COUNCIL MEETING.

The Borough to Stand by the Police Force in the Suit Now Pending.

The members of the borough council met in special session on Tuesday evening. Messrs. Williamson, Fritzing, McLaughlin, DePierro and Moore were present. The president in calling the meeting to order stated that the police of the borough arrested parties last week for creating a disturbance, and that they in turn had the police and burgess arrested and placed under bail to appear at court.

The burgess being present gave a detailed account of the matter, and requested council to aid in their defense. The following motion was agreed to: That the council sustain the police financially in their defense of the suit brought against them.

A committee of two of the council was appointed by the president to act with the burgess in preserving order, and to report any violation of the liquor law.

The secretary was instructed to notify the Western Wheel Scraper Company that the borough did not desire to purchase the machine left here a few weeks ago on trial.

A committee of two of the council was appointed by the president to examine the time worked by men on the sewer, so as to enable them to get their pay before the next regular meeting. The committee will meet with the street commissioner and secretary on July 1, and the workmen will be paid their June wages in time to enjoy themselves on the Fourth.

Too Slow to Capture Their Men.

The coal and iron police force of the region spent quite a lot of their leisure time in Freeland this week. On Tuesday evening, especially, they were to be found upon every corner, and the mysterious air that surrounded their movements caused many to think arrests would be made by the wholesale.

Chief Hampton, Officers Wrought, Grim and Cook were the most active in investigating, and the real dime-novel fashion in which they peered into saloons and scrutinized pedestrians filled the small boys' hearts with delight.

It is said they were looking for the parties who burglarized the Silver Brook store last week. The men were traced to Freeland, where they tried to dispose of some of the plunder, but they had made good their escape before the coal and iron police swooped down upon the town.

Shot by a Constable.

John Gilgallon, of Priceburg, Lackawanna county, is dying at his home from the effects of a wound given him Monday night by Richard Barron, a Priceburg constable. Gilgallon was seeking to take from the officer three men who, it is claimed, were arrested without a warrant.

The constable drew a revolver; so did Gilgallon. The constable seeing this, took a hasty aim and fired, a fatal wound resulting. Barron is in the county jail to await the result of Gilgallon's injuries.

Meeting of Young Lutherans.

The Young Lutherans of Northeastern Pennsylvania met at Scranton on Tuesday for the purpose of organizing a central association. There were delegates present from Scranton, Wilkes-Barre, Pittston, Danville, Williamsport, White Haven and other towns. It was decided to hold semi-annual sessions in March and September.

The first will take place in Wilkes-Barre. Officers were chosen as follows: President, Rev. E. L. Miller, Scranton; vice president, S. S. Kurtz, Williamsport; second vice president, P. H. Meister, Pittston; treasurer, Rev. Brunning, White Haven; secretaries, Miss Estelle M. Roll, Wilkes-Barre; J. Gahn, Scranton, and G. W. Marshall, Jr., Scranton; trustees, Rev. Rooney, Danville; Rev. G. W. Sant, Wilkes-Barre, and Rev. F. Holtes, Scranton.

One Fair Both Ways.

The general agents of the trunk lines met at New York on Tuesday and decided to recommend to the executive committee of the Trunk Line Association a special rate of one fare for the round trip to Chicago and return on special World's fair excursion trains.

These trains will consist of passenger coaches only, but will be run as express trains, making the trip each way in about thirty hours. They will leave New York in the morning, which will bring them to Chicago in the afternoon of the following day. The tickets will be good for ten days.

If the executive committee approves the recommendation, as it undoubtedly will, Passenger Commissioner Farmer will apportion the trains among the various roads so that they will be run in regular alternation, each road having a regular day for starting its excursions.

Hit Him With an Axe.

Joseph Broskosky, who runs a milk wagon through Freeland, and whose home is in the valley near Pond Creek, was arrested yesterday morning by Constable Quigley, on a warrant sworn out before Squire Buckley by Joseph Blashak, of the Points, charging him with felonious wounding by striking him on the head with an axe.

At the trial the evidence went to show that Broskosky sold Blashak a cow for \$37.50, and that the animal has a fondness for the valley and will not stay at home.

Yesterday Blashak met Broskosky and accused him of enticing the cow to his farm, and demanded back his money. This Broskosky denied, claiming he had sold the cow and was not responsible for her roaming proclivities.

Blashak got angry and followed him for nearly a quarter of a mile with a stone in his hand, and when near the corner of Fern and Main streets tried to get at Broskosky, who was in his wagon, but was pushed away several times. Failing to keep him back Broskosky struck him with the axe, inflicting a deep cut on his head.

Hill's chloride of gold tablets are guaranteed to cure any case of drunkenness, morphine or tobacco habit, and no effort is required from the person taking them. The use of tobacco, liquor or the drug is permitted until such time as they are voluntary given up.

These tablets may also be given without the knowledge of the patient, and a permanent cure is sure to follow their use. The price of the tablets—\$1.00—certainly places them within the reach of all. If your druggist does not keep them write for full particulars to the Ohio Chemical Co., Lima, Ohio.

UGHT TO GET IT.

A Newspaper Man Wants an Office and Is Not Afraid to Ask for It.

Sam W. Boyd, of the Wilkes-Barre Newsdealer, wants to be the Democratic nominee for controller, the new county office. He does not place himself in the hands of his friends, neither does he beat about the bush, but comes out in a plain, straight-forward style that could profitably be imitated by the rest of the office seekers who want to see their names on the ticket this fall. Here is what he says:

"To set whatever doubts there may be at rest we state that we are a candidate for controller and propose to stay in the contest until the curtain is rung down on the convention. Flinging modesty to one side we ask and solicit the nomination for that office for three reasons. First, we are qualified to discharge the important duties of the office. Second, we deserve it for the services rendered the party and its candidate the past six years. Third, because the controller should reside in this city.

"Our candidacy is not in or against the interest of any gentleman who are seeking nominations for the other offices, and it will not injure their chances in the smallest particular. For six years we have given faithful services to the party and its candidates, the Newsdealer has always been found in the front battling for the party supremacy, and on more than one occasion success has been achieved through the vigorous efforts presented in its columns.

"As hewers of wood and drawers of water for the benefit of others we think our duty has been discharged and we now ask and speak in our own behalf. We want to secure this nomination and to that end ask the aid of every Democrat to bring about the result.

"On our part we will do whatever is possible in an honorable way to succeed, but if we do not succeed we will be found at the old stand after the nominations are made, fighting for the cause and candidates in which our first vote was cast. This is our announcement, what do you think of it?"

Parochial School Entertainment.

The first entertainment of the pupils of St. Ann's parochial school in the church basement on Monday evening was a very successful affair, and all who took part in the exercises acquitted themselves in a creditable manner. The audience was large, notwithstanding the intense heat that prevailed, and the applause at times was long and enthusiastic, showing that the efforts of the pupils and the excellent training given them by their instructors, the Sisters of Mercy, are heartily appreciated by the community.

The instrumental and vocal music was very good, as were also the drills, marches, tableaux and comic sketches that were given. The pupils may feel proud of having a corps of teachers such as the Sisters, whose interest in them and whose efforts to advance and improve them have been so plainly demonstrated.

The music pupils were complimented for their good attendance and proficiency by Rev. M. J. Fallhee, and the following prizes were given to those who led in these respects: To Miss Helen Boszkowski, a gold medal; to M. Cabbage, a gold medal, and to Henry Bobst, a gold pen.

Habits That Can be Cured.

It is an error to suppose that drunkenness, morphine and tobacco habit cannot be cured. The double chloride of gold is known to be a positive antidote for these habits, or rather diseases, and the wonderful cures effected through its agency have given the remedy a national reputation. Until recently, the "Gold Treatment" was only given at expensive sanitariums, but at the present time it can be had of any first-class druggist.

Hill's chloride of gold tablets are guaranteed to cure any case of drunkenness, morphine or tobacco habit, and no effort is required from the person taking them. The use of tobacco, liquor or the drug is permitted until such time as they are voluntary given up.

These tablets may also be given without the knowledge of the patient, and a permanent cure is sure to follow their use. The price of the tablets—\$1.00—certainly places them within the reach of all. If your druggist does not keep them write for full particulars to the Ohio Chemical Co., Lima, Ohio.

Election Officers Arrested.

The row between the school board and the township auditors, of Butler township, Schuylkill county, has taken another and more serious phase. Trouble has just begun. The election board of the North Butler election district have been arrested for making illegal election returns. One of the inspectors has skipped and the other is willing to stand trial. The judge of election, Edward Casey, was placed under \$1,000 bail.

The trouble between the school board and auditors has aroused public sentiment, and forty voters of North Butler went before Squire Butler, of Girardville, and stated that they had voted for Peter Bilder for school director and that only twenty-three votes had been returned for him, when he should have received forty-three.

A canvass of North Butler poll shows that 100 voted for John Paul for school director and the board only returned thirty-two votes for him. The evidence at the hearing before Squire Butler was of a very serious character. One of the watchers swore that Casey stood up with his back to the wall and read off the vote and would not permit anyone else to see the sheet.

Further evidence was to the effect that the vote was held back until a report was received from the rest of the districts, and that Carey and Sweeney had had number of consultations with Casey, the judge of election, before the vote was announced.

The grand jury of this session of court will act on the indictment.
