Was Justified in Beating Raught.

In court on Tuesday John Hudock, of Hazle Brook, was acquitted of the charge of assaulting Coal and Iron Policeman William Raught. At the pay office last December Raught tried some of his bullying tactics upon a crowd of Hungarians who swarmed about the pay window, and after threatening to do them up as he did several of their countrymen in the Latimer massacre, the foreigners turned upon him and in self-defense gave him a severe drubbing. Raught had Hudock arrested, but the jury considered that the prisoner was justified in his action after Raught drew his revolver and threatened to shoot, and returned a verdict of not guilty.

Twelve Years for Griner.

Ex-Representative Griner, convicted on Saturday of manslaughter, was sentenced to the maximum penalty of twelve years on Tuesday by Judge Woodward. In pronouncing the sentence the judge said: "The crime was a horrible one. A helpless and unprotected woman was shot to death, and after life was extinct you shot her again. I find nothing to mitigate the extreme sentence of the law, which is that you pay a fine of \$500 and undergo imprisonment in solitary confinement at labor in the penitentiary for twelve years." Griner was cool and collected, and afterward expressed his satisfaction with the trial and sentence.

RAISING THE FLAG.

Rev. Brehony Will Unfold One at Eckley. Independence Day Celebrations.

Few clergymen in the state are more patriotic than the venerable pastor of the Church of the Immaculate Conception at Eckley, Rev. Thomas Brehony, and on Sunday afternoon a beautiful American flag will be raised in his church-yard. The exercises will begin at 3.30 o'clock, and will be participated in by the societies and musical organizations of Eckley and St. Patrick's band. Father Brehony comes from a family whose members have shown their valor on many a battle-field, both in America and other countries, and none prays more earnestly for the success of American arms than he. A war fought for humanity's sake appeals to the men of Father Brehony's nationality, as they can sympathize with their Cuban brethren more so than any other race, having been oppressed themselves for centuries by a brutal government. He believes the day of deliverance and freedom for all afflicted nations is dawning.

The second raising of the borough flag will take place on Saturday afternoon. The pole first erected proved too short for the purpose, but the new one will be the highest in the region. Originally sixty-six feet long, it is being spliced and will measure eighty feet from ground to top when it is finished. From this the 10x15 flag will float. The councilmen are preparing an interesting program for the occasion, inviting all the musical organizations of town, also all the clergymen. The immense height of the new pole will make the flag visible for miles around.

Mauch Chunk's flag-raising on the Fourth will be the biggest affair of its kind in this part of the state. A cable nearly 2,000 feet long is stretched between the two mountains alongside the town, and on this one of the biggest flags ever made will be raised. A parade, fireworks, etc., will make the celebration an attractive one.

Rev. J. B. Kerschner has been engaged by Council 252, Jr. O. U. A. M., of Hobbie, to deliver an address at their flag-raising on Saturday evening. Rev. K. is always in demand at patriotic gatherings and his voice and assistance are never lacking when called upon.

There will be no organized celebration of the Fourth in Freeland, but the small boy will see that the nation's birthday is appropriately observed. A picnic will be held by St. Patrick's band at the Public park.

The citizens of Alintown will throw a large flag to the breeze Saturday evening. A sixty-foot pole was erected some ago at Lamb's corner and it will be given its colors with music and other ceremonies.

Butler valley people will celebrate the Fourth with a large parade at Drums. In the evening the attraction will be the monster picnic to be held at Christman's grove.

The Sunday schools of St. Ann's and St. James' churches will make their annual call upon the Cox ladies at Drifton on Monday morning.

POLITICAL PICKUPS.

At Altoona yesterday the Democrats nominated the following state ticket: Governor, George A. Jenks, Jefferson county; lieutenant governor, William H. Snowden, Lehigh county; secretary of internal affairs, P. Delacey, Lackawanna county; congressman-at-large, Jerry N. Weller, Carbon county, and F. P. Lams, Allegheny county; judges of superior court, C. M. Boyer, Centre county, and W. T. Trickett, Columbia county. The contest from this district was settled by seating Boyle, Gallagher and Bigelow.

A meeting of the Poles of the county was held yesterday and the name of L. C. Gabrill, of Nanticoke, was selected to present to the Democratic county convention for whatever office the delegates see fit to give him.

Councilman Patrick Meehan has entered the race for the poor directorship nomination in earnest. He has a wide acquaintance throughout the district and would prove an exceptionally strong candidate.

Congressman M. B. Williams stated in an interview on Monday that he would be a candidate for re-nomination.

CHURCH CHIMES.

St. John's Reformed church, Rev. J. B. Kerschner, pastor. German services next Sunday morning. A patriotic service will be preached in the evening in English. A similar service will be held at Eckley at 3.30 p. m. All are kindly invited.

St. Paul's P. M. church, Rev. S. Penigale, pastor. Services next Sunday will be as follows: Preaching at 10.30 a. m.; Sunday school at 2 p. m.; song service at 7 p. m., to which all are cordially invited.

Hard Coal Convention.

An important gathering of representative business men from all the larger towns and cities of the anthracite coal fields was held in Scranton on Tuesday and yesterday, having for its purpose the formation of a plan for the betterment of the hard coal industry and a corresponding improvement in the conditions of laboring men and business in general.

Delegates were in attendance from Mount Carmel, Shamokin, Locust Gap, Centralia, Girardsville, Mahanoy Plane, Gilberton, Shenandoah, St. Clair, Pottsville, Minersville, Tremont, Hazleton, Freeland, Wilkes-Barre, Pittston, Plymouth, Nanticoke, Ashley, Kingston, Wyoming, Avoca, Parsons, Ashland, Jermy and Forest City.

D. D. Bolich, of Mount Carmel, called the meeting to order, the agitation having started in that town. Mr. Bolich, in explaining the movement for the convention, said an invitation into the stagnation of the anthracite trade had revealed great discrimination in the freight rates as between that coal and bituminous, much to the favor of the latter. It was believed relief would follow a correction of the evil.

Thomas H. Dale, of Scranton, who is largely interested as an individual operator, was elected permanent president, and W. K. Lord, of Mount Carmel, secretary. Mr. Dale said there was something wrong when soft coal can be carried for from 1 1/2 to 3 mills per gross ton per mile, while from 7 to 11 mills is charged on anthracite.

A resolution was adopted providing for the appointment of a special committee to bring the question before the Interstate Commerce Commission.

Stormy Legislative Convention.

The delegates of the fifth legislative district met in convention at Avoca on Monday. Shortly after the meeting was called to order the fighting element pressed the nomination of their candidate for chairman, and Patrick Joyce, one of the delegates, jumped on the platform and presented a motion, declaring his friend Patrick Finn, chairman, Dr. Burge, another delegate, objected and was roughly handled. Finn mounted the platform and proclaimed himself chairman, and Joyce, it is said, proceeded to throw Chairman Fitzsimmons from the chair.

Another Finn man struck at the prostrate chairman, but missed him, and struck Joyce full in the face with a pair of brass knuckles, felling him. Fitzsimmons was pushed through the window, but his men rushed to his rescue with chairs, table legs and other handy weapons and succeeded in saving him.

Burgess Healy and five constables attempted to quell the disturbances, but they were swept away and thrown bodily out of the hall.

In the afternoon another fight occurred, being started by a man abusing Chairman Fitzsimmons, whereupon the crowd took sides and the battle waged cruelly. The scenery on the stage, windows and the entire third floor of the building were completely demolished. Among the injured is Burgess Healy, who, in his endeavors to quell the disturbance, was badly bruised.

In the end M. J. Tighe was nominated as the candidate for the legislature.

Big Blaze at McAdoo.

A disastrous fire occurred at McAdoo early Tuesday morning. The large business block owned by Alex Potocchney, a brother of Michael Potocchney, of Freeland, was totally destroyed and a large supply of goods went up in smoke. The fire is supposed to have started in the basement of the building, where John Lesko conducted a bottling establishment. It soon spread through the top stories and the place was doomed. On the one side of the first floor, over the bottling shop, Alex Potocchney conducted a wholesale liquor store and in the other was a clothing store.

Close to the burning building was Mehalschick's hall and Mike Timko's meat market to the west and the Keller, Rogers and Boyle and other buildings on the north and east, all of which had to be sprayed with water quite frequently to prevent them from getting on fire.

Potocchney places his loss on the building at \$2,000; clothing store, \$1,200; liquors, \$600; furniture, \$300. Lesko fixes his loss at \$300, nearly all of which is covered by insurance. The origin of the fire is unknown.

IMPARCIAL WANTS PEACE

Says That It Will Be Much Better to Treat Without Any Nation as Mediator.

Great Change of Front on the Part of Spain—Her Hopeless Condition Generally Recognized—When Santiago Falls Peace Councils Will Be Pressed—Sagasta Trying Hard to Avert an Internal Crisis—General Condition of the Kingdom.

Madrid, June 30.—The Imparcia which has been one of the most strongly militant of the Spanish organs, now says it would be better to treat with the United States for peace without any mediators.

Other newspapers survey Europe, and, finding Spain without friends, give way to despair. They declare that Great Britain is encouraging the United States.

Prime Minister Sagasta reiterated to-day that Admiral Camara was going to the Philippines, but neither Senator Sagasta nor anybody else knows where Spain will be a week hence.

Paris, June 28.—The Madrid correspondent of the Temps says that decisive news is expected momentarily from Manila and Santiago. Senator Sagasta is trying to avert an internal crisis until then.

The Herald says that while Prime Minister Sagasta may possess the confidence of the Crown he does not possess the confidence of the country.

The Liberal accuses the Cabinet of shaping its domestic policy according to the vicissitudes of the war, and of placing the Constitution itself at the mercy of American benefits.

The National declares that the question of peace or war is being solved, not on its intrinsic merits, but to protect certain interests and institutions different from the country at large. Continuing, it says: "Will the Carlists revolt? Will the army be offended? Will the dynasty be imperilled? Everything is subordinate to these considerations. If the Government falls it will be because the dynasty desires new instruments."

In an interview to-day Prime Minister Sagasta said the time had not yet come for speaking of peace.

Spanish View of the Fight.

Madrid, June 30.—The official and press telegrams concur in saying that the Americans were three times repulsed, with loss, while attacking Sevilla, despite the fact that they used quick-firing guns. The Spanish loss is placed at eight killed and thirty-eight wounded, including six officers.

Gen. Linares' forces were posted along lines extending for twelve miles. Gen. Linares saw that the enemy, after landing at Baiquiri, intended to outflank him, the American left advancing concurrently toward Santiago and the bay. He rapidly concentrated his forces and made an orderly retreat to Sevilla and Grand Pena. It is expected that he will hold out there until Gen. Luque, with reinforcements from Manzanillo, enables him to take the offensive.

Admiral Cervera, it is said, can spare 2,000 men to aid in the defense without weakening his crews.

Captain-General Blandin declares that he has received several cargoes of provisions. He adds that the news from Santiago causes some anxiety in Havana. The troops are in a healthy condition. There are fewer cases of yellow fever than in previous years.

The Americans are advancing on Santiago in three columns by way of Altares, Firmosa, and Juraguá, flank-ed by insurgents to force the Spanish positions at Sevilla and Grand Pena.

Camara Cannot Take on Stokers.

Cairo, June 29.—Admiral Camara has been informed by the Egyptian government that it would be a violation of the neutrality laws to permit him to embark the 130 stokers he has engaged at Port Said for the Spanish fleet. The authorities have been notified to see that the men do not go aboard the ships.

Camara has signified his intention of remaining at Port Said for three days to make repairs to the Audaz's machinery.

Vesuvius Hurls Dynamite.

Kingston, June 29.—At one o'clock on Monday morning the Vesuvius approached to within 600 yards of Morro Castle and let go several shells loaded with 500 pounds of gun cotton. Terrific explosions followed on the shore. It was seen when daylight arrived that a great chunk was torn out of the western battery. Some of the smaller shells shelled the coast near the army camps the same day.

9,000 Men to Shafter.

Washington, June 29.—Orders have been issued for the immediate sailing of another large expedition to reinforce General Shafter. The soldiers will sail from Tampa, and will include about nine thousand men. It is understood they will be taken from General Snyder's second division of the Fourth Army Corps, and include six batteries of artillery, three heavy and three light.

To Bring Fish's Body Here.

Washington, June 29.—Nicholas Fish of New York, father of the late Sergeant Hamilton Fish, who was killed in last week's battle near Jaraguá, Santiago province, visited the secretary of war Tuesday, when arrangements were made for having the body of young Fish shipped to Tampa and thence to New York.

Roads Reported Mined.

Kingston, Jamaica, June 29.—All the roads leading to Santiago are reported mined with dynamite by the Spanish troops under the direction of General Linares. The information was received by a Cuban resident here in a letter from a friend living in Santiago.
