FROM CORRESPONDENTS.

LETTERS THAT MAY CONTAIN BITS OF NEWS FOR EACH READER.

News of Every Description from the Towns of Drifton and Jeddo—Every Happening of Interest Will Be Found Noted by Our Reporters.

Regular correspondence from the surrounding towns and communications upon local or general subjects are solicited by the TRIBUNE. The name of the writer must accompany all letters or items sent to this office for publication.

DRIFTON ITEMS.

On Thursday two traveling sharpers, who were on their way from Hazleton to Freeland, induced two of our young men to play at the shell game. The four sat down on the locie bridge in the rear of the slaughter house and in less than half an hour the Drifton sports were minus \$6.50 apiece. They then concluded to stop playing, as their curiosity was thoroughly satisfied.

A report reached town last week that Evan Reese, a well-known resident of this place who moved to Nanticoke some time ago, had met with a fatal accident in the mines at that place. We are pleased to say that the report seems to be untrue, as his relatives in this section have heard nothing of it.

John McNelis, of Mt. Carmel, called on friends in town last week.

Edward Roberts, of Mahanoy City, a former resident, spent the latter part of last week in town with relatives.

Work on the electric road is progressing rapidly now, and if it is continued there is a possibility of cars reaching Freeland by next Saturday. This will be a comfort to many who have business in Freeland after working hours.

George Welch, of Freeland, the obliging D. S. & S. operator here, was unable to work on account of sickness the latter part of last week.

Patrick O'Donnell, of Newark, N. J., was visiting his parents at Scotch Hill on the Fourth.

Miss Bid O'Donnell, of Philadelphia, was among the visitors here on the Fourth.

Mrs. C. H. Lee, of Philadelphia, is visiting relatives in town.

Patrick O'Donnell, of this place, has been mentioned as a possible candidate for clerk of the courts on the Democratic ticket.

Frank Salmon, of this place, is preparing to erect a dwelling house on East Main street, Freeland.

James Harkins is recovering from the effects of several wounds he received about ten days ago by a premature blast.

The collieries here commenced working three days a week again, and no one appears to know when full time will be resumed. In the shops and other departments steady work continues and it is believed the dullness in the coal trade will be of short duration.

Miss Kate Shearon, of Wilkes-Barre, is visiting friends here this week.

Joseph Gallagher, who was spending a week with his brother Timothy at New York city, returned home last week.

There was a large crowd at the ball park yesterday to see the game between the Fearnots and the Nonpareils of Silver Brook. The visitors were not in it with our boys, the score being 21 5 in favor of the Fearnots. In the seventh inning Patrickweeney was struck on the nose by a thrown ball, which caused him to retire from the game.

This was a lively town on the morning of the Fourth. The St. Patrick's and Mayberry bands and DePierro's orchestra tendered their annual serenades, and the hundreds of little children from the different Sunday schools called upon the Coxie ladies. All were treated well. It was quiet in the afternoon, but in the evening fireworks of every kind were set off.

One of our former residents is spoken of as follows in a recent issue of the Hazleton Standard: "James O'Donnell, mine foreman for the Silver Brook Coal Company at No. 1, was on Tuesday promoted to the position of general inside foreman in all that company's works at both No. 1 and No. 2 collieries. The Silver Brook Coal Company appreciate Mr. O'Donnell's value, for he is among the most proficient in the region."

JEDDO NEWS.

The houses of Japan and Oakdale are being supplied with new roofs and will be weather-boarded and painted. Fences are to be built at the company's expense. While they are at it they should supply Japan with a few hydrants and keep water in them. The present supply is inadequate, the people being compelled

to carry water a half-mile up hill every time there is the least scarcity.

Unknown parties entered the Valley station here on Friday night by prying open the shutters. Two trunks were taken away by the thieves and were found next day some distance from the depot, with their contents removed. Certain parties are suspected, but the proof is not yet strong enough to cause any arrests.

John H. Corrigan, of East Mauch Chunk, visited friends at Japan on Friday.

Charles Poe buried a young child last week.

Miss Cassie Furey left today to visit friends at Philadelphia. Miss Rose Duffy, of Harleigh, accompanied her.

No. 5 worked only about half time last week, owing to a scarcity of water.

B. C. Gallagher, of Freeland, is now employed on the machine gang at this place.

Miss Ella Mulligan is visiting her many friends in town.

Miss Euphemia Monroe, of Hazleton, has been appointed teacher of the grammar school in the borough.

The clay work at No. 4 stripping has been suspended for the past few days on account of the scarcity of water.

Patrick McNelis, of Oakdale, went to the Soldiers' Home at Hampton Va., last week.

Dr. Richards enjoyed a fishing excursion to Albrightsville, Monroe county, last week.

Henry Cull, who had his eye injured at No. 5 slope by being struck with a piece of coal, went to Wills' Eye hospital, Philadelphia, for treatment. Word reached here on Friday from that institution that he has lost the sight of it.

There was a game of ball here Sunday morning with a club from Hazleton. After the fourth inning the visitors quit, the score standing 10 to 0 in favor of the home team. The club would like to arrange a game with the Fearnots of Drifton. They are confident of their ability to make it interesting for them.

Under Tons of Coal.

An accident occurred in No. 4 slope at Nanticoke on Saturday. A gang of men was timbering, and hundreds of tons of coal and rock came down, burying all. George Vancoessen was found by other miners lying on his back, badly bruised. After Vancoessen had been extricated Anthony Yuzurick, a Pole, was rescued alive.

The other three men of the gang were taken out with much difficulty. Evan Adams was buried under ten tons of rock and coal and was dead when found. George Haney and Joseph Washliez were removed in an unconscious condition. Their bodies were mangled badly, and both men died that evening.

Death of Sheriff Walters' Wife.

The wife of Sheriff William Walters died on Wednesday at her residence in Wilkes-Barre, after enduring a severe attack of typhoid fever. Mrs. Walters was nearly 44 years of age. She is survived by her husband and five children. Her maiden name was Sarah A. Balliet, and she was born and lived in Sugarloaf township and married Mr. Walters in 1869. They lived in Conyngham until Mr. Walters' election, when they removed to the county seat. The remains were interred on Friday at Conyngham cemetery.

Delegates Elected.

The following delegates have been elected by the Freeland societies to attend the quarterly temperance convention to be held at South Bethlehem on July 22.

St. Ann's Pioneer Corps—John B. Hanlon, Anthony T. McNelis, A. M. McNulty, John Krings, Frank Gallagher.

Young Men's Society—John J. McNelis, John J. McMenamin, Alex. Malhearn, P. H. Hanlon, James Boyle.

Church to Be Enlarged.

An addition is to be built to St. Mary's Greek Catholic church on Fern street. The addition is to be on the front and will be 36x24 feet, with a gallery. Two steeples, each 80 feet high, will be added. A single roof will cover the entire building instead of the kind now on it. A. K. Burger is the contractor.

Deeds Recorded.

Eckley B. Coxie to Joseph Birkbeck, property in Woodside addition to Freeland, for \$200.

Notice.

All persons who held chances upon the plush rocker at the late fair of Freeland Company, No. 29, Knights of the Mystic Chain, are requested to be at the Cottage hall on Saturday evening at 7 p. m. All members of the company are also requested to be present.

PLEASURE CALENDAR.

August 18.—Picnic of the Fearnots Athletic Association, at Drifton ball park.

TIGERS WIN AGAIN.

Harrisburg Stars Fall to Solve McGill's Curves and Are Defeated.

The Harrisburg Stars, a strong amateur team from the city of that name, were the opponents of the Tigers yesterday, and up to the fifth inning the spectators saw a close game. In that inning the home team put on its batting clothes for a change, and with a few costly errors on the part of the Stars, they took a lead that discouraged the visitors. The Tigers found but little difficulty in batting Grass and made thirteen hits for a total of sixteen bases. The Stars were unable to do anything with McGill, who held them down to three singles, a double and a triple. The home club played a good game in the field and at the bat, and the running fly catches of Gillespie were given much applause. The attendance was the largest of the season.

Following is the official score:

TIGERS.	H. O. A. E.	STARS.	H. O. A. E.

BASE BALL POINTS.

Hazleton's strong amateur club, assisted by one of the state league's batteries, will cross bats with the Tigers on July 15. No two clubs in the county play a more exciting game than these, and as the electric cars will be running to the park gate by that time Hazleton will be well represented and their admirers will, as usual, add to the interest of the game.

Master Leroy Davenport, the six-year-old son of Manager Davenport, of Harrisburg Stars, gave a fine exhibition of bicycle riding before the game yesterday. He performed many difficult feats with his little wheel.

A Philadelphia club has consented to fill the vacancy in the State league.

The Tigers have six games won and one lost.

The Freeland Stars defeated a picked nine at the park yesterday morning, 9 to 1.

Shenandoah defeated Altoona State league club, 11 to 6, yesterday.

The imported players of the Jeanesville club have been released, and a re-organization will take place tomorrow. Local men will fill the vacancies.

The grand stand at the park is nearly completed, and will be finished before the next game. It is a solid structure and is built of first-class material.

A bad wreck occurred on the Lehigh Valley Railroad, near White Haven, in which one man was killed. A wheel under the tender of a locomotive drawing a heavy train broke, throwing the three tracks and derailing and smashing eight freight cars. A man, who was stealing a ride on the train, was killed. He lived only long enough to say his name was Shultz and that his home was in Philadelphia. His body was taken to White Haven and his relatives in Philadelphia notified.

Hurt at the Grand Stand.

While at work upon the new grand stand at the ball park on Thursday afternoon, William Gallagher, a young man of Birvanton, had his hip dislocated. He was assisting to erect one of the side frames, and was under it to brace it and keep it from falling, when the frame suddenly fell and caught him across the right hip, causing a dislocation. He was removed to his parents' residence on the Hill, and will be laid up for several weeks.

Wishes It Prosperity.

From the Wilkes-Barre Newsleader. "We are seven" is the proud reply of the editor of the FREELAND TRIBUNE in answer to the question, "How old is your paper?" The seventh birthday rolled by Thursday and we tender our heartfelt felicitations. The TRIBUNE is a successful paper because it commands and deserves success. It is always bright and interesting and the personality of its genial editor is seen in every department. Success and long prosperity to it.

A Priest Suspended.

From the Hazleton Plain Speaker.

Rev. Victor Marytak, pastor of the Greek Catholic church, Hazleton, has been suspended by Bishop O'Hara, of Scranton. It appears that when St. Mary's Greek Catholic church at Beech and Cedar streets was built, about sixty of the congregation became dissatisfied with the pastor, Rev. Nicholas Stezovics, and withdrew. They later decided to erect a new church building, which they accordingly did, but without the sanction of the bishop of the diocese.

Rev. Victor Marytak became pastor of the new congregation. He was twice notified by Bishop O'Hara that Rev. Stezovics was the recognized pastor of the Greek Catholics in this city and that no other body would be sanctioned. Rev. Marytak paid no attention to the remonstrances of his superior and was accordingly notified of his suspension from the duties of a priest. Should he persist in disobeying the orders of the bishop, we are informed that he will be excommunicated.

Fought an Angry Bull.

The members of a Sunday school picnic party near Ashley had a narrow escape from an angry bull on Friday. During the afternoon the pastor left the party in charge of Frank Breyer. Shortly afterward Breyer heard a noise and was horrified to see a bull with head lowered, dart from the shrubbery and make for the party at a terrific pace. Breyer told the women and children to get into a field as rapidly as possible, and picking up a pole he waited the maddened animal's approach.

As the bull was about to strike, Breyer stepped aside and simultaneously brought the pole down upon the animal's head with all his might. The beast turned for another attack, Breyer employing the same tactics, and with another blow staggering the brute. Seeing that the rest of the party were safe in the field, Breyer ran for the fence, and leaped over just as the brute dashed his head with force against the rails.

Fired His Last Salute.

While in the act of firing his last salute in honor of the Fourth at 2 o'clock Thursday morning, David Owens, of Brownstown, near Pittston, received such terrible injuries that he died soon afterward. He was firing a dynamite cartridge. After lighting the cartridge it apparently went out. Owens picked it up and it exploded in his hands.

The effect was horrible. The man's right hand, in which the cartridge had been held, was shattered and nothing but a few shreds of mangled flesh remained. His face and eyes received a portion of the force of the explosion and his eyesight was destroyed. He died shortly afterward.

Killed in a Railroad Wreck.

At an early hour Friday morning a bad wreck occurred on the Lehigh Valley Railroad, near White Haven, in which one man was killed. A wheel under the tender of a locomotive drawing a heavy train broke, throwing the three tracks and derailing and smashing eight freight cars. A man, who was stealing a ride on the train, was killed. He lived only long enough to say his name was Shultz and that his home was in Philadelphia. His body was taken to White Haven and his relatives in Philadelphia notified.
