Outlines of sermons on Matt. 5;20 were presented by Revs. Wuchter, Bauer and Schmidt. After their reading was discussed by the different members a very interesting and instructive paper on the "Ark of the Coyenant" was read by Rev. Kuntz. An important was read by Rev. Kuntz. Rev. Bruming very ably discussed "Children's Faith," which was followed by the different members in a general

Looking over the local political field it
would seem that there must be a close
contest in the coming county convention
between Roger McGarry and Murray

tight squeeze between Stanley Davenport and John J. Brislin for register of

Candidates for county commissioners are numerous. Won the Cornet Solo Contest.

Master Morgan DeFoy, the boy cornetist of Washington street, won a great victory on Tuesday by defeating four competitors in a cornet solo contest at the Lavelle fair grounds, near Ashland, in the presence of a large audience. The competition was "Diploma Polka," by J. S. Cox, and the prize \$10. Among the contestants were Prof. Kofman, of Mauch Chunk, and Prof. Stenner, of Centralia, the latter being well-known here as a musician and was formerly Master DeFoy's instructor.

An Ebervale man has now a very feas-ible project in connection with the new Jeddo tunnel. The plan is that an elec-tric line be laid in the tunnel connecting Butler valley and Ebervale. The tun-nel is 8x9 feet, ample room for an electric car, and the small ditch which will

This would be a good plan on its face; produce and passenger traffic between the valley and Hazleton could be cheaply and conveniently carried on, while at Ebervale the cars might be hoisted to the surface by steam. Another for the tunnel which has been suggested is that tunnel which has been suggested is that it be the bed for a column of fresh water from the Honeyhole to a reservoir that might be built at Ebervale.
