ARE THE BONDS LEGAL?

School Board Has a Knotty Problem to Settle Before It Builds.

The borough school board's monthly meeting was held last evening, with Messrs. McCarthy, Timony, Ferry, Smith and Sweeney present. The sale of the proposed bonds was thoroughly discussed. The secretary reported that quite a number of letters asking about the same had been received. There is a doubt, however, regarding their legality, owing to the error which crept into a bill passed by the last legislature, an account of which the TRIBUNE gave some time ago. A private letter to Director Timony from Attorney G. L. Halsey was also read, in which the opinion was given that to increase the district indebtedness to 7 per cent of the valuation it will be necessary to hold four elections, each one year apart. A motion to take the matter before the Board of Trade was lost, and a motion to lay it on the table indefinitely was carried. The opinion prevails that the bond issue will not be made until the defect in the law is remedied next year, and until then the new school building may not be erected.

Bills as follows were presented and ordered paid: TRIBUNE, printing and advertising from April 27 to August 5, \$39.30; J. M. Carr, professional service in special election, \$10; Hazleton Truth, advertising from July 2 to August 5, \$36.30.

It was decided to allow \$1 per day to women for scrubbing the rooms.

Annexation Application.

On September 7 application will be made in court to annex a large portion of South Heberton to Freeland borough. The territory which is proposed to be taken in is located in Foster township and is embraced in the following, as stated in the official notice of application:

Beginning at a point being the north-east corner of the Public park, on present borough line; thence south 86 degrees 15 minutes east 1,800 feet to a stake; thence north 5 degrees 15 minutes east 2,810 feet to a stake; thence along the Upper Lehigh line north 85 degrees 45 minutes, west 5,409 feet to a stake; thence south 5 degrees 15 minutes west 2,840 feet to a point; thence north 84 degrees 45 minutes west 1,570 feet to a point; thence south 4 degrees ten minutes west 1,140 feet to a point; thence south 55 degrees 50 minutes east 230 feet to a point on present borough line; thence along present boundary line of said borough to place of beginning.

Campers Are Enjoying Life.

The Loretto Camping Club is enjoying life in the Public park. The warm weather of the week has demonstrated the value of the park as a delightful breathing spot, and the boys say it is one of the finest places they have yet camped in. Yesterday a number of them went fishing to the Honeyhole, but when they went fish again they will likely get it some other way, rather than walk up and down the mountain. Last year the club camped at Delaware Water Gap.

A Nuisance Caused Him Trouble.

Joe Zwolensky, a saloon man at the corner of Centre and Luzerne streets, was taken before Burgess McLaughlin last week on complaint of Health Officer Ward for maintaining a nuisance on his premises. He was charged with keeping a hog-pen in the rear of the lot, and after every shower the refuse would overflow the sidewalk on Luzerne street. He had been warned many times to abate the nuisance, and as a final remedy was arrested. Joe was fined \$7.75, which he promised to pay.

Repairing the Plank Road.

An effort is being made to raise funds to repair the old plank road from White Haven to Bear Creek, on the route to Wilkesbarre. Several hundred dollars have already been collected. The workmen of Luzerne county are mainly interested in the movement. The road in question is about seven miles long, and, when repaired, the route from White Haven to Wilkesbarre will be one of the finest roads in the county for bicycles.

Second Annual Excursion.

Of the Father Mathew Society, of Wilkesbarre, to New York and the seashore, Monday, August 10. Fare, round trip, from Hazleton, Freeland, Drifton and Jeddo, \$1. Tickets good to return on any L. V. train within seven days. Connect with trains leaving Wilkesbarre at 9.30 a. m.

"SEVENGALA'S" SUBJECT.

Albert Pyne, the Sleeper, Tells About Mack's Hypnotizing Fake.

From the Wilkesbarre Record. Albert Pyne, the young man who was with Walter Mack, late manager of Music Hall in this city, has returned to his home in this city. Pyne was the subject who after being "hypnotized" by Mack, or "Sevengala," his stage name, was laid in a store window in the town in which the show was given, and remained in that position until he was awakened by Mack.

Pyne continued to be Mack's sleeping subject until after the engagement at Bradford, and was left stranded there. He followed Mack to Niagara Falls and demanded his back salary, \$39. Pyne had Mack arrested on a charge of attempting to defraud the people, alleging that he was not a hypnotist and that all his feats were fakes of the first water.

At the first hearing Pyne was on the stand over two hours, during which he told how Mack managed his subjects, and stated that each one was paid for appearing on the stage and that they were instructed to go through the same movements as performed by a young man who traveled with the show.

The trial lasted four days before Justice Parker, who, Pyne says, held Mack in \$500 bail for court.

Before the trial ended Mack offered Pyne, so the latter says, \$10 to settle the case and get out of town, but Chief of Police Dinan said the case must go through. When it was finished Mack had Pyne arrested for extortion, but the latter says when the case was called the prosecutor failed to appear.

Mountain Grove Camp Meeting.

The twenty-fifth annual camp meeting of the Mountain Grove Association, under the auspices of the Danville district of the Central Pennsylvania Methodist Episcopal conference, opened on Tuesday with an attendance far greater than the previous year. Some of the most eminent ministers of the church will be present this week. Bishop Bowman will preach this evening. Bishop Mallonee, of Buffalo, will also speak. A fine new tabernacle has been built and the amphitheatre in which the services are held can accommodate 3,000 people at a sitting.

The camp meeting will be a favorite resort for bicyclists for the next week.

Two Deaths in the Mines.

At No. 5 colliery, Jeddo, Albert Wozewski, a miner, was instantly killed yesterday afternoon by a fall of top coal. He was drilling a hole in his breast when a huge lump, about the size of an ordinary mine car, slipped from its place above him without warning and crushed out his life. He resided at Highland and a wife and three little children survive him.

A fall of top coal covered John Pupa-laski in No. 6 colliery, Upper Lehigh, Tuesday afternoon. He died after being taken out. The unfortunate man resided at South Heberton and leaves a wife and five children.

Wesley League Convention.

The Wesley League of the P. M. church held a successful convention in Freeland on Tuesday. Several important matters were decided on, which it is expected will assist in building up the league in the region. The following officers were elected: President, Rev. James Walker, Shamokin; first vice president, Miss Gould, Freeland; second vice president, H. V. Sharp, Wadesville; secretary, W. J. Harper, Mahanoy City; treasurer, Miss Davis, Girardville. The next convention will be held at Mt. Carmel.

Anthony Ferry Captured.

From the Wilkesbarre Record. A man named Anthony Ferry, who broke jail at Mauch Chunk some time ago, came to the house of James Hill on Sunday, and Hill sent his daughter after a policeman and the prisoner was arrested. Hill notified the authorities and the sheriff came and took him back to Mauch Chunk without calling on Hill. As there is a \$100 reward Hill claims it, and left for Mauch Chunk to demand it. Hill says the sheriff treated him shabbily by not calling on him to learn the facts.

Directors Seriously Charged.

Michael Whalen, James Campbell and Andrew Gallagher, of the Cambola school board, Schuylkill county, have been arrested. Their arraignment was to answer to a charge of taking bribes from school teachers to vote for the latter's appointment in the district, preferred by Patrick Kenna, a taxpayer of Cambola. They entered bail in the sum of \$300 each for their appearance at court.

WORK OF THE COUNCIL.

ANOTHER MAN-HOLE ORDERED AT CENTRE AND MAIN STREETS.

Electric Light Company Asks for the Use of the Borough's Big Ornament. Sidewalks Again Ordered Down—Treasurer Reports Money All Gone.

The members of the borough council met on Monday evening in regular session. Those present were: Messrs. Rutter, Neuburger, Brislin, Meehan and Zemany. The following bills were read and approved: E. U. Turnbach, repairs on tools, \$6.61; Wm. Williamson, supplies, \$3.40; Boyle & McMonigle, sand, \$3.00; Hugh Boyle, janitor's salary and feeding prisoners, \$12.75; Anthony Haas, burying animals, \$1.25; Tribune, publishing ordinance and printing handbills, \$7.70; Electric Light Company, \$241.66.

The following bills were returned for correction: Freeland Lumber Company, \$13.67; M. Halpin, \$12.18; Climax Road Machine Company, \$9.78; Progress, \$7.20.

Street Commissioner Moore reported 54 feet of twelve-inch pipe damaged and 27 feet of fifteen-inch. Secretary Buckley was instructed to deduct this from the original bill, and to draw an order for the balance due J. A. Hutchins & Co., amounting to \$645.32.

William B. Fry, of Drifton, asked that some means be taken to prevent the overflow of water from the gutters running on his property on East Main street. The street commissioner was authorized to investigate the matter.

Treasurer McLaughlin's report was read, showing balance on hand at last report, \$1,687.98; paid out on orders, \$1,719.37; amount overpaid, \$31.39. The report was accepted.

Burgess McLaughlin's report was read as follows: Collected from fines, etc., \$3.50; fees and commissions, \$10.20; due the burgess, \$6.70. The following amounts were returned for police services: James M. Gallagher, \$5.40; Patrick Welsh, \$11.90; Anthony Haas, \$1.25; Daniel Gallagher, \$3.40; James J. Kennedy, \$1.40; Edward Doggett, \$2.40; total \$28.75. The report was approved.

A communication was read from the Electric Light Company, asking council to loan them the use of the stone crusher and to fix a rate for the same. It was decided that a committee be appointed to meet the superintendent of the light company, with full power to act. The committee appointed Messrs. Meehan, Brislin and Zemany.

Surveyor Kealy presented his report of work done for July, together with an itemized bill for all work done, amounting to \$81. The report was accepted.

The street committee was authorized to procure the necessary corner stones, as recommended by the surveyor, and was also directed to have the street commissioner proceed at once to lay sidewalks, curbing and ditches along the properties of all persons who failed to comply with the notice given them, and to charge the cost of same, with 20 per cent additional, to the property owners.

Mr. Meehan spoke about a nuisance on the alley between Luzerne and Carbon and Centre and Ridge streets, and the matter was referred to the street commissioner to have it abated at once.

The secretary was instructed to notify the Electric Light Company to have the light on East Main street removed further east.

Mr. Neuburger took the floor and severely criticised the street commissioner for neglect of duty in not having sidewalks and gutters laid in front of properties, whose owners failed to comply with the borough ordinance, and also for not beginning work on the public sewer leading from Walnut street to the Washington street school building. A general discussion took place and at its close the street commissioner was told to proceed at once with all such work, and to have another manhole built at the intersection of Centre and Main streets. He was also instructed to notify all persons owning lots fronting on Adams street to have ditches, curb and sidewalks put in inside of sixty days.

The secretary was authorized to communicate with the Climax Road Machine Company in regard to time worked by Roger McNeil at the crusher previous to the date it was purchased by council.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J.
