

FREELAND TRIBUNE.

VOL. VIII. NO. 34.

FREELAND, PA., THURSDAY, OCTOBER 24, 1895.

\$1.50 PER YEAR.

BRIEF ITEMS OF NEWS.

PARAGRAPHS GATHERED FROM ALL PARTS OF THE REGION.

Synopsis of Local and Miscellaneous Occurrences That Can Be Read Quickly. What the Folks of This and Other Towns are Doing.

Bricklayers began work this morning at the new opera house building.

Many towns in the region are still troubled with a scarcity of water.

Rev. S. Cooper, of St. Paul's church, attended a meeting of Primitive Methodist ministers at Nanticoke this week.

Mrs. Hugh H. Dever, wife of the well-known sewing machine agent of Hazleton, died on Tuesday at the age of 31 years.

A beautiful granite monument is being placed in position over the grave of the late Thomas Campbell, in St. Ann's cemetery.

A. Oswald, accompanied by his daughter, Miss Ida, is in Philadelphia this week, replenishing his stock of fall and winter goods.

A large barn in Conyngham, owned by D. A. Thomas, of Hazleton, was burned to the ground yesterday morning. The loss is quite heavy.

Ladies, don't forget to see the dress goods at A. Oswald's.

Hugh Jennings, the ball player, is at his home in Moosic, Lackawanna county. He will resume his studies in Scranton business college next week.

Mazie Lewis and company will present "The Black Flag" at the opera house this evening. They will play here on Friday and Saturday evenings also.

Lewis H. Lenz will build a large double dwelling for Patrick McFadden, of Eckley, on the east side of Washington street. The building will be 28x40 feet.

Rev. J. H. Schmidt and J. J. Kuntz, of town, are at Wilkesbarre this week attending the semi-annual conference of the Lutheran Evangelical Ministerium.

It is reported that L. S. Smith, a practical railroad man from the New York and New England Railroad, will be the superintendent of the D. S. & S. after November 1.

In its notes of the teachers' institute, the Wilkesbarre *Newdealer* had the following to say yesterday: "Miss Gillespie, of Freeland, a new teacher, is one of the youngest and prettiest."

The nineteenth century is nearing its end, and still the business man who amassed a fortune without advertising is not in sight. He is one of the impossibilities of modern civilization.

Miners should wear the "Wear Well" working shoe. It is the best.

George Bells, an Italian laborer, fell under a D. S. & S. train at Stockton yesterday morning. He was stepping off the train when the accident happened. Both legs were cut off. He is still alive, but is very low.

John J. Welsh, treasurer of the borough school board, received a check on Tuesday for \$1,719.33 from the state treasurer as Freeland's share of the amount appropriated by the last legislature for school purposes.

The state superintendent of schools has appointed Robert Shiel, of Pittston, C. P. Bierly, of Hazleton, and D. M. Hobbes, of Ashley, to examine teachers for permanent certificates. Their term of office, under the new law, will be three years.

All the officers of the Electric Light Company are in town today. An important meeting of the directors will be held this evening. A request has been made to extend the line to Upper Lehigh, and this will be considered at tonight's meeting.

The best is the cheapest in the end. Go to the Wear Well Shoe House. Their shoes all wear well.

The members of the Stars Athletic Association desire to acknowledge their thanks to those who attended their ball on Monday evening and to those who assisted them by purchasing tickets. The ball was a very pleasant one and well conducted. The march was led by Thomas Quigley and Miss Mame Boyle. Drifton Water Company has laid seven-inch mains through that town. Several fire plugs have been placed in position, and a handsome new hose carriage and 800 feet of hose arrived there this week. The company intends to give the residents every possible protection against fire. There is a strong force of water there.

UPPER LEHIGH NOTES.

The Terriers have deserted their summer headquarters at the "Rocks," and for the winter will keep close to their own firesides.

David Price, who has been seriously ill, is recovering and will soon be about again.

James Brogan has a smile and a welcome for everybody this week. A young son is the cause. Mother and child are getting along nicely.

The Young Terriers opened their club-room last week, and are prepared to stand the cold weather for another season. They have a very comfortable place and the club is well taken care of.

A Pleasant Affair Last Night.

One of the most pleasant affairs that has taken place in town for some time occurred at the Central hotel last evening. Joseph Birkbeck, of Wilkesbarre, tendered a banquet to the officers of the Freeland Water Company and the Citizens' bank, both of which he has been the president since their organization. The dining room presented an elegant appearance at 9 o'clock, the hour at which the invited guests sat down to partake of Mr. Birkbeck's hospitality. Those present were: Mr. and Mrs. Joseph Birkbeck, Mr. and Mrs. Thomas Birkbeck, Mr. and Mrs. John Wagner, Mr. and Mrs. A. Rudawick, Mr. and Mrs. John Burton, Mr. and Mrs. Henry Fisher, Mr. and Mrs. H. C. Koons, Mr. and Mrs. William Williamson, Dr. and Mrs. F. Schlicher, Mr. and Mrs. C. O. Stroh, Mr. and Mrs. B. R. Davis, John Melly, John M. Carr, Esq., and Charles Dusheck.

On behalf of the guests Attorney Stroh presented Mr. Birkbeck with an elegant easy chair. This was done, said Mr. Stroh, in his brief address, to show that the work of Mr. Birkbeck in behalf of the two institutions there represented was recognized by the officers, and also as a remembrance that the people of this community recognized and appreciated the interest he had taken in the town of his boyhood. They wished him an easy life during his remaining years, and with this end in view presented him with the gift mentioned.

Mr. Birkbeck responded in his usual good style, and heartily thanked his friends for the friendship and good wishes they had shown. Brief remarks were made by others present, and at 11 o'clock the gathering adjourned.

Two Marriages Yesterday.

At noon yesterday Miss Ann Quigley, of this place, and Robert Mellon, of Bethlehem, were married by Rev. E. A. O'Reilly at St. Ann's church. The bride was attended by Miss Mame McGuire, of Brooklyn, N. Y., and the groom by his brother, James, of Bethlehem. There were many friends present at the ceremony. During the afternoon a drive around the surrounding country was enjoyed, and in the evening a reception was held at the residence of the bride's parents, Mr. and Mrs. John B. Quigley, where the young couple received the congratulations of their relatives and friends. Many valuable presents were received. Mr. Mellon is employed by Contractor Gearhart, of Allentown, and has been working here for the past year. For the present they will reside with the bride's parents.

On Tuesday evening the members of St. Ann's choir presented Miss Quigley with a silver butter dish and a set of silver knives and forks.

At 2 o'clock the same day another marriage took place at the same church, when Rev. E. A. O'Reilly joined Thomas McNelis, of Harwood, and Mrs. Ellen Boyle, of Drifton. James, a brother of the groom, was the best man, and Miss Sallie Gallagher, of Drifton, was bridesmaid. Later in the day a reception was held at the residence of the bride's sister, Mrs. Peter McGill, of Jeddo. They will visit Buffalo and other cities, after which they will begin housekeeping at Harwood.

Henry C. Groessell Dead.

Henry C. Groessell, a resident of these parts for many years and a well-known G. A. R. member, died of heart disease at Hazleton hospital yesterday morning. About a month ago he went to the hospital for treatment, and it was supposed by his friends that he was improving. Mr. Groessell served three years in the late war as a member of Colonel Good's regiment, the 147th Pennsylvania Volunteer Infantry, and did good service for his adopted country. He was a native of Germany. For several years he was employed by Markle & Co. as coal shipper at No. 1 colliery, Highland. Later he removed to Freeland, and for some years past made his residence with Adam Sachs, and the remains were taken there yesterday afternoon. The funeral will be held at 2 o'clock tomorrow afternoon. Mr. Groessell served three years in the late war as a member of Colonel Good's regiment, the 147th Pennsylvania Volunteer Infantry, and did good service for his adopted country. He was a native of Germany. For several years he was employed by Markle & Co. as coal shipper at No. 1 colliery, Highland. Later he removed to Freeland, and for some years past made his residence with Adam Sachs, and the remains were taken there yesterday afternoon. The funeral will be held at 2 o'clock tomorrow afternoon.

Rudrauff's \$250 Bill Again.

School Directors B. F. Rute, D. F. Shelhamer, John J. Welsh and James B. Ferry, ex-directors Adam Sachs and Charles Kulp, and Chas. Orion Stroh, Esq., were subpoenaed this week to attend and give testimony in the arbitration case of Freeland school board vs. Peter Rudrauff, of Ashley, an architect, who claims \$250 for the plans and designs of the famous school building which was to be erected by the board last February. The case will be tried in the courthouse at 10 a. m. today by the arbitrators, P. A. Meisel, H. H. Hibbs and J. Anderson.

After the hearing the present members of the board will attend the county directors' convention, if they have any time to spare.

If you own a horse buy a good warm blanket for it. Geo. Wise has hundreds for sale at his Freeland and Jeddo stores. Prices will be found right.

Try the Wear Well Shoe House. Their goods cost no more and give better satisfaction than any other store in Freeland.

COAL GOES HIGHER.

Price to Tidewater Points Advanced Today by the Corporations.

Another advance in the price of anthracite coal will be made today by the corporations which control the trade. This change will apply only to tide-water points, but in all probability another advance will be made to the Philadelphia and line trade on November 1. While the time has not been fully agreed upon it is likely that the days mentioned will be the ones on which the new prices will go into effect. There is hardly any doubt but that the city coal dealers are getting anxious in regard to their stock of coal, and besides, as the price is going up, they are doing all they can to secure a large amount before another advance is made.

During the summer months, when coal was selling at a low figure, there was considerable coal laid in by the dealers, but during the last few weeks the demand has been so great that the stock has been used up, and they are importing the coal companies to deliver coal to them as speedily as possible. Besides this there is a shortage in domestic prepared sizes, and the coal companies cannot begin to fill their orders for stove and egg.

The companies have been short of these two sizes for some time, and notwithstanding that the Reading has increased its tonnage there is not enough of these sizes on hand to meet all the requirements. At New York there has been a big demand for egg and stove for a number of weeks, but owing to the scarcity the demand could not be accommodated.

The new circular which is set to go into effect today is as follows: Broken, \$3.75; egg, \$3.90; stove, \$4.15; chestnut, \$3.90. These prices apply to New York tidewater points only. On November 1 the price of coal to the city and line trade will be as follows: Broken, \$2.25; egg, \$2.65; stove, \$2.85; and chestnut, \$2.50. These prices are for coal at the mines, to which the freight must be added, which is \$1.75 on coal from the Schuylkill and \$1.75 from the Lehigh regions.

Notwithstanding the enormous advance in price to city consumers by the corporations the miners have not yet been notified, except in one instance, that they will share in the increase. When coal began to fall in price the mine employees were reduced in wages with the first cut in rates. That they are unjustly dealt with by their employers is shown in the latter's tardiness to increase the wages to the rate paid when coal was high before.

Birthday Anniversaries.

Yesterday was the forty-fifth anniversary of Dr. E. W. Rutter's birth, and the event was not allowed to pass unnoticed by the friends of the doctor. Instead, they assembled in a body and took possession of the Rutter residence on Chestnut street, much to the surprise of the owner. Until a late hour the merry party enjoyed the evening and the hospitality of Councilman Rutter and wife. In honor of the event the doctor was presented with a very comfortable plush rocker. Cyrus Kellenburger made the presentation on behalf of the donors, and the same was appropriately responded to by Mr. Rutter.

At the same hour a similar event was transpiring in another part of town. The day was the thirty-fifth birthday of Frank DePierro, and his relatives decided to make it one of the happiest of his life. About 9 o'clock upwards of fifty relatives had assembled in the large dining room of DePierro Bros. cafe. DePierro's orchestra was present and opened the exercises of the evening with an overture, which was just ending when Frank was called from his position on the first floor. The sight that met his eyes was certainly a surprise, and when informed that the splendid banquet before them was in his honor he could scarcely thank his friends for their thoughtfulness. However, he was more than astonished when Genero Bonomo stepped forward and in a neat short speech presented him with a little box, the "Compliments of Your Relatives," containing a pretty and valuable diamond pin, handsomely set in solid gold. The gift was so unexpected that for some time Mr. DePierro could not respond. He finally succeeded in thanking them, and made it pleasant for all until the gathering dispersed at 12 o'clock.

Coal Production of the State.

According to the reports from the mining regions on the mining of coal in 1894, which will soon be issued by the internal affairs department, the total anthracite and bituminous production was 85,306,389 tons, a decrease from 1893 of 5,295,072. There were produced 45,506,179 tons of anthracite, or 1,673,384 tons less than in 1883, and 39,800,210 tons of bituminous coal, a decrease of 3,621,179 tons.

There was an increase over 1893 of 7,051 employees and 226,872 men were employed in and about the mines. The strike and general depression in business caused the decrease of production in the bituminous region and hard times were felt in that region in a greater degree than in the anthracite region.

A Plymouth Mine Is Burning.

The fire which has been burning in the Delaware and Hudson Company's No. 5 mine at Plymouth since Monday morning, grows more serious, and the officials appear to be getting very uneasy about it. Early yesterday morning the firemen were doing good work and they felt sure of having the fire in the coal extinguished by last evening. But about 2 o'clock one of the pumps, which furnished the greater force of water, broke down. This left only one supply, that received from the borough plugs. The fire burned fiercely all the forenoon and was making a steady gain.

In the afternoon the machine corps was put to work connecting other pumps. This was finished in a few hours and the firemen were once more in possession of a good supply of water, four streams being played on the burning coal all day. The fire is burning in the direction of the plane and the pillars are threatened. All the preps have been burned out and the roof is falling continually. The firemen cannot get near enough to do telling work.

In conversation with some of the miners, who are familiar with the mine, they gave as their opinion that the mine will have to be flooded in order to extinguish the fire. They further say that unless this is promptly done there may be a terrible squeeze, which will throw the mine idle for some time. The officials are reticent, but it was learned last evening that there is immediate danger of a squeeze and the firemen are on the alert.

If the fire is not out this afternoon the probability is that the mine will be flooded.

A Stabbing Affray.

From the Wilkesbarre *Newdealer*. A serious stabbing affray occurred Monday night, near Smithville, Wm. Mooney, aged 24 years, and James Tighe, aged 23 years, accompanied by Michael Healey, had been drinking heavily all day and were on their way home to Pittston when the fight took place. Mooney said Tighe owed him 45 cents. This Tighe denied, and Healey said it was he, not Tighe, who owed the money. Mooney became enraged and pulled out a knife and began slashing right and left, the first cut taking effect in Tighe's left side. Tighe tried to get away, but Mooney followed him so closely he could not.

Healey ran away, but he returned on hearing Tighe's cries, though did not offer any assistance. Tighe sank exhausted before his assailant desisted. Mooney then threw the knife into the bushes and disappeared. Healey afterwards found the knife. Edward Keating, while coming from work, discovered Tighe and gave the alarm.

Mart Tighe, a brother of the wounded man, had his brother removed to his home. Yesterday he was taken to the hospital where he is resting quietly. Martin Tighe had a warrant sworn out for Mooney and Healey and they were arrested.

William Slocum Dead.

William Slocum, one of the best-known residents of the upper part of this county, dropped dead on Saturday. His death was due to apoplexy. He was 66 years of age and was very wealthy. He was a member of one of the oldest and best-known families of the Wyoming valley. His forefathers were Friends and came here in 1776 from Rhode Island and Connecticut. His grandfather, William Slocum, after whom he was named, was second sheriff of Luzerne, at the time the county included, besides its present territory, part of Bradford and all of Susquehanna, Wyoming and Lackawanna.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

Gave Good Satisfaction.

From the Lansford Leader, October 19. A very clever line of performances are those being given by the Mazie Lewis Company here this week. The opening bill was "The Black Flag," and the performance as a whole was thoroughly enjoyable and met with well merited applause from a large audience. No better proof could be given that "The Black Flag" scored a hit, than the substantial size of Tuesday evening's assemblage.

Individually, and as an ensemble, the company at each performance gave evidence of dramatic talent of no mean order. Miss Lewis has proved herself to be a winsome little lady of talent, and has shown much artistic versatility in the various characters she has assumed, ranging from highly emotional to rough, soubrette characters. Last evening "The Metropolis" was given before an appreciative audience, who generously applauded the good points of the production.

TEACHERS IN SESSION.

PROCEEDINGS OF THE ANNUAL INSTITUTE AT WILKESBARRE.

Luzerne County School Masters and Misses Engaged in Spending a Profitable Week at the County Seat—Noted Professors and Lecturers There.

The annual institute of the Luzerne county teachers opened at Wilkesbarre on Monday with the largest attendance in the history of the organization. The morning session was devoted to the enrollment of the teachers, and in the afternoon Hon. F. M. Nichols, mayor of the city, made the address of welcome, entertaining the teachers for over an hour. Professor Thomas Gibbons, of Evansburg, followed with half an hour's instruction on music, and Dr. P. J. Walsh, of Bloomsburg state normal school, spoke at some length on letter writing. On Monday evening George Kemmer lectured on "Siberia."

Tuesday, the second day of the institute, found the teachers sitting through the entire sessions and exhibiting greater interest than on the first day. The day opened with Prof. Gibson leading in appropriate music, and Dr. Hodge, of the First Presbyterian church, offered prayer.

Hon. Andrew S. Draper, president of the University of Illinois, took up the first period with an able talk on "A Glimpse of the World's Educational Progress."

Prof. Gibson followed with an entertaining talk on "Sound," and gave valuable instruction to the teachers regarding the proper manner of singing, and how to get voice effects.

Miss Landis, of Millersville, spoke on "Reading," and gave some excellent advice on the teaching of that important subject.

Prof. Gibson conducted a short singing lesson, and then Dr. Welsh, of Bloomsburg, gave a talk on "English Grammar." He endeavored to impress upon the teachers the necessity of a thorough understanding of grammar as one of the foundation stones of a good education.

Superintendent Coughlin, of the Wilkesbarre schools, was then introduced and spoke on "Teaching." His ideas were soundly practical and his talk very instructive and was much enjoyed.

In the afternoon, Miss Landis, who made a good impression in the morning, gave an instructive talk on "Instruction on Thought and Mind."

Prof. Gibson then took up ten minutes time instructing the teachers in singing.

Judge Drake spoke on "The Beginning of the Public School System." He talked for some time on the relation of the schools in the city to those in the country. He showed the difference in the schools of the present time and the school of a few score years ago.

Dr. P. J. Walsh then gave another very interesting discussion on English grammar.

In the evening the opera house was filled to standing room by teachers and others to hear Rev. Russell H. Conwell lecture, and the audience thoroughly enjoyed the treat. He spoke on what he calls "The Silver Crown or Born a King." His lecture was a mixture of humor and earnest advice.

A Little Ad Brought Answers.

Recently the TRIBUNE published a little advertisement for a boy to learn the printing trade. It was set in very small type, and there was no attempt made to bring it conspicuously before the readers of the paper. Eleven boys, three men and one girl responded to the two insertions. What the TRIBUNE did for itself it can do for others, and the merchant who doesn't believe in advertising can figure out from this illustration the number of customers he would secure by having a medium-sized ad, well displayed, in these columns during this busy season.

Fire Company Called Out.

The fire company had a run to Centre and South streets on Monday evening. A defective flue in one of W. J. Eckert's buildings on South Centre street created a lot of smoke and an alarm was sounded. This is the third time the firemen were called out within a few months for that building, but fortunately their services were not needed.

Masquerade Ball on Halloween.

A grand masquerade ball will be held at Mrs. Krause's hotel (formerly Fox's hotel), South Hazleton, on Halloween, Thursday, October 31. A first-class orchestra will furnish the music for the occasion. Free lunch for everybody present. All are invited to attend.

Sweepstake Shooting Match.

On Saturday, October 26, a sweepstake shooting match will take place at Dave Mace's hotel, Butler valley. Shooting at live birds in forenoon for a cow, in afternoon at blue rocks for the sweepstake. All hunters invited.

Ladies, the best-fitting and most stylish shoe in the market is the Vision, sold at \$3. Can be had only at the Wear Well, Eberts' old stand.

The very latest in New York and Philadelphia dress goods can be seen at A. Oswald's. Can and inspect them.

We are First to appreciate the wave of lower prices. Thanks to a lucky purchase we are able to satisfy you on that score, as we keep nothing but first-class goods.

\$2.98 Men's heavy double-breasted winter suits, well made and substantial.

\$5.00 will secure you a good extra heavy blue cheviot suit, which cannot be duplicated elsewhere under \$7.50. Our line of black suits is unsurpassed.

\$8.50 buys a suit every bit as good as a made-to-order suit and there's more city style about them.

\$1.50 There is no need for your boys to look shabby when you can get a good heavy winter suit at this price. Bring your boys along. Better goods, of course, at better prices, but prices equally as reasonable.
