

FREELAND TRIBUNE.

VOL. VIII. NO. 39.

FREELAND, PA., MONDAY, NOVEMBER 11, 1895.

\$1.50 PER YEAR.

BRIEF ITEMS OF NEWS.

PARAGRAPHS GATHERED FROM ALL PARTS OF THE REGION.

Synopsis of Local and Miscellaneous Occurrences That Can Be Read Quickly. What the Folks of This and Other Towns are Doing.

A meeting of the board of trade has been called for Wednesday evening.

Today is pay day for the Freeland employees of the Lehigh Valley Railroad.

Hazleton lost on Saturday in a foot ball game with Ashland by a score of 22 to 6.

The seventh annual ball of the Tigers Athletic Club will be held on New Year's Eve.

Anthony J. McGill, of Jeddo, has accepted the position of outside foreman at No. 8 colliery.

The best is the cheapest in the end. Go to the Wear Well Shoe House. Their shoes all wear well.

The fair of the Mayberry band opens at the opera house this evening. It will continue for two weeks.

James Herron, who spent the past six months in New Jersey and Connecticut towns, has returned home.

Foster township school teachers held their second monthly institute at Woodside school house on Saturday.

Frank Michaels, of Drifton, had the thumb of his left hand smashed while at work in Drifton shops on Saturday.

A young son of Mr. and Mrs. Pririk McNeil, of Jeddo, was buried at St. Ann's cemetery on Saturday afternoon.

The very latest in New York and Philadelphia dress goods can be seen at A. Oswald's. Can and inspect them.

John M. Carr, Esq., of town, and Miss Mary Turnbach, of Wilkesbarre, will be married in the latter city on Thursday.

S. Woodring has made arrangements to receive daily forecasts of the weather, which will be displayed in front of his store.

There was a big parade and an ox-roast up at Plains on Saturday evening in honor of Sheriff-elect Martin's success.

Meetings will be held every evening this week in the basement of the English Baptist church. Preaching by the pastor each evening.

Try the Wear Well Shoe House. Their goods cost no more and give better satisfaction than any other store in Freeland.

A delegation from the Knights of the Mystic Chain, of Freeland, visited the Hazleton castle on Thursday evening, and were royally entertained there.

No. 2 colliery at Plymouth, operated by the Delaware and Hudson Company, closed on Saturday on account of a threatened squeeze. Over 300 men are thrown idle.

The Progress, which completed its fourteenth year on Friday, is preparing to enlarge its quarters. Editor Fowler's prosperity is pleasant news to his newspaper friends.

If you own a horse buy a good warm blanket for it. Geo. Wise has hundreds for sale at his Freeland and Jeddo stores. Prices will be found right.

Dr. R. B. Fruit, one of Hazleton's oldest and best known physicians, died yesterday morning. He was stricken with paralysis three weeks ago and did not recover from the shock.

"A Famous Artist," a comedy drama, will be presented by the Slavonic Dramatic Company at the opera house on the 20th inst. The proceeds are for the benefit of the Slavonic band.

Regular correspondence from the surrounding towns and communications upon local or general subjects are solicited by the TRIBUNE. The name of the writer must accompany all letters or items sent to this office for publication.

M. Merkt has removed from the store opposite the Birkbeck brick to the building recently vacated by the Standard Dairy Co., where a complete line of confectionery, fruits, nuts, tobacco, cigars, stationery, etc., will be kept on hand at the lowest prices.

A Miner Entombed.

Edward Kelly, miner, was entombed in a breast at the Pennsylvania mine, Shamokin, by a fall of coal at late hour on Friday night. Thus far all efforts to reach him had proved without avail, and it is feared that he is dead from suffocation. John Tunco, his laborer, noticed that the slip, which was caused by the firing of a mine shot, was about to occur and escaped by running. A large force of men are at work trying to dig Kelly out.

Work on the Valley.

The New York and Buffalo express, on the Lehigh Valley Railroad, was wrecked at Pittston on Saturday morning. The train was just entering the town and was running about thirty miles an hour when one of the trucks under a Pullman car left the track, derailing two other Pullmans. The passengers were badly shaken up, but no one was injured. The track was blocked for several hours. Two of the sleepers were extra, chartered by George Pullman, son of the Pullman car builder, who is a student at Cornell university. With him were the members of the Cornell foot ball team. They were on their way to New York to play.

Hazleton Downs the Tigers.

The first exhibition game of foot ball with an outside team was played at the park yesterday afternoon by the Tigers against Hazleton. The home club put up a weak game against the visitors on account of a lack of tackling, and this, coupled with good running and deft interference by Hazleton, made the latter an easy winner. Two fifteen-minute halves were played. The Tigers kicked off, playing the lower goal, with the wind against them. The kick was a short one, and the ball was easily captured by Hazleton. A down was made, however, and a line-up resulted. At this point of the game Hazleton made a good showing by a quick pass of the ball to Curber, who made a phenomenal run, aided by Slattery's good interference, to within a few yards of the goal. He was tackled there, but after a little scrambling on the line-up the visitors eventually went through.

The second half was almost a repetition of the first. Hazleton made another long run, but required more time in gaining the goal. The score resulted 12 to 0. J. J. McGill was referee, and Jos. Boyle, linesman.

John Ward played right guard during the early part of the game, but was disabled and retired in favor of James Welsh, who played quarter back, changing Chas. O'Donnell to guard.

The two teams were about evenly matched in a few points of the game, principally in trying to rush the centre, but in tackling and interfering the visitors were decidedly the more adept.

The line up was as follows:
Tigers. Positions. Hazleton.
Patrick Welsh, centre. T. Laughlin.
Ed. O'Donnell, right guard. J. Munnie.
Chas. O'Donnell, left guard. E. Munnie.
H. King, right tackle. J. McGeehan.
H. Metgarver, left tackle. Campbell.
P. O'Donnell, right end. Shearer.
Patrick Dever, left end. M. McMonigal.
P. Houston, right half back. Curber.
T. Gallagher, left half back. N. McMonigal.
James Welsh, quarter back. Boyle.
John McKinley, full back. Slattery.

Anthony J. Campbell Dead.

On Wednesday evening of last week Anthony J. Campbell, of Hazleton, was stricken severely with paralysis. His condition since was very serious until 6.30 o'clock yesterday morning, when death relieved him of his pain. The deceased was born in Ireland fifty-three years ago. He was in business for some time in Allentown, and about twenty years ago removed to Hazleton, where he has since conducted a large grocery store. He was a man who won the respect of all his acquaintances and was held in high esteem in Hazleton and vicinity. Mr. Campbell was unmarried, and had no near relatives except the family of his late brother Thomas, who died here last winter. The remains of Mr. Campbell were brought here yesterday afternoon, and will be buried tomorrow from the residence of Mrs. Thomas Campbell. The funeral will leave here at 8.30 o'clock and proceed to St. Ann's church, where a requiem mass will be read at 9. Interment will be made at St. Ann's cemetery.

Brick Works for Pond Creek.

Pond Creek may soon have a brick works in operation. A party of western capitalists were there the forepart of last week and made arrangements to start such an industry. The clay will be obtained from both sides of the Jersey Central Railroad, where the road runs through the Fairchild's farm, and the shale that will be mixed with the clay will be taken from the cut near Sandy Run junction. Five barrels of clay and shale have been shipped west for experimental purposes, and, if satisfactory, work on the plant will be commenced at once. Leases have already been prepared and signed for the ground.

Freeland's board of trade should get after this little industry. The cost of hauling the clay and shale here should be offset by the advantages to be had by placing the plant in this town.

His Thirty-sixth Birthday.

M. H. Hunsicker, proprietor of the Central hotel, was 36 years of age on Thursday, and in response to invitations from him about fifty of his most intimate friends assembled at the hotel that evening. The host made the affair particularly pleasant for each of the guests, and at 10 o'clock called upon them to partake of one of the finest banquets that has been prepared in the town.

When this was concluded Mr. Hunsicker was presented by Lawyer Chas. Orion Stroh with a beautiful gold watch as a token from the guests of their friendship. The handsome gift was acknowledged kindly by the recipient.

Flames in a Mine Tunnel.

A disastrous fire broke out in the tunnel of the Sugar Loaf mine, of the Lehigh Valley Company, at Hazleton on Saturday. The fire is supposed to have been caused by a spark from the mine locomotive. All other collieries in the vicinity have been shut down, and a large gang of men is fighting the flames. An effort is being made to build a battery in the old slope to head of the flames.

PLEASURE CALENDAR.

November 27.—Sixth annual ball of the Jeddo Progressive Club at Freeland opera house. Admission, 50 cents.

RESIGNED FROM OFFICE.

MEMBER OF THE MINERS' EXAMINING BOARD STEPS OUT.

George McGee, of Freeland, Sends a Letter of Resignation to Judge Woodward in Which He Gives His Reasons for His Action.

George McGee, of town, has resigned as a member of the miners' examining board of the fifth inspection district. Mr. McGee's letter is short, but to the point, and though his reasons are expressed briefly, they are deserving of attention. Following is a copy of the letter sent to Judge Woodward:
To the Honorable Stanley Woodward, president judge, court of common pleas, Wilkesbarre, Pa.

The undersigned member of the miners' examining board for the fifth anthracite district respectfully tenders his resignation as a member of said board, and prays that your honor will fill the vacancy by appointing some person who can devote more time to the performance of the duties that devolve on said board.

Your petitioner has been a careful observer of the results obtained by the miner's examination act since its enactment and sincerely believes that it is a socialistic and dangerous piece of legislation that augments the evils it proposes to remedy, and believing thusly cannot consistently continue as a member of said board.

Very respectfully, George McGee.
Freeland, Pa., November 4, 1895.

Railroad Men's Meeting.

The committee of railroads employed on roads running into Hazleton appointed to arrange for a convention of railroads in that city have selected Sunday, December 8, as the time for the convention. The meeting promises to be the largest gathering of railroads ever held in this section. Fred. Hocking, who is secretary of the local lodge, stated that the convention would be held in Union hall in the early part of the day, and a public meeting in the Grand opera house probably in the evening. Railroaders will be present from all parts of the state. F. W. Arnold, of Peoria, and F. P. Sargent, both prominent officers in the brotherhoods, will be in attendance and address the meeting.

About the objects of the meeting the railroads are significantly silent. During the past several months meetings have been held and mysterious rumors have been afloat. While it is not known that the men have any particular grievance at present, it is known that there are some wage differences between the employees of the different roads in this section.

Death of Mrs. Annie Good.

Mrs. Annie Good, wife of Edward Good, died at her home in McAdoo, formerly known as Pleasant Hill, on Friday, aged 37 years and 10 months. Mrs. Good had been married twice, her first husband being William D. Lewis, who died two years ago last June. In January, 1895, she became the wife of Mr. Good. The deceased was a daughter of Mrs. John Reynolds, of Freeland, and a sister of Job and Benjamin Reynolds, Mrs. Rachel Stevens and Mrs. Mary Treble. The family is well known and highly respected by all who know them.

Mrs. Good leaves a husband, five children, a widowed mother, two sisters and two brothers, and a host of friends to mourn her loss. She was buried yesterday at Freeland cemetery. The funeral services were conducted by Rev. J. T. Griffith, pastor of the English Baptist church of Freeland.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is cancer. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Cancer, being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, setting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

Notice to Excursionists, Nov. 15.

The excursion advertised to leave next Friday morning is a personally conducted affair, and in order to give Freeland people the advantage of these low rates, viz., \$4 for round trip to New York city, good for five days, it is absolutely necessary that all persons expecting to go on this train give their names in before Wednesday evening to either Dr. Schlicher, of Freeland, or Edw. E. Howe, of Hazleton, in order that proper contracts can be signed with the railroad company.

Edw. E. Howe, manager.

Chrysanthum Exhibit.

The ladies of St. Paul's M. E. church, Hazleton, will hold a grand chrysanthum exhibit from the 12th to the 16th of November, day and evening, in the lecture room of the church. Florist Montgomery furnishes 1,000 potted plants from his green-houses, also a beautiful palm decoration. The exhibit is free to everybody. Don't miss it.

Ladies, don't forget to see the dress goods at A. Oswald's.

They Want Representation.

The Anthracite Coal Operators' Association, which comprises nearly all of the corporations, firms and individuals mining anthracite coal, outside of the nine principal coal carrying railroads, has decided to make an attempt to secure representation in the directories of the principal railroads referred to. The association makes its claim for representation on the ground that its members mined during last year 27 per cent of the total tonnage of anthracite and that nearly all of their product is delivered to some one of the carrying railroads under contracts providing for a division of the selling between the operator and the carrier.

It is claimed that this arrangement makes the interests of the association and of the stockholders in an anthracite carrying railroad practically identical. The association has appointed a committee consisting of E. B. Sturgis and C. D. Simpson, of Scranton, and H. M. Howe, of Philadelphia, to solicit proxies, which will be used at the several annual meetings of the railroad companies to elect one or more directors representing nine individual mining firms.

Mourning Over a Democrat's Election.

The Philadelphia Times is shedding more tears over the result of last Tuesday than any newspaper in the state. The only Democratic candidate for whom it had a friendly word from the day of the Williamsport convention until election day was Judge Yerkes, and because he failed of election to the superior court, the Times is talking nonsense and predicting dire things for the future. Yerkes has all right, no doubt, but he was entirely too acceptable to the Times and the Republicans, and the assistance given him from such quarters made Democrats suspicious; consequently they turned in for the man who was elected because he was a Democrat, not because the enemy wanted him on the bench, as they did Yerkes. If the Times wants to go in mourning over Smith's election, it has that privilege, but it should not froth at the mouth because Democrats put a quietus on the pet candidate of the political proscriptionists.

Why Freeland Is Losing Trade.

The TRIBUNE today gives space in its advertising columns to some of Hazleton's business men, and we think our readers will find them reliable people to deal with. The publisher would prefer that this space should be taken by Freeland merchants, and thereby keep the trade in this town, but the business men here, with a few exceptions, are blind to their own interests and would rather hide their excellent goods from the public than to spend a few dollars in advertising them. The cry has been raised that Hazleton is taking North Side trade away from Freeland, and if this is true the Freeland merchants alone are to blame. People will not trade nowadays where they are not invited. They look, very properly, to the columns of local newspapers for business announcements, especially at this time of year, and the wide-awake business man who makes use of these mediums will naturally sell the most goods.

State Election Returns.

Returns from every county in the state place the plurality given the Republican state ticket at 174,442. Judge Smith, of Lackawanna, is elected Democratic member of the superior court by a vote which, when the official count is completed, will give him a plurality of 5,264 over Judge Yerkes, his closest competitor. The returns show that a total vote of 738,660 was cast on Tuesday. In 1893, when the people voted for the same office, there were 749,350 ballots counted, Jackson, Rep., having a plurality over Osborn, Dem., of 135,146. Last year, when Hastings and Singery were the candidates for governor, the total number of Republican and Democratic votes cast was 908,205, Governor Hastings having a plurality of 241,397.
