An extensive cave-in has occurred over the workings of an old shaft in the lower end of Pittston. Large cracks appeared in the roadway, and the house occupied by William Hoag sank several feet.

Two insane men who were sent down from Wilkes-Barre to the Danville asylum on Saturday have been returned by the superintendent who says the place is already overcrowded and that he will not receive any more patients.

A second shoe manufacturing firm of Orwigsburg, Schuylkill county, has failed, executors having been issued against Shoener & Co., for a sum exceeding in the aggregate \$30,000. The closing of this industry throws out of employment over 100 hands.

Early Friday morning Mrs. Jacob Shultz, of White Haven, went to the barn to attend to a cow. She had left her eight-year-old daughter Annie alone in the house. During the mother's absence the little one secured a box of matches which she ignited in play. The house took fire and the little one was burned to death.

Lutheran Conference.

The sessions of the second conference of the Lutheran Ministerium was held at Bath. The report of the committee on the trouble existing in the Cherryville congregation was again taken up and a resolution advising the Lutheran congregation to endeavor to effect a separation of the two churches, the Lutherans to elect a new pastor, was adopted.

The committee on the president's report through Dr. Seipp, its chairman, presented its report upon the recommendation of his committee. Resolutions of regret at the removal of the Rev. D. H. Geisinger, of Easton, from the bounds of conference, were adopted.

Several new charges were ordered to be formed in Monroe and Luzerne counties. The conference commended the action of the pastors of Mauch Chunk and West Hazleton in bringing about a peaceable separation in the union congregations of those two places. An invitation to hold the next Sunday school convention in St. John's Lutheran church, Allentown, was accepted.

A resolution was adopted expressing the sympathy of conference with the Rev. Father Bower, the patriarch of conference, who is seriously ill at his home at Hazleton. The next meeting of the conference will be held at Lehighton.

A Sunbury Lamb Shorn.

Louis Dewait, a well-known lawyer of Sunbury, went to New York to see the naval review. On Thursday night he started in to have a good time and in his rounds met a very congenial fellow who invited him to have a drink in a saloon.

The drink must have contained "knocker-out drops," for the next Dewait knew he was sitting in a chair in the back room of a saloon and \$55, which he had in an inside pocket, was missing. The Sunbury lawyer does not know where the saloon was, but after he had left it, he met another young fellow, and asked to be shown to Koster & Bial's. When they arrived there the place was closing up. Dewait felt for his watch to see what time it was and discovered that was also missing.

A policeman was passing and the lawyer told him his story. The cop arrested Dewait's companion on suspicion and also locked the lawyer up for safe keeping. In Jefferson Market court both were discharged, after warning Dewait to be more careful how he treated strangers.

Guilt of Manslaughter.

James McLaughlin, of Pittston, who was on trial last week for the murder of James Gilmartin, was found guilty of manslaughter Friday night, the jury being out three hours and a half. McLaughlin is a prominent politician and hotel keeper in Pittston.

On the night of Saturday, March 25, Gilmartin entered his place and the two became involved in a quarrel about politics. Gilmartin was taken outside by a friend, but tried to effect an entrance again. McLaughlin held the door but not being able to force it shut, struck out at Gilmartin with an iron bar crushing his skull. He died shortly afterward.

To Disinfect Railroad Cars.

A system of disinfection is being perfected by the Pennsylvania and other railroad companies, by which all cars used in the transportation of immigrants from eastern ports en route to the west will be fumigated and purified to prevent the spread of germs of any disease which may possibly be imparted to them. Freight cars will be subjected to the same process of purification.

FROM SUBURBAN POINTS.

LETTERS FROM THE PEOPLE OF NEIGHBORING TOWNS.

Miners in the Drifton "Low Coal" Are Complaining of the Meagre Wages They Receive—Electric Road Surveyors Working Around Jeddo.

Special and regular correspondence from the surrounding towns is solicited by the **TRIBUNE**. All writers will please send their names to this office with communications intended for publication, in order that the editor may know from whom the correspondence comes.

DRIFTON ITEMS.

The men employed in the "low coal" in No. 2 slope are complaining bitterly of the terms upon which they have to work. Some have already resigned and are looking elsewhere for jobs. One of the men working there showed your correspondent his check on Friday, and the figures on it proved that the miners in that section are actually going in debt. The expense of a laborer and the cost of mining coal amounted to more than he received from the company. There is no justice in compelling experienced miners to work in places of this kind, and the firm should have more regard for the welfare of their men.

Ben Cross has been promoted to the position of driver boss in No. 2 slope, which was made vacant by the resignation of William Wilson.

The sound of the hammer is plainly heard now in the evenings getting the fences in order.

Base ball has made no progress of any consequence in this place so far, but the boys intend to be in it when the proper time comes.

Mrs. William Jeffrey, of Freeland, paid friends a visit here last week.

John Mohan has secured employment at Jeddo and will move his family there shortly.

Mrs. David Jones, of Upper Lehigh, was visiting among friends here last week.

Frank Gillespie, one of the locie firemen here, was severely injured about the hips on Saturday while switching cars.

The fishermen of town are in hard luck so far this season. Several trips have already been made to the various trout streams, all of which were fruitless.

Wm. J. Timney, a D. S. & S. brakeman of Freeland, was injured while jumping off a train on Tuesday. He resumed work this morning.

Several invitations have been received by parties of town to attend the exercises of the graduates of Jefferson Medical College, to be held at the Academy of Music, Philadelphia, this month.

Mrs. Andrew Davis, Alex. Allen, Joe Wagner, John Davis, Charles Rohland, Miss May Davis, Mrs. Cunningham and daughter Eva, all of Drifton, spent Saturday in this city.—Standard.

JEDDO NEWS.

Hungarians in large numbers are leaving this place for their native land. Whether it is the summer that is taking them home to till their farms and return again, or that they are only going on a visit we know not, but if it is the former, we wish it would be summer all the time over there.

The masons are making considerable headway on the foundation of the new addition to the No. 2 breaker at Oakdale.

A large number of new mine cars arrived here for No. 5 slope last week.

The many men from neighboring towns who are securing employment under this company at present makes an impression on us that the English-speaking race will once more inhabit this ancient settlement.

At last we have some prospects of having an electric railway. The surveyors of the North Side Company have been at work during the past week and have completed the line between this place and Hazleton. This line, it is expected, will be in running order about the latter part of August or the forepart of September. It has always been a drawback to get from this place to Freeland, especially from Japan and Oakdale, to do shopping, because in the evenings after working hours there are no trains running from the latter towns to Freeland and seldom the men who work all day in the mines travel the distance between here and Freeland unless it is absolutely necessary.

It will be more convenient for the people of these towns to do their trading in Hazleton. With the cars going past their doors they can go and come from Hazleton and avoid the tiresome journey.
