What's a Bum?

In our peculiar vernaoular, wesay a bump on a log and a bump on a human being. What one might call a bump another one would call a thump. Thus we have a bump from a thump and a thump from a bump. In like manner, a bruise may cause a bump, and a bump may cause a bruise, or perhaps and a bump may cause both. Well, what's the difference, so long as we suffer from either the period of the sump of bruise, we want to get rid of it. That's true, and the surrest, quickest way to what it was, as it will promptly disappear.

## Scrofula

Infests the blood of humanity. It appears in varied forms, but is forced to yield to Hood's Sarsaparilla, which purifies and vitalizes the blood and cures all such diseases. Read this:

"In September, 1894, I made a misstep and injured my ankle. Very soon afterwards A Sore

two inches across formed, and in walking to favor it I sprained my ankle. The sore became worse; I could not put my boot on, and I thought I should have to give up at every step. I could not get any relief and had to stop work. I read of a cure of a similar case by Hood's Sarsaparilla and concluded to try it. Before I had taken all of two bottles the sore had healed and the swelling had gone down. My

Hood's Pills and liver stimulant. 25c.

Because he had palpitation of the heart, Mr. A. J. Allen determined to quit smoking. He thought the to-bace habit was the cause of his trouble, but when he ceased smoking the pulsations of the heart were more violent than ever. Mr. Allen is a registered hemist of Lynn, Mass., and at second thought he concluded that, if tobacco wasn't the cause, it must be acute dyspepsia. His knowledge of chemistry naturally prompted him to take Ripans Tabules, well knowing their efficacy in disorders of the stomach, liver and bowels. Quick relief followed, and now there is no more distress in the region of his heart. But the remarkable part of Mr. Allen's experience follows: He deedled to forego smoking nayhow, and discovered that Ripans Tabules not only satisfied the longing for tobacco, which all smokers are familiar with, but at first he actually locked forward with plensure to the three periods each day when he took the Tabules. Mr. Allen no longer smokes, and has no desire to, nor does he take the

Going to South Africa.

During the last year or two there has been something of a migration of miners from the Western States to South Africa, and advertisements of rates and routes to South Africa are printed in most of the mining papers. The movement seems to have extended to others than the miners, and may indicate that the emigrants have not fared badly. A man advertises in a recent issue of a Deadwood paper that he will sell at a bargain his saloons in Deadwood and in Lead, as he intends going to South Africa. Whether he expects to make money out of the mines or the miners he doesn't state.

or the miners he doesn't state,

Fattening Hogs Costs One Cent.

The editor recently heard of a farmer fattening hogs at less than one cent a pound.

This was made possible through the sowing of Salzer's King Barley, yielding over 100 bu. per acre, Golden Triumph Corn, yielding 200 bu. per acre, and the feeding on Sand Yetch, Teosinte, Hundredfold Peas, etc. Now, with such yields, the growing of hogs is more profitable than a silver mine.

Dorothy smiled with white lips, and tried to say pleasantly, "Yes, Mrs. Brown is charming, don't you think so? I am sure that if I were a man I should fall in love with her."

The neighbor rose to go, and by way of a parting shot replied, "That seems to be Mr. Ward's idea. Lovely day, isn't it? Come over when you can."

### The Ins and Outs of It.

If you get best wear out of a coat, best work must have gone into it. You can't get good bread out of poor flour.

Moral: You can't get the best out of anything, unless the best is in it; and the best has to be put in before it can be taken out. Now, we have a rule to test those sarsaparillas with a big "best" on the bottle. "Tell us what's put in you and we'll decide for ourselves about the best." That's fair. But these modest sarsaparillas say: "Oh! we can't tell. It's a secret. Have faith in the label."... Stop! There's one exception; one sarsaparilla that has no secret to hide. It's Ayer's. If you want to know what goes into Ayer's Sarsaparilla, ask your doctor to write for the formula. Then you can satisfy yourself that you get the best of the sarsaparilla argument when you get Ayer's.

SOLID SILVER PLATED TEA SPOONS

WHE Coin Silverware Co., of Columbus, Ohio, will furnish to each of the subscribers of this paper, six solid silver plated teaspoons manufactured for this Company. These spoons are chased in design, full size spoons and handsomely engraved, plated on solid white metal, and are guaranteed to last for years. The teaspoons manufactured for this Company are well known and there is nothing finer of the grade put on the market by any other manufacturers; they are such as sell in the stores for a dollar a set. We do not put any expense in the matter of packing them; they are such as sell in the stores to give subscribers, and not a fancy velvet case, and as they are launded for every day use they can be put into the silver basket at once, and without delay. Teaspoons are such a necessity of our daily life that we thought something of this kind would be more highly appreciated than pletures or thermometers, or any other of the novelties that are sent out at this season of the year.
