## Housekeepers Should Remember.

The Government Chemists, after having analyzed
all the principal brands of baking powder in the
market, in their reports placed the "Royal" at the
head of the list for strength, purity and wholesome-
ness ; and thousands of tests all over the country
have further demonstrated the fact that its qualities
are, in every respect, univaled.
Avoid all baking powders sold with a gift or prize,
or at a lower price than the Royal, as they invariably
contain alum, lime or sulphuric acid, and render the
food unwholesome.
