The D. S. & S. passenger train leaving Drifton at 6 a. m. met with an accident at Eckley yesterday. The flange of one of the engine's wheels broke off and the tender and a caboose left the track. The latter toppled over, slightly hurting four Austrian stone masons.

The team of horses which draws the street sprinkler through town took fright at something on Tuesday afternoon and dashed down Centre street. One of the awning poles in front of J. P. McDonald's store was knocked out of place by the sprinkler striking it. No other damage was done.

At Hazleton a man giving the name of Thomas Lewis hired a team from Kunkle's livery for four days last Monday, then bought \$25 worth of fine liquor on credit from Zeirdt Bros. It has since been learned that he misrepresented his business. The team and buggy are still missing, also Zeirdt's whisky money.

Booming Hard Coal.

The Anthracite Association is pushing the work in the interest of hard coal. A meeting of the executive committee was held in Scranton on Thursday evening. The data which had been collected upon the subject was presented, discussed for several hours, and much work was accomplished looking to the end to be reached. The most of it is withheld for prudential reasons for the present. It was decided to secure the best legal talent to be obtained in the country on inter-state law, to act in conjunction with the attorneys who are members of the association, in pushing a case before the inter-state commerce commission in reference to the discrimination in favor of bituminous coal and other freights against anthracite.

Band and Society Part Company.

The instruments used by St. Patrick's cornet band, twenty-six in number, were turned over by the members on Tuesday evening to a committee representing St. Patrick's Beneficial Society, under whose auspices the band was organized in 1874 and which is owner of the instruments. This was done at the request of the society, owing to differences which have arisen between it and the band during the past few years. The principal point at issue was the society's decision to enforce the original agreements made between the two organizations, one of which provided that all members of the band must be members of the society. This was not agreed to by the band members, and for some months the breach has been widening. On Sunday the society instructed its committee to take decisive action, as above stated.

The band members have decided to continue the organization. Instruments will be obtained as soon as possible in full engagements made to play next month, and in the meantime arrangements will be made to procure a new set. The members state that the question of the name of the band has not been definitely settled, but will be in a short while.

The society's instruments were placed on Tuesday evening in care of Rev. M. J. Fallio, and will be held by him until the vacancies created this week in the band are filled. This, it is stated, will be done very soon, several applications having been received from former members and others who are musically inclined.

The friends of both sides regret that the difficulties were not amicably settled before the rupture occurred between the two organizations. As it is, the indications are that two bands will be the outcome of the trouble.

School Board Meeting.

The borough school board met last evening. The building committee, J. W. Everitt, chairman, recommended Mrs. Mulheran and Mrs. Stein to clean the South Heberton schools at \$6 and \$10 respectively; that the rebuilding of wall and stone steps in same buildings be given to John Elstner for \$10, and that laborers be paid \$1.25 per day to level grounds around Daniel Cox school. The report was accepted.

The teachers' and pupils' committee, J. F. Sweeney, chairman, read additional rules and regulations for pupils, teachers and the government of schools, also rules and the duties of the janitor. A discussion took place regarding a section in the janitor's duties which required that his spare time be devoted to the fixing and care of the grounds around the Daniel Cox school.

A motion to strike out the above was opposed by Mr. Sweeney, who claimed the care of the grounds to be part of the janitor's duties. Director Trevasik maintained, in view of the duties already imposed, that it would be burdening the janitor. The motion carried, Messrs. Sweeney and Schaub voting against it, and all other members, except Messrs. Ferry and Vanhorn, who were absent, voting for it. It was agreed to accept all other rules and regulations as submitted, with the amendments.

Charged With Buying Votes.

As a result of more exposures as to alleged scandals in connection with Schuykill county almshouse, a warrant was on Monday issued for the arrest of Lim Bowman, a young attorney, on the charge of bribery. They were preferred before Alderman Toomey, of Shenandoah, by County Detective J. J. Toole, who alleges that Bowman did in the latter part of 1896 and early in 1897 offer and give money to Leri Dietrich, who was then a director of the poor, for the latter's vote for positions at the almshouse for Gordon Reed and Isaac Huey, that the money was collected from Reed and Huey by Bowman and part of it was paid in 1897 to Dietrich.

Bowman will be arranged as soon as he returns from a camping trip. Gordon Reed, and ex-steward, and Isaac Huey, an ex-keeper of the almshouse, were placed under ball on similar charges. Poor Director Frederick A. Hecksanfield is also under ball for alleged bribery in connection with filling appointments at the almshouse.

Killed at Glen Onoko.

William Murphy, of Wilkes-Barre, was struck by a Central Railroad freight train at Glen Onoko at midnight Tuesday night and so badly injured that he died in the hospital car at Wilkes-Barre next morning. Murphy was well dressed and had considerable money. He and Frank Casey were going to New York to spend their vacations. To save railroad fare they went down to Penn Haven Junction on a coal train, and while walking to Mauch Chunk to take a freight train to Jersey City, Murphy was run down by the train.

COUNTY TICKET.

Republican State went through without a hitch on Tuesday.

The Williams-Lloyd slate swept everything before it in the Republican convention at Wilkes-Barre on Tuesday, and the following ticket was nominated: For congress, Hon. Morgan B. Williams, Wilkes-Barre; sheriff, James G. Harvey, Hazleton; controller, Joseph D. Lloyd, Wyoming; recorder, L. P. Holcomb, West Pittston; coroner, Dr. F. L. McKee, Plymouth; surveyor, N. B. Rutter, Wilkes-Barre. Every candidate, with the exception of Mr. Harvey, is already an office-holder.

The convention was called to order by Reese Lloyd, of Freeport, chairman of the county committee. George S. Ferris, of West Pittston, was unanimously chosen chairman. From then on no time was wasted, all the details having been prearranged.

For congress, Mayor F. M. Nichols, of Wilkes-Barre, named Morgan B. Williams, who was nominated by acclamation.

For sheriff, Fred Smith, of Hazleton, presented the name of James G. Harvey, of that city. Charles R. Stauffer, of Shickling; Charles F. Swallow, of Kingston; and Robert W. Williams, of Wilkes-Barre, were also named. One ballot decided the nomination in favor of Harvey, who had 170 votes. Williams had 52, Swallow 37 and Stauffer 21.

For controller Joseph D. Lloyd, who now has the office, was nominated by acclamation.

Leland P. Holcomb, of West Pittston, and Samuel Hooper, of Plains, were named for recorder. Richards and Powell did not come before the convention and the ballot had not proceeded far before Hooper withdrew.

Dr. P. A. Meek, of Nanticoke, the sole opponent of Coroner McKee, for renomination, also withdrew before the balloting was half finished.

T. B. Rutter was nominated for county surveyor without opposition.

The resolutions congratulating the nation upon its glorious victories under the wise and patriotic policies of the Republican party. The administration of President McKinley was indorsed as well United States Senators Quay and Penrose. State Senator Scott's work was heartily commended, and the course of Hon. Morgan B. Williams in congress was approved.

Additional resolutions providing for a revision of the party rules on the Crawford county plan were adopted and the convention adjourned after being in session less than three hours.

Legislative Conventions.

The Republicans of the Fourth legislative district met at Hazleton on Monday afternoon and nominated Frank L. Snyder, of that city, as their candidate for the assembly. The convention was a tame affair, the bosses of the district having complete control, and the delegates were more figure-heads in the proceedings. There was a semblance of a contest, of course, but it amounted to nothing. T. A. Harris was presiding officer and Harry Hayworth was secretary. The legislative candidates were Mr. Snyder and Joseph Sherry. The vote was 33 to 11 in Snyder's favor. For district chairman there were three candidates. The vote of the convention for this honor was: Walter L. Richards, Freeport, 26; Daniel Kline, Freeport, 11; Dr. R. B. Lamont, Hazleton, 7. Jonathan Leibsberger, of Hazleton, was elected district secretary. A resolution favoring a new county was adopted without dissent.

Hon. Jacob Roberts was renominated in the First district convention at Wilkes-Barre.

In the Second district convention, held at Dallas, Hon. E. A. Coray was renominated.

Hon. C. B. Miller was renominated at Nanticoke as the Third district's candidate.

Ex-County Commissioner Patrick T. Norton was chosen at Plains as the candidate of the Fifth district.

In the Sixth district Hon. Ellsworth Riley was nominated again.

Sick Soldiers Coming Home.

About fifty of the Ninth regiment's convalescent soldiers arrived in Wilkes-Barre from Chickamauga on Monday afternoon, and were met at the depot by about 200 of their relatives and friends. It was an affecting scene to see the joyous home-coming of the boys when they were met by parents, brothers and sisters. The news that the train would arrive was known to but few, and as a consequence those present numbered but few in comparison with the many who would have been there to greet them had the time of the arrival been generally known.

A telegram in the morning stated that there would be fifty-one soldiers on the train. It was feared many of them would be sick and in need of medical attention, and four ambulances each were donated by the Lehigh Valley Coal Company and the Lehigh and Wilkes-Barre Coal Company, also one from the City Hospital and the one owned by the Ninth regiment.

The train containing the soldiers arrived at 12:45 and a rush was made for the soldiers. But the boys in blue were requested to remain in their seats and Drs. Lenahan and Fell made a hasty inspection and found all the soldiers convalescent and anxious to go to their homes.

The cars backed to where the ambulances and cabs were in waiting, but only one of the great number, Edward Leroux, of Ricketts, entered a cab. The remainder of the sick soldiers eagerly sought their friends and went to their homes.

Preparations were made to accommodate large numbers by the City and Mercy hospitals, and the German Catholic hall had been fitted up for the same purpose. All the sick, however, preferred to go home, with the exception noted.

On Sunday night a train load of sick reached Philadelphia from Chickamauga, and among them was a dozen members of the Ninth. Some of these are in a serious condition.

Over a Million Pensioners.

In the forthcoming annual report of the Commissioner of Pensions, H. Clay Evans, it will be shown that on June 30, 1897, there were on the rolls of the pension bureau 975,014 pensioners. To this must be added 6,552 original claims granted but not recorded and 762 restorations, which were not entered at the time on the books. Commissioner Evans granted 63,648 original claims during the past year and restored 4,089 pensioners to the benefits of pensions. The pensioners now aggregate 1,040,356. More pensioners were granted last year than any time from 1869 up to 1890.

There is absolutely no means of even approximating what the claims will be under the recent war. The pension office has done nothing with the claims that have been filed up to this time. Before a claim can be perfected it must contain the full record of the soldier's service, and this information has not yet been compiled by the war department. When this is done the claims will be speedily taken up. The majority of claims will be for wounds and sickness, the latter leaving the soldier more or less disabled.

No additional legislation will be required to deal with the cases arising from this war. The present laws, the authorities say, cover all that is necessary, and claims will be adjudicated on the same lines as those of the rebellion.

Not Favorably Received.

The Freeport correspondent of the Hazleton Plain Speaker tells in the following paragraph how the nomination of Mr. Snyder for representative is received by his party on the North Side.

"Frank Snyder, the Republican nominee for representative, will not receive the united support of the North Side Republicans. There is no denying the fact that there are scores upon scores of new county advocates residing within the borough limits and every man of them will cast his ballot against the Republican nominee, as they believe him to be opposed to the new county. If the Democrats nominate a strong candidate Mr. Snyder will receive a slim vote in Freeport. Should they fail to nominate the proper sort of a candidate, D. M. Evans will receive a large vote on the North Side."

From Camp Wikoff.

Camp Wikoff, Montauk Point, Aug. 25.—A crisis has finally been reached in the general hospital here. The place is so crowded now that not another man can be put in it.

Men are breaking down here every day, and the queer part of it is that the majority of them are men who left Cuba in good condition and were taken ill on the transports. Many of them are men who had the fever in Cuba and got well.

Just what is responsible for this is a question. Some attribute it to the sudden change of climate, but officers who ought to know say that the frightful food that has been given to these weak men since they have been here has had more to do with it than anything else.

The condition in the camps of the regulars is precisely the same as already described. There has been absolutely no relief from the government and red tape will prohibit any, for that iron-clad rule about eating old rations before new ones are issued will never be broken.

RELIEF FOR THE SOLDIERS

The Donor Has Been a Member of the Association Since It Was Formed.

A Splendid Accession to the Fund of the Women's War Relief Association—She Has Frequently Visited the Camp and Has Personally Superintended the Purchasing of Supplies.

New York, Aug. 25.—At the meeting of the Executive Committee of the Women's War Relief Association held at the Windsor Hotel it was announced that Miss Helen Gould had given \$25,000 to the association for the relief work now in progress. The money will be used in purchasing supplies for the various camps, but principally for the one at Montauk Point. Miss Gould has been a member of the association since it was formed and recently was elected Assistant Director-General. In this capacity she has presided at the meetings held lately, owing to the absence of Mrs. Ellen Hardin Walworth, the Director-General. The latter has now

established headquarters at Montauk Point and directs all the relief work of the association there.

When the society turned its attention to the camp at Montauk Point Miss Gould was one of the first to go there to find out the needs of the men. She has made two visits to the camp so far, and after each visit has personally superintended the purchasing of the supplies required. Two weeks ago it was announced that she had given \$300 to the fund of the association, and several contributions had been made by her previous to that. In addition to this assistance Miss Gould, with some of the other members of the association, has visited several of the hospital ships and offered to supply anything that was needed. In several cases the offer was accepted and supplies were purchased by her. On her visits to Camp Wikoff Miss Gould has gone all over the camp, as it was her desire to come in close contact with the men and learn their needs in detail. It was the observations thus made that led Miss Gould to make the gift of \$25,000.
