CALAMITY AT PITTSBURGH.

ONE HUNDRED MEN KILLED AT THE TWIN SHAFT YESTERDAY.

The Most Terrible Disaster That Has Occurred in Years in the Coal Fields Took Place Early Sunday Morning—None of the Bodies Recovered Yet.

Shortly after 3 o'clock yesterday morning a "squeeze" occurred in the Twin shaft at Pittston. Over 100 men were caught inside the falling coal and rock, and the probabilities are that every one of the number has perished. Mining experts give it as their opinion that the chances are greatly against the entombment.

For some time past the Red Ash vein of the Twin shaft has been in danger of caving in. The operators, the Newton Coal Company, have propped it here and there upon several occasions, but the signs and warnings of a heavy "squeeze" did not abate any.

On Saturday the company gave orders to send in a large number of men and to carry on the work of propping the roof on an extensive scale.

That evening a body of miners, variously estimated at from 75 to 125 in number, proceeded to work. They were making good headway against the shaly roof until nearly midnight.

At that hour there were signs of a heavy fall. Work ceased until the workings quieted down again. An hour later the propping was resumed. At 3 o'clock, with scarcely any warning, the roof came down with a crash that was heard for miles outside the colliery.

The inhabitants of the city were aroused, and as the friends and relatives of the entombed miners assembled about the shaft and learned the extent of the disaster, the scene was indescribable.

A list of names of several who are supposed to be inside was sent out last night, but it is not complete. The official list will likely be prepared before this evening.

All hope of finding any of them alive was abandoned at midnight, and Superintendent Lathrop, of the Lehigh Valley Company, says it may be ten days before the bodies are recovered.

Among those who are known to be entombed are: N. J. Langan, inside superintendent, who is acting mayor of Pittston in the absence of Mayor Maloney; also Councilmen Lynott. At least sixty are Irish or of Irish descent, forty are Hungarian or Polish laborers, and the others are divided among the other nationalities.

At 9 o'clock this morning a message to the TRIBUNE from Wilkesbarre stated that none of the bodies have yet been recovered. The company is doing all it can to reach the men, but the work is hazardous and beset with dangers to the rescuers.

The timekeeper at the colliery is among the missing men. His accounts are with him, consequently the exact number of men and their names will not be known until the employees who are alive can be reckoned.

DRIFTON ITEMS.

On Thursday afternoon one of the most elaborate weddings that has occurred here for some months took place at St. James' Episcopal church, when William Jones and Miss Lizzie Richards were united in marriage by Rev. J. P. Buxton. William Richards, a brother of the bride, and Miss Ruth Jones, a sister of the groom, performed the duties of groomsmen and bridesmaid. Many valuable presents and congratulations were received by the young couple.

John C. Stroh was elected a delegate to the Republican conventions at the Foster poll on Saturday. He told a reporter that he will represent the business interests of town at the conventions. At the Hazle poll George Wagner was elected to the county and John Allen to the district conventions.

August Lehman, of Rockport, and Nettie Hincer, of Eckley, were married on Thursday at the former place by Rev. Buxton, of town.

Misses Coogan and Kavanaugh, of Shenandoah, spent a pleasant week here as the guests of Mrs. E. J. Sweeney.

PERSONALITIES.

Hon. John Leisenring and wife, of Upper Lehigh, sailed on Saturday for Europe. They will remain abroad for three months.

Misses Annie Colligan, Aggie Lynott and Julia Collins, of Scranton, are the guests of Miss Josephine Campbell.

Misses Kate Rogan and Maggie Gallagher have returned from a week's visit to the county seat.

Edgar Schmidt and Miss Mary Kuntz attended the Luther League convention at Lancaster last week.

Miss Birdalyn Davis has returned home from the Baltimore Female college.

Superintendent P. M. Boyle, of Sugar Notch, was a visitor here over Sunday.

Fresh bread and cakes every morning at Geritz's bakery. Confectionery also.

Jacobs' renowned ice cream, all flavors, is sold at Geritz's parlors, 15 Front st.

OVERALL FACTORY.

Freeland's First Big Industry [Almost Ready to Begin Operations.]

The Bliss Overall Company began operations at its establishment last week. Several pairs of the various sizes of goods which will be manufactured were made for the use of the traveling agents, and orders are now being received. It was the intention of Mr. Bliss and his associates to have the factory in operation before July 1, but an unavoidable delay on the part of the Electric Light Company in furnishing power made this impossible.

The building is large and commodious, and as it was erected for the purpose intended, it will meet all the requirements. It is a two and one-half story frame structure, 35x118 feet, and none but the best and heaviest lumber was used in its construction.

The exterior presents a handsome appearance, the first story being finished in dark brownstone imitation and the second in pressed brick imitation.

The interior, however, is where the greater attention has been given, and both floors are fitted up with all the necessary appliances to do a hustling business. On the second floor the operators will be located. At present there are in position sixty machines, of the Singer and the Standard makes, but the arrangements are such that this number can be doubled and nearly tripled, if necessary.

A ten-horse-power electric motor will drive the machinery. The power will be received from the electric light plant as soon as the new generator arrives. This is expected in a day or two.

The factory is located advantageously for light and room to spread. It is about two blocks north of the borough limits, and is only a few minutes' walk from the centre of town. The capacity of the plant, when its gets in running order, will be 3,000 pairs of overalls daily.

All Ready for the Fourth.

Freeland will be a wide-awake town on the Fourth. The parade under the auspices of the Citizens' Hose Company will be a great attraction and will, as usual, bring many strangers to town, to join in enlivening the day. The several committees of the fire company are working night and day to put their plans in shape, and a real old-fashioned Fourth is expected. A picnic at the Public park will follow in the afternoon and evening.

A bicycle road race will be one of the attractions of the day. It will consist of an eight-mile run in the direction of Pond Creek and return. Entries will be received from any wheelman in Freeland or vicinity. About a dozen prizes, ranging in value from five to twenty-five dollars, have been contributed by the business men of town, and will be awarded to the winners. The race will take place about 4 o'clock p. m.

Architect's Plans Accepted.

A special meeting of the borough school board was held on Thursday evening. The plans drawn up by Architects Radrauff & Davey for the new school building were accepted, and the secretary was authorized to advertise for proposals in two newspapers. The plans are materially the same as have already been given in the description of the new building.

The recent decision of the supreme court, to which reference is made on the fourth page today, may prevent the Freeland directors from building the new school.

Will Be Tried Again.

Bernard McFadden has returned from Philadelphia, where he went last week to receive a trial on the Philadelphia club. He was placed on first base in the morning practice on Wednesday, and the Record states that he showed up remarkably well. The club left on Friday to play away from home for some time. Captain Nash offered to take him along without signing, or would allow him to return to Freeland and go down again when the club returns and be given another trial. McFadden accepted the latter proposition, and when the Phillies get home he will likely go down for another trial.

Luther League Elects Officers.

The state convention of the Luther League, in session at Lancaster last week, elected the following officers: President, Dr. H. L. Baugher, Gettysburg; recording secretary, H. L. Hungerford, Wilkesbarre; corresponding secretary, S. H. Huppert, Manheim; statistical secretary, George M. Jones, Reading; treasurer, Dr. F. J. Trexler, Lancaster. The convention recommended to the national body for adoption as the emblem of the league the coat of arms of Luther.

Sentenced for Eight Years.

Dennis J. Conniff, who pleaded guilty of manslaughter on Tuesday last for the killing of Michael Walsh, at Duryea, was taken into court on Thursday. Judge Bennett called Conniff to the bar and sentenced him to pay \$50 fine, the costs and to undergo eight years' imprisonment in the eastern penitentiary. Conniff took the sentence very coolly and seemed relieved that he got off so lightly.

Catarth Cannot be Cured

FATAL ACCIDENTS.

James Sharp Killed at Jeddo and William Hitchens at Anderson.

On Friday afternoon James Sharp, of Freeland, met with an accident in No. 5 colliery, Jeddo, from the effects of which he died a few hours later. While engaged in moving cars he was caught in some unknown manner between two bumpers. His right leg was terribly crushed and he received serious internal injuries.

As soon as the unfortunate man was extricated he was removed from the mines and taken to Hazleton hospital for treatment. Everything possible was done there to alleviate his sufferings, but his condition was beyond the power of medical aid and he slowly sank. At 10 o'clock death relieved him of his pain. His age was 24 years, 10 months and 18 days.

Mr. Sharp moved here from Hazleton shortly after his marriage, which took place about two months ago. He is survived by a wife and mother. The latter resides at Hazleton, and the funeral will take place from her residence tomorrow afternoon. The deceased was a member of the Hazleton Junior Mechanics, and will be buried in Vine street cemetery.

At Anderson on the morning of the same day William Hitchens, one of the best known miners on the South Side, was killed by a fall of coal. He was engaged in "robbing" breasts, and had been given this dangerous work on account of his experience and carefulness. He has held a mine foreman's certificate for some years, and could have had a position as a mine foreman, but preferred to follow ordinary mining.

The deceased was also a noted singer, and had taken prominent parts in many of the Welsh eisteddfods held in this section of the state. He was 44 years of age, and a wife and three children survive him. He will be buried this afternoon at Jeanesville cemetery.

Anthracite Coal Trade.

The advance of 25 cents per ton in anthracite coal prices for the line and city trade, ordered on Thursday, was so generally expected that buyers in all sections made preparations for it. Today or tomorrow the Reading Company will announce another advance of 15 cents on line and city prices. The advance will not apply to pea and buckwheat, but will be confined to the prepared sizes. The other sellers will follow the Readings' lead in this matter. Business has been very active, and more orders have been offered than can possibly be shipped by the end of the month. The production for July has been definitely fixed at 3,500,000 tons, a quantity that will fill all demands and leave the trade in good shape for the fall season.

Board of Health Meeting.

The first regular meeting of the re-organized Board of Health was held on Friday evening at Dr. Schlicher's office.

The cleaning of alleys, both public and private, was the first matter considered. A motion was made and carried that the health officer confer with the street commissioner in regard to taking the necessary steps toward having them cleaned immediately.

The health officer reported that a house on Adams street had no trap in its sewer connection, nor had any been placed in the connections on the properties of Messrs. Hauze, Zeistloft and Ward and Mrs. Quinn on Washington street; also that the properties of Isaac Davis on Front street and Thomas Birkbeck on South Washington street had no sewer connections.

This official also reported an overflowing cesspool existing on the property of John Yannes, and that Fisher's livery stable was not connected with the sewer. Nuisances were reported in the yards of Mrs. Gaffney, Messrs. Casper, Bitner and Enama on Ridge street, Burns, Mrs. Hatties, Mrs. Jenkins, Mrs. McGroarty and Shearo's on Centre street and Mrs. Frank O'Donnell on Washington.

A house-to-house inspection, including yards and outbuildings, will be made by the health officers and members of the board soon.

It was suggested that the council require a permit to tap sewers for each and every connection, and that the applications for so doing be made to the Burgess, to be signed by the health officer and the work to be done under the latter's control according to sanitary laws.

A case of diphtheria was reported as existing in the family of Mr. Ondeck on Main street, near Washington.

Dr. Cloud, secretary.

Passed the Examination.

All of the twenty-one applicants for assistant mine foremen's certificates who were examined recently by the board have passed successfully. Following is the list: Charles Kerchofer, William Melkantz, Nicholas Michael, William Wallace, Martin Sauer, John J. McGeehan, Hugh McAdams, James Duncan, Evander Krommas, Wm. Renshaw, Wm. Fletcher, Fred Lesser, David L. Jones, Robert Swan, George Ernest, John Bonner, Frank Houser, George Siegel, John McShea, John Hurley and Henry Barnhart.

Licenses to Marry.

Among the marriage licenses granted by the register of wills last week were the following: Charles W. Wright, of Berwick, and Catharine Ann Boyle, of Freehold.

Mike Stovick and Anna Beizer, both of Eckley.

REPUBLICAN TROUBLES.

COUNTY AND DISTRICT MEETINGS TO BE HELD THIS WEEK.

Primary Elections on Saturday Evening Were Heavily Contested Throughout the Fourth District—Spirited Fight Expected Today at Hazleton.

The Republicans of Luzerne county had an exciting time at the primary elections on Saturday evening. There was scarcely a district in the county that two or more men did not wish to represent in the conventions tomorrow at Wilkesbarre. The delegates elected in this borough are William Moses, Thomas Elliott, Genero Bonomo and John Smith.

An estimate of the delegates' choice made at the county seat yesterday makes the following ticket: For congress, Williams; senator, Harvey; treasurer, Robinson; register, Kuntz. This is subject to change if the delegates are not too steadfast to their candidates.

On the commissioner question the estimates are all at sea. There are so many candidates that it is almost impossible to obtain a fair idea of who is in the lead.

Claims are made by lower ends that DePiero will be nominated for the office. The friends of Donahuey are also putting forth every effort to land him a winner.

The convention tomorrow is expected to be one of the largest that Luzerne Republicans have ever held. All the candidates have signed an anti-boodle document, but this is not supposed to cut much of a figure around the Square tonight.

A Lehigh Valley train will leave Wilkesbarre after the convention tomorrow evening for the lower end. A special rate on return tickets has been made from all stations on that line.

Doctor Thos. M. Powell, the Republican aspirant for the legislative nomination, swept the fourth district Saturday evening and gathered in a majority of the delegates who will attend the convention at Hazleton today. In Freeland borough, where the anti-new county sentiment was supposed to be so strong, this out-and-out new county candidate had a veritable walk-over. The votes polled against his delegates here were scarcely worth counting. The Freeland delegates to the legislative convention are William Moses, Thomas Elliott, Genero Bonomo and Will Marshman.
