Building and Improvement Notes That Are Suggestive of Freeland's Future Prosperity, Railroad and Mining Items, Church Gossip and Correspondence.

Carpenters last week began tearing away the front part of the Washington hotel on Walnut street, which is owned by Al Goepfert. The detached portion of the building has been sold to George Bechtloff, and it is now being moved by John M. Cunniss to a lot owned by W. D. Cowan, on Ridge street, where it will be located temporarily. Mr. Bechtloff has also purchased the Fennekase property, adjoining Mr. Cowan's lot, and will have that building torn down. A cellar and a good foundation will be placed there, then the house bought from Mr. Goepfert will be moved upon it. To take the place of the part of his building which was sold, Mr. Goepfert has had plans drawn for a handsome three-story front, 36 feet wide and 26 feet deep, which will be attached to the present building. On the first floor of the new addition will be the hotel barroom, 16x19½ feet, on the west side, and a parlor, 12x21, on the side next to the Tigers club room. Between the two will be a six-foot hallway. The second and third floors of the old and new parts will be divided into bedrooms, which will have steam heat and electric light, and accommodations will be made for twenty-four guests. Mr. Goepfert proposes to enter the hotel business on a larger scale than heretofore, and the improvements contemplated will make the Washington a first-class hotel. Patrick Mehan has commenced work on the foundation of the addition and the contract for building has been awarded to James Griffiths.

The work of repainting the inside of St. Mary's Greek Catholic church has been finished by A. A. Bachman. The congregation has spared no expense in maintaining its reputation of having the most beautiful interior of any church in the region. The outside will also be touched up this spring.

Thomas Birkbeck proposes to transform the private school building owned by him on Birkbeck street into a dwelling house, and a similar change will be made of the large stable near his private residence.

W. E. Oberrender intends to erect a handsome residence on the southeast corner of Front and Ridge streets. The building now there will be completely remodeled.

St. John's Reformed church has had its interior brightened up by the painters, and it now looks more cheerful and brighter than ever.

Mrs. S. E. Hayes will have two blocks of houses erected on Centre street, above Chestnut, this summer.

MINES AND RAILROADS.

D. S. & S. railroads are all busy learning about air. The Westinghouse instruction car, which is stationed at Drifton, contains all the necessary appliances to assist them in becoming proficient in its use. The instructors have been surprised by the thorough knowledge of the subject which several of the men have shown. The employees, as a general rule, are credited with remarkable brightness in mastering this intricate part of their business.

Complaint has been made by passengers who travel on the Pennsylvania Railroad of the annoyance caused by the coarse whistle on the company's engines. The company has now determined to do away with the nuisance by adopting on all its locomotives the smooth chime whistle.

The Delaware and Hudson has withdrawn all free pass cards and issued a book of coupons instead. The same company has sent forth an order that all passenger employes must keep their faces clean while on duty.

The Lattimer stripping, which shut down last fall on account of hard weather, has started up again. Nearly 300 laborers are given employment.

The new Lehigh Valley engines, recently received from the Baldwin works, have been christened "Mother Hubbards" by the trainmen.

The Jersey Central has made arrangements to test a brake shoe and holder invented by Manasses Rute, of East Mauch Chunk.

William Tanning has been appointed paymaster for the engineers' brotherhood, succeeding John H. Rice.

The miners' hospital branch of the Lehigh Valley at Hazleton is closing in.

CHURCH CHIMES.

Rev. J. J. Kuntz will preach this evening at Trinity Lutheran church, West Hazleton. "The Chief Priests and Pharisees Take Counsel to Put Jesus to Death" will be his subject. On Thursday evening Rev. Kuntz will preach at Andenried on "Christ Before Pilate."

Rev. J. Trumbauer, of Philadelphia, presiding elder of the Holiness Christian Association, is making his quarterly visit to the churches under his jurisdiction.

tion. He arrived here on Friday and called upon the congregation at Sandy Run that evening. Communion was given to the members here yesterday, and special services will be held tonight and tomorrow night at 7.30 o'clock. Rev. Trumbauer will remain until Wednesday.

The special sermon to be preached to the members of the Jr. O. U. A. M. at the English Baptist church has been postponed until April 21.

Rev. J. T. Griffiths delivered his lecture upon "St. Patrick" before a large audience at Shenandoah on Wednesday evening.

On Thursday, Friday and Saturday mornings services at St. Ann's Catholic church will be held at 8 o'clock.

Rev. H. A. I. Benner will conduct the services at Weatherly Reformed church on Thursday evening.

DRIFTON ITEMS.

Camp 259, P. O. S. of A., will celebrate its fifteenth anniversary with an entertainment at Odd Fellows' hall tomorrow evening. J. H. Trevasik will deliver the address of welcome. Revs. Buxton, Benner and White will take part, also several others from town and Freeland. The camp is in a healthy condition, financially and numerically.

Mine Foreman P. M. Boyle was here on a brief visit last week. Mr. Boyle has almost entirely recovered from the effects of a severe injury to his right leg, sustained while at work fighting the fire in Hazle Mines colliery a few weeks ago.

Frank Boisine will remove to Laurytown next week, where he will go into the farming business.

Roger Dever, a machinist in the shops, resumed work today after being ill for about five weeks.

Michael Murrin is now employed as a rockman at the stripping here.

A. J. Widdick is suffering from a severe attack of pneumonia.

Married Nearly a Year.

James J. Gillespie, of Washington street, one of Freeland's most widely known young men, surprised his friends last week with the announcement that he was married for nearly a year and would soon go housekeeping. The fortunate young lady is Miss May Cohen, of Chicago, who for the past few years has resided at Allentown. They were married last June at the home of Miss Cohen's parents in the former city. Mr. Gillespie, who has achieved a national reputation as general manager of the collecting and detective agency which bears his name, will locate this week in Allentown, the young couple having furnished a dwelling on North Fifth street. He goes from Freeland with the congratulations and best regards of all his friends and acquaintances, and will undoubtedly prosper as well in his new field as in the one he is leaving.

Odd Fellows' Degree Taken.

A large delegation of Mauch Chunk Lodge, No. 76, I. O. O. F., accompanied the degree team of their lodge to this place on Saturday evening. They were met at the Lehigh Valley station by Mt. Horeb Lodge, No. 257, and the Jr. O. U. A. M. drum corps. The visitors were escorted to the Freeland lodge's hall, where the degree work of the order was performed in a masterly manner by the Mauch Chunk team, of which Prof. J. J. Bevan, principal of Mauch Chunk schools, is captain. The evening was then spent pleasantly by all, the local Odd Fellows doing everything to make the visit of their brethren one they will remember. Steps will be taken to organize a degree team in Mt. Horeb Lodge.

Presidents Meet Again.

The conference of presidents of the anthracite coal companies held on Friday resulted in the appointment of an arbitration committee of five to settle existing differences. The committee consists of Messrs. Oliphant, of the Delaware and Hudson; Harris, of the Reading; Wilbur, of the Lehigh Valley; Maxwell, of the Jersey Central, and Thomas, of the Erie. It is understood that the great obstacle to a settlement was the question as to which interests will make concessions in favor of the Lehigh Valley. This company wants an increase in its allotment. The Reading is said to have placed itself on record as refusing to sacrifice any of its tonnage for that purpose.

Delegates Elected.

The Young Men's T. A. B. Society yesterday elected Alex. Mulhearn and John J. McMenamin as delegates to the diocesan convention to be held at Carbondale on May 21. The following were elected delegates to the quarterly convention at Hazleton on May 5: Patrick H. Haulon, George B. Haines, Joseph P. Carey, Patrick Green and William Tally.

St. Ann's Piener Corps elected the following quarterly convention delegates: George McLaughlin, Jas. Quinn, Thomas Pendergast, Thomas McLaughlin and Patrick Collins.

Refowich has the best \$1.50 and \$2 boys' suits in town.

Refowich offers great bargains in clothing.

THE TROLLEY WRECK.

Deputy Coroner's Jury Investigating the Cause of the Accident.

The jury appointed by Deputy Coroner Gorman to investigate the cause of the accident by which four persons lost their lives on the Lehigh Traction Company's line on March 30 began on Thursday at Hazleton. Motorman Al Seitz was called first. He testified to the breaking of the brake chain and the breaking of the cogs when the reverse current was applied. After calling to the conductor to apply the rear brake he entered the car himself and tried to reach the rear brake, but was unable to get near it, owing to the passengers crowding ahead of him. Howard Evans, a young lad whose mother was killed, was called, but he could not recall any of the events, having been hurt. Edward Fichter with his wife and two children were on the car. He swore to seeing the rear brake applied. Watkin Williams, whose wife was killed, saw the conductor apply the rear brake, but it seemed to have no effect.

David Bachman, another passenger, had his experience written out. He stated that the seats on both sides of the car were occupied, mostly by women and children, but four men being among them. He heard the motorman shout for the rear brake. On looking back he observed pieces of the broken cog wheels flying from beneath the car. The greatest excitement then prevailed. A lady rushed by him and jumped from the car. Upon turning he saw her body bound about ten feet in the air. He remained on the car until it stopped, and assisted to extinguish the fire which followed and to remove the injured persons.

Adjournment was taken at this point, and the investigation continued until Saturday.

Knights of Malta Programme.

Preparations for the annual state convocation of the Knights of Malta are nearly completed. The following programme has been arranged for the days the delegates will be here: On May 7 the first session will open at 10 a. m., the past commander's degree will be conferred at 1.30 p. m. and at 4 p. m. the parade takes place. At 7.30 p. m. a reception will be tendered the grand officers at the opera house. On May 8 sessions will open at 9 a. m. and 2 p. m. In the evening the grand officers will go via the trolley road to Hazleton, where another reception will be tendered them by the two commanderies of that city. On May 9 three sessions will be held here, at which the revised constitution will be acted upon. The four principal railroads of the state have issued ticket orders at reduced rates, and a large attendance is assured. The committee on reception appointed by Garfield Commandery, of town, consists of James W. Bell, chairman; Joseph Sensenbach, R. Dunlap, Jacob Wolf, R. Ludwig and James Williamson, secretary. D. F. Shelhamer will act as chief marshal of the parade.

Body of John O'Donnell Found.

The mystery surrounding the disappearance of John O'Donnell, of Ebervale, who was missing since last Tuesday, was cleared up on Saturday, when his dead body was found in the swamp near Harleigh. On Tuesday night he boarded the wrong car for his home and got off near Harleigh switch to await the arrival of the Ebervale car. In going back he became confused and wandered into the woods. There were no marks of violence on his person and the presumption is that he died from exhaustion. There were fully 300 people out dragging the mineholes and scouring the mountains for him. His two brothers came across the body.

Bank Officers Elected.

At the annual meeting of the stockholders of the Citizens' bank last week the following were chosen to direct the affairs of the institution for the coming year:

President—Joseph Birkbeck.
Vice president—H. C. Koons.
Secretary—Charles Dusheck.
Cashier—B. R. Davis.
Bookkeeper—A. W. Brittain.
Attorney—Chas. Orion Stroh.
Directors—Joseph Birkbeck, H. C. Koons, A. Rudewick, Charles Dusheck, John Burton, Michael Zemany, Thomas Birkbeck, William Johnson, William Williamson.

Quarterly Convention.

The date of the quarterly convention of the Catholic temperance societies of the fourth district has been changed from April 28 to May 5. The change was made to accommodate Rev. Zureher, of Buffalo, N. Y., who is to lecture in this region and wishes to attend the convention. The lecture dates will remain the same as previously announced, viz., Freeland, April 29; Andenried, April 30; Beaver Meadow, May 1; Harleigh, May 2. The convention will be held at Hazleton.

Notice to Consumers of Water.

After April 1, 1895, all water to be used by contractors, masons, bricklayers or plasterers in the erection or repairing of houses, must be paid for in advance. A permit for the same will be given to the owner or contractor by applying to the secretary. All overplus of money paid (if any) will be returned when the work is completed and measured. By order of Freeland Water Co.

Bled a Man to Death.

A singular case and at the same time a most serious one is that in which the county prefers the charge of malpractice against Dr. John Grigger, of Plymouth, who was arrested on Friday. Dr. Grigger was called in on Sunday last to attend a Hungarian named John Cush, of Plymouth, who was suffering from an attack of cholera morbus. In his treatment he bled the patient and used leeches, but the man continued to grow weaker and in a few hours died. Dr. Whitney was then called in and it is upon the information furnished by the latter that the arrest was made. Dr. Whitney appeared before County Detective Eckert and gave the information.

Dr. Grigger was arrested and taken before Squire Lynch, of Plymouth, charged with malpractice. The testimony showed that at the time of Cush's death there were twenty leeches upon him and that they caused his death by excessive bleeding. The county detective interposed no objection to Grigger giving bail for a further hearing and bail in the sum of \$1,500 was fixed for his appearance.

Grigger is not a registered physician and was a miner a few years ago. He has a large practice among the foreign-speaking people of his locality.

Missionary Society Convention.

The eighth annual convention of the Woman's Missionary Society of Wyoming classic met at Hazleton on Thursday, the president, Mrs. S. J. Hertz, of Orangeville, conducting the opening exercises. The following societies were represented: Bloomsburg, Danville, Freeland, Turbotville, Paradise, Milton, Watsonstown, Orangeville, Weatherly, Wilkes-Barre and Hazleton. Miss Ida M. Oswald, of Freeland, responded to the address of welcome. The society pledged itself to raise \$200 as its synodical pledge, which amount has been more than realized. This pledge includes the support of Miss Hallowell, a teacher in the girls' school, Sendal, Japan; Hungarian and home missions. One of the features of the convention was the address of Rev. W. E. Hoy, who came from Japan a few weeks ago.

Presented with a Pair of Shoes.

The Tigers Athletic Club has presented to John J. McGarvey a very fine pair of base ball shoes, which Mac will wear in covering third base for Shenandoah State league team this year. The presentation was made in recognition of his services to advance the club socially and professionally, and the members extended with it their heartiest compliments for his success on the professional diamond. The shoes are the very best quality manufactured by A. G. Spalding & Bros., and are worth \$7.50 net. No man in the National league will have a better footing than Mr. McGarvey this year. He expects to report for duty at Shenandoah about the 20th inst.

Lots of Venison in 1900.

The bill to prohibit the killing of deer in this state for five years after October 1 next, under a penalty of \$200, has passed the legislature and will most likely become a law. Hugh Malloy, president of the Freeland Game Club, was interested in the passage of the bill, and has done some figuring on the good it will do. Out at Mt. Yeager there are three deer which have so far escaped the hunters, and Mr. Malloy claims that if the law is faithfully carried out until October 1, 1900, the time specified in the bill, these three will have increased to 5,200.

May Get a License Revoked.

The Parsons borough school board is making an effort to have the license of Michael Golden, of Parsons, revoked, and Attorney McAniff has been employed for that purpose. The school directors claim that Golden was granted a license for a saloon on Conyngham street, and instead has now moved his saloon to Woodward street, near the school, and for that reason the board wants the license taken from him.

Foster's Marshaled Indebtedness.

The marshaled indebtedness of Foster township, which was computed by Attorney Halsey and then approved by the court, is \$5,491.15. This includes the damages awarded to Mrs. Margaret Finnegan for injuries received on the township road. The suit, including attorneys' fees, etc., cost the township about \$2,500. A heavy special tax will probably be levied this summer to pay the indebtedness.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarh. Hall's catarh cure is the only positive cure now known to the medical fraternity. Catarh being a constitutional disease requires a constitutional treatment. Hall's catarh cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
