A free entertainment will be given in the basement of St. Paul's P. M. church on Monday evening by the Juvenile Christian Band, after which refreshments will be served at a small cost. An enjoyable evening is anticipated.

Services for Sunday next at St. Paul's P. M. church are as follows: Preaching at 10:30 a. m. and 7 p. m. Morning subject, "A Mad King's Reckless Act in Using a Pen-Knife to Fight God and Its Results." All are welcome. Rev. S. Cooper, pastor.

George McLaughlin, Esq., has opened an office in Hadesty's building, South Centre street, where he can be found by persons desiring legal services. Mr. McLaughlin is a bright young man who gives evidence of sound making his mark in the profession.

Timothy Boyle has been appointed fire warden for the Cross Creek Coal Company. He tours the woods of the vicinity daily and extinguishes incipient blazes. This company's example in protecting the brush from fire could be followed with profit by other corporations.

Cox and Mrs. Rebecca Cox furnished the trees and took part in the ceremonies. Both ladies are earnest advocates of tree-planting and forestry protection.

The Easter Monday ball of St. Patrick's band fulfilled all expectations. The ball was crowded from early in the evening until Tuesday morning and all thoroughly enjoyed themselves. The Freeland meeting will be held at Yannes' hall.

The committee recently appointed by the Board of Trade to investigate a large manufacturing plant in a neighboring city, with a view of bringing it to Freeland, has not yet visited the industry. The latter's officials are not quite ready to consider propositions, hence the delay of the committee in carrying out the Board's instructions.

County Commissioner John O'Donnell and Mineralogist Neal O'Donnell, of East Mauch Chunk, claim to have located four ledges of gold and copper bearing quartz in the mountain along the railroad between East Mauch Chunk water station and the Packerton iron bridge. The overturning of a lamp in the basement of the First Baptist church, corner of Ridge and Walnut streets, raised the cry of "fire" on Tuesday evening, and in a few moments the big bell was clanging. Mrs. Myron Brittain, of Cambra, near Shickshinny, died on Tuesday morning. Mrs. Brittain attempted to end her life on March 15 with a razor. She had been suffering from fits of despondency for some time and was being kept under close watch. At the time mentioned her husband had left the house for a few minutes and returned to find that his wife had slashed across her wrist with a razor. Before he could reach her she had drawn the razor across her throat, half severing the windpipe, but escaping the jugular vein. The wound did not result fatally until Tuesday. Mr. Brittain was deputy warden of the prison from 1884 to 1886 and he is well-known throughout the county. Deceased is survived by a husband and two children.

## Jennings Case Again.

The famous case of John G. Jennings against the Lehigh Valley Railroad Company, growing out of the Mud Run disaster and which has kept the courts of Lackawanna county in a turmoil for five years, and caused charges to be made against almost everybody connected with the administration of justice thereabouts, is to be tried again. About a year ago the case was tried before Judge D. W. Searle, of Montrose, especially presiding, and a verdict was rendered in favor of the plaintiff for \$1. He sought a new trial, and Judge Searle granted it on Monday, on the ground that errors were committed in the trial of the case.

## Dump Garbage in the Cave-ins.

John Wagner, as representative of the Cross Creek Coal Company, has notified the borough council (through its secretary) that unless more care is exercised by the borough in preventing people from dumping garbage along the lands of the company, the privilege heretofore granted to the borough of dumping garbage in the cave-ins will be revoked. Mr. Wagner yesterday caught a business man of town in the act of dumping garbage on the company's land, west of the place set aside for such purposes.

## "REMEMBER THE MAINE."

With This as Their Battle-Cry, Americans Will Free Cuba.

The indications this morning are that within the next twenty-four hours the United States government will be ordered by congress to proceed to secure for Cuba a free and independent republic, and to avenge the destruction of the Maine by waging war upon its destroyers, the Spaniards and their government. In the house of representatives yesterday a resolution which practically contains a declaration of war was passed by the overwhelming vote of 220 to 19, and it is confidently predicted by Washington dispatches that the senate will agree to the resolution today.

The news of the action of the house yesterday was sent broadcast through the country last night, and it met a hearty response in every city and hamlet of the United States.

The repudiation of the Hannaites and other "peace-at-any-price" money-mongers caused a wave of patriotism to sweep over the land. For the present the tringing message of the president has been forgotten, the people feeling secure that congress will do its duty to humanity by freeing Cuba and avenging the Maine's death.

## Fiends' Vicious Work.

An attempt was made late Sunday night to blow up with dynamite the saloon and store of Peter Daga, at Exeter, this county. The porch was entirely demolished, the front of the building badly damaged and every pane of glass on the four sides of the building destroyed. The building is owned by Peter Brown, who has had it licensed for a hotel for several years. It appears that there is considerable rivalry every year among certain Poles of Exeter as to which of them will be successful in renting the place.

The rivalry this year amounted to bitterness, and when it became known that Mr. Brown had decided to lease the place to Daga, some of the disappointed ones vowed vengeance against the latter.

Daga has a family of nine children and Sunday night they, with their father and mother, were enjoying the evening in the rear room down stairs when they were suddenly thrown into a state of terror by the violent explosion, which shook the house to its foundation.

The Daga family rushed out, crying for help, every moment expecting something else to happen that would result in their death.

An investigation revealed that dynamite had been exploded by means of a battery, located some distance away. The wrecked building is located in a thickly settled community, but none of the adjacent structures are damaged aside from a few broken windows. No arrests have yet been made, though a rigid investigation will be made in the hope of fixing the crime on the guilty persons.

## Flames in a Mine.

A dangerous mine fire broke out in the Milesville slope Monday morning, which is owned by A. S. VanWickie. The flames were discovered in the oil house at the foot of the opening and in same apartment was stored a considerable quantity of dynamite and exploding caps. In addition to fighting fire under ground the men were obliged to look out for the explosion. While the score of fire-fighters stood in the gangway the explosion came, and with such force as to hurl the men about the chamber.

Another corps of men on the surface were knocked off their feet by the concussion. The men were thus relieved of one of the worst dangers and after two hours' work of the hardest kind they succeeded in extinguishing the flames.

The coal had not become ignited and the damage was comparatively small. How the fire started is a mystery, as there was no one in that part of the mine at the time.

## New Band Organized.

The Mayberry band, which disbanded a short time, was reorganized on Sunday afternoon by the members under the name of the Citizens' band of Freeland. The membership of the band is practically the same as before, with the exception of Mr. Mayberry. The following officers were chosen:

President—G. R. Hoch.  
Secretary—Jacob Nagle.  
Treasurer—Ira Berger.  
Property man—Richard Drasher.  
Trustees—Hubbard Doudt, James Seiwel and Genero Bonomo.  
Leader—Salvador DePiero.

## Deputy Raught Goes to Law.

From the Hazleton Standard.

After almost five months had elapsed, Coal and Iron Policemen Raught on Tuesday swore out a warrant for the arrest of John Hudock, charging him with assault and battery and interfering with an officer. At the hearing before Alderman Laubach Raught testified how he had attempted to keep his place in the line of men who were being paid at Hazle Brook, but the defendant objected and assaulted him, administering a beating from which he was confined to his home for three weeks. Raught's story was contradicted by one of the clerks in the Hazle Brook store. Hudock told his story in broken English, claiming that Raught struck him in the jaw first and he was afraid the officer would kill him. The alderman demanded \$300 bail in default of which he was committed to jail.

## COUNCILMANIC DOINGS.

### IMPORTANT ACTION TAKEN ON SEVERAL LOCAL MATTERS.

#### Stand-Pipe for Birvanton is Again Taken Up and a Committee Instructed to Confer with Water Officials—New Police Appointed—Reports of Committee.

The members of the borough council met in special session on Monday evening, all the members being present. The street committee reported the opening of North street west from Ridge to Third, and Third north from North to Main streets, a distance of 1,800 feet, as being necessary. It was referred to the ordinance committee with instructions to draft an ordinance covering the report.

The ordinance committee reported having examined the whole of the borough ordinances and find that many of them are defective and obsolete, others that were passed by council since 1885 are not included in the printed books. They recommended that the whole of the ordinances be revised and printed in book form, and that 200 copies of the same be printed. It was decided that they have all ordinances compiled and presented to council at its next meeting. They also reported having the gas ordinance revised and submitted the same to the Gas Company.

The light and water committee presented a statement showing the location of the twenty-four fire plugs, and recommended that the bill of the Freeland Water Company for the same, which was laid over, be paid, it being correct. They also recommended changing a few from the old portion of the borough, and placing ten additional plugs in other parts of the town. Also that a committee be appointed to await on the officers of the Water Company with a view to the erection of a stand-pipe near the reservoir, so as to supply Birvanton with fire protection. The light and water committee was appointed to await upon the Water Company in regard to the above.

John M. Powell's bill for janitor and feeding from March 7 to March 31, as approved by lockup committee, amount \$9.75, was ordered paid.

The police and lockup committee reported in favor of paying the police bill, the police having been sworn in by the burgess. They again appeared before council and were sworn in, each officer signing the affidavit. Charles Gallagher and James J. Kennedy were recommended as police by the burgess, the former to take the place of John Murrin, who lately left the borough, the latter being one of last year's force, but omitted at the time the names were sent in. They were approved and sworn in.

It was agreed that the check received from the state treasurer for \$37.87, as the share of the foreign insurance tax, be turned over to the Citizens' Hose Company to be used for the firemen's relief association fund.

A resolution was passed appropriating \$100 to the Citizens' Hose Company, being the annual appropriation.

Mr. DePiero spoke about the opening of sidewalks on the west side of Ridge street, from Main to South. At this stage of the business Mr. McCarthy asked and was granted permission to speak. He stated that he represented parties living on Ridge street who had given ground and had put down pavements and have not been given any remuneration for the same. He asked that the secretary read the agreement between the borough and other parties owning property where no reservation existed for sidewalks. After reading of the same the street committee was authorized to find out what it would cost to open up that side of the street for sidewalks.

An ordinance was read fixing the salary of the burgess at \$60 a year, payable monthly. It was ordered to be tabled until Solicitor Stroth decided that council had no authority to alter the fees or salary of the present burgess but could do so with his successor before he assumed his duties. Burgess Gallagher entered an emphatic protest before it was disposed of.

An ordinance regulating the selling and delivery of milk on Sundays was read and was referred to the solicitor.

An ordinance providing for the swinging of gates was also read and upon a ballot being taken the vote stood five for and five against. The ordinance was not concurred in.

The pay of the street commissioner was fixed at 15 cents an hour, street laborers at 12½ cents an hour, single team with driver 30 cents an hour and double team with driver 30 cents an hour.

Council adjourned to meet on Monday evening, April 25.
