LUTHER C. SMITH, Superintendent.

AFTER THE FOURTH OF JULY.

We put him to bed in his little night gown.

The most battered youngster there was in the town;

Yet he said as he opened his only well eye,

"Rah, rah, for the jolly old Fourth of July!"

Two thumbs and eight fingers with lint were tied up.

On his head was a bump like an upside-down cup.

And his smile was distorted, and his nose all awry.

From celebrating the glorious Fourth of July.

We were glad; he had started abroad with the sun.

And all day had lived in the powder and fun;

While the boom of the cannon roared up to the sky.

To salute Young America's Fourth of July.

I said we were glad all the pieces were there.

As we plastered and bound them with tenderest care.

But out of the wreck came the words with a sigh,

"If to-morrow was only the Fourth of July!"

He will grow all together again, never fear.

And be ready to celebrate freedom next year;

Meanwhile all his friends are most thankful there lies,

A crackerless twelvemonth 'twixt Fourth of Julys.

We kissed him good night on his powder-specked face,

We laid his bruised hands softly down in their place;

As he murmured, as sleep closed his one open good eye,

"I wish every day was the Fourth of July!"

—Good Roads.

COUNCIL'S AND SCHOOL BOARD'S MONTHLY MEETINGS HELD.

Three Sessions Required by the Former Body to Do Its Work and Another Booked for Next Week—Some Interesting Business Transacted—School Affairs.

The members of the borough council met in regular session on Monday evening and adjourned to Tuesday evening. The minutes of the last regular and one special meeting were read and after hearing an objection from Councilman Meehan against the team hire bills of George Schwabe, it being alleged that the horses are owned by Councilman Schwabe, were approved. The following bills were approved: Electric Light Company, \$125; H. W. Montgomery, flowers, \$15; L. H. Lentz, \$10.25; William Williamson, paint, etc., \$5.94; Presa, publishing resolutions and ordinance, \$11.25; Tribune, publishing proposals, 40c; James Collum, work on flag-pole, \$2.50; John M. Powell, janitor and feeding, \$24.75; Wm. Birbeck, supplies, 45c; Manns Scott, James Burke, Mike Galo, labor at pole raising, 25c each; R. C. Roth, repairs on tools, \$3.10; George Schriener, flag pole, \$5; J. Sharon McNair, surveying, \$145.60.

A letter was read from the Board of Health asking council to appropriate \$350 to its use. This gave rise to considerable discussion, council in the past having paid all bills that were presented and approved by the board. It was stated that the board wants to hire its own attorney, and desires to have the handling of the money appropriated to it. It was agreed that the appropriation of money be laid over for the present, and to meet on the 13th inst., to consider it. Mr. Dushock, was instructed to notify the members of the board that if they needed disinfectants to have them ordered at the expense of the borough. Dr. E. W. Rutter was appointed a member of the Board of Health for five years to succeed Dr. F. Schlicher, who lately resigned.

The treasurer reported that he had received \$7,504.92 and had paid out on orders \$7,524.20, overdrawing the account by \$19.28.

Surveyor McNair reported that he had made a survey on West Walnut street, and located grade stones, and had completed the survey on the Burton tract, and found that fences would have to be moved on the north side of this tract in order to comply with the requirements of making Walnut street straight, as originally made in 1886.

After considerable discussion of the matter, in which Mr. Burton charged Mr. Schwabe with having moved his (Schwabe's) line to correspond to Walnut street after he had laid out the lots in 1886, so as to correspond with the viewers' report of 1886, while the street was a township road, it was finally decided to have the street opened and fences moved according to line given by Mr. McNair and the viewers who laid it out in 1886, that is twenty-five feet wide from curb to curb. The street commissioner was instructed to begin work on it at once.

Burgess Gallagher's report was read as follows: Receipts, \$20.50; commission and fees, \$10.00; balance due treasurer, \$0.60. Police expenses as follows: Charles Gallagher, \$4.85; James P. McNelis, \$6.45; Frank McGroarty, \$1.60; Stanley Novak, \$3.20; Peter Gallagher, \$3.60; James Kennedy, \$4.05; Patrick Welsh, \$2.85; John Boyle, \$6.45; Hugh Shovlin, J. P., one hearing, \$1.25; total, \$34.30. The report was accepted and ordered filed.

The burgess being present was asked how much money he has turned over to the treasurer since March 7, 1898. He replied that he had a receipt for all that he had paid the treasurer. The treasurer stated that he had received \$38.75 on or about April 14 last. Mr. Rudewick then presented a receipt signed by the burgess, showing that he had paid a fine of \$5 for violating the bicycle ordinance, which money was not credited in the burgess' receipts. It was on motion decided that the secretary notify the burgess to comply with section 3 of chapter 22, of the borough ordinances, which relates to the payment of all balances within a certain time. The burgess reported that he had been cashing police orders with whatever balance remained in his hands.

It was decided that the finance committee investigate the burgess' accounts for 1898 and ascertain how much is now due the borough.

A resolution was read three times authorizing the burgess to issue a proclamation calling for the muzzling of all dogs within the limits of the borough for a period of sixty days from July 15. An adjournment until the next evening then took place.

Council reconvened last evening, and Tony Matz, of Adams street, asked to be exonerated from the dog tax of 1897. Upon making affidavit he was exonerated.

The following additional bills were ordered paid: Freeland Water Company, rent of plugs, \$90; James Woomer, rais-

BRIEF ITEMS.

The annual camp meeting of the Christian Holiness Association will open on Jeannette road on Saturday and continue until the 24th inst. Prominent clergymen and evangelists of the denomination will be present.

Street Commissioner Burton's bills for street labor, amounting to \$323.50, and \$13.87 for extra pay on sewer work, total \$337.37, were read and referred to the street committee, who approved and ordered them paid.

The finance committee was authorized to borrow \$1,000 for ninety days. The treasury is empty and about \$800 worth of orders were drawn this week. They were also instructed to get together as soon as possible and ascertain what amount of money will be necessary to run the affairs of the borough for the balance of this fiscal year.

The street committee reported all work done except the fixing up of West Walnut street, which was ordered to be completed; also to have Main street, South Heberton, near the residence of W. J. Brogan, placed in condition; also at John Estner's, and that Ridge street, near E. B. Cox Memorial school, be repaired, and to have gutters cleared of all paper and refuse matter by street commissioner.

The light and water committee reported that the light at Birkbeck and Johnson streets was not hung in the proper place, and the secretary was ordered to notify the Light Company to have it erected at a proper height in the centre of said streets.

The police and lockup committee recommended a flagstone sidewalk to be placed in front of the council building. The street committee was instructed to procure stone and have the sidewalk laid at once.

The street commissioner was instructed to notify John Fisher to remove his fence back on west side of North Centre street.

The committee appointed to procure stone for crushing purposes reported having received permission from the Highland Coal Company and the land owners to use the stone at the stripping. They were authorized to procure a place to locate the crusher.

The committee appointed to find cost of extension of main sewer gave prices of iron pipe to go under the railroad, and also prices of terra cotta pipe. They were ordered to have the extension completed as soon as possible.

A communication was read from Fred Reimschuessel relative to water flowing on his lot on West Walnut street. The president appointed Messrs. Schwabe, Davis and Kline to view the place, and to report on the advisability of purchasing the lot.

A communication from Chas. E. Keck, relating to change of grade on West Walnut street, was read and referred to the borough solicitor.

The secretary was instructed to notify Tax Collector Bachman to be present at the next regular meeting to make final settlement.

A vote of thanks was passed to Revs. Hartman, Kuntz, Murphy and Penglase and to all others who assisted in the flag-raising on July 2. The Citizens' band was donated \$5 for its services.

Mrs. John Brennan offered to give a sidewalk along her Ridge street property on the same terms as the others. The matter was referred to a committee.

It was agreed to have one of the cards containing the resolutions of condolence of W. H. Butz framed and hung in the council room, and the others given to Mrs. Butz.

SCHOOL BOARD MEETING.

The borough school board met last evening with all members present except Directors Kline and Johnson. The first business taken up was the election of a janitor. The members voted as follows: For Vanhorn, Everett, Krommes, Laubach, Schaub, Trevasiks and Vanhorn; for Ferry, Ferry; for Mrs. Jacobs, Sweeney.

The president appointed the following additional committees:

Teachers and pupils—Sweeney, Vanhorn and Schaub.

Text books and supplies—Ferry, Trevasiks and Johnson.

A bill from the Cross Creek Coal Company for coal, \$6, was referred to the finance committee.

Beware of Ointments for Catarrh that contain mercury, as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten-fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Joe Ferry, of the Freeland Stars, who is doing the twirling this year for Leighton, shut out Hazleton on Monday, 1 to 0. His opponents secured only three hits. With Meteehan as catcher Leighton has a fine battery.

Mauch Chunk lost two games to the Cuban Giants on the Fourth, 16 to 8 and 8 to 4.

PERSONALITIES.

Patrick O'Donnell, who is helping to build big battleships for Uncle Sam at Newport News, Va., is spending a short vacation with his parents on Ridge street.

Mrs. George W. Johns and family, of Philadelphia, are visiting at the residence of James Lewis, Hivantown.

Daniel Herron and Father Driscoll, of Villanova college, are visiting the former's parents on Front street.

Mrs. John B. McCoy and son, of Danville, visited W. L. Butterwick and family this week.

Miss Sarah Dodson, of Bloomsburg, spent the Fourth with her mother and sister here.

LOCAL WAR NOTES.

Three members of the crew of the auxiliary cruiser St. Paul, William Kearns, Pat Dawson and Mike Welsh, spent the Fourth in Beaver Meadow and later visited friends of Mr. Kearns in Drifton. They reported the health of Freeland's representative on the St. Paul, Eugene Riley, to be good.

George Ellis, chief yeoman on the Brooklyn, who was the only man killed in the naval battle last Sunday, is claimed by South Siders as a native of Honey Brook, but the official records give his birthplace as Peoria, Illinois.

BASE BALL NOTES.

Joe Ferry, of the Freeland Stars, who is doing the twirling this year for Leighton, shut out Hazleton on Monday, 1 to 0. His opponents secured only three hits. With Meteehan as catcher Leighton has a fine battery.

Mauch Chunk lost two games to the Cuban Giants on the Fourth, 16 to 8 and 8 to 4.

LUZERNE'S FIRST LOSS.

The first loss to Luzerne's volunteer regiment, the Ninth, befell Company H, that typical body of soldiers whose record of enlisting to a man at Mt. Gretna has won for them so much commendation. It was early Sunday morning that Corporal William Gilmartin, aged 26 years, a young man of high esteem among his fellow soldiers, succumbed to typhoid fever after an illness only extending over two weeks. Young Gilmartin's condition did not give his friends at Pittston, which is his home, much concern, and only on Saturday his father was in receipt of most cheering news from one of the surgeons.

The news of his death, therefore, was a severe shock when announced by a telegram Sunday afternoon, and the least shocked was Captain Flannery, of his company, who was at his home in Pittston on a furlough. The deceased soldier was a young man, esteemed most highly for his amiable qualities, and in the regiment and his own company ranked high for his knowledge of military tactics. He is survived by his father, Charles Gilmartin, and by a brother and sister. The remains have been shipped home and reached Pittston on Tuesday evening.

ONE BODY RECOVERED.

The first of the bodies of the six miners drowned at Kaska William colliery, near Pottsville on May 26, was recovered on Tuesday. The body was that of Martin Molochin, a Slav. The water had swept it into the shaft level, where it was found. The features are unrecognizable and the only means of identification was the clothing. The rescue force has been working incessantly for nearly three weeks. Three other Slavs are believed to be near where Molochin was found. The remains of William Morgan and William Derr, who were working in a deep slope when the deluge of water came, will hardly be recovered for three weeks yet.

FOSTER'S SCHOOL TEACHERS.

Superintendent Gabrio, of Foster township, has announced that the following applicants passed the recent examination and have been granted teachers' certificates: John McGary, Mary A. Gallagher, Grace Palmer, Mary O'Donnell, Emma L. Bottoms, Elizabeth Noll, Maggie E. Miller, Mary Boyle, Maggie McFadden, Pearl Mowrey, Lizzie Lawson, Francis Solomon, J. L. Hindson, Mary E. McHugh and Marple Moyer.

THE FOURTH IN FREELAND.

Independence Day was celebrated very quietly in Freeland, even the amount of fireworks sent off being less than the average. The absence of any public demonstration or parade caused many of our townfolk to seek pleasure elsewhere and deterred several people of the surrounding villages from coming to town. The news of the great naval victory near Santiago produced a cheerful effect and made every American proud of his country and its fighters.

BOLAND PRISON WARDEN AGAIN.

James McAndrews, the recent appointee of the prison wardenship, has resigned. The trouble that beset Mr. McAndrews grew out of the litigations that ensued after his election by the board of prison commissioners over some old accounts of his tax receivership of Plains township. Yesterday the prison board met and re-elected James Boland.

THEN A BOMBARDMENT.

Many Conferences Now Being Held in Washington Relative to the Situation.

Ferocious Tropical Storm Injures With Operations of Troops and Fleet—Sampson and Shafter Confer in Compliance With Orders From Washington—Present Situation of Our Forces Now Investing Cuban Territory.

Washington, July 7.—Secretary Alger, after the cabinet meeting Tuesday, announced that there would be no assault on Santiago until after the arrival of reinforcements or until Admiral Sampson had effected an entrance to the harbor with his ships.

The president sent word to General Shafter to confer with Sampson on the situation.

Reports from General Shafter said that a terrific tropical storm had caused the surf to run so high that it would be impossible to land troops from transports or for Admiral Sampson to enter the harbor of Santiago until it subsided.

General Shafter, in a dispatch received Monday night, confirmed the report that General Pando, with about 6,000 Spaniards, had arrived in the city and were already distributed among the fortifications.

This reinforcement makes the Spanish forces defending the city from sixteen to eighteen thousand men. The very great advantage of being entrenched adds materially to their strength, and in the opinion of military men makes their fighting force from a third to a half greater than our own.

General Shafter in his dispatch states that the excessive heat and rains of the last two weeks have contributed nearly as much as the Spanish bullets to the casualties among our men.

Under these circumstances it is his opinion it would be unwise to attempt to carry the city by assault. This view is shared by the officials here and also it is understood by Admiral Sampson, in command of the fleet.

Orders were given looking to the immediate dispatch of troop ships, from Tampa with reinforcements. General Shafter and others now off Santiago will be brought here at the earliest possible moment to aid in the transportation. It is probable that at least 15,000 will be sent forward as rapidly as the transportation can be provided.

Thus augmented, there seems to be no doubt that the force under General Shafter will be able to storm and take the city without delay. These are the views entertained by members of the cabinet, who talk freely on the subject. Nevertheless, the orders under which both the army and navy are now operating gives commanders wide discretion, and it is not doubted that should changed circumstances seem to warrant an aggressive movement.

Gen. Shafter made a report to Washington Sunday and Secretary Alger tabled the President's thanks to the General. All of Shafter's report was not made public. In part he said:

"We have the town well invested on the north and east, but with a very thin line. Upon approaching it we find it such a character and the defense so strong that it will be impossible to carry it by storm with my present force. Our losses will aggregate a thousand, but the list has not yet been made. There is very little sickness among the men. Gen. Wheeler is seriously ill and will probably have to go to the rear to-day. Gen. Young is also very ill. Gen. Hawkins was slightly wounded in the foot. Gen. Garcia reports that he holds the railroad from Santiago to San Luis, and has burned a bridge and removed some rails; also that Gen. Pando has arrived at Palma, and that the French Consul with about 100 French citizens came into his line from Santiago."

Gen. Shafter cabled to Washington a partial list of officers killed and wounded at Santiago.

Before Santiago, July 7.—With the destruction of Admiral Cervera's fleet the work of taking Santiago becomes much less difficult. As long as General Shafter had no siege guns and could not be assisted by a friendly fleet in the harbor, the capture of the city promised to be a hard task, and it would be practically impossible to hold the city if captured.

It is now estimated that between 1,200 and 1,500 Americans are dead, wounded or missing after the two days' fighting about Santiago. It is stated by one of the surgeons who assisted in the hospital work that probably 250 to 300 Americans were killed.

No official list or official estimate of the dead and wounded can be obtained yet. Unofficial estimates place our losses as high as 2,000, and to date 450 men suffering from wounds that are not serious have been brought to the hospital. Our surgeons have not enough supplies, bandages or nurses. The medical staff is too small.

Washington, July 7.—General Miles reports that from information he has received from General Shafter he believes that the Spanish army has lost fully 7,000 men, killed and wounded. In addition there are 2,000 prisoners in the hands of the Americans. The American loss will not exceed 150 killed and 800 wounded. The most of these are only slightly injured.

The above figures only include the Spanish land forces. The 1,700 sailors captured, including Admiral Cervera, will be transferred to General Shafter's custody at once.
