JEDDO NEWS.

No. 5 shut down on Saturday and the work of loading the stock-banks was commenced today. This, however, is no sinecure, as twenty-five cents for loading one of those gondolas is rather

meagre, though if its small plenty of men will be found who will accept the offer.

Politics is just beginning to simmer a little. Several delegates have been selected already to contest for honors when the proper time arrives. At present all are keeping in the back grounds.

It has been many years since the nation's birthday has been celebrated with such splendor as was this year. From early in the evening of the night previous there was a continuous booming of explosives until everything was exhausted. The drum corps paraded the streets and assisted in making the event what it should be.

BASE BALL.

The finest game played in this vicinity this season took place at the park yesterday afternoon between the Stars of Jeaneville and the Tigers. The visiting club was strengthened by players of Jeaneville and Hazleton first clubs, and the two nines were evenly matched when play began. The Stars secured the first run in the third inning and kept the lead until the seventh, when the Tigers went ahead. The playing at times was very fine, but careless coaching and base running lost runs for the home team. At the end of the ninth the score was tied at 5. The Tigers failed to score in the tenth and the Stars made a run, winning the game 6 to 5.

Hazleton-Ashley game on Saturday was stopped by rain in the third inning with the score 2 to 0 in favor of Hazleton, and the Lansford-Jeaneville ended in the first inning for the same cause.

The Smiths defeated the Travelers in a five-inning game yesterday morning at the park by a score of 3 to 2. In the afternoon they defeated Highland, 6 to 4.

At Shenandoah yesterday Jeaneville was defeated, 6 to 2, by the home club of that place.

Pottstown club plays at Hazleton on Wednesday.

The Tigers play at Mt. Pleasant on Saturday afternoon.

The Danville club of the State League disbanded on Friday, and it was nearly time. They had won five games out of fifty-two played.

At Drifton park yesterday the Fearnots and Lattimer had a hot game. Both clubs did excellent playing and left nothing undone to win. The Fearnots, however, were stronger than their opponents, and with the fine battery work of P. B. Barr and Pat Boyle came off victorious by the score of 16 to 4.

Change in the P. O. S. of A. Band.

The well-known P. O. S. of A. band of this place, which has been conceded by all who heard it play to be one of the best musical organizations in this part of the state, is no longer in existence. In its place, however, there will be another band, composed largely, if not entirely, of the members of the P. O. S. of A. band.

The cause of this change, which will be more in the name than anything else, dates back to some time past, and it is said on account of the inability of the band to agree upon certain matters with the members of camp 147, which owned the instruments and equipments of the band.

These differences came to a final termination on Friday evening, when the camp gave the band the instruments, books, uniforms, music stands and all other band property which the band held at that time.

However, an agreement will be drawn up between the two organizations to the effect that the instruments shall not become the property of individuals, and any member leaving the band will be compelled to return his instrument to the trustees or directors of the band.

What course the band boys will pursue will not be definitely known before their meeting on Friday evening, but it is likely that it will become a citizens' band.

FROM ALL QUARTERS.

Numerous discharges of coal and iron policemen are reported. The force is being diminished one-third.

George Bice, of Wilkes-Barre, was killed by a train at Wanamie. He leaves a wife and four children.

The Schuylkill county poor directors are out of cash and don't know how to meet the bills that are coming due.

A conference of the Prohibitionists of the fourth legislative district will be held at Hazleton on Saturday evening.

Michael Boyle, of Hazleton, has been placed under \$500 bail to appear at court and explain why he sold liquor illegally.

Pottsville will have 1,000 idle men in a few weeks, as the Reading company intends to shut down its large shops at that place.

The German singing societies of Pennsylvania and New Jersey will hold a saengerfest at Wilkes-Barre from July 17 to July 20.

John Dowd, an aged resident of White Haven, was killed by a train while picking coal on the tracks near there on Friday.

Dr. Yard, of Plymouth, has been taken to the Norristown asylum, having become insane from the excessive use of opium, which he ate in large quantities.

Adam Gantzhorn, an aged carpet weaver of Hazleton, was found drowned on Saturday morning in the Buntzen Bock reservoir. He had been drinking heavily for some time past.

A special election will be held in Monroe, Pike, Northampton and Carbon counties on Tuesday, July 25, to fill the vacancy caused by the recent death of Congressman Mutchler.

The Hazard Manufacturing Company, of Wilkes-Barre, recently shipped to the Citizens' Traction Company, in Pittsburgh, a wire cable 25,800 feet long, and weighing in all about 75,000 pounds.

An effort is being made by the fishermen of Luzerne and some adjoining counties to have Governor Pattison appoint Henry L. Moore, of Wilkes-Barre, a member of the state fishery commission.

A male choir of sixty voices from Wales is expected to arrive in this country soon. They will compete in the great eisteddfod to be held at Chicago, and will give concerts at Wilkes-Barre and Scranton.

Hellertown, a borough down below Bethlehem, will levy no tax this year. The revenue from the licensed saloons and liquor dealers is sufficient to meet current expenses. There is one saloon for every thirty-three voters.

Up in Pittston the constables have been unable to close the speak-easies, after reporting the proprietors several times to the court, and as a last resort Lawyer Nichols has made application for injunctions to restrain these places from selling liquor.

In the past few months Pension Agent Shelmire, of Philadelphia, has suspended over 500 pensions in this district. The authorities at Washington claimed the receivers were not entitled to pension money, and many more are expected to be lopped off before fall.

Michael Cassidy, Allen Craig and Frank Sharkey are Carbon's Democratic candidates to succeed the late Congressman Mutchler. John B. Storm, of Monroe; Hornbeck, of Pike, and a son of Mr. Mutchler, of Northampton, will also accept the nomination, which is equivalent to an election.

The present management of the Reading is engaged in undoing the work of McLeod as fast as possible. Several of the deals made by him have been undone and another road is about to be thrown up. It is the Pennsylvania, Poughkeepsie and Boston, which runs from Slatington, to Campbell's Hall, N. Y., a distance of ninety miles.

Questioning His Authority.

From the Scranton Truth.

J. W. Browning, Esq., representing Anthony Ford, filed this afternoon in the office of Prothonotary Pryor an application to the court for a quo warranto to compel Edward Roderick to show by what authority he holds the position of mine inspector in the first anthracite district.

It is alleged in the petition that Mr. Roderick holds the position illegally because he is ineligible by reason of inexperience as a miner, because he didn't correctly answer the percentage of questions required by the statute; that he was appointed inspector before the district was created, and that his appointment was contrary to the acts of assembly.

It is also alleged in the petition that the board that examined him was appointed under the law of 1885, and acted under the act of 1891, and that by reason of Mr. Roderick holding his position illegally, Mr. Ford and other good citizens are debarred from contesting in a legal examination for the position.

Carbondale to Nanticoke by Lightning.

The upper part of the county is a perfect network of electric roads, it being possible to ride from Nanticoke to Pittston on an electric car, and to reach almost every town of any considerable size by the same means. Tracks are laid from Pittston to Lackawanna, and at irregular intervals between Duryea and Hyde Park, in Lackawanna county, and arrangements were recently completed to connect the different sections all along the line.

The up-the-valley road is now in operation between Carbondale and Archbald and tracks are laid as far down as Dickson City, and the projectors of the road promise that inside of a month the line between Scranton and Carbondale will be open for business.

Taking this into consideration, before the snow flies it will be possible to ride from Carbondale to Nanticoke on electric cars.

Found Dead in a Creek.

Patrick Flanagan, aged 44, of Wilkes-Barre, was found drowned Friday morning in Solomon's creek, three miles south of that city. He had made a visit to his home in Pottsville on Tuesday, and his father, who is an invalid, failed to recognize him. This worried him and he brooded over his father's condition. On his return his brother, Thomas, kept a strict watch on him, as he feared he would do himself harm, Patrick's mind having been affected several years ago, when he tried to commit suicide by cutting his throat.

It is thought he wandered out to the creek the previous night, fell asleep while sitting on a stone wall, which is close by, and fell into the water to his death. The coroner's jury returned a verdict to that effect.

Shot for Taunting a Friend.

Dominick Kennedy, aged 30 years, of Middleport, Schuylkill county, is lying in a critical condition, the result of a shooting affray on the Fourth of July, in which Charles Trainer, aged 50 years, was the other principal.

Kennedy began taunting Trainer and kept it up for some time. Trainer became very much exasperated and finally drew a forty-two-caliber revolver and pointed it point blank at the stomach of Kennedy and pulled the trigger.

A friend, just as the weapon went off, knocked the pistol aside, but the bullet struck Kennedy in the abdomen close to the thigh. It is feared blood poisoning will set in.

Borough and Police Force Sued Again.

G. L. Halsey, Esq., of White Haven, began an action in trespass in court on Saturday on behalf of William Kraut against Burgess Gallagher, Officers Patrick Welsh, Daniel Gallagher, William Fritzing, Patrick McLaughlin and Freeland borough. Kraut claims \$5,000 damages on the grounds of illegal arrest.

Kraut was arrested one evening in May for disorderly conduct. This case is somewhat similar to the one instituted against the police force by John Martizius last month.

The Tigers Athletic Club elected the following officers for the next six months last evening:
