 Reports of the exports of domestic products show that this country will be depended on more than ever this winter to feed the world.
 There's many a rest on the road of life, If we could only stop to take it: And many a tone from the better land, If the querulous heart would wake it. And whose beam the of faileth. The grass is green and flowers are bright. Though the wintry storm prevaileth.
 There's many a gem in the path of life, Which we pass in idle pleasure, And many a tone for on the better land, If the querulous heart would wake it. The grass is green and flowers are bright. Though the wintry storm prevaileth.
 There is many a gem in the path of life, Which we pass in idle pleasure, And the scheme the would wake it. The the querulous heart would wake it. The grass is green and flowers are bright. Though the wintry storm prevaileth.
 There is many a gem in the path of life, Which we pass in idle pleasure, Or the miser's hearded treasure. Or only a buggar gratefait thanks For a cup of water given.

dropped the orange that he held into the water in his tub and starte'i to the tally-ho. But he took only a step, then went back. The girl on the front seat had turned to the others. "Can't we get out for a while? I'm sure we are all cramped and tired, and I should like to watch this pretty scene for a bit."

## H. N. BANCROFT'S Partial List of Ohio Farms FOR SALE OR EXCHANGE.

Location of Ashtabula County.

taking." The idea of a chainless bicycle is not by any means new. As far back as 1893, a firm had put on the market a berey leared wheel, and not a few of these machines may still be seen upon the road, and are apparently giving satisfaction, although, for some reason, there has never been any great demand for this type.

<text><text><text><text><text>

for some reason, there has never been any great domain for this type. **Haster Thompson. Epigrams.** Dr. Thompson, the famous master of Trinity College, Cambridge, is regard-ed chiefly as the sayer of sharp, withy and often bitter epigrams. He said of Ely, where, as professor of Greek, he held a canonry: "The place is so damp that even my sermons won't keep dry there," and at a college meeting, where some of the young follows were treat-ing with very little respect the opin-us is quite infailible, not even the youngest." Of an amiable and excel-tent scholar he said: "The time that he spends on the neglect of his duties he wastes on the adornment of his per-son," and of an eminent professor, whose first lecture he attended: "I lib-tle thought that we should so soon The rookerles of the plumed birds of Prof. \_\_\_\_\_\_ The rookeries of the plumed birds of Florida are nearly deserted. The birds have been disturbed so often that they have left the old breeding places. Many species are nearly extinct-even the white egret is becoming scarce.
