

COXEY'S ARMY RESTS

Held at Uniontown on Account of the Storm.

UNIONTOWN, Pa., April 11.—Coxey's command army is still encamped in a grove just outside of this town and likely to remain there until the terrible mountain storm, which howled all night and this morning, subsides. When the furious storm swept down and the weather grew colder, with snow falling thick and fast, driving every body indoors, the camp fires of the command had to be forsaken for the more comfortable space inside a dining hall in a grove. Because of this contest, the worst experienced here in years, the army spent most of the day in camp, only a few venturing down town to loiter about the public places.

At the encampment the scenes were really interesting. The barbers, tailors and cobblers of the command were kept busy at their respective trades. Two meals, consisting of coffee and bread, were served, and at night the men got hot vegetable soup, meat, bread and coffee.

Except the storm, the only matter talked about in Camp McCook is the march over the mountains. In a special order Chief Marshall Browne made specific mention of the fact that any who feared the trip should drop out. The talk among the men is that this request will be literally complied with by many of them. Reports placed the number of probable deserters at one hundred.

Tramps constitute about two-fifths of the force, while the remainder are mainly roving workmen of different trades, many of whom carry with them their tools, professing with the intention of taking the first chance of employment offered. They state that they have joined the army in sympathy with its intentions, but are willing to desert at any time for good positions. The real cause of the grumbling is said to be not fear of hardships in traveling the mountains, but the concern about food.

All day the marshals of the army have been soliciting provisions about the march and Mr. Coxe claims to have purchased a supply of hard tack, bacon and coffee sufficient for four days' rations. Commissary Marshall Blum says they have half a ton of hard tack, 200 pounds of coffee and 1,000 pounds of bacon. A considerable amount of clothing has also been procured and will be distributed among them today. As the army has but two commissary wagons a portion of the supplies will be shipped by rail to a point beyond the mountains.

Many people here have contributed to the army's support out of pity for the men who look miserably in the face.

One of the cowboy members of the command army was arrested for fast riding, and Mr. Coxe paid his fine. Another of Coxe's brigade was sentenced to jail for 34 hours for drunkenness. One case of robbery was reported, and a member of Coxe's brigade was blamed, but the police authorities are inclined to believe that a gang of Pittsburg crooks, now in town, are responsible for the affair.

For the first time since he came east Brown was attired to-day in civilian garb, having discarded the cowboy attire.

GEN. KELLY'S CONTINGENT.

Stopped by Utah Officials and Suffering from Exposure.

OGDEN, Utah, April 11.—The industrial army, under command of Gen. Kelly and leader here from San Francisco and the leader was at once confronted with the order of the court that the Southern Pacific railroad should at once return the army over the Utah border. The railroad company refused to take the men down. Afterwards, it was decided to let the men go east, the army agreeing to furnish a crew for the train which would be provided by the railroad company. At late hour they had not succeeded in getting a train.

There is great suffering among the army from exposure. The men are wet and a dozen are in a precarious condition. There were over 1,000 in the army Monday night but a count to-day showed 250 less than when they arrived in this city.

Don't Intend to Tramp.

BOSTON, April 11.—Registration for the Boston division of Coxey's army continues and some fifty men were added to the list during the past twenty-four hours by M. D. Fitzgerald. Mr. Fitzgerald says that the army does not expect to tramp to Washington, but expects to induce some railroad company to furnish free transportation.

He was a member of the Holland society and for 30 years was a leading democratic politician.

Scores Miss Pollard.

WASHINGTON, April 11.—Col. Breckinridge's assailant the plaintiff in terms of unmitigated vituperation. He embellished his speech with numerous Kentucky anecdotes and did not name words or phrases in his intemperate denunciation of Miss Pollard's character. He said she was a money hunter and a money getter and is not after love and affection.

CAMDEN, Me., April 10.—The heaviest snow storm of the season prevails, with drifts four to six feet deep. The first stage has started out on runners, the first time late in the season for over 30 years. All trains from the west are held behind time.

MINNEAPOLIS, Minn., April 11.—Frank and Lewis Flow convicted of aiding and abetting Paul Scheiz in the looting of the Bank of Minneapolis, have been taken to Stillwater penitentiary. They were unable to obtain the \$15,000 bail, pending appeal to the supreme court.

LONDON, April 7.—The defeat of the government in the house of commons, when it was beaten by a vote of 385 to 227 on a private bill, has been the chief topic of discussion in political circles, and the prediction is freely made that the Rosebery government cannot exist much longer.

NEW YORK, April 9.—William Rooney, one of the election inspectors who was convicted several weeks ago, dropped dead of the pneumonia at the place of his father, whom he had not seen before since his confinement on Blackwell's Island. He had been ailing from rheumatism a few days previous, but death is supposed to have been caused by heart disease.

WASHINGTON, April 11.—In the senate the bill to amend some minor provisions of the bill for a final vote on the tariff making a day was referred to the committee on rules. The joint senator from Massachusetts (Mr. Lodge) occupied the floor from 2 till 4:30 o'clock with a speech against the bill.

Mr. Wolcott's resolution for negotiations with Mexico for the colonies at United States mints was agreed to. The senate consumed an hour and a half in executive session over the nomination of Geo. W. Wilson to be collector of internal revenue for the Florida district, against which the republican party has terminated fight. The speeches were made principally by Mr. Pasco, who champions the nominee, and Mr. Carl. At 6:10 a call of the senate disclosed the absence of a quorum and an adjournment was taken.

House of Representatives.

The postoffice appropriation bill was the principal subject of discussion in the house. The effort to prevent the post-office department from using the bureau engraving and printing for the manufacture of postage stamps was defeated. The item of the bill appropriating \$163,699 for special mail facilities between Springfield, Mass., and Atlanta and New Orleans, was discussed for some time on a motion by Mr. Kyle (dem., Miss.) to strike it out, but no conclusion was reached.

The motion to discharge the order of arrest of absentees made March 25 was held in abeyance until to-day in order to allow the speaker to examine the rule and precedents governing in the situation. By unanimous consent Mr. Bryan (dem., Neb.) was permitted to make a personal explanation of his reference while in Denver recently to the speech made by Mr. Reed (rep., Mo.) to the republican Massachusetts club some months ago, which called out a letter from Mr. Reed last week to a western correspondent in which he had sent Mr. Bryan's speech. He criticized Mr. Reed's statements and then Mr. Reed responded, reiterating what he said at Boston and elaborating it.

ADMIRAL BENHAM RETIRED.

The Gallant Commander's Days of Service Ended at Midnight.

WASHINGTON, April 11.—At midnight Rear-Admiral A. E. K. Benham became a retired officer and Commodore Francis Danman was promoted to the vacancy. Admiral Benham formally hoisted down his flag on leaving the San Francisco at Curacao several days ago and is now understood to be on a merchant steamer approaching New York, where he should arrive before the end of this week.

A movement is on foot to give him a hearty welcome on his return in recognition of his firm position in behalf of American interests at Rio, his course virtually having destroyed the blockade of that port.

Labor Troubles at Olneyville.

PROVIDENCE, R. I., April 11.—There is every indication that the strike begun by the weavers of the Riverdale mill in Olneyville last week will fall through completely within a few days. Already the operatives are weakening and applying for work, and while not half of the number have gone back, there have been sufficient defections to warrant the expectation of a general retreat. The strikers went out for the reason that the mill management had turned every other loom "about-face," so as to have them run in pairs, and one weaver was asked to operate two looms. The contention was that this meant the obtaining of two men's wages for the same amount of practical reduction of wages by 50 per cent, and, lastly, so many fines for imperfect weaving that not even the low wages made under the one loom plan could be depended upon.

National Mine Workers' Convention.

COLUMBUS, O., April 11.—At the opening of the national convention of United Mine Workers of America President McBride severely scored General Secretary Hayes of the Knights of Labor for dishonesty and untruthfulness in representing that the national district assembly had 25,000 members at the time of the amalgamation when in fact it had only 7,000. He said if Hayes was not removed by the executive committee of the Knights of Labor the national district assembly should withdraw from it. McBride's utterances upon the wage question fully bore out the report that a strike of national proportions is to follow this meeting.

Democratic House Campaign.

WASHINGTON, April 11.—The democratic house caucus last night accomplished two things that, it is believed, will help to bring about the passage of the national platform which provides for the repeal of the prohibitory tax on state bank issues. Second, to enable this plank to be executed that the Brawley bill should be introduced and an amendment permitted to be offered repealing the 10 per cent. tax on state banks and that the committee on rules be directed to provide for a full discussion upon this and other amendments.

NOW FOR SMOOTH WORK

Order of Business on the Tariff Agreed On.

WASHINGTON, April 11.—The conflict over the order of business on the tariff bill which began yesterday by an agreement on the part of the two leaders, Senators Harris, of Tennessee, and Aldrich, of Rhode Island, that the motion for an earlier daily meeting of the senate and the demand for the first reading of the bill should be withdrawn, that for the remainder of this week the bill shall be taken up on each day at 1 p. m., and the discussion continued until 5 p. m., and that between these hours no other business shall be transacted. To this arrangement unanimous consent was given.

Subsequently the resolution offered on the previous day by Mr. Allen (rep., N. Y.) for a final vote on the tariff bill (S. R. 7) was referred to the committee on rules. The joint senator from Massachusetts (Mr. Lodge) occupied the floor from 2 till 4:30 o'clock with a speech against the bill.

Mr. Wolcott's resolution for negotiations with Mexico for the colonies at United States mints was agreed to. The senate consumed an hour and a half in executive session over the nomination of Geo. W. LONDON, April 11.—Nearly all the morning papers, in commenting on the vote on Mr. Morley's motion in the house of commons, agree that, if the government did not have a narrow escape, it at least had a scare and a sinking up in the uncertainty which prevailed during the preceding three or four days.

NEW YORK, April 7.—The will of the late Mrs. C. Cecilia Coster, who died last Sunday at the hotel Saver, directs that her entire fortune of about \$100,000 be held in trust for the benefit of her children. If her instructions are carried out her memory will be perpetuated in the costliest tomb ever erected in this country.

SAN ANTONIO, Tex., April 9.—Congressman W. L. Wilson has returned here from his recent trip to the state of Cuba, where he has been for the past ten days. He is looking much better than when he left here; his color is good and he has gained several pounds in weight. He still has a troublesome cough but his physician states that that will soon leave him.

TRIO, N. Y., April 6.—The Robert Ross Memorial association has decided to erect a monument as a memorial to Robert Ross, slain at the polling place in the third district of the thirteenth ward at the election March 6. The style and location of the monument have not yet been decided upon. The majority of the members favored a monument rather than a memorial building.

NEW YORK, April 10.—Eva Mann, otherwise known as Evangeline L. Steele, who posed as the wife and widow of the late Robert Ray Hamilton, and whose suit for her share of the estate has twice been decided against her has brought an appeal for her dowry right against the executor of the estate. TRENTON, N. J., April 10.—In the house a resolution by Mr. Egan of Mercer that "This house looks upon the rumored nomination of Edward J. Anderson for governor of the state with very grave suspicion as an indication of a nefarious deal," and calling on the senate not to ratify such nomination or any other nomination for said office except in joint meeting, was laid on the table.

OTTAWA, Ont., April 5.—The Canadian government has ordered Lord Rossby, refusing to be made a party to the commercial treaty that Great Britain has recently negotiated with Serbia. It is held that in extending the most favored nation clause to Serbia Canada would be raising obstacles in the way of negotiating a reciprocity treaty with the United States, as has been experienced in the case of other countries with which Great Britain has commercial treaties.

LONDON, April 6.—The government has received a despatch from Admiral Sir John O. Hopkins, commanding the North American and West Indies fleet, stating that the excitement on the Mosquito coast has subsided. The admiral reports that the trouble was caused by the shooting of an American named William Wilson by a Nicaraguan official. The report is regarded by the admiralty as evidence that no interest of Great Britain is involved in the matter.

CHICAGO, April 6.—A society for the protection of the impure air of the city, Dr. Parkhurst society in New York, was organized in this city, with Rev. Dr. Wm. G. Clarke, pastor of the Campbell Park Presbyterian church, as president. Its object, as declared by the organizers, is to collect evidence and prosecute those in official positions who neglect the city's health, clean up the slums, banish gambling houses, optimize and gambling places. Election frauds will be looked into, and the society proposes to enforce the excise laws.

PATERSON, N. J., April 11.—United States Senator James Smith, jr., visited this city and effected a settlement of the strike of an hour employees of the Banner Flax Spinning company. The senator came here uninvited and called on William Barbour and a committee of the strikers, and after a short conference a settlement was announced. Senator Smith assured Mr. Barbour and the committee that the important of this company will be to receive the same protection as other textiles. The strike was then declared off, and President Barbour announced that the company would pay the old rate of wages.

WASHINGTON, April 6.—The discussion in executive session of the senate on the ratification of the proposed treaty proposed to be brief but spirited on the part of certain pacific coast senators, all of whom except Senator Wilke of California, are opposed to it. Before Mr. White left for home three weeks ago he was sent for by Secretary Gresham, and after an hour of discussion on the subject of the treaty, the secretary going over the text of this convention which had at that time not been sent to the senate. When Mr. White left the state department he was satisfied that the treaty was all right, but all his colleagues from the coast here expressed surprise at the fact that he had thus placed himself on record.

WASHINGTON, April 10.—The opponents of the tariff bill and particularly those opposed to the income tax feature of the measure are showering praise upon Senator Hill and even some of those who do not entirely concur in his views have congratulated him upon his efforts yesterday. The speech occupied a little over two hours and held the close attention for all that time, of one of the largest audiences that was ever packed within the walls of the senate chamber. It is not often that many senators remain in their seats during a long speech, but from the first sentence to the last Mr. Hill's words were heard by a vast throng on either side of the chamber, nor was there any apparent diminution of the interest manifested in the speech. While it was adverse generally to the tariff bill, as reported from the finance committee, it was particularly directed against the income tax feature of it, in regard to which Mr. Hill said that he did not want the great democratic party to be made the tail to the populist kite. He characterized the income tax as a scheme of spoliation and as a sectional tax.

NEW JERSEY ELECTIONS

Results at a Number of Cities and Towns.

TRENTON, N. J., April 11.—The republicans have carried the board of aldermen and all the city offices will fall into their hands.

The democrats carried only one ward, the fourth. The remarkable feature of the election was the lightness of the total vote and the heavy republican majorities.

Nearly all the unemployed in the city voted the republican ticket.

The next board of aldermen will stand fifteen republicans to eight democrats. John W. Barber, the republican candidate for alderman-at-large, is elected by a majority of 2,000, the heaviest majority ever given to a candidate for a local office.

Republican Victory at Jersey City.

JERSEY CITY, April 11.—After the most apathetic canvass that this city ever saw the republicans won a greater victory than they did two years ago when they elected Mayor Wanser. His majority was 3,500, while the complete returns for the different districts now give 4,759. The republicans elect five out of six aldermen. The democrats carried the second or "Cedar" district by only thirty votes, their usual majority being from a thousand to twelve hundred. The present board of aldermen stands seven republicans to six democrats; the new board will be nine republicans to four democrats.

Democratic Gain at Paterson.

PATERSON, N. J., April 11.—Two surprises in the election here were the victory of Ezra M. Sides, the citizen and democratic candidate in the fourth ward, a republican stronghold; and of Matthew Maguire, the candidate of the socialist labor party in the eighth ward, a democratic stronghold. The most honest of all the town will be a tie. The election was a democratic gain.

Republican Loss at Rahway.

RAHWAY, N. J., April 11.—The city election resulted in the election of a democratic water commissioner, a republican school commissioner and one republican and one democratic assessor. The democrats captured two councilmen, while the republicans elected two. This is a republican loss of one, in the fourth ward.

ALBANY DEMOCRATS DEFEATED

The Honest Elections Party Elects Its Mayor and a Majority of the Ticket.

ALBANY, April 11.—The municipal election here resulted in the complete overthrow of the old Cleveland democratic organization, Owen E. Wilson, a republican, the candidate of the honest elections party, a fusion of the new democratic organization and the republicans, being elected mayor, over James Rooney, by an estimated majority of 3,400 votes.

The elections party also elects a good majority of the board of aldermen and all supervisors. Both these boards have been democratic for years.

The contest passed off quietly except in the 7th ward, where there was more or less trouble all day, owing to the efforts to run in repeaters. Several arrests were made, and Hoark, of the old democratic organization, was also taken into custody for electioneering within 150 feet of the polling place in his district. In the second ward, which usually gives 40 democratic majority, Wilson received a majority of over 200. So in other wards was the democratic vote likewise reduced by hundreds.

Last fall the democratic majority for the state ticket in Albany was about 5,000, while James H. Manning, the present democratic mayor of Albany, was elected two years ago by a majority of nearly 6,000.

Republicans Sweep Lockport.

LOCKPORT, N. Y., April 11.—In the charter elections here the republicans won by sweeping majorities, electing James Atwater for mayor and five out of six aldermen. The city is normally republican by from 50 to 100.

New Castle, Del., Goes Democratic.

NEW CASTLE, Del., April 11.—There was little interest taken in the city election here and a tight vote was polled, the republicans making no fight. A straight democratic ticket was elected.

Town Elections in California.

SAN FRANCISCO, April 11.—The republicans carried a majority of the town elections in California Monday.

Sudden Death of M. G. Colt.

Kelly to have some repairs made to his property, when he suddenly reeled and fell dead.
