Keep the figures in advance of the present date. Report promptly to this office whenever paper is not received. Arrears must be paid when subscription is discontinued.

Make all money orders, checks, etc., payable to the Tribune Printing Company, Limited.

FREELAND, SEPTEMBER 29, 1898.

Excess Fare Abolished.

Nearly all the railroads in this state have abandoned the system of duplex checks and excess charges for fare paid upon the passenger trains which has been in vogue for years. The system was introduced as a check upon the conductors, and to assure the payment to the companies of all fares collected upon the trains. In all cases where a passenger paid his fare an excess of 10 cents was charged, which was refunded at any ticket office upon presentation of the excess or duplex check handed to him by the conductor.

These checks being negotiable, came under the provisions of the war revenue law, which requires that a two-cent revenue stamp be placed upon each check. In view of the fact that the fare between many of the local points is only 5 or 10 cents, the imposition of a tax of 2 cents necessitated the withdrawal of the checks. The result is that the companies will hereafter be compelled to depend entirely upon the honesty of the conductors, unless some other system of checking is adopted.

The Reading Railway contemplates having the conductor issue a ticket or check to each passenger from whom fare is collected, without any excess charge. The expectation is that this will remove any temptations from the conductors, as the passengers receiving the checks might voluntarily turn them into a ticket office, and thus expose any dishonesty.

An Old Favorite Coming.

Daniel Sully and his clever company will play at the Grand opera house, Hazleton, on Monday, October 3. Mr. Sully's type of the Irish-American as he really exists in real life is seldom seen on the stage nowadays. In his new play, "Uncle Bob," Mr. Sully has the best part of his theatrical career, that of Robert Byrne, superintendent of the Manhattan Street Railway New York city. "Uncle Bob" is a domestic comedy drama of home life, and reveals a sweet simple story in which the characters talk, act and behave as people generally do in actual life. The story of the play lies in the sacrifice made by "Uncle Bob," who gives up his home in order to save the reputation of the firm, composed of his son and the son of President Goodrich, rather than let Goodrich, who is an old comrade, know of his son's villainy. The play will be elaborately staged and costumed and the cast is extremely strong musically.

The performance will begin at 8 and the show will be over in time to ride to North Side towns.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional means. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Sent for circulars, free.

F. J. CHENEY & CO., Toledo, O.

Sold by druggists, 75c.

Hall's Family Pills are the best.

Not a Trust Product.

Bartel's beer should commend itself to every workman who is opposed to monopoly. The brewery at which this beer is made is not affiliated with any trust or combination, its employees are well paid and accorded every privilege workmen could ask for. Besides, Bartel's beer is not surpassed by anything in the market in purity. Ask for it. All up-to-date dealers sell it. Chas. Bozkowski, agent.

THE MARIA TERESA FLOATED

Naval Constructor Hobson Has Succeeded in Raising Her.

ONE TUG PULLED HER OFF

Salute of Twenty-One Guns Greets the American Flag Flying From Her Main Truck.

She Is Now Lying at Anchor in Guantanamo Bay—Hawsers Were Passed to Both the Merritt and the Chapman, But Only the Latter Was Needed—Hobson Has Done What He Promised.

Playa Del Este, Cuba, Sept. 27.—Naval Constructor Hobson has kept his promise. At ten o'clock yesterday morning the Spanish cruiser Infanta Maria Teresa was floated and was towed thirty-five knots in eight hours by the United States Steamship Potomac and the tug Merritt. She is at anchor now in Guantanamo Bay.

Saturday was chosen to float the ship. An urgent telegram from Naval Constructor Hobson brought the Newark, the Vulcan, the Scorpion, the Alvarado and the Potomac from Guantanamo Friday night. They arrived off the wreck at daylight. At sunrise Old Glory was floated at the Infanta Maria Teresa's main truck, Union Jack forward.

Operations were begun immediately with steam on the Infanta Maria Teresa's pumps, winches and steering apparatus. A hawser was passed at half-past nine o'clock from the starboard quarter of the Teresa to the Chapman and from her port bow to the Merritt. The Chapman pulled the Teresa off alone when the hawser drew taut. There was a great demonstration by steam whistles, and later the flagship signalled to salute the American flag with twenty-one guns. The Newark, the Scorpion and the Alvarado responded.

The men were called to quarters and the band played the "Star Spangled Banner."

The Reading Railway contemplates having the conductor issue a ticket or check to each passenger from whom fare is collected, without any excess charge. The expectation is that this will remove any temptations from the conductors, as the passengers receiving the checks might voluntarily turn them into a ticket office, and thus expose any dishonesty.

SPAIN WILL DILLY-DALLY.

She Won't Get Out of Cuba As Long As She Can Help It.

Havana, Sept. 29.—The Spanish Commission has not yet answered the American note concerning the time of evacuation, but it is almost certain that the Spaniards will not accept the short time granted by the Americans. Despatches received here from Madrid announce that the Cabinet agreed at its last meeting that the evacuation of the island cannot be completed as quickly as the American Government and the commission desire. Many high Spanish officials here give the same answer when asked when the evacuation would be completed. They declared that it would take five months at least, and talked as though the American Government had very little to say in the matter. This seems to be the attitude of all the Spaniards. It is apparent that they intend to suit their own convenience in the matter, depending on dilatory tactics to hoodwink the American Commissioners.

England and Russia Clash in China. London, Sept. 27.—A special despatch from Shanghai says that Kang Yuwei's brother has been arrested in Peking and condemned to death. The despatch also says that Sir Claude Macdonald, the British Minister, gave instructions that Kang Yuwei should be protected from arrest. The British Consulate holds his baggage and documents referring to State secrets.

The Russians are incensed at the latter fact, and it is reported that Russia has offered the Dowager Empress the services of 10,000 troops from Port Arthur, to keep order in Peking if necessary. It is stated that the British fleet in Chinese waters has been divided between Taku and Shanhaikwa under orders to intercept Russian transports in the event of an attempt to land troops.

Gomez Appeals for Food. Washington, Sept. 27.—Telegrams received by the Cuban delegation at Washington from the Commissioners who arrived at Key West and who were sent by Gen. Gomez, depict the situation in the province of Santa Clara as most critical. The Cuban army there, they say, is starving. For over two weeks they had eaten no meat, the vegetables were almost gone, and the last mules and the horses had been killed to feed the sick. The children and old people are reported dying by dozens every day. Gen. Gomez makes an appeal for aid, and says his men are desperate.

Ice Combination Formed. Bath, Me., Sept. 29.—All the large ice companies of Maine have consolidated into one company, to be known as the Kickerbocker, and Morse & Co., of this city will control the output. The stockholders of the companies get share for share in the new company, and the capital will run into millions. It is predicted that the combine will control not only the price, but freight rates in vessels, as they will practically be no competition.

A \$2,000,000 Steel Plant.

Sharon, Pa., Sept. 27.—The Bessemer Sharon Company will erect a \$2,000,000 steel works. The plant will be large enough to utilize the product of the eighteen furnaces of the Manoning and Shenango valleys. As Sharon is the central point of these valley concerns, the plant will probably be built here.

Cubans to Get Comal's Cargo.

Washington, Sept. 27.—A statement was issued by the War Department that the Cuban Commission had effected an arrangement with the Spanish authorities whereby the steamer Comal carrying a cargo of supplies for the suffering people of Cuba, would be permitted to land her cargo at Matanzas free of duty.

Death of Fanny Davenport.

New York, Sept. 27.—A despatch received from Duxbury, Mass., announced the death at 10:30 o'clock of Fanny Davenport. Miss Davenport died at the home of her husband, Mr. McDowell, where she had been seriously ill for many weeks.

THE DREYFUS REVISION.

Fight Against It at an Exciting Meeting Held in Paris.

THE CROWDS DISPERSED

Monsieur Brisson Is Violently Denounced by Monsieur Paul Deroulede.

Asserts Dreyfus Would be Lynched—Declares If a Revolution Should Occur the Head of M. Clemenceau Would Be First to Fall—Slight Demonstrations are Made in Paris During the Afternoon.

Paris, Sept. 27.—M. Paul Deroulede presided at a meeting held to-day for the purpose of protesting against a revision of the Dreyfus proceedings, at which he made a speech violently denouncing M. Brisson and all the prominent supporters of revision, and declared that if a revolution broke out and the scaffold was erected in Paris the first head to fall would be that of M. Clemenceau.

If Dreyfus ever returned to France, M. Deroulede asserted, he would be lynched. In conclusion he announced the intention to reconstitute the League of Patriots, which the government formerly dissolved, and a resolution to that effect was carried by acclamation.

Slight demonstrations were made late this afternoon, but the crowds which gathered were quickly dispersed by the police.

FROM ACROSS THE SEA.

Paris, Sept. 28.—The American Peace Commissioners, who arrived here last evening, have asked an audience with M. Delcasse, the Foreign Minister. Ambassador Porter will present them.

London, Sept. 28.—It is reported that the Government has been officially informed of the arrival at Taku on Sept. 24 of Vice-Admiral Seymour on board his flagship Centurion, accompanied by other British warships.

Yokohama, Sept. 28.—The presence of the Marquis Ito invests the Chinese situation with great interest to the Japanese press, part of which suspects that Russian influence is dominating at Peking. A majority of the newspapers, however, consider the coup d'eta, as purely a revolt against the Emperor's drastic measures.

Vienna, Sept. 28.—The following semi-official statement is published here: "From what is disclosed of the plan of action of the powers in Crete, it appears that if the Porte's reply to their ultimatum, which is returnable on Oct. 15, is unfavorable, the powers will blockade certain places in Crete, first removing the Christians therefrom."

Pekin, Sept. 28.—An imperial edict was published practically rescinding the Emperor's reformatory measures. It also orders Chang Yen Huan, the Cantonese enemy of Li Hung Chang, who was recently arrested upon a charge of harboring Kang Yu Wei, the alleged conspirator, to be confined for the present, but absolves him from complicity in the alleged plot to murder the Emperor.

COL. ROOSEVELT NOMINATED.

Unanimously Named for Governor by the Republican Party. Saratoga, Sept. 28.—Col. Theodore Roosevelt was nominated for Governor by the Republican State Convention by a vote of 753 to 218 received by Gov. Frank S. Black for renomination. Former County Judge J. Rider Cady of Hudson, who had put Gov. Black in nomination, immediately moved to make the nomination of Col. Roosevelt unanimous. There was tremendous cheering at this and the nomination of Col. Roosevelt was made unanimous with thunderous applause.

Following is the entire State Ticket: For Governor—Col. Theodore Roosevelt, of Oyster Bay.

For Lieutenant-Governor—Timothy L. Woodruff, of Brooklyn.

For Secretary of State—John T. McDonough, of Albany.

For Comptroller—Col. William J. Morgan, of Buffalo.

For Attorney-General—John C. Davies, of Camden, Onondaga county.

For State Treasurer—John P. Jaekel, of Auburn.

For State Engineer and Surveyor—Edward A. Bond, of Watertown.

Can't Get Wheat to Grind.

Topeka, Kan., Sept. 27.—The fourth and last flouring mill in Topeka has shut down for want of wheat to grind. It is estimated that seventy-five mills in the State are idle from the same cause. The farmers are not selling their wheat, but are waiting for better prices. The farmers are holding their wheat, they say, because they have money enough on hand, and are able to hold it, and not because there is any understanding among them to that end. It is thought that there are 70,000,000 bushels of wheat in the State.

Laura Jean Libbey Married.

New York, Sept. 28.—The marriage of Laura Jean Libbey, the author, to Van Mater Stillwell, of Brooklyn lawyer, took place on Wednesday last, the Rev. Dr. J. G. Beecher, rector of the Episcopal Church of the Incarnation in Gates avenue, officiating, but the announcement did not appear until yesterday afternoon.

Bicycles in China.

Bicycles are beginning to be used by the natives in China, having been introduced by the foreign residents. It is possible that the new use may create a disposition on the part of the Chinese to improve their roads, which are generally cow paths obstructed with mud or dust.

ARMY INVESTIGATION IS ON.

Anyone With Information or Complaint Invited to Present It.

Washington, Sept. 29.—The War Investigating Commission completed the preliminaries of its work, and as soon as information requested of the Secretary of War and the heads of the several departments has been received and digested the examination of witnesses will begin. Everybody who has any information or complaint that he desires to make known has been invited to present it. It was stated after the commission adjourned that the examination of witnesses would be open to representatives of the press associations, so that everything that was said could be made known, but that the restricted quarters of the commission forbade them from throwing the rooms open to the public.

FROM ACROSS THE SEA.

Paris, Sept. 28.—The American Peace Commissioners, who arrived here last evening, have asked an audience with M. Delcasse, the Foreign Minister. Ambassador Porter will present them.

London, Sept. 28.—It is reported that the Government has been officially informed of the arrival at Taku on Sept. 24 of Vice-Admiral Seymour on board his flagship Centurion, accompanied by other British warships.

Yokohama, Sept. 28.—The presence of the Marquis Ito invests the Chinese situation with great interest to the Japanese press, part of which suspects that Russian influence is dominating at Peking. A majority of the newspapers, however, consider the coup d'eta, as purely a revolt against the Emperor's drastic measures.
