Murry and Murphy's Comedians.

The well known operatic comedy.

"O'Dowd's Neighbors," which is to be presented at the Grand this ovening by Murry and Murphy's comedians, supporting Mark Murphy, is probably the boldest theatrical venture in the history of this class of amusement. In organizing this attraction nothing was done in haphazard shape. From the moment the comedy was written everything was operated in the most business like manner, the best of talent was engaged and the most skilled artists and costumers were put to work to even out-do themselves. The attraction is being boomed as no other has been and nothing is left undone to advise the multitude of its coming. "O'Dowd's Neighbors" is a most excellent operatic comedy and everything connected with its production is of the very best that money could purchase.
