A summons in trespass was issued on

September 18.

A summons in trespass was issued on Friday to Patrick McCloskey, of Hazleton, through his attorney, John T. Lenahan, against the Lehigh Valley Railroad Company. The plaintiff was a passenger on the train which ran off the track at Pond Creek last month and he was permanently disabled by the accident.

LOST HIS RIGHT LEG. Hungarian Fell Asleep on the D. S. & S. Tracks and Was Run Over.

John Pavoloko, of Drifton, spent Friday evening in town and when he start day evening in town and when he started homeward had a superabundance of beer on board. He got along tolerably well until he reached No. 2 breaker, Dr.ffon, where he met the tracks of the D. S. & S. Railroad. He followed them until he came to the signal switch near the bridge which crosses the Lehigh Valley road. There he became tired and laid down to sleep. Some time during the night a train came into Drifton, and John was given a sudden awakening by feeling the locomotive and cars rushing over him.

rushing over him.

His right leg was across the rail and this was severed from the body. The trainmen did not see the unfortunate man nor feel any jar, and he laid there writhing in pain until 4.30 o'clock Saturday morning, when he was found by the crew of the first outgoing train. He was picked up and taken to Hazleton hospital, where he died yesterday.

An Amboy train came into Drifton at 1 o'clock Saturday morning, and it is

A Verv Large Picale.

A Very Large Picnic.

What was probably the largest picnic over held in the Lehigh region took place at Hazle park on Saturday. The affair was under the auspices of St. Gabriel's church, of Hazleton, and was attended by people from the North and South Sides. The Liberty band and St. Patrick's band were present, and it is estimated that at least 10,000 persons were on the grounds. The Lehigh Traction Company, although taxed to its utmost capacity, handled the large crowd without an accident.

Death of an Old Lady.

Another old resident died on Thursday Another old resident died on Thursday night in the person of Mrs. Sarah Bonner, at the home of her daughter, Mrs. Ralph Sweeney, at Oneida. Deceased was well known throughout the region, Four sons and two daughters survive her. They are: Patrick, of Hollywood. John, of Lattiner; James and Chas. of Harwood: Mrs. Ralph Sweeney, of Oneida; Mrs. J. C. Sommers, of Hollywood. The funeral took place on Saturwood. The funeral took place on Satur-

THE TIGERS LOST.

Defeated by Mauch Chunk by a Score of 5 to 3 on Saturday. The Tigers went to Manch Chunk on Saturday and met the ball club of that Saturday and met the ball club of that town, and were defeated in a pretty but hoisterous game. Each side scored in the first inning, the Tigers getting three, runs and Mauch Chunk two. From then until the sixth inning both teams played good ball. Mauch Chunk, however, by timely hitting, scored three more runs and wen the game. Owing to the ease with which the club of the town, was defeated by the Fearnots a week previous, Manager Hanlon made

twn was defeated by the Fearnots a week previous, Manager Hanlon made no effort to strengthen his nine, and the Tigers left here with a combination considerably weaker than they usually place upon a diamond.

The local battery did fair work, but not equal to what it should be. Mayer, of Hazleton, was the pitcher, and has not played since early in the season. Gaffney caught him, filling a position which he has not played in for over three years. Mayer was hit hard at the proper time and to this, partly, is do the loss of the game.

three years. Mayer was hit hard at the proper time and to this, partly, is do the isos of the game. The Freeland people were highly amused at the quality of umpiring in vogue at Mauch Chunk. Mr. Horn, who officiated, was exceedingly partial to the club of his town, and thought nothing of reversing his decisions or revising the rules of the game when a point could be scored in favor of the Chunkers. He was bravely supported in his rulings by the unruly mob of spectators, and showed himself open to intimidatoin all through the game. Upon several occasions the visitors suffered by the unjust decisions, but recognizing that the fame of Mauch Chunk depended upon the result of the game the Tigers let them have their own way.

Mauch Chunk had a strong club on the field, one that was able, probably, to defeat the Tigers, as constituted last. Saturday, without the assistance of the spectators or the umpire, and the vieters would have been more creditable.

Mauch Chunk at present is the craziest lown in the United States over base ball, and it would have been heartless cruelty for the Tigers to have beaten their club last Saturday.

The Fearnots gave a first-class exhibition yesterday in a game with the Athletics. They played an errorless game and shut out the Hazleton club by a core of 5 to 0.

At Lattimer yesterday the Travelers were beaten, 14 to 7. -MpAdoo failed to appear on Milnes-ville grounds yesterday, and the game was awarded to the latter club.

TRAIN SERVICE CHANGES.

TRAIN SERVICE CHANGES.

Several Alterations Made in the Schedule
on the Local Division.

From the Hazleton Plain Speaker.

Beginning on Monday next the following changes will take place on the local
division of the Lehigh Valley Railroad:
Train No. 384 now leaving Hazleton
for Freeland at 12.27 p. m. will be discontinued between Hazleton and Lumber
Yard, from which point there will, however, connections be made to Freeland.
Train No. 294 now leaving for Freeland. Train No. 204 now leaving for Freeland

Train No. 204 now leaving for Freeland and Wilkesbare at 4.45 p. m. will leave at 4.50 p. m. This will be the last train running from Hazleton to Freeland.

The slik milt train will arrive at Freeland at 6.46 p. m. This will be the last train from Philadelphia, New York and castern points, to the North Side, as train No. 20 with the chair car attached will have no connections at Lumber Vari

have no connections at Lumber Yard. The 8.15 p. m. train will not go through Stockton nor make any Freeland connec-tions, but will instead leave at 8.05 p. m. for Mauch Chunk to make eastern and western connections and will run via Audenried, Beaver Meadow and Weath-erly to Mauch Chunk and return to Hazleton as at present, arriving here at 10,25 p. m.

0.25 p. m.

The 10 p. m. train to Stockton and aumber Yard will be discontinued, also he 10.30 p. m. train to the South Side.

No freight crews will, according to the esent schedule, be allowed to run pas

enger trains. The local passenger crews will by this satisfactory runs than they have had for

years.
The company could give the people of Hazle Brook, Eekley and the North Side better connections at the Lumber Yard with train 13 for Hazleton by leaving 10 minutes earlier from Freeland with the train that now makes connection at Lumber Yard with east bound train 20.

The Democratic delegate elections will be held on Saturday evening and the county convention takes splace next. Tuesday at Wilkesbarre. Voters should exercise good judgement this year in selecting representatives to this convention. Men who have the principles of modern Democracy at heart are the only safe kind to endow with the honor of making the ticket and platform. The prospects of a sweeping victory in Luzerne were never brighter, but these prospects may be blighted if the work of the convention is not satisfactory to the majority of the party.

George Markle, of Hazleton, attended the Bryan reception in New York city

George Markle, of Hazleton, attended the Bryan reception in New York city last week, and assured the candidate that silver has a strong following in the Republican party throughout the coal regions. Mr. Markle was one of the first free silverites in this county, and, despite his Republicanism, he is working hard for Bryan and Sewall. His confidence leads him to believe that Pennsylvania can be carried if a determined and united effort is made by the bimetallists of the state.

In the fourth legislative district alone

an impossibility for any of them to become displaced during any kind of running. The track whoels are held in position by sidebars which hinge around the center middle wheel. The hinging ir renders the trucks flexible and provides for the engine a sort of endless track of moving wheels, which are always smooth.

It is said that the vibrating notion eommonly imparted to the locomotion in high running is done away with by this device. Each truck wheel has a large and small diameter and works on the cog principle, but friction takes the place of cogs. The larger rim rests upon the rail and the small rim extends outwardly over the tires.

Mr. Holman expects, by the way, to develop a speed of 120 miles an hour, and among those who hope he may do so are half a dozen of Freeland's business men.
