

EVERY MAN

Ought to have two eyes open when he is awake and only one eye closed when he is asleep.

The man with his eyes open—the wide-awake man, as we call him—who sees the opportunities of life, sees them and seizes them, nothing escapes him.

The Sleepy Man walks down the street and sees only a number of stores, all somewhat alike. He fails to become impressed.

On the other hand the Wide Awake Man notices the air of business about our establishment. The goods catch his eye, he prices them, he buys and he gets a bargain. He has made money. No wide-awake man passes our store. It is always attractive—something new every week. Our stock of

OPENING OF THE FAIR.

The annual fair held under the auspices of the Young Men's C. T. A. B. Corps opened on Saturday evening on the third floor of the Grand opera house building. The opening night was fairly successful, quite a large number of people attending and apparently enjoying their visit.

Both of the large rooms on the third floor are occupied by the fair and many handsome and useful articles are displayed. Among them are a modern, high-class range, a bed-room suite, several rockers and easy chairs, paintings, fine works of art, silverware, household ornaments, etc.

A number of selections will be played nightly by St. Patrick's band.

The proceeds of the annual fairs are applied towards cancelling the debt incurred by the Young Men's Corps in erecting and equipping the opera house building, and with such an object in view it deserves the hearty support of all the people who take pride in the town.

Few places the size of Freeland have as fine an opera house as this, and as the cost of its construction and fitting up has been great those who took that risk ought to be aided as largely as possible in return for their efforts to advance the town.

The Corps, in spite of conditions of the past few years, reduced its indebtedness considerable. There is yet, however, quite a sum owed, but with the continued help of the public all the claims against the building will be liquidated in a short while.

The fair will be open on Monday, Wednesday and Friday evenings.

Bishop's Council Chosen.

The annual conference of the priests of the Scranton diocese was held at Scranton on Thursday. The principal business that came before them was the selection of members of the bishop's council, which consists of six clergymen. Three were appointed by the bishop and three by the priests. Bishop O'Hara was present, but owing to his advanced age, his coadjutor, Bishop Hoban, presided at the meeting.

Bishop O'Hara's appointees as members of the council are: Rt. Rev. Bishop Hoban, Rev. E. A. Garvey, V. F. Williamsport, and Very Rev. P. C. Nagel, V. F. of Wilkesbarre. The three chosen by the priests are: Rev. P. I. McManus, of Green Ridge; Rev. Thomas F. Kierman, of Parsons, and Rev. M. F. Crane, of Avoca. All other officers of the diocese were continued. Among them are Very Rev. Father Finnen, of Pittston, vicar general; Rev. Thomas F. Coffey, of Carbondale, secretary and chancellor; defensor matrimonii, Rev. J. P. O'Malley, Kingston; promoter fiscalis, Rev. P. E. Broderick, Susquehanna.

The pastors were instructed to transmit to the bishop deeds of all real estate owned by their parishes. A rule was promulgated providing that no pastor shall incur a debt exceeding \$500 without the consent of the bishop. Attention was also called to the fact that it is contrary for a pastor or other trustees of church property to mortgage it without the consent of the congregation.

There is also a board of examiners, whose duty it is to examine in theology priests who have been serving less than five years, and a board to examine teachers in the Catholic schools. Each of these boards consists of five members.

Accidents in Anthracite Mines.

Mine Inspector W. H. Davies' report of the mine accidents in this district has been completed. There were 98 accidents during the year ending November 30 last, of which 71 were non-fatal and 27 were fatal, leaving 16 widows and 30 orphans. Of the 27 killed the nationalities of the men were: Irish, 8; Hungarian, 6; American, 5; German, 3; Polish, 2; Austrian, 2; unknown, 1.

Advance information given by the several inspectors of the anthracite region show that for the twelve months ending November 30 there were 1,467 accidents, of which 377 were fatal, leaving 204 widows and 870 orphans.

Luzerne County Honored.

Captain Ambrose Higgins, of Wilkesbarre, has the honor of commanding the first company, of the army of occupation in Cuba, to land in that island. He is captain of the Fifteenth Pennsylvania Signal Corps, which, with the Two Hundred and Second New York Infantry, was the first body of troops to reach there. Captain Higgins' company was recruited principally in Philadelphia, from Pennsylvania university students, of which he was also one. He is well known by many here, and old Luzerne is certainly honored by the distinction thus conferred on him.

Instructive Temperance Lecture.

Rev. H. J. Dever delivered an entertaining lecture at the opera house last evening. He treated the temperance question in a new manner, giving reasons in abundance why man, for his own benefit, should abstain from the use of intoxicants. Father Dever spoke fully three-quarters of an hour and was listened to with interest by the large audience. A musical program was given before the lecture. Attorney J. J. McBrerty presided and delivered a pleasant address at the opening.

Patronize Local Merchants.

From now on the holiday business in Freeland will be brisk. Show windows have been decorated and the stores of the local merchants present a bower of beauty. There is no necessity of going out of town to make your purchases. The local merchants, especially those whose announcements appear in these columns, deserve their full share of public patronage. Besides, gifts bought of home dealers have a double value, in that they make friends happy and the money expended here goes into circulation and may make many of your neighbors happy.

Our local merchants always endeavor and generally succeed in buying the best in the market, and the prices demanded are as low as in the cities. Scan the advertising columns of the TRIBUNE before starting out on your shopping tour, and you will save both time and money.

Grooms and Brides.

Edward Murphy, one of Freeland's most popular saloonists, will be married to Miss Alice Manelis, an accomplished young lady of Wilkesbarre, on Wednesday of next week, the 28th inst., at St. Mary's church, Wilkesbarre.

Died in Philadelphia.

Joseph L. Cornet died in Philadelphia on Friday, aged 60 years. At the breaking out of the civil war he was teaching school at Beaver Meadow. He enlisted in Company A, Twenty-eighth Pennsylvania infantry, and served to the end of the strife, during which service he was wounded four times. He had charge of the G. A. R. department of the Philadelphia Press at the time of his death.

Angelo Fellin, an Austrian quite prominent in this section, died on Saturday evening. His leg was broken in the mines a week ago today, and while being taken home the man was chilled and contracted a cold which steadily grew worse and finally caused his death.

Swoyerville is the name of a new borough which was incorporated on Saturday. It was formed from a part of Kingston township, including the town of Malby.

A fire in a D. S. & S. caboose at Drifton yesterday afternoon served to destroy the clothes of a number of the members of the Drifton Fire Company.

Many of Freeland's college students will spend the holidays at their homes.

Saved a Tramp's Life.

Bernard Riley is the name of a wandering gentleman who owes his life to the kind treatment given him by the men working at the top of No. 7 slope, Upper Lehigh. Last Wednesday morning he passed the wash-shanty at the slope, headed for Freeland, and burdened with an unusually large "load" for a man to carry at that time of day. An hour later he was found some distance from the shanty. He was brought back, and notwithstanding all the efforts made to revive him he continued in an unconscious state for thirty-two hours.

The employes did what they could for the unfortunate, finally calling Dr. Cloud to their aid, who brought him back to his senses. Later he was visited by Dr. Neale, and the man was made as comfortable as the equipment of a wash-shanty would permit. One of his hands is badly frozen and several other parts of his person have been nipped by Jack Frost.

Riley says his home is nowhere, and he keenly realizes his sad plight. After learning how serious was his condition, he became very anxious to be removed to an hospital, and on Saturday he was sent to the Hazleton institution.

Former Resident of Drifton Dead.

Hillary Messimer, a well known railroad official and engineer for years connected with the Reading Railroad, died at a sanitarium near Wernersville on December 11, aged 55 years. Mr. Messimer was born in Pottstown. Early in the seventies he had charge of the East Penn roundhouse in Reading. He then became foreman of the machine gang at the locomotive shops. About 1880 he secured a position in Drifton with Cox Bros. He remained there a number of years, when he took charge of the bolt and nut works in Kansas City, Mo. He next went to Michigan, where he had charge of the machinery of the Calumet Copper Mining Company.

The brewers are kicking. About 300 from all parts of the country met in New York city to protest against the continuance of the war tax of a dollar a barrel on beer and to formulate measures to secure its abolishment.

The funeral of the late John Mealing took place at Upper Lehigh yesterday and was attended by a large number of people. Services were held by Rev. J. W. Bischoff, after which interment was made in Upper Lehigh cemetery.

The Kidneys and Blood

If you want to be well, see to it that your Kidneys and Blood are in a healthy condition. It is an easy matter to learn what state your Kidneys are in. Place some of your urine in a bottle or tumbler, and leave it stand one day and night. A sediment at the bottom shows that you have a dangerous Kidney disease. Pains in the small of the back indicate the same thing. So does a desire to pass water often, particularly at night, and a scalding pain in urinating is still another certain sign.

Dr. David Kennedy's Favorite Remedy is what you need. It will cure you surely if you do not delay too long in taking it. Kidney diseases are dangerous, and should not be neglected a single moment.

Read what P. H. Kipp, of Union, N. Y., a prominent member of the G. A. R., says:—"I was troubled with my Kidneys and Urinary Organs and suffered great annoyance day and night, but since using **Dr. David Kennedy's Favorite Remedy** I have greatly improved, and that dreadful burning sensation has entirely gone. I had on my lip what was called a pipe cancer, which spread 'most across my lip, and was exceeding painful; now that is almost well. I also had severe heart trouble, so that it was difficult to work; that is a great deal better. I have gained nine pounds since I commenced taking the **Favorite Remedy**; am greatly benefited in every way, and cannot praise it too much."

Favorite Remedy is a specific for Kidney, Liver and Urinary troubles. In Rheumatism, Neuralgia, Dyspepsia, and Skin and Blood Diseases, it is also a specific for the troubles peculiar to females. All druggists sell it at \$1.00 a bottle.
