**Lengthy Session of Council on Monday Evening in Which the Chief Business Consisted of Paying Bills—Police Force Confirmed—More Lights Wanted.**

The members of the borough council met in regular monthly session on Monday evening, all members being present. The following bills were ordered paid: John Molick, burying animals, \$10.50; William Birkbeck, supplies, \$5.20; Freeland Lumber Company, lumber, \$5.80; Wm. Williamson, supplies, \$3.93; Dominick O'Donnell, coal, \$8; R. C. Roth, repairs on tools, \$1.37; M. Halpin, repairs on tools, \$1.80; Wm. Ward, disinfecting houses, \$9.40; L. V. R. Co., freight, \$29.29; Hugh Boyle, janitor and feeding prisoners, \$13.50; Hazleton Machinery Co., steam gauge, \$3; C. F. McHugh, auditing annexation proceedings, \$300; J. J. Ward, salary as health officer, \$30; Dr. J. H. Cloud, secretary Board of Health, \$10; Press, advertising annual statement, \$16.60; TRIBUNE, publishing auditors' notice and annual statement, \$17.35. A bill for \$241.66 from the Electric Light Company for April was read and ordered returned for correction. One from John Danaker, for crossing stones, amounting to \$202.57, was also held over until the street commissioner measure the same.

Street Commissioner Boyle reported having spent \$444.25 on the streets for April, and the same having been approved by the street committee the bills were ordered paid.

Burgess Gallagher reported having collected \$26.25 for fines, fees and permits; expenses, \$8.60; balance due the borough, \$17.65. Police expenses, \$9.75. The treasurer reported having received from all sources, \$8,217.38; paid out, \$5,729.45; balance in treasury, \$2,587.93.

An ordinance was presented by Councilman Miller, relative to Sunday shaving by barbers. After it was amended in several particulars, it was passed finally, all the members voting aye, and was ordered to be published a local newspaper. Before the final passage of the ordinance ex-Councilman Neuberger strongly opposed it in its present form, and said that it was special legislation; that to make it more effective it should include the closing up of all business places in the borough on the Sabbath as well as barber shops. No action was taken on his suggestions.

Attorney John M. Carr presented an ordinance from the Central Pennsylvania Telephone and Supply Company. The ordinance is an exact copy of the one rejected by council three years ago, and which was later amended by council to include the taxing of the poles. After reading the ordinance it was laid over.

A petition was read from residents of Washington and North streets and Centre and North streets in the newly annexed portion of the borough, asking that council place two arc lights on those streets. The president appointed Messrs. Rutter, Zeman, Mulhearn, Miller and Davis as a committee to investigate the matter, and also to inquire into the propriety of having additional fire plugs placed along Front street in Alvirton.

Attorney John M. Carr, to whom was referred the duty at the last meeting of preparing blank form to be filled monthly by the borough officers, submitted copies of the same. They were referred to the different committees to examine and see what changes, if any, are needed.

Complaint was made by the street commissioner that a well on the south side of West Walnut street was in a dangerous condition. The street commissioner was instructed to examine it and suggest the necessary repairs.

A communication was read from the Lehigh Traction Company, offering to deliver broken stone to the borough along its tracks at the rate of 90 cents a ton, the stone to be a little larger than the kind the company is using itself. Also, one from Matthias Schwabe, to deliver to the borough, free of expense, in any part of town, crushed stone at 90 cents a ton, or in the rough, to be crushed by the borough, at 60 cents a ton. After the matter of purchasing was discussed at some length it was decided to advertise for bids to furnish stone. The street commissioner was instructed to prepare specifications as to the quantity needed.

A resolution was passed that on all streets south of South street pavements, curbs and ditches be laid within sixty days, and that the street commissioner have notices served on the owners of such properties as have failed to comply with the law; if not done at the expiration of sixty days that the work be done by the borough at the expense of the property owners, with 20 per cent additional.

An order was drawn on the treasurer for \$390 in favor of Margaret Dever, for the amount of damages decided on by the viewers for sidewalk on Centre street, between Walnut and Chestnut, and it was decided to notify her to have the fence removed within ten days, otherwise the borough will do it and

charge the same to her.  
The street committee was instructed to look after the giving of grade to people who want to put down sidewalks and curbstones; and if the borough surveyor cannot spare time to do the work that they employ another.

The following police, presented by the burgess, were approved: Chief, Patrick McLaughlin; specials, Patrick Welsh, Daniel Boyle, James P. McNellis, M. E. Fritzing, James Kennedy, Bernard McFadden, John Murrin, Stanley Novak, James Hough. They were sworn in by Squire Buckley.

The bill of William Williamson, which was laid over last meeting, was ordered paid. Ex-Street Commissioner Moore certified to its correctness. The amount was \$12.94.

The street committee was authorized to take an account of all tools belonging to the borough. The bill of \$3 presented by Daniel A. Furey for two red lanterns, alleged to have been taken from him by ex-Street Commissioner Moore, was taken up and discussed and a motion made to give him two new lanterns or their equivalent in cash.

An invitation was read from C. B. Cox Post, G. A. R., requesting council to participate in the Memorial Day parade. It was accepted.

John Fisher asked that he be allowed to sink a cess pool on his property on North Centre street. The matter was referred to the street committee.

William H. Butz asked for grade on his lot on North Centre street. It was referred as before to the street committee.

Mrs. Mary Malloy was exonerated from dog tax.

The directors of the Citizens' Hose Company requested council to have the annual appropriation of \$100 paid over to them, and the secretary was instructed to have an order drawn on the treasurer for the amount.

**Must Pay Dearly for His Learning.**  
From the Wilkesbarre Newsdealer.

An interesting case involving the rights of tenants and landlords was heard by Alderman Donohue Monday. John Lancashire is a tenant living in a house of Louis Smullyan, this city. On January 2 last Lancashire moved into the house and by the provisions of the lease he was to pay \$6 a month. He paid his rent February 1 and March 1, after which there was no rent due until April 2. On March 26, however, the landlord sent Constable Evans with a distrainted warrant to collect the amount of rent for the month of March. The constable compelled Lancashire to pay the money, together with the costs, amounting in all to \$7.

Lancashire consulted his attorney, John T. Lenahan, and the result was that he brought suit against Smullyan for \$100 damages. At the hearing the landlord stated, by way of defense, that he was ignorant of the law and was afraid that if his tenant moved April 1 he could not collect his rent. Squire Donohue told Mr. Smullyan he had made a mistake; that a landlord in Pennsylvania has such extraordinary powers with tenants that they must be very careful how they proceed to collect rent. If they make a mistake, said the squire, as in this case, they must pay for it. He therefore entered judgment in plaintiff's favor for the amount claimed, \$100.

**Tendered a Farewell Party.**

A farewell party was tendered Miss Maggie Herron at her home on Front street on Tuesday evening by several of her lady friends of Freeland and Drifton. The affair was arranged without the knowledge of Miss Herron, and was a complete surprise to her. The company brought with them an abundance of all the good things of the season, and the evening was pleasantly spent. Rev. Francis Mack, of St. Ann's church, also called during the festivities and helped to entertain the company. Among those present were the following: Misses Rose Gillespie, Bridget McGeehan, Maggie L. Ferry, B. V. McTigue, Mary and Maggie Ferry, Mary and Bridget Herron, Freeland, and Misses Bridget McGeehan, Annie O'Donnell, Mary and Bridget McElwee, Drifton.

On Saturday Miss Herron will enter the convent of the Order of Immaculate Heart, at Carbonate. Misses Maggie L. Ferry and Bridget McGeehan, of Freeland, will accompany her and witness the ceremonies.

**Young Man's Remarkable Recovery.**

Mr. and Mrs. James Kelley, of Moosic, have just received word of their son's remarkable recovery from what seemed a life-long affliction. About a year ago the son, Fred Kelley, was peculiarly afflicted. He went to bed one night and on arising the next morning he had lost his speech. He could hear plainly enough but could not speak. He was taken to an hospital in Michigan, where after five months' treatment he has recovered his speech. For four days he lay in a comatose state. An operation was performed upon his throat and neck, which proved successful. He began to improve at once, and in less than a day his powers were restored. He will return home in a couple of weeks.

## SCHOOL BOARD MEETING.

A Quiet Session Held Last Evening and Several Matters Acted Upon.

The borough school board met last night with Messrs. Sweeney, Ferry, Timony and Rute present. The latter was elected president pro tem. The secretary read a statement of the condition of the district up to the present time, which showed an expenditure of \$7,023.20; balance in hands of treasurer, \$618.98. The following bills were ordered paid: Mrs. Doulin, cleaning, \$5; Cross Creek Coal Company, coal, \$21; TRIBUNE, advertising, \$3.80. It was also decided to pay the teachers the balance of their salaries.

Myron Zimmerman requested the board to youch for him in his application for a permanent certificate. Misses Kate Timony and Bid McLaughlin, who have now taught the required two terms, also asked for the board's approval, in order to get their normal school diplomas. The officers of the board were instructed to attend to the matter.

The board decided to re-insure the Washington street school for \$3,000 with Mrs. S. E. Hayes.

Director Rute reported that the South Heberton school was broken open and that he sent a man to repair the locks. The board will meet Friday evening of next week, and it is thought they will have no trouble in disposing of the bonds on that evening.

**Prison Warden Goes to Jail.**

Less than four months ago Tilghman J. Desher was warden of the Lehigh county prison. Today he is a convict in the institution over which he formerly presided. Early in the year discrepancies were found in his accounts. The investigation was followed by charges of embezzlement and forgery. At the April term of court he was arraigned and pleaded not guilty. This plea he subsequently withdrew and entered one of guilty.

Judge Albright imposed the following sentence: On the charge of forgery, \$25 fine, costs and six months' imprisonment; embezzlement, \$75 fine, costs and one year and six months' imprisonment. Desher took his sentence stoically.

**Board of Health Meeting.**

The regular monthly meeting of the Board of Health was held last Friday evening. The health officer reported that no cases of diphtheria or scarlet fever existed in the borough during April nor did any prevail during the preceding month. He also stated that those who were in the habit of placing oyster shells on the street have been instructed to discontinue the practice. The board desires all to know that an inspection of houses and alleys will be made by the health officer and one or two members of the board the latter part of this week.

**Traction Company Furnishing Stones.**

A carload of crushed stones was run to the electric road terminal, at Centre and South streets, by the Traction Company this morning. Street Commissioner Boyle had no knowledge that the stones were ordered by the borough, nevertheless they were dumped at the point mentioned. At last accounts the street commissioner was looking for the councilmen, to learn what is to be done in the matter. According to the action taken on Monday evening, which is published in another column, the council decided to advertise for the furnishing of stone.

**An Expensive Election Contest.**

The contest instituted by Mr. Lyon, the Republican candidate for judge in Schuylkill county in 1895, against Judge-elect Dunn, is still going on. Lyon's side of the case is not yet finished, and Dunn's witnesses have not yet been heard. A year and a half has already been consumed in hearing the testimony. The three judges who are sitting on the case have given Lyon until June 1 to finish his side. The expenses, to the end of last month, have been figured up. They amount to \$12,159.38. This must be paid by the taxpayers of the county.

**Must Face the Charge Again.**

John Broat, of Hazleton, was taken before Judge Bennett on Tuesday morning, being arrested at Hazleton, charged with killing a man there several weeks ago. Broat has been arrested before on the same charge, and on a habeas corpus hearing was released on bail. The grand jury later ignored the indictment. Broat was rearrested the other day and Judge Bennett released him of \$85,000 bail, which was furnished by four prominent residents of Hazleton.

Next Sunday's schedule of the Anthracite league calls for Freeland at Drifton and Hazleton at Lattimer.

## Rockafellow Again on Trial.

Ex-banker F. V. Rockafellow was again placed on trial this week for embezzlement, the prosecutrix being Mrs. Annie Meier, one of the last-day depositors. It was this case which was taken before the supreme court on the contention by the defense that, having been convicted on one count of the indictment there being some prosecutors, Rockafellow could not be tried on the remaining counts, the trial of one being the trial of all. The defense was sustained by the lower court, but the decision was reversed by the supreme court.

The trial was accordingly called on Monday, and, as all the Luzerne county judges are depositors in the bank, or otherwise personally interested in this case, Judge Searle, of Montrose, was requested to preside.

A motion was made to quash the indictment, on the ground that it did not show that the witnesses before the grand jury had been sworn. This was overruled. The selection of the jury was not completed until Tuesday morning.

The trial is dragging along slowly. The aged ex-banker is in the prisoner's dock every day and weeps copiously when reference is made to his misdeeds. He gives no sign, however, that he intends to tell what became of the great amount of money he stole from the depositors. It is supposed he is shielding some one, and while he continues doing this no mercy will be shown him by the prosecutors.

**Famous Case Disposed Of.**

James Miller, John Bird and George Jordan, the last three of the gang of seven colored people, who were charged with blowing up the shanty on the Wilkesbarre mountain over two years ago, were set at liberty Monday morning by Judge Bennett, when District Attorney Fell entered a nolle pro, in the case against them. Of the seven who were first arrested Neise Miller was convicted of first degree murder, mainly on the evidence of Frank Shaffer, but he died in prison before the sentence could be carried out. Then Schaffer was convicted on his own testimony in the previous trial, but the Board of Pardons recently recommended a change of the death sentence to life imprisonment. Hester Brace and Mrs. Miller were released a few weeks ago on a habeas corpus hearing secured by Miss May Trecoff, and now the discharge of the other three disposes of this famous criminal case.

**Eleven Years in the Penitentiary.**

Nineteen-year-old John Cononath, charged with the murder of Jacob Gilletta, aged 20, pleaded guilty in court on Monday morning and was at once sentenced to eleven years in the Eastern penitentiary, at separate and solitary confinement. The murder occurred at Port Griffith January 12, and was the result of a spree in which a half-barrel of beer was consumed. The young-bellows began to wrestle. Then a fight ensued. The prisoner, maddened with drink, seized a butcher-knife and plunged it into the neck of Gilletta, severing the jugular vein. His victim died in two minutes.

**Handsome Church to Be Dedicated.**

St. Leo's Catholic church at Ashley, which is reported to be one of the handsomest religious edifices in the state, will be dedicated on June 6. The building of the church was begun ten years ago by Bishop Hoban, who is still pastor, not yet having taken up his official residence at Scranton. Monsignor Martindale, the Papal delegate to the United States, will celebrate the mass on the day of dedication. Efforts are also being made to have Archbishop Ryan, of Philadelphia, and Dr. Conaty, director of the Washington university, preach there the same day.

**Applying for More Wards.**

Attorney C. O. Stroh yesterday presented a petition to court to have commissioners appointed to divide the North ward of Freeland borough, into two or more wards. The petition is signed by over forty property holders and residents of the North ward, and was properly sworn to. The court appointed the following commissioners: C. H. Bates, Abner Smith and P. F. Loughran. Notice of the time and place of meeting of the commissioners will be made known later.

**Found Dead on a Railroad.**

The dead body of a young man was found on the Lehigh Valley Railroad at White Haven yesterday. It is supposed that he fell off a freight train which passed through the town the previous night. Later in the day it was learned that his name was William Torton, of St. Clair, Schuylkill county, who had left his home a short time ago. The remains were taken to St. Clair by his father.
