Burglars Pay Another Visit.

Early this morning burglars entered the wheelwright works of M. Halpin and secured several tools, which they used in placing their trade later on. The first place visited was the office of the Freeland Mercantile Company, Limited. They pried open the door in a bungling manner. Inside was a large safe owned by the company. The knob on the combination was broken off with a sledge and the pin forced back a sufficient distance to insert the powder. The front part of the safe was destroyed by the explosion. There was nothing in the safe but account books, and they were not molested.

From there they went to the Cottage hotel, pried open the Main street door and entered the barroom. The money drawer was torn out. Mr. Fry, however, had taken out all the cash after closing up last night. Nothing else was disturbed there.

Married Yesterday Afternoon.

Raymond E. Myers and Miss Mary Evans were married yesterday afternoon. The ceremony was performed at the residence of the bride's mother, on Front street, by Rev. J. W. Bischoff, of Upper Lehigh. After the ceremony they left for Atlantic City, where they will spend a week or two. They will go to housekeeping on Front street upon their return.

Both of the contracting parties are highly respected young people of town, and their friends wish them many years of happiness. Mr. Myers is at present superintendent of the Electric Light Company, and under his able management the electric lighting system here has been raised to the highest standard.

Legion of Honor Excursion.

The members of Union Council, No. 300, A. L. of H., intend to have a day's outing next Wednesday at the popular resort, Harvey's Lake, or Shawanese Lake, as it is now called. The scenery at the lake is the finest to be had at any of the resorts in this part of Pennsylvania. Besides there are four large steamers, two first-class hotels, a commodious dancing pavilion and all other necessary conveniences to make the day a pleasant one.

The excursion will leave here at 7.26 a. m. in cars attached to the regular Wilkesbarre train.

Grier Is Still at It.

POLITICAL PICKUPS.

That the chances of the lower end to secure a place on the Democratic ticket might not be endangered, Jos. P. McDonald has withdrawn from the contest for recorder, thereby leaving the field clear for James J. Malloy. Had both names gone before the convention, it is probable that neither would be nominated, and Mr. McDonald's voluntary withdrawal in the interest of Mr. Malloy and this section is worthy of commendation.

The ridiculous quarrel into which Governor Hastings has involved the Republicans of the state is furnishing Democrats much amusement. Each side is telling all the shortcomings and misdoings of the other and the Democrats are not doing a thing but urging them on and laying away what information they can get for future use.

The names of Republicans who have been mentioned as delegates to the district and county conventions are a surprise to some of those who were looking forward to a trip to the county seat. H. C. Koons, A. Oswald, J. C. Berner, Peter Magagna and Thomas Birkbeck have been mentioned.

John M. Garman, Esq., will be the Democratic candidate for congress next year. John Leisenring will be nominated by the Republicans. This is what the politicians say.

Jim Malloy, of Freeland, will be a Democratic candidate for recorder in the convention to be held next week, and the nomination ought to go to him without question. He is the only Democrat asking for recognition from the lower end of the county, and no good ticket can be chosen without that section is represented. Mr. Malloy is a bright, capable man, in every way qualified to fill the place, and his nomination would be acceptable to every one. -Newsdealer.

ON THE DIAMOND.

Manager Sharsig endeavors to excuse his failure to bring Hazleton club here by saying the Tigers manager cancelled a date with that club some time ago. There is not a word of truth in the statement. For more than a month Sharsig has been coaxing by the Tigers for a game, and he finally told them his team was not in condition to play them. He said the risk was too great to have Hazleton beaten, but he might give them a game the latter part of the season.

The Sentinel goes quite a distance out of the way to throw mud at Freeland's team when it says the guarantee for Sunday last was not paid to Allentown. The money was forwarded to Mr. Milligan promptly on Monday. He was the only one authorized to receive it, and the Tigers have his receipt for the full amount.

In Monday's issue a paragraph stated that the Tigers have nine games won and eight lost. It should have read nine won and four lost.

At White Haven yesterday the Clerks, of town, won a game. The score was 27 to 16 in favor of Freeland.

On Tuesday Hazleton was defeated by Atlantic City, 6 to 4, and Pottsville by Cape May, 9 to 3.

SPECIAL CORRESPONDENCE.

Freeland, July 15, 1895. EDITOR TRIBUNE.-My attention has been called to an article in your issue of today, which fact, well, I am sure, cause you to pardon me for intruding upon you at this time, particularly so, as I am going away tomorrow, to be absent five or six weeks. The article I refer to is printed over the signature of John Yannes.

I very much regret that it should have been necessary for me to go any farther in this matter. Instead, I had made up my mind to keep silent, but as my accuser brands me as a liar, and thus, if it were possible, attempts to mislead the community at large in regard to my veracity, I must, in justice to myself and to society, give a plain, and, as I assure you, a truthful statement of the affair.

Mr. Yannes did tell me that a committee of Irishmen, some of whom came a distance of eighty miles, waited upon him and warned him not to allow me to speak there in the Freeland opera house. He said that they told him that if I did speak there would be a riot, and that bloodshed would ensue, and he did say to Anthony and Stanislaus Rudewick: "You would be the first to be shot down." He said nothing about property being destroyed, and, indeed, Mr. Yannes seems to forget that, besides myself, three other men were present, who stood by and heard every word that he said.

This is the plain truth, and this I will stand by, and leave the community at large to judge who has been misrepresented.

As I sail for the old country tomorrow, I feel that I cannot leave here with such an imputation against my truthfulness unanswered. But if I am wanted to answer in any way for this statement, I can return, and I challenge Mr. Yannes or any one else, to prove anything different from what is stated above.

Hoping you will publish the above, I remain, respectfully,

Rev. Dr. Paul Kaminski.

Gallagher, Lebanon; state vice president, Miss Miranda James, Shenandoah; assistant vice president, George M. Smith, Easton; state conductor, Miss Smith; recording secretary, Mr. Harris. The next convention will be held at Shenandoah.

Will Be Mine Inspectors.

The committee of the mine foremen's examining board has finished reading the papers of the candidates recently examined at Wilkesbarre for mine inspectors of the third, fourth and fifth anthracite districts. The result is that the three highest are found to be: Jas. E. Roderick, Hazleton; G. M. Williams, Wilkesbarre, and Hugh McDonald, Pittston. This result will cause the appointment by the governor of G. M. Williams to the fourth district, and Hugh McDonald to the third. J. E. Roderick has displaced Mine Inspector J. M. Lewis in this, the fifth, district.

NEW SCHOOL BUILDING.

A MODERN STRUCTURE FOR THE LOWER PART OF TOWN.

John M. Cunniff Secures the Contract from the Borough School Board for the Erection of a Four-Room Building at Ridge and Luzerne Streets.

The contract to build the new school was awarded by the directors of the borough board on Tuesday evening. John M. Cunniff, whose bid was \$2,510, was the lowest, and he was given the work. The bids of the other contractors were as follows: Campbell Bros., \$2,600; L. H. Lentz, \$2,750; J. E. Griffith, \$2,780; Freeland Lumber Company, \$3,300; G. Gearhardt, \$3,850.

The building, which will be located on the east side of Ridge street, above Luzerne, will have a frontage of 48 feet and a depth of 36 feet. It will be two stories high, with a hip roof.

On each floor there will be two rooms, 20x36 feet each; with a ceiling 12 feet high. There will also be an eight-foot hallway and a five-foot stairway. The contract calls for the completion of the structure by September 1.

The building will be heated by heaters in the basement. Secretary Ferry was instructed to advertise for proposals for the heating, furnishing and painting of the school. He was also ordered to write to Superintendent Harrison and ask his advice in the matter of establishing a high school.

President McCarthy was authorized to negotiate a loan to the amount of 2 per cent of the assessed valuation of the borough. This sum the board can borrow without asking the consent of the voters. A committee was appointed to request the council to extend the sewer pipes on Luzerne street to the alley between Ridge and Centre, so that the school sewer can be connected.

When the new building is completed the borough will have nine rooms, and this, it is thought, will be sufficient for present purposes.
