For St. Patrick's Day.

Delegates from the Catholic societies of Freeland met in the convent school at St. Ann's church yesterday afternoon to make arrangements for the celebration of St. Patrick's Day. The following societies were represented at the meeting: St. Patrick's Beneficial Society, Young Men's T. A. B. Society, St. Ann's Pioneer and Reserve Corps, and Divisions 6 and 19, A. O. H. John H. O'Donnell was chosen chairman and P. D. Gallagher secretary of the joint committee.

Hanlon were selected as aids, and with the chief marshal will make the necessary arrangements to insure a good celebration on the 17th inst.

It was decided that the parade will take place from the church at 1 p. m. The route to be traversed and the order in which it will form will be arranged by the marshal and aids in a few days. The societies of Eckley parish will parade here this year, and the day, from present appearances, will be observed in a commendable manner in Freeland.

To Try a New Law.

The township officers of Kline township, Schuylkill county, have been notified by the Lehigh and Wilkes-Barre Coal Company that the roads of the township will be kept in repair during the year by that corporation. This is in accordance with a law passed by the last legislature, giving any taxpayer permission to repair the road at the expense of himself.

Supervisors will be paid an allowance of \$250 for the year by the company sixty days from the time the new contract goes into effect. This will be their entire salary for the year. The auditors will also be paid by this company.

Band Fair Closed.

The fair of the Mayberry band closed on Saturday evening, and several persons were made happy by holding the numbers which drew the valuable prizes. The attendance during the fair was very good, but the prevailing depression made itself felt in some respects. The band, however, feels grateful to the public for the appreciation shown. The cornet duets rendered almost every evening by Prof. Mayberry and Master DeFoy were enjoyed during the two weeks the fair was open.

New Uniforms Ordered.

The St. Patrick's cornet band has placed an order with a Philadelphia firm for twenty-six new uniforms, including a drum major's outfit. The uniforms will consist of a Gilmore cap, a light blue coat with gold lacing and green trimmings and a dark blue trousers with gold stripes.

They are expected to be completed about the 14th inst., and the band will wear them for the first time on St. Patrick's Day. The uniforms will cost \$525.

Suing for Promised Wages.

Several suits have been instituted at Easton and other points along the Lehigh Valley by the railroaders who left their jobs during the strike and joined forces with the brotherhoods to attempt to bring the company to terms. The suits are against the Order of Railway Trainmen for refusing to pay the plaintiffs what they promised them when they quit work, viz., \$35 a month as long as the strike lasted.

Hospital at Laurytown.

The directors of the middle coal field poor district at their meeting last week decided to build a hospital for the sick and insane, for which plans and specifications are now being prepared.

This action was necessary on account of the district's insane being returned from Danville some months ago, overcrowding the present quarters.

Board of Health Resigns.

On Friday afternoon Burgess Gallagher received the resignation of the members of the Freeland board of health. The resignation is to take effect tonight. No cause is assigned for the step taken. The council will probably take action on it at the meeting this evening.

Poor Board's Secretary.

A. M. Neumiller, one of the present poor directors, will be a candidate for secretary of the poor district at the organization of the new board. There are several applicants for the position, and it is likely the successful one will be chosen from the lower end of the district.

WANTED HIM LYNCHED.

A Mob Tried to Take a Prisoner from the Monroe County Jail.

About 12 o'clock on Thursday night a mob of nearly two hundred men, many of whom were armed, made an attempt to take Richard Puryear, the accused murderer of Christian Ehlers, from the Monroe county jail at Stroudsburg and lynch him. The mob began to gather in the west end of the town about 11 o'clock. With planks and sledges they made an onslaught on the jail doors, where they were opposed by Policemen Weller and Shay, Burgess Edinger, Councilman Evans and others, who assisted the sheriff in defending the jail. Finally, after an hour's heroic effort, they succeeded in driving back the maddened mob.

Ex-Congressman Storm endeavored to quiet them, but his efforts were drowned by shouts of derision. After James Wilson, one of the leaders, had been secured and locked up by Burgess Edinger and Councilman Evans the mob at 1:30 were induced by the burgess to leave the jail.

The sheriff had a number of deputies armed in the jail and bloodshed was prevented only by the resistance shown by the defenders of the law.

As a result of the affray Judge Craig, of Mauch Chunk, who was holding a term of court there, called the sheriff, commissioners and district attorney before him next day and gave them instructions and told the district attorney to arrest all parties connected with the affair, and to bring the matter before the grand jury at the next term of court.

Consolidation Tonight.

The formal consolidation of Mountain Echo Commandery, No. 6, of Drifton, and Garfield Commandery, No. 8, of Freeland, Knights of Malta, will take place this evening. The members of the two lodges will meet at 7 o'clock in the P. O. S. of A. hall, and the institution of the new lodge, which will be known as Garfield Commandery, No. 6, will be performed by Grand Recorder Pierce, of Philadelphia, who will be assisted by several state and district officers.

After the business of the meeting is completed the members will go to the Cottage hotel and take part in the banquet arranged in honor of the grand officers. The new lodge is expected to start out with about seventy-five members.

Reckless Engineers.

Two mine locies collided at Honey Brook on Friday evening, fatally injuring Isaac Saltare and destroying both engines. The Lehigh and Wilkes-Barre Coal Company owned one and Contractor Crellin the other. Their tracks crossed each other at a point fifty yards above the main road, and both had on a full head of steam as they approached the crossing.

Engineers Dais and Flynn escaped by jumping, but Saltare was caught between the cars and crushed beneath the wreck. The engineers, it is said, were endeavoring to gain the crossing first when the accident occurred.

Drawn for Jury Duty.

The following jurors have been drawn from this session:

Quarter sessions court, April 23: Condy O. Boyle, A. Livingstone, Foster; Condy O'Donnell, John Miller, Neal McMonigle, Hazle; J. S. Oberender, Thomas Betterly, Butler.

Criminal court, April 23: James Brennan, Freeland; Samuel Miller, Edward Murrin, Foster; Hugh McKenna, William Steel, Stewart Macfarlane, John Koch, Hazle; Nelson Cawley, H. D. Drum, Butler.

Railroad Tracks Sink.

The tracks of the Lehigh Valley Railroad between this place and Highland caved in on Thursday afternoon for about 100 feet. The track sank from four to six feet, and all trains had to run over the branch by way of Drifton. The caving was caused by the robbing of pillars in No. 1 mine, Highland. This portion was known to be dangerous for many months and the railroad company had watchmen on each side of the dangerous part of the road.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Death of John Wadlinger.

John Wadlinger, at one time a resident of this place, died at Mahanoy City on Wednesday morning of paralysis. He was suffering lately from an attack of the disease, and on Tuesday night last another attack was received. He sank rapidly, dying at 4 o'clock Wednesday morning. The deceased was widely known throughout the Schuylkill region.

He leaves a family of ten children, Henry, of Mahanoy City; Mary, wife of Chas. Moerschbacher, of Freeland; John, Joseph, Charles, Edward and Louis, of Philadelphia; Bertha, wife of Albert DePiero, of Freeland; Clara, wife of Walter Stockton, of Philadelphia, and Lucy, Mrs. George Art, of St. Louis, Mo.

The funeral took place on Friday morning, interment being made at Minersville, where Mr. Wadlinger resided several years ago.

Dr. G. B. Payson Dead.

Dr. George B. Payson, who had an office in the Birkbeck brick for more than a year past, died at the residence of his brother, W. B. Payson, in Wilkes-Barre, on Wednesday night. For several months he had been suffering from consumption, and after the death of his wife, which occurred here last May, he went to Colorado to regain his health. His trip was not successful and he returned about a week ago to Wilkes-Barre.

Dr. Payson was about 30 years of age, and during his stay here made many warm friends. The funeral took place from Wilkes-Barre on Saturday, and the remains were taken to Newark Valley, N. Y., for interment.

Ashley Workmen Dissatisfied.

The recent order issued by the Central Railroad of New Jersey, which took effect on Thursday, changing the mode of employment in the machinery department of the Ashley shops from day labor to piece work, is not favorably received by the men.

They claim it will make a difference in their wages of 70 cents per day. Workmen from Jersey City have been engaged to take their places in the event of a strike, but it is not likely the Ashley men will leave their positions.

Died from Exposure.

The jury empaneled to inquire into the death of James Givens, who was found dead near Eckley last Wednesday, rendered a verdict that death was due to exposure from lying in the woods. His family, consists of a wife and six children, were found to be in destitute circumstances, and Poor Director Monroe called upon them on Saturday to make arrangements for their relief. The funeral of the dead man took place on Saturday, interment being made at St. Ann's cemetery.

From the Standard.

Oberender and D. J. McCarthy will represent the supervisors.
