Special and regular correspondence from the surrounding towns is solicited by the TRIBUNE. Communications or items intended for publication must be accompanied by the name of the writer.

### HIGHLAND DOTS.

John McGeady, one of our most respected citizens, received a paralytic stroke on Sunday night while in bed, and with the exception of a few minutes remained unconscious until yesterday afternoon when he died. He was 65 years of age, and was a resident of Highland for years. Before coming here he resided on the South Side, and was known to all his acquaintances as a thorough gentleman, kind and charitable, and his sudden death is deeply regretted. The funeral will take place tomorrow afternoon at 2 o'clock. The remains will be interred at St. Ann's cemetery.

Yesterday evening a slight fire occurred in "Peggy's Patch" which came nearly burning a block of houses. The block was empty and a family moved in one side of it, put up their stove and kindled a fire which ignited some rags in the chimney on the vacant side. These fell on the floor and set the building on fire. It was discovered and quenched before any serious damage was done.

Quite a number of our people intend going to the World's fair in the near future.

George Harvey and wife attended the excursion to Mountain Park on Saturday.

The single and married men of town played a game of ball here on Saturday. The married men won easily.

While three young ladies were out huckleberrying one day last week they

had the misfortune to be attacked by a snake. It took them two hours to kill it. When it was measured it was six inches long. It would take a team a whole day hauling stones away from the place.

### NEW ROAD LAW.

Sketch of a Bill That Will Give Supervisors an Easy Life.

The provisions of the new road law which the last legislature passed, to go into effect next year, do not differ very materially from the law now in force. A supervisor is to be elected by the people, and it will be his duty to see that the public highways are kept in shape. The law further provides that the taxpayers can make their own roads if they want to, and thus prevent the levy of a tax for that purpose.

To acquire this they must, before the beginning of the fiscal year, present to the court of quarter sessions a petition setting forth their desire to do so. The petitioner or petitioners shall file a bond equal to \$500 to each mile of road, with sureties, conditioned for the faithful performance of their duties, which bond shall also indemnify the township for any damage by reason of any act or omission of the petitioner whereby any claim may be set up against the township.

The supervisors are required to view and inspect the roads at least once every month, and if any portion of road needs repairs he shall notify the petitioners to repair the same and upon the failure to do so within five days the supervisor is empowered to purchase the material and employ the men necessary to make the repairs and charge the cost to the petitioners.

The supervisor for his services shall receive from the petitioners \$750 per year. The clerk \$50, each of the auditors \$25, the township attorney selected by the supervisor \$50 per year for their services.

### A Very Sad Death.

Henry Gordon Collins, a little child, who resided with his grandmother, Mrs. William Gibbon, on Washington street, Birkbeck addition, died at 4.30 o'clock yesterday afternoon under very sad circumstances. While toddling through the house about 11 o'clock yesterday he came upon a bottle of crank medicine which had been prescribed for the grandmother a few months ago by the family physician.

He drank some of this medicine, and shortly afterward went into convulsions. Although everything possible was done to relieve the child he died at 4.30 o'clock.

He was the son of James Collins, of Jeddo, who buried his wife and two children from Oakdale about a year ago. Harold was aged 1 year, 10 months and 26 days. The funeral will take place tomorrow at 2 o'clock from the residence of Mrs. William Gibbon. The interment will be made at Freeland cemetery.

### Excursion to Glen Onoko.

Owena Council, No. 47, I. O. R. M., will run its annual excursion on Saturday to that famous and delightful resort, Glen Onoko. This pleasant picnic ground is now to be seen at its best and is fitted up this year in a more magnificent style than ever. Great improvements have been made in all its parts, and everybody who goes there will find something to amuse and please them. A ride around the switchback can be taken at very little cost.

The train will leave Freeland at 7 a. m., and returning leaves the Glen at 8 p. m., giving the excursionists nearly twelve hours to enjoy on the grounds. The fair is 80 cents for adults and 50 cents for children. DePierro's complete orchestra will be there.

### Fire in the Points.

On Tuesday afternoon the stable of Wm. J. Eckert, in the Points, was set on fire by three small boys. They threw lighted matches into the window among a lot of straw and boxes. The timely arrival of a number of persons with pails of water put out the blaze and prevented the spread of the flames.

Mr. Eckert had the boys arrested on Tuesday evening. They were: Frank Shovlin, Joseph Gilgut and Mike Ondosko. They were given a hearing and placed under bail for a further hearing.

### Not Contesting.

### TWO SMART MEN.

Prisoners in Schuylkill County Jail Escape Without Trouble.

Edward and David Kelley, prisoners in the Schuylkill county prison at Pottsville, broke jail some time between midnight and Monday morning and made their escape undetected. The first named was committed on March 10 on the charge of assault and battery and intent to kill the watchman at the Palo Alto roundhouse. He was tried, convicted and sentenced on June 26 to two years. He is 27 years of age, 5 feet 9 inches tall, florid complexioned, with black curly hair.

David Kelley is 20 years of age, and very dark complexioned. He was arrested at Orwigsburg, where he with a chum named William Dun attempted to rob the station. He was placed in jail on May 13, 1892, and was tried in June following, convicted and sentenced to eighteen months. He had about three months to serve.

The prisoners escaped from their cell through the skylight in the roof by means of a piece of rope, a hook and ladder. The hook was made from an iron rod which they took from their iron bedstead. The other materials they managed to purloin from the prison stock room. In order to make their escape from the cell to the corridor they got one of the hooks with which the door is fastened and sawed it nearly in two. When they went to attend services in the corridor on Sunday one of them picked off the good hook and slipped the cut one on in its stead.

The cut was made with an eye to the scientific, for when the hook was properly put in the hole the purchase would be at the curve of the hook, and just far enough away from the cut. The keeper might pull on the door after putting the hook in and it would not give. Move it but the least and it would snap off.

When they were ready to make their escape from the cell they worked the hook a little, so as to get it beyond the curve, pressed on the door and the hook parted. It was a very easy matter then to walk into the corridor. They tore off the washboard on their cells and by its means got on the roof through the skylight. They then slid down the spouting and made good their escape. Several prisoners escaped from the jail in about the same manner three years ago.

### Firemen's Date Changed.

The date of the sixth annual excursion of the Citizens' Hose Company has been changed from August 19 to Saturday, August 5, as Oneida Park is engaged for the former date by a Sunday school from one of the Schuylkill county towns. As this shortens the time to prepare for the excursion the committee is booming it up as much as possible and after tomorrow tickets will be on sale.

The fare for the round trip via the D. S. & S. R. R. from Drifton, Jeddo, Eckley and Hazle Brook is 50 cents for adults and 25 cents for children. The first train will leave Drifton at 8 a. m., and goes through without stopping, arriving at Oneida at 8.52 a. m. The second section leaves Drifton at 8.10, Jeddo 8.15, Eckley 8.20, Hazle Brook 8.32, Stockton, 8.36 and Jeunesville road 8.54, arriving at Oneida at 9.12 a. m. Returning trains leave Oneida at 7 p. m.

### World's Fair Guide.

The "Time Saver" is a guide to the World's fair that deserves its name. It names and locates 5,000 of the most interesting things on the exposition grounds, grading them according to their importance. No other guide does this. The visitor who uses a "Time Saver" can see the fair in one-third of the time usually occupied and find without difficulty everything he wants to see. An encyclopedia of World's fair information that can be carried in your breast pocket. Compiled by a newspaper man, who inspected every exhibit on the grounds. Not sold on the exposition grounds; but nothing sold there will take its place. Ask your newsdealer for it, or send 25 cents to W. E. Hamilton, Room 12, No. 283 South Clark street, Chicago, Ill.

### Important Bank Notice.

After August 1, 1893, the Citizens' Bank of Freeland will not on Saturdays be open after 12 o'clock noon. This is done to comply with the act approved May 3 last, relating to Saturday half holidays. Instead of being open on Saturday evening as heretofore, the bank will be kept open on Wednesday evening, from 6 to 8 o'clock p. m., for the purpose of receiving deposits. By order of Board of Directors.
