WEEK OF CONVENTIONS.

POLITICIANS KEPT BUSY MAKING TICKETS FOR THE VOTERS.

Freeland Democrats Have Their Borough and South Ward Nominations Made. Three Tickets Are Already Out in Foster—Names of the Candidates.

The Democratic delegates of the borough assembled in the upper floor of the opera house building on Tuesday evening. A large number of citizens were gathered in the hall and considerable quiet discussion was indulged in before the meeting was called to order. There was no excitement aroused at any time during the evening, owing to the fact that the principal candidates had all been agreed upon at a previous caucus, and the meeting was thoroughly harmonious from start to finish. John Conahan, chairman of last year's convention, called the meeting to order and received the credentials of the delegates. All those who were elected at Saturday evening's primaries were present, with the exception of M. E. Fritzing, of the first district, and Peter D. Gallagher, of the second, who were substituted by D. J. Boner and Con McCole. John B. Hanlon was elected permanent chairman and James B. Ferry secretary. Rules prepared by a committee appointed last year were adopted without any alterations, and the convention was governed accordingly. The rules are as follows:

1. The Democratic convention of the borough of Freeland shall be composed of at least fifteen delegates, who shall be elected as follows: Three delegates from each election district of the borough; one delegate-at-large from each ward, and one delegate-at-large from a concurrent vote of the borough.

2. The delegates to the convention shall be elected in the manner prescribed by the rules governing the primary elections of the party.

3. Should a regularly elected delegate be not able to serve in the convention, either through sickness, injury, or absence from home, he can appoint a substitute to take his place.

4. A substitute delegate must produce a certificate signed by the person elected, a justice of the peace, or three competent witnesses, to the effect that he has been chosen to represent the duly elected delegate.

5. Under no consideration will the credentials of a substitute delegate be accepted if lacking in the conditions set forth in section 4 of these rules.

6. The temporary chairman of the convention may be a member of the standing committee of the party in the borough, or he may be chosen by a majority vote of the delegates who rights to sit in the convention are not in dispute.

7. The permanent chairman of the convention must be chosen from among the delegates to the convention and by a majority vote of the same, and he shall have a vote upon all matters or questions in the convention.

8. No candidate shall be declared a nominee of the convention unless by a majority vote of the convention.

9. Where there are three or more candidates for the same office, the convention shall proceed by ballot to nominate and after the third ballot the person receiving the lowest number of votes shall be dropped, and so on the next, until a majority vote is cast for a candidate, when he shall be declared the choice of the convention.

10. Under no consideration shall the convention declare a recess while a ballot or balloting is in progress, nor shall any person, not a member of the convention, approach a delegate to solicit a vote or to intimidate him or them in any manner whatever while the convention is in session.

11. No person not a delegate to the convention shall be permitted to address the convention while it is in session, unless by the consent of all the delegates.

12. The delegates from each ward may meet in separate meeting or convention at any time within the limit allowed by law, after the nominations for borough officers, to nominate district and ward officers; the delegates-at-large from the borough not being eligible to act with the delegates from the wards in nominating the district and ward tickets.

The delegates then proceeded to business and nominated the following for borough officers:

Justice of the peace—Hugh A. Shovlin. Auditor—Charles O'Donnell.

Resolutions endorsing the Democratic poor district nominees were adopted, after which the convention adjourned until Saturday evening.

WARD AND DISTRICT NOMINEES.

The delegates of the South ward convened immediately after the adjournment of the borough convention and organized by electing James B. Ferry chairman and John J. Gallagher secretary. The following ticket was nominated:

Council—Patrick Meehan, three years; John Shigo, one year.

School director—James F. Sweeney.

Constable—Henry Looman.

The district nominees for the above ward are:

Third—Judge, Jos. P. Carey; inspector, Philip C. Miller; register, Patrick Gallagher.

Second—Judge, Anthony Gallagher; inspector, Condy Furey; register, Thomas Mulhearn.

The ward and district nominees for the North ward will be chosen on Saturday evening.

The borough and South ward tickets are reasonably certain of election, as there is a fair Democratic majority and

no open dissatisfaction has been expressed.

FOSTER TOWNSHIP.

Republicans, Democrats and Prohibitionists Ready for the Fry.

The Republican delegates of Foster met at Woodside school house last night, and were called to order by Richard Probert, the chairman. For permanent chairman there were three candidates. The first ballot was Walter Richards, Woodside, 9; Joel Stevens, Hazle Brook, 6; John S. Miller, Highland, 5. The second was Richards, 14; Stevens, 6. The former was declared chairman. C. W. Barton, of Woodside, was elected secretary without opposition. Resolutions endorsing Gilbert Smith, of Highland, for poor director, and Jacob Rosenstock, of Weatherly, for poor auditor, were adopted next.

The work of placing a ticket in the field was then taken up. John G. Davis, of South Heberton, was nominated for justice of the peace by a vote of 11 to 9 for Geo. C. Farrar, of Upper Lehigh.

Phillip Price, of Upper Lehigh, received 29 votes for constable against none for John Estner, of South Heberton, who was also a candidate.

George C. Farrar, of Upper Lehigh, for three years, and Thomas Evans, of South Heberton, for one year, had no opposition for auditors.

For school directors the contest was bitter between the factions. There were three candidates and the vote was: George Knyrim, Eckley, 15; Philip Brion, Drifton, 13; William Mellon, Upper Lehigh, 12. The first two named were declared the nominees.

There were three candidates for the two nominations of supervisor. The vote was: Evan X. Davis, Sandy Run, 16; August Horn, Upper Lehigh, 13; Owen Moyer, East Foster, 11. Davis and Horn were announced as the nominees.

For treasurer Anthony Rudewick, of South Heberton, received 11 votes; August Becker, Hazle Brook, 5, and Phillip Fairchilds, of Pond Creek, 4. The former is the nominee.

Harry Reifsnnyder, of Drifton, was chosen as the candidate for clerk, having received 11 votes, to 7 for Thomas Argus, of Upper Lehigh, and 2 for Thomas R. Davis, of Upper Lehigh.

With a few exceptions the ticket is barren of strength and the Democrats are elated at the opportunity they have to win in the township.

DEMOCRATIC CONVENTION.

Foster Democratic delegates met on Tuesday evening at Woodside school house. The convention was called to order by Chairman T. W. McHugh, who was re-elected to that position. John J. McMenamin was chosen secretary. The following ticket was nominated:

Supervisors—Henry Krone, South Heberton; Robert Mason, East Foster.

School directors—James Hough, South Heberton; Erasmus Snyder, Upper Lehigh.

Justice of the peace—Patrick J. Gallagher, Highland.

Constable—Peter Lockman, Drifton.

Treasurer—Stephen Eroh, South Heberton.

Clerk—George Taseck, Eckley.

Auditors—Frank Dever, Woodside, three years; William Campbell, Hazle Brook, one year.

A resolution endorsing the Democratic poor district nominees was passed unanimously, and several of the delegates made brief addresses upon the encouraging outlook for a victory at the polls. The township committee will meet the candidates on Saturday evening at J. J. Malloy's hotel and organize for the campaign.

PROHIBITION CONVENTION.

Foster Prohibitionists met at their stronghold, Sandy Run, on Saturday evening, and nominated the following ticket:

Supervisors—Peter Marks, George Hindson.

School directors—Thomas Jenkins, Jacob Garis.

Treasurer—Abraham Garis.

Clerk—William Marks.

Auditors—Edward Lester, Alonza Solt.

Election officers for Sandy Run district: Judge, Reuben S. Ballett; inspector, Gilbert North; register, Charles North.

Change of Headquarters.

J. Brinton White, of Drifton, will remove to New York city, where he will take charge of the Coxo companies' interests. The companies will concentrate all of their principal offices there. A proposition of this kind was suggested while Eckley B. Coxo was living, but he would not listen to it, and the headquarters of the companies were kept at Drifton near the mines. It being the only great coal corporation with executive heads outside of the large cities. Mr. White will make the change about the first of next month.

Jury on a Boy's Death.

Deputy Coroner McCoombs has empaneled the following jury to investigate the death of the Italian boy who boy who fell into the rollers on Eckley breaker last Saturday: John S. Jacobs, D. D. Warner, Wilson Kunkel, Christ Miller, Owen Fowler and A. Donop. The jury viewed the remains on Monday, and the testimony will be heard tomorrow evening.

RAILROAD TRACK SANK.

Passenger Train Wrecked Near Stockton on Monday Evening.

One of the most serious railroad wrecks that have occurred on the Lehigh Valley Railroad in years took place on Monday evening at a point between Hazleton and Stockton, when the passenger train which passed here at 6.58 o'clock went into a cave hole. Just before the train reached the point referred to there was a cave in the mine under the track and the railroad sank about six feet. As it was dark at the time, the engineer could not see far ahead. As soon as the heavy engine came upon the rails from which the ground support had been taken they sank to the level of the ground and formed a sort of basin. The engine rolled over on its side and the huge driving wheels spun around in the air at a furious rate. The mail car also went over on its side, but the passenger coaches were not overturned.

The greatest excitement immediately prevailed and the passengers, who were badly shaken up, although not injured, scrambled out of the cars and looked around to see the extent of the damage. The steam escaping from the overturned engine made a horrible noise and as nothing could be seen of the engineer or fireman, a search was made.

Engineer Michael Lonzer, of Hazleton, was found pinned under the engine and was instantly killed. His body was also horribly burned by the escaping steam. Mr. Lonzer was 45 years old and leaves a wife and six children in Hazleton. He had been an engineer for five years and a fireman for eleven years, and before that was a brakeman. He was twenty-three years in the employ of the company.

Fireman Fred Myers, Hazleton, was found in a ditch close by, where he was thrown when the engine went over. He was badly cut on the head and bruised and was sent to Hazleton hospital. He also sustained internal injuries, which may prove serious. He is 40 years old, lives in Hazleton and has a wife and two children.

Baggage-master Ham Ballentine, of Hazleton was thrown through the baggage car window, but escaped serious injury. The conductor of the train was George Reese, also of Hazleton.

All the passengers were severely shaken up, but none were injured.

The company has been having serious trouble with that stretch of track, as cave-ins are of frequent occurrence and several trains have had narrow escapes. On several occasions the track has gone down several feet, but each time has been discovered before a train dashed into it. The company was just making preparations to move the track about a mile away from the present location, so that they would not be over the mine. The engine was completely wrecked.

The following jury has been empaneled by Deputy Coroner McCombs: E. Woolsey, Reuben Beisef, W. H. Lawall, George Lubrecht, H. W. McClure and William Lauderbach. They viewed the body of the victim, after which they went to the scene of the wreck.

Band Entertainment.

The entertainment of St. Patrick's cornet band will be held at the opera house on Saturday evening. The members have spared nothing to make this the peer of anything before attempted in this line, and the committee assures the public that it will be an entertaining and that no one will regret having paid to see. Among those who are on the programme are a number of singers and performers from Scranton, Allentown, and other cities, besides the very best local talent. The prices of admission are 15 and 25 cents. Reserved seat tickets can be obtained at McGettrick's store, South Centre street.

A Mother's Terrible Discovery.

While Mrs. August Chavay, of Olyphant, was going to Nanticoke in her electric car, with her year-old son in her arms, she noticed a peculiar limpness in the babe, and on uncovering it was horrified to find that the child was dead. The poor woman was nearly distracted and at once went into hysterics, and it was all the other women could do to quiet her. A sad feature of the case was that she was going to see a lawyer in order to get a divorce from her husband, who has treated her cruelly. When asked if the baby had been sick, she replied that it had been slightly ill the day previous.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Removal of Machinery Prevented.

A preliminary injunction has been granted by the court of this county to restrain the firm of Linderman & Skeer from removing their personal property, consisting of pumps, engines, boilers, breaker machinery, etc., at Stockton. After having operated there several years, the firm early last year notified the land owners, who are incorporated under the name of the Sugarloaf Coal Company, that the lease would not be renewed on the same terms on January 1, when it expired by limitation.

A temporary arrangement was entered into by the lessees and the land owners by which Linderman & Skeer consented to continue to work the mines until a new lease was made, or new lessees secured.

No arrangements having been made up to January 15, Linderman & Skeer notified the lessors that they would begin to remove from the premises their property and that the first step would be to take out the pumps in the lower levels. In order to prevent the operators from doing this a bill in equity was filed and the court granted an injunction.

The consequence of the removal of the pumps would have been the flooding of the mines and a damage to the landowners that would in all likelihood prove beyond repair. It is claimed by those who are familiar with the Stockton workings that the amount of coal still remaining in the lands would not warrant the expense of draining should the mine be flooded.

Fate of an Unsuccessful Politician.

George Blodgett, aged 62 years, of Buttonwood, Hanover township, hanged himself to a beam in the ice house adjoining his house early Sunday morning. He used a strap to attach to the beam and to tie about his neck. The strap was too long for the body to swing clear of the floor and the man simply kept lifting his feet off the floor until asphyxiation set in. He must have struggled wildly, for his hands were bruised and bleeding and his face was scratched up—all the result of contact with the rough boards and beams. Mr. Blodgett is said to have taken to heart his defeat for supervisor in the township caucus of Saturday night, for on Saturday afternoon some friends of the rival candidate are said to have taken Mr. Blodgett away and filled him to utter helplessness with intoxicants so that he could not fight his own cause. The fact is also given out that the man had brooded for some time and is said to have stated quite frequently that he didn't see that he was any use in the world.

Body of a Woman Found.

Hannah, the wife of Patrick Breslin, was found on the mountain between Buck Mountain and Weatherly on Saturday afternoon frozen stiff in a pool of water. Circumstances surrounding the case being suspicious in appearance, the district attorney of Carbon county was notified. From the evidence of competent witnesses, it was concluded that the unfortunate woman probably came to her death by exposure. The circumstances surrounding her last whereabouts, briefly stated, are that she in company with three other persons was coming over from Buck Mountain towards Weatherly one day last September, when she refused to go any further. Her companions thinking she would go back left her. This was the last heard of her until she was found by a hunter on Saturday afternoon.

Pool-Killer Wanted at Mahanoy.

While Tadwich Zagley and Michael Rockfel were conversing on the corner of a Mahanoy City street on Tuesday evening the former asked the latter for a pipeful of tobacco. Rockfel complied with the request, filling the pipe himself, at the same time, it is charged, slipping in a dyalun cap. Zagley lighted a match and held it over the bowl of the pipe. While in the act of bringing the stem to his mouth the cap exploded, badly shattering his hand and disfiguring his face. It was intended for a joke, but Rockfel has been arrested.

Praying for Mercy for Bowman.

Colonel T. R. Martin, the attorney for William Penn Bowman, who is making a determined effort to save the life of the young prisoner, will go before the board of pardons and plead for the boy's life. Mr. Martin has hopes of saving Bowman's neck, as he has a large number of well-signed petitions from prominent residents of Wilkesbarre, praying for mercy for the boy. Public sentiment, however, is not wholly favorable.

The Firemen's Ball.

The ball of the Citizens' Hose Company on Monday evening was as thorough a success as one could wish for. During the hours before midnight the hall was crowded with visiting firemen and the people of town, and no one lacked opportunities to enjoy themselves. The Pioneer, Diamond and East End companies, of Hazleton, and the Weatherly and White Haven firemen's delegations helped to swell the crowd and make the evening an unusually pleasant one. The grand march was led by Master of Ceremonies John J. Welsh and Miss Mary McNeil.
