

FREELAND TRIBUNE.

VOL. VI. No. 105.

FREELAND, PA., THURSDAY, JUNE 21, 1894.

\$1.50 PER YEAR.

UPON MANY SUBJECTS.

BLOCKS OF NEWS THAT HAVE A LOCAL FLAVOR ABOUT THEM.

A Collection of Mine and Railroad Paragraphs—Some Correspondence from Highland—Base Ball Points and Church Chimes.

Regular correspondence from the surrounding towns and communications upon local or general subjects are solicited by the TRIBUNE. The name of the writer must accompany all letters or items sent to this office for publication.

MINES AND RAILROADS.

The demand for Lehigh coal was never greater than it is at present. The operators cannot ship it fast enough, and the Cross Creek Coal Company, by its foresight in equipping a road of its own, is the only firm in the region that can nearly fill its orders.

The new offices for the D. S. & S. officials will be erected this summer. The superintendent, train dispatcher and all clerical help will be stationed near Freeland.

Thomas Slattery, of town, has been appointed yardmaster at Roan, succeeding Charles Kline, who is now conducting on the run to Perth Amboy. Mr. Slattery is a well-booked railroad man and will fill his new position with credit.

Coal companies are keeping an eye on their culm banks to prevent them from catching fire. Since Eckley B. Cox proved the value of culm as fuel the banks are carefully watched.

D. S. & S. engine 24 has been changed to Lehigh Valley 661, and is now doing freight service between Del-no and Hazleton.

A wreck caused by a broken wheel occurred at the Lumber Yard on Tuesday and piled up several Lehigh Valley loaded coal cars. The train was drawn by engine 343.

Vacant houses in Freeland are in demand by the new crews which started to work on the D. S. & S. Boarding houses are overcrowded at present with men who are waiting to bring their families here.

It is reported that there has been a reduction of wages all along the northern division of the Valley, station agents and clerks being the sufferers.

Samuel M. Downs has been appointed train runner on the D. S. & S. He was formerly with the Central at Mauch Chunk.

The breaker at Lattimer No. 2 will be remodelled as a washery. The culm bank at that place will be run through the washery and converted into buckwheat and pea coal.

The new roundhouse to be erected by the D. S. & S. will hold forty locomotives.

Call-boys, whose duty it will be to notify the crews of the time their trains go out, will be put on by the D. S. & S. in a few weeks.

A rumor is current that the Lehigh Valley intends as soon as possible to make the Buffalo, Wilkes-Barre and Easton shops the three principal shops of the system.

Nine D. S. & S. trains left Roan for Perth Amboy during the first three days of this week. They averaged about fifty cars each.

One of the best equipped repair shops on the Valley road is at Weatherly, but through petty spite disabled engines are hauled past the town to Delano and there repaired, leaving Weatherly works idle. There is too much smallness about the Valley in some respects.

Nearly all the new men recently hired by the D. S. & S. are former Lehigh Valley employes who lost their work during the late strike. The majority of them have been put on the Amboy run, the old D. S. & S. men preferring to work on the "branch."

James M. Gallagher, of this place, was appointed a car inspector on the D. S. & S. at Roan on Tuesday, but on account of the demand for coal he was not allowed by Supt. Kudlick to resign his position in No. 2 slope, Drifton. His brother, Edward F. Gallagher, was then appointed and began work yesterday.

HIGHLAND DOTS.

A child of John McNamara had a foot injured on Monday by a wagon running upon it on the street. It was fortunate that the wagon was empty, for had it been otherwise the foot would have to be amputated.

Daniel McGinness, of Duryea, was in town visiting his relatives last week.

Barney Morris, who was hurt at No. 5 Jeddo, is still confined to his bed, but is recovering slowly.

The huckleberry pickers have begun to gather in this season's crop already, but the many brush fires which raged

this spring have made them very scarce in this vicinity and the amount to be gathered will be very small in comparison with that of last season. A small quantity is picked every day, but they are considered so valuable that none are offered for sale.

Michael Murrin has accepted a position as watchman and night engineer at No. 5 Jeddo.

Families moving in and out of town has been a familiar sight for nearly two months past, and so much of this has been done that many who reside here now are strangers to each other.

BASE BALL POINTS.

The game to be played here on the 24th inst. will undoubtedly be one of the most exciting of the season. Silver Brook will be the Tigers opponents, and both clubs can be relied upon to make things interesting, as they have been rivals for the past few seasons. The battery for the Tigers will be Welsh and Gaffney, and for Silver Brook the famous Ward Brothers. It will be a good game.

Jeanesville was defeated at Shenandoah yesterday, 8 to 7. There was a lot of "dirty" ball playing on both sides, and the players came nearly fighting several times. They play at Jeanesville on Saturday.

The Hazleton Athletics and Anthracites will play the second game of the series for the championship of the city at Jeanesville this afternoon.

The Star base ball club of town will hold a picnic at the Public park on the evening of July 3. The Stars intend to purchase uniforms and are holding the picnic for that purpose.

Hazleton defeated Reading in two games yesterday and is now in second place. Hazleton has a good many friends here who would like to see them first at the close of the season.

CHURCH CHIMES.

Services at Fern street P. M. church on Sunday will be held by Rev. S. Cooper as follows: Morning subject, "Gospel of Christ," evening subject, "The Power of Christ." After morning service the sacrament of the Lord's supper will be administered.

St. John's Reformed Sunday school has 387 members, and the congregation numbers 408. During the past twelve months \$1,864 was contributed for congregational and \$268 for benevolent purposes.

The cornerstone of the new Presbyterian church on Front street will be laid this afternoon at 3 o'clock with the usual ceremonies. Rev. J. Belleville, of Pottsville, will officiate.

Until further notice the time for masses on Sundays at St. Ann's Catholic church will be 7.30 and 10 a. m., one-half hour earlier than heretofore. Vespers will remain the same, at 7 p. m.

Rev. H. Evans, of Slatington, will preach at the Welsh Baptist church, Fern street, on Sunday next in Welsh at 2 p. m. and in English at 6 p. m. All are invited.

Ross F. Wicks delivered an interesting lecture of Tuesday evening at St. John's Reformed church. His subject was, "Getting On in the World."

The annual observance of Children's Day at Trinity M. E. church took place on Sunday under the direction of Rev. E. White. The services were appropriate and well attended.

Married Yesterday.

Yesterday morning at 10.30 o'clock Peter B. Carr, of Freeland, and Miss Mary A. Reilly, of Harleigh, were joined in matrimony by Rev. Fitzmaurice at St. Gabriel's church, Hazleton. Miss Nellie McLaughlin, of Freeland, was bridesmaid, and Patrick O'Donnell, of Drifton, groomsmen. After the ceremony the bridal party drove to Coynyngham and several other places of interest in the valley, returning in the evening to the home of the bride's parents at Harleigh, where a reception was held. This was a very brilliant affair, and the bride and groom received the congratulations and best wishes of a large number of guests, who assembled to do them honor.

Both bride and groom are well-known in Freeland and are held in high esteem by their numerous friends. They will take up their residence on Pine street.

PLEASURE CALENDAR.

June 23.—Picnic of the Fernots Athletic Association, at Drifton ball park.
June 26.—Second annual entertainment of St. Ann's parochial school, in basement of St. Ann's church. Admission, 25 cents.
June 30.—Picnic of the Shamrock Drum Corps, at Eckley grove.
July 3.—First annual picnic of the Star base ball club, at Freeland Public park.
July 4.—Twenty-first annual ball of St. Patrick's corner band, at Freeland opera house. Admission, 50 cents.

ON TRIAL FOR MURDER.

Joseph Broskoski Answering for Taking the Life of Joseph Sofranko.

Late on Tuesday afternoon the trial of Joseph Broskoski, of Sandy valley, charged with the murder of Joseph Sofranko, of Freeland, was commenced in court room No. 1, at Wilkes-Barre. The jury selected is as follows: Martin Doyle, reporter, Wilkes-Barre; A. J. Caffery, assessor, Hanover; Con McMonigal, engineer, Wilkes-Barre; D. H. Franty, merchant, Wilkes-Barre; James Kennedy, hotel, Newport; William Oldfield, justice, Nanticoke; Thomas A. Jones, boss, Nanticoke; D. D. Masters, farmer, Union; Peter Reilly, merchant, Wilkes-Barre; H. Moore, manufacturer, Wilkes-Barre; John Hance, merchant, Wilkes-Barre, and John Carey, miner, Plymouth.

John T. Lenahan and S. J. Strauss are representing Broskoski, and P. A. O'Boyle and John Shea the commonwealth.

The murder occurred at Main and Fern streets one morning last summer. Broskoski was then a milkman, and had sold a cow to Sofranko, who afterward was not satisfied with his bargain. When Broskoski refused to return the money he was attacked in his wagon by Sofranko, who threatened to kill him. Sofranko followed him through town, and on Fern street he attempted to get in the milkman's wagon.

Broskoski at the time had in his hand a small hatchet used for cutting ice for his milk, and with this he struck his assailant. Sofranko did not appear to be very much injured, but he died one week later and Broskoski was arrested.

The prosecution did make out a very strong case at yesterday's session. The defense opened yesterday afternoon and the case is still on this morning. It is claimed Sofranko's death was caused by a fall from a porch a few days before his death during a spree.

Land Destroyed by Culin.

It is estimated that \$50,000 will not cover the losses sustained by the farmers along the Mahanoy creek through the flooding of their lands with culm, as the result of the heavy floods that swept through the valleys during the heavy rain storms of several weeks ago, and it is said that suits to that amount will follow, and will shortly be entered in the Northumberland county courts against several operators along the creek, unless the claims are otherwise settled.

Commissioner Allen on Trial.

The latest sensation in Schuylkill county is the trial of Republican commissioner-elect Charles F. Allen, of Tamaqua, for ante-election promises, which is now going on at Pottsville. The charges pending against him are bribery and violation of the election laws. The case is being tried before Judge Mason Weidman and is the subject of much comment in political circles.

The first witness examined was ex-Poor Director George Heffner, who testified that Mr. Allen had promised him warden or under warden at the county prison or janitor at the courthouse previous to the election for his influence in securing votes to gain Allen's election.

To offset this the defense presented a letter which was written by Heffner previous to the election offering to give Allen \$60 for using his influence in securing him a county position. There are several more witnesses to be called.

Excursion Postponed.

The excursion of the Young Men's T. A. B. Society to Glen Onoko, which was booked to go next Saturday, has been postponed to a date later in the season. This decision was arrived at last night at a special meeting of the society. It appears that there is an extraordinary demand for coal just now, and the companies hereabouts would be badly handicapped on Saturday if they allowed many of their employes to go. A request was made by the Cross Creek Coal Company to the society to postpone the excursion, as that company would suffer most by so many of the workmen attending, and the request was granted as stated above. No other date has yet been selected.

An Important Pension Ruling.

The last administration's pension decision, that re-enlisted deserters from the Union army in the late war were entitled to pensions as if they never deserted, was set aside by a decision of Assistant Secretary of the Interior Reynolds last week. The latter holds that where a claimant for pension has deserted from his first service and enlisted in another and different organization, and where the war department refuses to recognize the charge of desertion or recognize the legality of the second service, the pension department can recognize no other ruling. This will involve the immediate cancellation of thousands of pensions already granted.

Unfair Discrimination.

The prison commissioners of Luzerne are advertising for bids for the erection of an addition to the county jail. Thus far we have failed to notice an advertisement in any of the lower end papers, but probably these guardians are under the impression the lower end contractors have no right to bid.

Hazle Teachers Appointed.

The Hazle township school board met on Monday evening at Hazleton, and below are the teachers appointed with their salaries for the coming term:

Stockton, No. 7.—Ellie Dougherty, \$40; Chas. Kennedy, \$75; Joseph Boyle, \$60; Fanny East, \$50; Hannah Kennedy, \$50; Ellen Duffy, \$50.

Hazleton, No. 3.—Mary A. McGuire, \$50; Susan Gallagher, \$40; Ed. Byrnes, \$70.

Drifton.—Peter Fallon, \$75; Maggie Lockman, \$50; Mary A. Sweeney, \$45; Anna McLaughlin, \$40.

Peter McKernan was elected instructor of music for the schools at \$60 per month.

The appointment of teachers at Humboldt, Mt. Pleasant and one at Cranberry was postponed until tomorrow evening. It was decided to build a new one-room building at No. 3 Hazleton, and comply with the law in regard to outhouses. The school term was fixed at nine months and conditions being favorable will be extended. The tax rate was fixed at 13 mills for building and 13 mills for school purposes.

The first witness examined was ex-Poor Director George Heffner, who testified that Mr. Allen had promised him warden or under warden at the county prison or janitor at the courthouse previous to the election for his influence in securing votes to gain Allen's election.

To offset this the defense presented a letter which was written by Heffner previous to the election offering to give Allen \$60 for using his influence in securing him a county position. There are several more witnesses to be called.

State Councillor Kerr, of the Junior American Mechanics, states the report of the order being interested in the formation of a new political party is untrue. The name of the organization has been used by the promoters of the "Progressive American Party" without authority.

Caught a Big Fish.

Yesterday Al. Goepfert, who keeps the Washington House on Walnut street, went fishing with a party of friends to the Lehigh river near White Haven, and, while he came nearly being drowned, he nevertheless made the greatest catch of the season. He had not been fishing long when a monster fish took the bait, and in endeavoring to haul it out the fish pulled Al. in. By catching a stump and clinging to the rod at the edge of the river he managed to keep his head above the water until one of the party came to his assistance, and by a united effort they succeeded in landing the monster. It was an eel nearly five feet in length and weighed several pounds. He has it on exhibition at his place of business.
