Mrs. Hoffman Describes How She Wrote to Mrs. Pinkham for Advice, and Is Now Well.

DEAR MRS. PINKHAM:—Before using your Vegetable Compound I was a great sufferer. I have been sick for months, was troubled with severe pain in both sides of abdomen, sore feeling in lower part of bowels, also suffered with dizziness, headache, and could not sleep.

I followed your directions, and cannot praise your medicine enough for what it has done for me. Many thanks to you for your advice.

The condition described by Mrs. Hoffman will appeal to many women, yet lots of sick women struggle on with their daily tasks disregarding the urgent warnings until overtaken by actual collapse.

The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometimes past has had sole charge of the correspondence department of her great business.

Dr. SETH ARNOLD'S COUGH KILLER CURES WHEN OTHERS FAIL

CAPT. CHANLER'S LIFE

STORY OF FEW YEARS, BUT BRISTLES WITH EVENTS.

An Explorer and Politician—His Services to Science and Geography—Gallant Conduct During the War With Spain—On Gen. Wheeler's Staff.

William Astor Chanler, the newly elected member of congress from the Fourteenth district of New York, is one of the most interesting men whom the recent elections have brought conspicuously before the people of the country.

Young Chanler graduated from Harvard in 1887, receiving from the university the honorary degree of A. M.

When he came of age he undertook a hunting trip to Africa, where he remained for nearly a year. In September, 1892, he joined Chevalier von Hohenel, a lieutenant in the Austrian navy, and together they set out with their caravan from Zanzibar to penetrate into the interior of Africa.

RISE OF A FINANCIER.

A new man has come out of the West into the railroad world, a star of the first magnitude, increasing in brilliancy every day.

Enough to accommodate the largest vessel afloat. He has been from the beginning a towering figure in the negotiations for the Alton road.

known to white men. For a long time no news of the daring adventurers reached the outside world, and when rumors did come to the ears of the traders along the coast they only confirmed the fears of Mr. Chanler's friends.

The expedition was not without results. Much valuable information was added to the sum of knowledge of the interior of Africa.

How has a man designated as impracticable a few brief years ago made so immense a leap?

This was no small achievement for a young man just out of college, but Mr. Chanler did not rest on his laurels.

upon Africa and with about parallel results. His friends and his family now believed him lost indeed, but he soon emerged from the struggle with new trophies in the shape of offices and political preferment.

An Interesting Room. If you want a pretty room without expense to yourself, try the experiment of decorating your walls with the pictures cut from the newspapers.

Sick Room Hints. All women, and particularly mothers, should be familiar with some simple remedies in case of sudden illness or accidents.

Two great essentials in the treatment of hemorrhages, said a well known physician lately, "are perfect quiet and the best of nourishment."

Recipes. Potted Ham and Chicken—Take the meat from the bones of a cold chicken, and to every pound allow a quarter of a pound of butter.
