## HIGHLAND NOTES.

One night last week while some of our residents were wending their way homeward from Freeland they fell into the sewer ditch on Carbon street. The place must have been very pleasant, for they made a night of it there. We suggest that they carry lanterns next time.

A new set of improved jigs has been placed in No. 2 breaker. The company intends hereafter to hoist and clean 300 cords of coal every working day.

## School Board Meeting.

The borough school board met in regular session last evening, all the members being present. The teachers of the borough were present, to have their salaries for last month's teaching paid, and were informed by President McCarthy that, notwithstanding there is a cash balance in the treasury of over \$900, there was no money to pay salaries. The president explained his stand in the matter by claiming that the sum in the treasury was derived from taxes levied for building purposes, and that it would be unlawful to pay it out for any other purpose than that specified. It was agreed to negotiate a loan of \$250 to pay the teachers.

While this matter was before the board, H. L. Edmunds, principal of the schools, took exception to a statement made by the president that the teachers had been paid for a full month in institute month and \$10 additional for attending the institute. The principal said the statement was a lie, and that the time lost by the teachers at institute had been taught after the regular term. Mr. Edmunds later wished to address the board again, but was refused permission by the president, who stated that hereafter none but members of the board would be allowed to address the meeting, unless unanimous consent to do so was obtained.

President McCarthy again gave notice that unless the directors and ex-directors who took \$10 for attending county institute and \$5 for a business trip to Wilkesbarre, would refund the amounts mentioned, proceedings would be entered against them to recover the money.

The board was given an option on a plot of ground at Ridge and Luzerne streets by A. B. Cox, of Driftton, for a site for a new school building. A committee, consisting of Messrs. Rute, Ferry and Timony, was appointed to wait upon the Young Men's Pioneer Corps, which also has an option on the corner lots of the same locality, to see if an exchange could be effected.

The board decided to erect a two-story four-room frame building on the ground, and will meet on Saturday evening next to consider the details of the work.

Architect Rudrauff, of Ashley, was present, in furtherance of his bill of \$250 for work done on the plans of the proposed new school building of last year. Mr. Rudrauff was not given any definite answer as to the purposes of the board in the matter, and will likely institute legal proceedings to recover the amount claimed.

The secretary read a letter from Superintendent Coughlin, of Wilkesbarre, declining to act as one of the examiners on the 22d inst. A letter of acceptance from Superintendent Mulhall, of Hazleton, in regard to the same matter was also read. Another communication of some sort was deemed so lengthy as to encroach upon the directors' time, and was laid over for future reading.

The meeting adjourned before the regular order of business was gone through with.

## Robbed and Murdered.

John Reese, of Wilkesbarre, who owns a farm near Bear Lake, was found dead on the turnpike near his farm on Tuesday. Reese left home on Monday to drive to his farm. He was alone in his buggy. The keeper of the farm was awakened by the neighing of a horse and recognized his employer's animal. Fearing an accident had happened, the keeper walked back along the road and found the body of Reese. His head was crushed in as if it had been clubbed. He had evidently been dragged from his buggy and murdered in the road. There were signs of a struggle and it seemed by the footmarks as if two men had engaged in the work. Detectives have found no trace of the murderers.

## Judge Rice Sworn In.

Judge Rice made his farewell appearance on the bench of Luzerne county on Monday, and after preliminary business court was adjourned for four weeks. After leaving the bench Judge Rice was sworn in to his new office of president judge of the superior court by Judge Woodward. He had previously mailed his resignation of his old post to the secretary of the commonwealth, and also sent his acceptance and oath of office of his new position. He was tendered a banquet by the Bar Association last night.

Borough Solicitor Carr spoke of the amount of money council could borrow without the consent of the people as being 2 per cent of the assessed valuation. The matter was laid over so as to allow the street committee to consult with Mr. Carr at some future time, when the question of completing the whole sewerage system of the borough will be taken up for discussion.

A motion was made and carried that everything on record previous to this meeting in regard to the appointment of a janitor be rescinded. This was followed by a motion that the Burgess perform the janitor's duties hereafter, and the salary to be paid was placed at \$125 per annum.

S. B. Vanhorn requested that he be given an outlet for his sewer on Chestnut street. Councilman McLaughlin stated that Borough Surveyor Boyle was taking measurements along Mr. Vanhorn's property and told him the applicant could drain on Centre street.

The case of Manager Welsh, of the opera house, against the borough for overcharges on opera house licenses, was placed in the hands of Messrs. Brislin, Winter and Neuburger, who are to meet with the solicitor and settle it.

Timothy Boyle, from the Citizens' Hose Company, asked that they be allowed to have several lengths of defective hose repaired. They were instructed to do so at the expense of the council.

An appropriation of \$100 was granted to the board of health.

The Burgess was authorized to enforce the provisions of the ordinance in relation to dogs running at large. All canines within the borough are to be muzzled for sixty days.

Property owners whose properties front on streets where grade has already been given by the borough surveyor, and who have not put down sidewalks, are given sixty days notice to have their sidewalks and gutters laid, and notices to that effect are to be sent to all, with the ordinance governing the same printed on the back.

## The Fire at Hazle Mines.

The men engaged fighting the fire in the Hazle Mines colliery, Hazleton, claim to have gained a big advantage over the flames by completing an opening leading direct to an old breast and is easy of access. They believe they are masters of the situation and will have the flames extinguished in a short time.

The Lehigh Valley Company is so sure of being successful that it is enlarging the entire plant, refitting the breaker with new and improved machinery. They purpose to strip the veins east and west of the slope. People living in the houses at Hazle Mines have been notified to vacate them and the work of tearing these buildings down is now in progress. That portion known as Hazle Mines will be entirely stripped.

## ON THE DIAMOND.

Rothermel and Davis, shortstop and first baseman of Hazleton's State league team, disappeared on Monday night. It is presumed they went to New Orleans. Both men have been blacklisted in all leagues playing under the national agreement.

A deal has been consummated between Wilkesbarre and St. Louis by which the former club has purchased the release of Bonner. Five hundred dollars was paid. Bonner's home is at Wilkesbarre and he was anxious to play there.

McFadden covered first base for Hazleton yesterday. He had two hits and twelve put outs, a very good start for a player to make on a professional club.

Arrangements are being made to have Reading State league club play here on Sunday, but it not certain yet that the team can be secured.

McGarvey played short for Hazleton in the absence of Rothermel Tuesday. There are rumors that the State league will not last much longer.

## Slight Fire Last Night.

The quickest run ever made by the Freeland firemen was performed last night. At 10:25 o'clock the alarm was sounded, and in less than four minutes the four-wheel carriage was at Luzerne and Centre streets and the two-wheel cart had passed South street. The fire was in the property of W. J. Eckert, occupied by George Thomas, and is next door to the place of the last fire in town. It was caused by a lamp being set too close to lace curtains on the window, and was extinguished before any great damage resulted. The firemen were applauded all along the line for their record-breaking run.

## Young Boy Shot Himself.

William Shovlin, aged 12 years, a son of Daniel Shovlin, of Washington street, shot himself with a revolver yesterday. He procured the weapon, also a cartridge, and pushed the latter into the revolver. It was too large to fit, and he then attempted to take it out. The barrel was pointed towards his body and he pulled at the cartridge with a knife. It exploded and the ball entered his right lung. Dr. Gerecke attended him. He was very low last night and was not expected to live, but his condition today is much improved.
