### McDONALD'S.

#### MISCELLANEOUS ADVERTISEMENTS.

**BOND SALE.**-The borough of Freeland school district will sell at public auction at the Washington street school house at 7 o'clock p.m. in the borough of Freeland, on the 27th day of July, 1896, school district bonds, to the amount of twelve thousand dollars (\$12,000), of one hundred dollars (\$100 denomination); each bearing five per cent interest per annum. Interest payable annually at the Citizens' bank at Freeland. The school district reserves the right to redeem any or all of said bonds at the end of three years or within ten years. No bonds will be sold at less than par value. All of said bonds shall be sold to the highest and best bidder. All bonds sold to be paid for on the 5th day of August, at 7 o'clock p.m., at the Washington street school building. D. J. McCarthy, president. Attest: James F. Sweeney, secretary.

**LOT FOR SALE.**-Situating on east side of N. Ridge street, between South and Luzerne; fine location. Apply to Tony Paris or to T. A. Buckley, Freeland.

#### Temperance Convention.

At the convention of total abstainers at Jeannetteville yesterday the organization of ladies' societies was given considerable attention and a committee was appointed to further the work in this respect. Nothing of general importance was transacted. The election of officers resulted as follows: President, J. J. McMenamin, Freeland; secretary, Wm. O'Donnell, Beaver Brook; treasurer, J. M. Gallagher, Harleton; board of directors, John Brogan, Beaver Meadow, and Patrick Stanfield, Jeannetteville. The next meeting will be held at Hazleton on October 25.

#### Clergy to Take Up Collections.

Bishop O'Hara has issued an appeal in behalf of the families of the Twin shaft victims. After pointing out the duty of Christian people, he says: "We therefore direct that a collection be taken up in the parishes of the diocese, and to this end you will read this circular to your people. We leave to the reverend clergy the choice of adopting whatever means they judge best to promote this work of benevolence. The proceeds will be forwarded to the vicar general, Rev. Father Finnen, Pittston."

#### Prizes for Big Trout.

Frank White, of Weatherly, annually gives a prize for the largest trout fish caught during the season. He awarded the prizes last week as follows: Split bamboo fishing rod to Al. Romig for a trout measuring 22 1/2 inches, captured in Hudson's dam, Quakake, and a fish basket to William Seafoss, who captured a 16 1/4 inch trout in Hickory Run dam.

#### Breach of Promise Suit.

Peter Petuhis, a Polisher, has brought suit against Victoria Rusolotki, a former sweetheart for breach of promise. He asks \$5,000 damages. The girl broke off the marriage engagement because, it is said, she saw her lover coming out of a saloon. The defendant gave bail for trial at court.

Summer shoes cheap at the Wear Well. Pretty dress goods at Oswald's.

### BRIEF ITEMS OF NEWS.

#### PARAGRAPHS GATHERED FROM ALL PARTS OF THE REGION.

#### Synopsis of Local and Miscellaneous Occurrences That Can Be Read Quickly. What the Folks of This and Other Towns are Doing.

A meeting of the school board will be held this evening to sell bonds to erect the new school.

Several Freeland people accompanied the Luther League excursion to Laury's Island on Saturday.

The sparring exhibition advertised to take place at Hazle park tonight has been declared off. The sheriff gave notice that he would be on hand.

Among the Wilkesbarreans in town are Mr. and Mrs. C. F. McHugh, Misses Mary McGill, Nellie Grant, Mamie Gallagher and Mrs. John McNelis.

Rain caused another postponement of the picnic of the Citizens' Hose Company on Friday evening. The next date will be decided upon this week.

William Turner, of Hazleton, was thrown from his bicycle near Tamaqua yesterday and sustained severe injuries, including a broken shoulder blade.

A meeting of the borough school directors and teachers was held on Thursday evening and the courses of studies were agreed upon for the coming term.

McAdoo will hold an election tomorrow, when officials for the new borough will be chosen. Patrick Givens, formerly of this place, is a candidate for councilman.

The camp-meeting at Mountain Grove this year will begin on August 5 and close on the 13th of that month. A very large number of people is expected to attend.

Daniel Levan, who for many years was general superintendent of Van-Winkle's collieries, has resigned. He is succeeded by James E. Roderick, examining inspector.

Divorce proceedings were commenced on Saturday in court by Mrs. Ann McHugh, of town, against her husband, Cornelius McHugh. Desertion and abuse are charged.

William Jones, a constable of Plymouth, died in the lockup of that town on Saturday. He had been arrested for drunkenness and placed in a cell, and was found dead two hours later.

It is said the Lehigh Valley Railroad will run a popular priced excursion to New York city in August, on the occasion of Bryan's acceptance of his nomination for president on the Democratic ticket.

The 600 employees of the Patterson colliery, near Mt. Carmel, who struck for their wages on Monday, have decided to appeal to the state factory inspector to compel the operators to observe the semi-monthly pay law.

John J. McMenamin will leave here next Sunday to attend the national convention of the Catholic Total Abstinence Union of America at St. Louis. He is one of the three delegates who will represent the Scranton diocesan union.

Rev. J. T. Griffith will lecture in the Baptist church, Portland, Pa., on Wednesday evening. His subject will be, "William Tyndale and the First Printed New Testament." Rev. Griffith was pastor of the Portland church before coming to Freeland.

The Good Templars of Upper Lehigh will give an entertainment on August 15 at the English Baptist church, Freeland, entitled "A Temperance Drama," to be followed by an ice cream and cake social in the basement. Admission to entertainment, 10 cents.

County Controller Lloyd has been given office room on the second floor of the court house. The salary of Deputy Controller Robert Donaghey, of Hazleton, has been placed at \$1,800 per year, and that of Chief Clerk C. H. Phillips, of Pittston, at \$1,200 per year.

Invitations were received in town last week announcing the coming wedding of Dr. R. W. Beamish, formerly assistant to Dr. H. M. Neale here, to Miss Gertrude Foster, of Massachusetts. The wedding will take place at the home of the bride on August 5.

#### BASE BALL BRIEFS.

The North Side clubs of the Anthracite league won by large scores yesterday. At Milnesville the Travelers came out ahead, 14 to 2; at McAdoo the Fearnots had a walk-over, 35 to 5, and at Lattimer the home club defeated the Athletics, 15 to 5.

"Kid" Jordan, formerly a pitcher for Hazleton ball club, has been signed by Philadelphia, and is expected to make his debut in the National league tomorrow. Keener has done good work since he signed with the Phillies.

Driften Fearnots play at Mauch Chunk on August 8. The Tigers play two games at Carbon's county seat on August 15.

For bed bugs, roaches and moths, buy "Tobony," the best insect destroyer in the world. Sold at A. Oswald's.

### ANSWERING QUESTIONS.

#### Applicants for Mine Inspector Are Still Hard at Work.

The examination of the applicants for mine inspector of this district is still on at Wilkesbarre. The questions asked since our last issue were:

Three cars of coal weighing 6,720 pounds each, including weight of car, are hoisted up a slope pitching 30 degrees and 900 feet in length, in two minutes. The friction of the cars equals one-fifth of the load and of the engine 25 per cent. What is the horse power expended?

Assuming the same conditions as in question eight, and in addition that the interstratum cracks running along the chambers or across the chambers. Describe the effect in each case on pillars in each split. Give the meaning of the word elasticity and state whether or not it is a property of all amorphous solid bodies. Show by plan transverse or longitudinal sections and explanations of the same how you would mine the two splits.

Explain the law of diffusion of gases and its effect on the behavior of gases in the mines. Give rule and example to find comparative velocity of the diffusion of gases.

Name the dangerous gases found in the anthracite coal mines.

Give the composition, comparative weight and character of each gas and under which condition may each be found.

What is the safe working load of crucible steel rope 1 1/4 inches in diameter on a slope 600 feet long and pitching 35 degrees?

In performing the work described in the twelfth question, what is the weight sustained by the rope? and what diameter iron rope would be necessary to do the work with safety?

Seventeen questions have been asked so far, and the examination is expected to consume the greater part of this week.

The applicants will meet again at 2 o'clock this afternoon to answer the remaining questions.

#### Hope Abandoned, But Work Goes On.

The friends and relatives of the entombed miners in the Twin shaft at Pittston have finally abandoned all hope of the unfortunate men being alive, and tomorrow a solemn high mass of requiem will be celebrated in St. Mary's Catholic church, Upper Pittston, for the repose of the souls of the victims of the disaster. The services promise to be very impressive, as Bishops O'Hara and Hoban will both be present and also a large number of clergy of the Scranton diocese. A great majority of the victims were members of the Catholic church.

A conference of prominent mine officials was held Friday morning at the Twin shaft for the purpose of coming to some decision as to whether or not to continue working to reach the entombed miners. After going into the mines they all agreed that everything possible was done by the Newton Coal Company to reach the entombed men. The officials of the Newton Company say they will continue working while there is the slightest chance to get the bodies out.

#### A Bicycle Race.

Articles of agreement have been signed by Mitchell C. Gallagher and John T. Danaker, both of White Haven, to run a bicycle race from South Heberton to White Haven. The race will take place on Friday afternoon. The start will be made at 4 o'clock, and the winner will receive a purse of \$50.

The officials elected to conduct the race are: Referee, W. H. Witmer; judge, Joseph A. Danaker; time-keeper, Frank Baetz; judge, Thomas Gallagher; time-keeper, Albert Myers. Joseph Birkebeck, of Freeland, will be starter. If, in the opinion of the officials, the weather is not favorable, the race is to be postponed.

Both men took part in the road race here on the Fourth of July, when Gallagher came in first and Danaker second, with only one second of time between them. They are speedy wheelmen, and the race is attracting a lot of attention among the local cyclists.

#### Gearhart Was Discharged.

Henry Gearhart, who was arrested last week on a charge of being implicated in the shooting of Peter Reimiller, was discharged at the hearing before Squire Shovlin on Thursday afternoon. Detective Robert Riely, of Hazleton, who caused his arrest, produced no evidence, except statements that he heard about town, to sustain the charge made against Gearhart. The attorneys for the defense had the antemortem statement made by Reimiller before the deputy coroner, and this said that the dead man believed it was foreigners who shot him.

#### To Continue on the Road.

Walter C. Mack, who has been manager of Music Hall, Wilkesbarre, for some months past, has tendered his resignation and will devote all his time to giving hypnotic exhibitions. He was last heard from at Alliance, Ohio. Mrs. Mack recently broke up housekeeping and joined her husband. Mack is associated in his hypnotic enterprise with Harry Leavit, late manager of the Nickelodeon, of that city.

### COMMITTEE MEETS.

#### Endorses Chicago Platform and Fixes Date for Convention.

The Democratic county committee met at Wilkesbarre on Friday to fix the time and place for the next county convention. Chairman John McGahren presided, with T. C. Mullally and R. R. Van Horn as secretaries. After considerable discussion it was agreed to hold the county convention on Tuesday, August 25, and the primaries on Saturday, August 22.

John M. Garman offered the following resolution which was unanimously adopted: Resolved, That this committee heartily endorses the platform of principles as promulgated by the national Democratic convention at Chicago, and we hereby ratify the nomination of Honorable William J. Bryan for president of the United States and of the Honorable Arthur Sewall for vice president.

Judge Rhine offered the following resolutions, and they were also adopted: Resolved, That it is the sense of the Democratic county committee that loyalty to the platform and nominees of the national Democratic convention of 1896 shall be required of every delegate demanding a seat in the Democratic county convention this day called and of every nominee of that convention.

Resolved, That we demand that all the Democratic presidential electors of this state, if elected, shall cast their votes for W. J. Bryan for president and Arthur Sewall for vice president of the United States.

Another resolution offered by Judge Rhine was adopted that Democratic clubs be organized throughout the county and that meetings be held to instruct the people upon the issues of the day. A vote of thanks was tendered Chairman McGahren and Secretary Mullally for their labors in the past campaign.

The meeting was largely attended. The committee adjourned to meet on Tuesday, August 11, to complete the preliminary work of arranging for the convention.

#### Electricity Direct from Coal.

A very important announcement now comes from Boston, backed by scientific authority, that Dr. William W. Jacques, of that city, has found a practical method of converting the energy of coal directly into electricity. In a public experiment Dr. Jacques put 100 of his cells in a series, using 8 pounds of coal in 18 1/2 hours, developing a current of 90 volts and 16 amperes, and maintaining for this period thirty 16-candle power lamps at full brilliancy.

His method is the use of electrodes of iron and carbon immersed in an electrolyte of melted caustic soda. The cells are simply iron posts 1 1/2 inches in diameter and 12 inches deep, each containing a cylinder or core of carbon.

Dr. Jacques claims to have secured by this method 82 per cent of the theoretical efficiency of burning coal, and his experiments and figures are vouched for by Prof. Charles R. Cross.

It is this process can be made of practical commercial value it represents the greatest single advance in the development of power since the introduction of steam. At the present time the finest of compound or triple expansion engines only realize something like 15 per cent of the potential energy of coal consumed. At a bound Dr. Jacques proposes to increase this several hundred fold.

#### A Crusade Against Fifth.

In accordance with advice received from the state board of health, the officials of Wilkesbarre are making a concerted move against unclean premises and unsanitary localities which are disease-breeding. The initial step was taken Friday morning when an Italian boarding house was raided. The four boarding houses and about forty-five boarders were arrested.

Mayor Nichols fined each boarder \$55 and costs and the four boarding houses \$20 each. The mayor then made a proposition to the boarding bosses that if they would agree to take four men each and start in under the direction of the sanitary officers and scrub the house from the cellar to the garret, disinfect each room and white-wash the baseboard he would reduce the fines to \$2.50 each. This was agreed upon.

There is more catarrh in this section of the county than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

#### When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

#### Grand mid-summer clearing sale now in progress at the Wear Well Shoe House.

Additional locals on the fourth page.

### BAND ENTERTAINMENT.

#### SATURDAY EVENING'S AFFAIR WAS A NOTEWORTHY SUCCESS.

#### First-Class Programme Rendered at the Grand Opera House Under the Auspices of the St. Patrick's Cornet Band. A Large Audience Was Present.

The Grand opera house was well filled on Saturday evening when D. J. McCarthy delivered his address of welcome, on behalf of St. Patrick's cornet band. Mr. McCarthy reviewed, briefly, the struggles of this well-known organization in its earlier history, and noted the influence it has had in raising the people of the community above the level they occupied twenty-two years ago, when the band was organized. He told how it has lead the advance constantly in what might be properly termed the civilization of this particular section, until it now occupies a very high position. The address was entertaining throughout, and was well received.

Following him came the programme published below, and it can be claimed for it, with due regard for such previous affairs, that it was the equal of anything yet arranged in Freeland by home talent.

With but very few exceptions, the people participating in the following numbers were generously applauded and invariably encored, and their efforts deserved the appreciation shown by the audience. Several of them, in fact, proved themselves to be the equals of many who are traveling as professionals today upon their merits in the same lines of business.

Following is the programme, as rendered:

- PART I. Grand Selection, "Huguenots," G. Meijerbeer. St. Patrick's Cornet Band. Address of Welcome, D. J. McCarthy. Song, "Fifty Years Ago" M. McGrettrick. Stump Speech, "Ain't I Right" Master Leo McDonald. Duett—Parody on "Who Have Seen the Better Days," J. B. Quigley. Frank McKinley and Thomas Quigley. Recitation, "Well, Well, Look at That Now" Frank McGroarty. Song and Dance, "Wake Up, McCormick" E. J. Sweeney. Vocal Solo, "The Old Cow Bell" A. A. Slattery. Star Dancer, "Master Kelly of Mahanoy Plane Vocal Solo, "Let Only Cool Blood Out the Past" J. D. Jennings. Mandolin Quartette, "Medley Overture" Wm. Boyle, D. J. Slattery, Ed. Murphy, John Guest.

- PART II. Song, "Over the Hills at Break of Day" Misses M. Donoherty, B. Curran, R. Boyle, J. D. Jennings, A. J. Slattery. Recitation, "The Convict in His Cell" H. L. McMenamin. Guitar Solo, Master Kelley, of Mahanoy Plane Song and Dance, "Blue Eyes and Pearly Teeth" Misses Katie and May Burns. Vocal Solo, "Madeline" Miss Mary Dougherty. Specialties, "The Tricky Nigger" P. J. O'Neill One-Act Farce, "The Tricky Nigger" Members of the Band. Closing March, "The Band" James Gallagher, of Driften, held the ticket which won the musical instrument. He has not yet made a choice.

#### Elected Officers Yesterday.

At a meeting of the members of St. Patrick's Beneficial Society, No. 103, of the I. C. B. U., held yesterday, the following officers were elected for a year: President—John H. O'Donnell. Vice president—Patrick McElwee. Financial secretary—Thomas Carr. Recording secretary—T. A. Buckley. Treasurer—Condy O. Boyle. Marshall—James Timony. Trustees—James O'Donnell, Patrick O'Donnell, Patrick Brogan. Stewards—Thomas McIlhennan, Frank Brown, Neal Boyle, James Welsh.

The auditors' report showed fifty-one members in good standing. Last year \$199.72 were paid for benefits, and \$356.97 are in the hands of the treasurer at present.

#### Mrs. Lonzer Brings Suit.

A suit in trespass was brought by Catherine E. Lonzer in court on Friday against the Lehigh Valley Railroad Company to recover the damages for the death of her husband, Michael Lonzer. Lonzer was engineer for the company and on January 29, 1896, at Stockton, was thrown under his locomotive and killed. The accident was due to the unsafe condition of the road bed, which was undermined and had sunk.

#### 4,000,000 Tons Next Month.

The anthracite companies have fixed upon 4,000,000 tons as the amount of coal that will be needed during August and mining is to proceed on that basis. In the first six months of 1896 the production was 18,898,654 tons, as against 29,064,158 tons in the same period last year and 19,982,306 tons in the first half of 1894.

#### DEATHS.

Boyle.—At Highland, July 25, Thomas, son of Mr. and Mrs. Thomas J. Boyle, aged 10 months. Funeral this afternoon at 2 o'clock. Interment at St. Ann's cemetery, Breslin.

Edwards.—At Upper Lehigh, July 24, John, youngest son of Mr. and Mrs. John Edwards. Services were held at the residence by Rev. J. T. Griffith. Interred yesterday at Freeland cemetery.

Additional locals on the fourth page.
