

THE FETES CONTINUE

Saturday's Terrible Disaster Now Almost Forgotten in Moscow.

DISGRACEFUL AND INHUMAN SCENES

More Dead Bodies Recovered—All of the Victims Buried—Unidentified Corpses Placed in Long Trenches—Another Estimate of the Number Killed.

Moscow, June 1.—Every effort is being made to clear the Hodinsky plain of the dead upon it who lost their lives in the frightful disaster of Saturday. Last evening a number of bodies were found on the edge of the plain and in the villages around. These dead were injured and crawled until death overtook them. The functions in connection with the coronation festivities are being given as though nothing had happened. The pleasure resorts are open as usual. Several wealthy residents gave garden parties yesterday and things generally are going on as though nothing out of the ordinary had occurred. Many of the Moujik danced about beer casks while the dead were lying around. The mob subsequent to the disaster callously stood by the corpses and received the doles. All the bodies of the victims were interred yesterday. About half of the dead were identified. The unidentified dead filled eleven trenches which were fifty yards long. Priests officiated at all the interments. Many pathetic scenes were witnessed as the bodies were consigned to the earth. Thousands of persons were in the cemetery weeping and praying. Upon the hearts of all the dead were placed icons, or sacred pictures. To-day the city has resumed its normal aspect and a stranger, unless told, would never for a moment imagine that only two days ago one of the most frightful calamities that ever occurred in Russia had taken place just outside the city.

Dead Estimated at 3,600.
London, June 2.—The Standard's Moscow correspondent estimates the number of dead at 3,600, besides 1,200 injured who were taken to the hospitals. Most of the injured, he says, will die.

No Americans Were Injured.
Washington, June 2.—Clifton R. Breckinridge, the United States minister at St. Petersburg, has cabled the state department confirming dispatches from the United Press special correspondent in Moscow that no Americans were injured in the terrible catastrophe on the Hodinsky plain.

OLEOMARGARINE LAW STANDS.
Court of Appeals Declares It Constitutional on Every Point Submitted.
Washington, June 2.—The District court of appeals has handed down a decision sustaining the constitutionality of the oleomargarine act. A retail grocer named Prather was convicted and fined several weeks ago for selling oleomargarine as butter without marking it according to law. The court overruled his appeal on every point, holding that the employer is responsible for his salesmen and declaring broadly that oleomargarine could not be sold except in stamped and branded packages without knowledge and intention of violating the statute.

SALEM MILL SHUTS DOWN.
Many of the French Employees Leave for Their Farms in Canada.
Salem, Mass., June 2.—Mill No. 5 of the Naumkeag Steam Cotton company shut down yesterday for an indefinite period while the remaining department will run but four days a week. The closing of No. 5 throws about 500 spinners and weavers out of work and the early trains north carried a large number of the French employees on the way to Canada, where they will remain until business resumes. Many of the heads of families have invested their savings in Canadian farms and will now go to them for the summer.

Pensions Approved by the President.
Washington, June 2.—The president has signed the following bills: Granting a pension of \$50 per month to the widow of Brig.-Gen. John McNeil. Granting a pension of \$100 per month to Matilda Gresham, widow of the late secretary of state, Walter G. Gresham. Granting a pension of \$50 a month to the widow of Maj.-Gen. Benjamin F. Kelly.

Connecticut Convict Pardoned.
Hartford, June 2.—Only one petition for pardon was favorably acted upon at the semi-annual meeting of the state board of pardons yesterday, that of Clifford R. Fuller, and he will be released from the state prison at Wethersfield to-day. He was sentenced in 1892 to seven years for burglary.

Durrant's Appeal Submitted.
San Francisco, June 2.—Statement and bill of exceptions in the case of H. T. Durrant, convicted of the murder of Blanche Lamont, in support of an application for a new trial, has been presented to Judge Murphy. It consists of 1,000 typewritten pages.

To Contest the Will.
New Haven, Conn., June 2.—One of the heirs of the late W. Wallace Ward of West Haven is to contest the will which disposes of about fifty thousand dollars worth of property. It was alleged that Mr. Ward was mentally incapable of making a will.

Peculiar Death of a Child.
Worcester, Mass., June 2.—Elsie E. Manning, 3 years of age, the only child of Gardiner H. Manning, living on Florence street, fell into a post-hole head foremost yesterday and was suffocated.

MAY ASK FOR OUTSIDE AID.

Mass Meeting of St. Louis Business Men This Afternoon To Consider the Matter.

St. Louis, June 2.—A mass meeting of citizens will be held this afternoon to consider the advisability of appealing for outside aid for the relief of the sufferers from last week's tornado. The call for the meeting was signed by a number of prominent Germans, South Broadway merchants and residents of the devastated portions of south St. Louis. It states that the loss of property is greater than was at first supposed, it being estimated at \$20,000,000. For this reason, the call continues, assistance is sorely needed, and the generous offers of numerous cities of this and foreign countries should not be declined. The mayor and many other business men, however, believe that the situation does not demand an appeal for outside aid. Up to last evening it was thought fifty patients were in the ruins of the city hospital, which was demolished by the tornado. To-day every man, woman and child who was in the institution, either as nurse, doctor, patient or attendant has been accounted for. Michael Dunn was the only patient killed outright by the storm. Some have died since, but only a few from actual injuries received. The list of persons missing since the storm is still remarkably long. At present the police have about 120 names of persons who cannot be accounted for, and it is probable that some of these may yet be found under the ruins. It has been believed from the first that at least thirty persons lost their lives by being blown into the river, and only three of them have been recovered thus far. The local relief fund is now far beyond the \$100,000 mark. The extent of the tornado's disastrous work here and in East St. Louis has overshadowed the losses sustained in adjacent towns in Missouri and Illinois, and no accurate list of the killed has been made. A careful compilation from all sources places the number of killed at 46; injured 76, and property loss \$350,000, in towns outside of St. Louis and East St. Louis.

WILL CONSIDER HIMSELF DEAD.
An Ohio Man Will Have His Funeral Preached—Then He May Marry Again.

Portsmouth, O., June 2.—Lorenzo Dow McKinney, one of the best known farmers of Scioto county, an Andrew Jackson democrat and a member of the Scioto county jury commission, has issued the following notice: The funeral sermon of the undersigned will be preached at Fallen Timber on Sunday, June 21, at 2:30 p. m. L. D. McKinney. "I am not doing this for fun," said Mr. McKinney. "The Bible says that the days of man are threescore and ten years. I have always said that if I lived to be eighty years old I would consider myself dead and a funeral would naturally follow. I will be eighty years old on June 17 and will have my funeral sermon preached by Rev. Forest E. Evans of Fride, Ross county, on the first Sunday following. Any time I may live after June 17 I shall not consider as mine. It will only be borrowed time." Mr. McKinney is a well preserved old man and would easily pass for sixty. His wife died about ten years ago. "If my health remains as good as at present," said Mr. McKinney, "I may conclude to begin a second life and get married again." Large crowds from this city are already arranging to attend the funeral services. After the sermon there will be a barbecue, at which McKinney will preside.

Lynn, Mass., June 2.—George W. Latimer, who was the first slave hunter on Massachusetts soil, way back in 1812, and whose subsequent arrest and incarceration in the old Leverett street jail, Boston, loosened the tongue of Wendell Phillips, aroused William Lloyd Garrison to renewed activity and moved the poet Whittier to write his famous lyric, "Massachusetts to Virginia," died here Friday, aged 75 years.

Efforts To Interview Major McKinley at Cleveland.

SHORT REPLY TO PERTINENT QUERIES

Chicago Will To-day Redeem Her Pledge and Settle with the Democratic Committee—Gov. Morton's New York Supporters Still Hopeful.

Cleveland, June 2.—Hon. Wm. McKinley was in Cleveland last evening in consultation with M. A. Hanna. When asked to answer some of the questions which have been fired at him so freely from all sides as to the Quay meeting and the money question, he said: "The greatness of the American people is evidenced in nothing more than in the interest they take in the exercise of suffrage. In every election they manifest the greatest enthusiasm, and so long as they do so this nation is safe from its enemies within and without. The people keep at it year in and year out and have made officeholding the servitude of the man to the mass. Public office is the people's honor. Public service well done is its own honor."

Morton Men Still Confident.
New York, June 2.—The managers at republican state headquarters still express confidence that McKinley can be defeated, notwithstanding the report from Washington that Senator Quay had given up the fight and had acknowledged that McKinley would be nominated on the first ballot. Chairman Hackett said: "The fight is still on. If Senator Quay made that statement, he has a right to his opinion, as I have a right to mine. We began the fight for Gov. Morton and sound money and we propose to keep it up till the candidate is named at St. Louis."

REDEEMS HER PLEDGE.
Chicago To Hand Over the Balance of the Convention Money To-day.

Chicago, June 2.—The sub-committee of the democratic national committee, which has charge of convention matters of a preparatory character, met at the Auditorium annex yesterday afternoon and another session is to be held this afternoon. The principal business to come before the members relates to decoration of the coliseum, the inside arrangements and the appointment of an assistant sergeant-at-arms. Incidentally the committee will put out its hand when Chairman Donnersberger of the local committee delivers a check for the remaining \$11,000 of the convention subscriptions, which he says he has the money for, and so make good the full promise of the Chicago guarantors. The committeemen know that the men who signed the guarantee will pay if the subscribers are delinquent, and there is no uneasiness on the financial score any more, especially as the rest of the funds are not needed at present. E. C. Wall, the Wisconsin member of the committee said: "I will speak for Wisconsin on the money question. You can put it in the gold column. The convention June 23 will declare solidly for sound money. The silver men will not be heard from." Secretary Sheerin said for Indiana: "We have given up my state so far as sound money is concerned. The wave is likely to sweep over the entire state."

THE PROHIBITION SPLIT.
Nominees in Ohio Resign To Join the Seceders at Pittsburg.

Springfield, O., June 2.—Rev. Alva Crabtree, prohibition candidate for secretary of state, and nearly all the county prohibitionist officers have resigned, thus necessitating, it is said, a new state and county convention. This action is taken to join the new party at Pittsburg.

New York Grand Lodge Master Masons.
New York, June 2.—When John Stewart, grand master of the Grand Lodge of Free and Accepted Masons of the state of New York, calls the 110th convention to order to-day nearly 1,000 Master Masons will respond to the rap of the gavel. There are 737 Masonic lodges in the state, and each lodge will send one delegate. Each delegate is entitled to three votes for his lodge and its first fifty members and an additional vote for every other fifty members.

Ex-Judge Tappen Dead.
New York, June 2.—Ex-judge Abraham B. Tappen died yesterday afternoon at his home in Fordham. He was 73 years old, and was born in New Hamburg, Dutchess county, N. Y. He was a member of the legislature for several terms, was a member of the constitutional convention before the last one, and also judge of the supreme court.

Newport Hotel Closed by Employees.
Newport, R. I., June 2.—The United States hotel in this city is closed and is in the hands of a keeper. Last week the proprietor, John F. Parsons, went to Boston to secure funds to tide over his embarrassment, but he has not returned, and the employees of the house placed attachments on the property to secure wages due.

Italian Masonic Congress.
Rome, June 2.—A Masonic congress, comprising delegates from all the lodges in Italy, was held here last evening. The principal business of the congress was the election of a grand master in place of Signor Lemmi, who recently resigned. Ernest Nathan, an ex-disciple of Mazzini, was chosen.

Summary of Sunday's Engagements

Havana, June 2.—A summary of Sunday's engagements show that the rebels lost fifteen wounded. The troops had three killed and six wounded. The rebels have destroyed with dynamite a culvert near Bolondron, province of Matanzas. The train sent to repair the damage was attacked by the rebels. It is reported that rebel bands attacked the town of San Antonio de los Baños, but were repulsed.

AN HISTORICAL DOCUMENT.

The Original Declaration of Independence of Texas Unearthed in Washington.

Washington, June 2.—The curious fact has been brought to light that the state department is in possession of the original of the Declaration of Independence adopted by the congress of Texas when that state was part of Mexico. Hon. Seth W. Shepard, associate justice of the court of appeals of the District of Columbia, recently wrote to the state department on the subject, saying the original paper was held by the federal government, and desiring to know whether it did not properly belong to the state. Yesterday afternoon the state department archives were searched and the document found, bound in a volume of diplomatic correspondence relating to the recognition of Texan independence by the United States. It is undoubtedly the original, signed by Sam Houston and his colleagues. An endorsement on the paper by Secretary Forsyth says the document was left at the department by "Mr. Wharton." Who Mr. Wharton was the state department is anxious to ascertain. Secretary Olney wrote Judge Shepard that there seems to be no evidence that the declaration properly belonged to the United States government and promising to look into the matter of possession.

CHOLERA RIOT AT CAIRO.

Students Stone the Police and Are Themselves Fired Upon.

Cairo, June 2.—Serious disturbances have taken place at the Moslem University mosque. Some sanitary officers attempted to visit the school where a case of cholera had been reported. The students opposed the entry of the officials and the governor of Cairo and other government officers were summoned. The students stoned the police and the governor was wounded in the head with a stone. During the disturbance the police were compelled to fire on the students, and 200 arrests were made. The police killed one of the rioters and fatally wounded three others. The disturbance was finally quelled.
