

BETWEEN TWO FIRES

Gomez and Maceo Reported To Be Hemmed In.

REBELS LEAVE HAVANA PROVINCE

Two Cuban Prisoners Claim To Be American Citizens—Patriots Burn a Small Town—Two Bands Dispersed—Havana's Defenses.

(From a Staff Correspondent.)
Havana, Feb. 25.—An official report states that the forces of Gomez and Maceo left the province of Havana, passing between Baguaz and Lima on the south coast, going in the direction of Bolondron, after an engagement on February 22, when they left three dead on the field. The columns of Gens. Prato, Arolas and Galvia are in front of the enemy. Gen. Echague and Col. Frances are in immediate pursuit of the insurgents. The rebel leader "El Inglesito," who was captured Saturday, claims to be an American citizen whose real name is Alfred Gold. The authorities are investigating the claim. Among the prisoners in the jail at Mariano, taken there after the Punta Brava engagement Saturday, is Ladislao Quintero, who also claims to be an American citizen.

A Small Town Burned.

Forty-six political prisoners, who arrived here from Cabanas, Mariel, Guanajay and Cayajobos, will be sent to Ceuta and the Isle of Pines. The station at San Miguel, on the Matanzas line, was burned Saturday. The telegraph line has been destroyed between San Miguel and Jaruco, the insurgents removing the poles. The station at Ibarra, on the Matanzas line, was burned yesterday. An unimportant engagement is reported to have occurred near San Jose de los Ramos. The bands of Vidal and Sanguilly have burned Estante, a small town in Matanzas.

Dispersed Two Bands of Rebels.

Havana, Feb. 25.—The commander of a detachment of Spanish troops who have arrived at Mariano, a suburb of Havana, reports that he met and dispersed the bands of rebels led by Villanueva and Baldomero Acosta, who had been operating in the vicinity of Punta Brava, province of Havana, about twenty miles southwest of Mariano. People living in the neighborhood of Punta Brava carried into the town twenty dead rebels. Fifteen of the insurgents were captured. No mention of the Spanish losses is made in the report. Additional troops have been sent to Mariano. The rebel leader known as "El Inglesito" has been captured between Guines and San Nicolas, in the southwestern part of this province. He was made a prisoner by Col. Segara's column. A court-martial has been ordered to try him.

Adding to Havana's Defenses.

Senior Jover of Barcelona, the owner of a steamship line plying between that city and Cuba, has offered to transport to Spain all sick and wounded soldiers from Cuba free of charge. The government of Spain has accepted his offer. The medical attendance will be under the direction of the army medical department. Two twenty-inch bore breach-loaders have been sent from Spain to the island. The sea forts and batteries facing the sea are being put on an effective footing, and they will soon be ready for any contingency, domestic or foreign.

His Health Proposed and Enthusiastically Drunk.

New York, Feb. 25.—Christopher Columbus Baldwin, the naval officer of the port of New York, gave a dinner last night at the Metropolitan club in honor of the Hon. John G. Carlisle, secretary of the treasury. The dinner was held in what is known as the red room, and covers were laid for thirty guests. The decorations were in pink and white. The table at which the guests were seated was oblong. Mr. Baldwin presided. On his right sat Secretary Carlisle and on his left Senator Vilas; directly opposite were seated Perry Belmont and Frederic R. Coudert. It was announced that the proceedings would be perfectly private and that no speeches would be made. The only information that could be obtained as to what took place at the dinner was that Chairman Baldwin proposed the health of Secretary Carlisle when the covers were removed, and that it was drunk with enthusiasm. Secretary Carlisle then thanked those present for the reception given him. It was rumored that invitations to attend the dinner had been declined by several prominent New York bankers. Messrs. Woodward, Flower, Lanier, Tappan, McCall and Morgan were the only prominent bankers present at last night's dinner.

AFFAIRS IN NICARAGUA.

Another Uprising Reported as Imminent in That Country.

Washington, Feb. 25.—According to news received from San Juan del Norte, Nicaragua, an uprising is again imminent in that country. Newspapers have been suppressed, but reports brought to San Juan by passengers from the interior are to the effect that the city of Leon has declared itself in favor of Baca against President Zelaya, and demands Zelaya's resignation. Zelaya considers himself strong enough to put down the movement, trusting for the support of the conservatives and the friendly government of Honduras. He has discharged all citizens of the city the surrender of arms and full submission. He is endeavoring to obtain the assistance of ex-President Zavala of Granada. Great excitement prevails throughout Nicaragua, especially as most of the national arms and ammunition are in Leon. The latest advice is that Zelaya has declared himself "dictator," and that all his ministry have left him. At last reports the people of Leon were up in arms and a fight was imminent.

NAVAL AFFAIRS.

Members of the House Committee Think Six Battleships Necessary.

Washington, Feb. 25.—The subcommittee of the house naval committee were in session four hours yesterday preparing the naval appropriation bill. While the committee did not definitely decide as to the number of battleships or torpedo boats that should be provided for, it is known that some of the members insisted upon the necessity of six, and that if that number could not be agreed upon at least four should be provided for. The number of torpedo boats, it was declared, would depend upon the decision concerning the construction of battleships. That is to say, if six battleships are determined upon the number of torpedo boats should be lessened accordingly.

RELIEF FOR ARMENIA

Description of the Work of Dr. Grace Kimball at Van.

9,000 PERSONS FED IN ONE DAY

More Than 1,000 People Employed by the Industrial Bureau—Unfed Suffering Relieved—2,800 Killed and More Than 70,000 Destitute.

New York, Feb. 25.—The following letter, dated January 23, from Dr. Grace Kimball, American missionary at Van, has been received at the office of the Christian Herald: "As soon as we had the assurance of the first \$10,000 from the Christian Herald we pushed forward the relief with new vigor, and more commensurately to the present needs of the people. This involved the need of larger quarters and we found a very admirably adapted house of three stories with large halls that will hold several hundred people and give convenient office rooms for the various departments—all for the magnificent sum of \$5.00 a month rent. Applicants for help are required to bring a letter of recommendation from the "district men" of the quarter in which they live, or from the village "refugee committee." The demand for work does not abate and we are adding daily to the thousand workers in the industrial bureau at the rate of from ten to twenty persons. Last week's pay roll shows 1,210 persons paid in total \$445. The cost of the raw material is slightly less than the wages so that with the rent and other expenses we may put the cost of the industrial bureau at \$900 a week. This work furnishes a living to considerably more than 5,000 people."

Distributing 6,000 Pounds of Bread Daily.

"The Christian Herald bakeries are forging ahead magnificently and are the great famine breaker for the entire community. There is no other source of supplies to the people, as the contributions of the Armenians themselves were exhausted before the Armenian Christmas, and they turned to all their beneficiaries over to us. We are now distributing over 6,000 pounds of bread daily, at a cost of \$180 a week, and the demand is constantly increasing. Last Saturday was the Armenian Christmas, and on the day before 9,000 persons were actually provided for through the different relief departments, and an untold suffering relieved."

"The Distress Indescribable."

Rev. W. R. Chambers, missionary at Erzeroum, writes acknowledging receipt of \$2,000 for relief work in that city and in Erzincjan. "In Erzeroum province over 200 towns and villages comprising 11,000 houses were plundered; 2,800 persons were killed, and between 70,000 and 100,000 people left destitute. With the Christian Herald and other relief agencies, the missionaries are feeding 2,600 persons daily. The distress is indescribable."

Secretary Herbert Says One There Would Be Too Difficult To Defend.

Washington, Feb. 22.—Representative Bull of Rhode Island recently addressed a letter to Secretary Herbert requesting the views of the navy department as to the advisability of establishing a dry dock at the Newport, R. I., naval station. Mr. Bull has just received a reply stating that a dry dock at Newport would be very difficult to defend except by a naval force and until docks are built at a number of points, much more important to the general defence of the coast, and the navy greatly increased, the bureau does not think it would be a wise act to build a dry dock at Newport.

SECTARIAN SCHOOLS

House Refuses To Appropriately Money for Their Support.

ONLY CATHOLICISM IS AFFECTED

The Matter Came Up in Debate on the Indian Bill—Mr. Morgan's Speech Falls To Arouse Any Enthusiasm in the Senate.

Washington, Feb. 25.—The perennial contest over the appropriation of money for the education of Indian children at contract sectarian schools came up in the house in the course of the consideration of the Indian appropriation bill and was fought out in an hour and a half. The result was that by a vote of 93 to 64 the provision that the secretary of the interior shall make contracts with present contract schools for the education of Indian pupils to an extent not exceeding sixty per centum of the amount so used for the fiscal year of 1895 was stricken out on motion by Mr. Linton, rep. Mich., and an amendment inserted prohibiting the secretary of the interior from spending any of the money appropriated for education in a sectarian institution. Under existing conditions only Catholic schools are in contract relations with the interior department, the other churches having abandoned their claims to public money. In his speech in support of the amendment Mr. Linton attributed the overwhelming change in the personnel of the house by the election of 1894, to the sentiment in the country against the appropriation of public funds for sectarian schools or institutions. Consideration of the bill was concluded with the exception of the paragraph directing the purchase of the lands within the Alleghany and Catterang reservations in New York and that was postponed until to-day. Speaker Reed announced that he had signed the urgent deficiency and diplomatic and consular appropriations bills and at 5:10 o'clock the house adjourned.

In the Senate.

The continuation of the speech of Senator Morgan, dem. Ala., in the senate in support of the concurrent resolution for the recognition of Cuban belligerency, did not arouse a particle of the excitement and enthusiasm which the first part of the speech, last Thursday, together with the other speeches of that day, aroused. It was too much of a historical review, and was interspersed with the reading of too many letters and reports to attract attention or to arouse enthusiasm. The only forcible parts of it were these: Mr. Morgan expressed his astonishment that, in view of the Spanish atrocities in the island, "This grand free republic could sit indifferently by, knowing the facts, and not unsheath the sword and strike to death the brutal monarch who inflicted them," and he declared that the American people could go no further in their forbearance without a stain on the national honor. He will finish his speech to-day. The resolution of Mr. Lodge, rep. Mass., for an inquiry into the circumstances of the recent bond issues was taken up and discussed till the close of the morning hour, when it went to the calendar without action. In opposing it Mr. Hill, dem. N. Y., characterized it as a stab in the back and as having no foundation but "the wails and complaints of disappointed bidders." The senate at 5:45 adjourned.
