Tailor-Made Clothes

Are the proper kind for all men to wear. Why spend your money for ill-fitting ready-made suits when the same amount will get you neat, stylish clothes, with the material and workmanship guaranteed? Refowich is the acknowledged leader of tailor-made clothes, and he has hundreds of webs of cloth to choose from, not samples, but the real material. Call on him when you need a suitorovercoat. Prices at his establishment are lower for tailor-made clothes than others charge for the product of New York sweat-shops.

He Is Not Anybody's

Remember that Refowich is a manufacturer, not Mr. Somebody's agent. When he takes your order the work is done right here in Freeland. The money stays in town and is paid out to Freeland men and women whom he employs. Don't think that agents can give you as much value for your money as he can. It is an impossibility. He manufactures cheaper than city merchants, and, having no commissions to pay, no large rent ing no commissions to pay, no large rent to pay, and no other unnecessary ex-pense, he can and does give you more for your dollars than any other tailor.

Patronize Home Industries.

dustries.

Not because Refowich tells you, but because it is to your interest. If he can give you better clothing cheaper than an agent can, and your orders give employment to your friends who make clothes, is it not to your interest to patronize the home industry? Consider carefully before you send your money to some city sharper whom you never saw and who cares not whether he ever gets another order from you. Leave your measure with

by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deafness,
and that is by constitutional remedies.
Deafness is caused by an inflamed condition of the nuccus lining of the
eustachian tube. When this tube gets
inflamed you have a rumbling sound or
imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflamation can be taken out
and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by
catarrah, which is nothing but an inflamed condition of the nuccus surfaces.

Powell, the magician, entertained a fair-sized audience at the Grand last night. Mr. Powell's legerdemain is most attractive and is performed with great dexterity and originality. He works with a quickness and deftness that is marvelous. Many of Mr. Powell's tricks are of his own invention, the most wonderful of which being the trunk mystery and the cremation scene. Some of the tricks are seemingly impossible, yet they are only tricks and all this possibly is due to the cleverness of the man. Mr. Powell certainly has earned the proud distinction of being classed among the foremost magicians of the age.

lated, They Issued Orders on the Mone; and Divided It Among Themselves Now on Trial for Their Crime.

A highly sensational case is being ried at Pottsville, wherein the members of the school board of Blythe township of the school board of Blythe townships are charged with misdemeanor and gross frauds. The defendants, James Kenna, Martin Delaney, Joseph Clemens, Michael Conroy, Michael Whalen and Michael Brennan, who constitute the board of the township, have pleaded guilty, after the examination of a number of witnesses who furnished damaging evidence against them. Michael Brennan, secretary of the board, acknowledged his guilt first and was the star witness in the case.

Brennan had the order and minute book before him while on the stand, but

Brennan had the order and minute book before him while on the stand, but the latter was of no value whatever, as in no instance did the minutes show who attended the meetings or what business was transacted beyond the payment of teachers' salaries. Brennan explained this by saying that it was arranged that he need not bother about bringing either the minute or order book to the meetings. Witness said that himself and the rest of the directors got something out of every order issued.

himself and the rest of the directors got something out of every order issued. In 1894, when orders were drawn for paying the teachers for attending the county institute, the directors stuck it into their pockets, witness declared, and that the teachers received nothing. In August, 1894, an order for \$174 was drawn in favor of Matthew Whalen. Out of this order each director received \$10. On August 4, 1894, an order was \$10. On August 4, 1894, an order was \$10. On August 4, 1894, an order was drawn for \$32.50 in favor of the board for expenses to Pottsville.

Shortly before this an order was draw Shortly before this an order was drawn for nearly \$300 to pay for preparing plans and superintending the erection of a new school building. Out of this every member of the board who had a relative teaching in the district received \$5, while witness and Kenna, who had no one teaching, received \$65 each. Another order was drawn in favor of Bernard Doughett or \$310 for reading the part of the property of \$10 for reading the part of the p Bernard Dougherty for \$310 for repairing school buildings. U1 on another occasion, a witness testified, the board determined to purchase supplies. For this purpose an order for \$200 was drawn, but only \$50 was expended for supplies, each director receiving \$25 from the order. Later, supplies to the amount of \$22.50 were purchased, but the order for paying it was made out for \$45, the difference being divided amount the directors. The was made out for \$45, the difference being divided among the directors. The board determined to purchase a stove upon one occasion. An order for \$90,10 was drawn for the payment of the bill.
