FREELAND, PA., MAY 15, 1899.

McKinley's Changes of Heart.

From the Tamaqua Recorder.

Exactly sixteen months ago President McKinley wrote a message to congress in regard to Cuba which contained these words: "I speak not of forcible annexation, for that cannot be thought of; that would be contrary to our code of morality and criminal aggression."

What is being done now in the Philippines at the direction of the president?

Sixteen months ago forcible annexation could not be thought of; now it can be defended. Sixteen months ago forcible annexation was contrary to our code of morality; now it is considered a religious duty. Sixteen months ago the president thought it criminal aggression; now he thinks it the height of patriotism—and anybody who opposes it is accused of being guilty of treason.

The doctrine of force is not a new one.

It is as old as the human race. Cain was the first man who put the doctrine into practice and got stamped upon his brow a mark by which his neighbors should know him.

The old doctrine of force is the doctrine of might against right. There is so much of truth condensed in one verse of the poet Taylor that we repeat it:

Did our liberty bell ring in vain?
Was our Declaration a lie?
Must we turn to the Old World again?
With the penitent Prodigal's cry?
Must we arm us and march in the van
Of Europe's barbaric parade,
And boom out a gunpowder gospel de-
mand
To open a pathway for trade?
Must we splurge through the world
And bluster and brag
With a dollar-mark stamped
On the brave old flag?

This change of heart of the president's is for all the world like that of his changing from silver to gold except that in the latter case it took him less than sixteen months to do it.

More Work Needed.

From the Philadelphia Inquirer.

"It remains," says the Shamokin Herald, "for our Board of Trade to join in the efforts to secure a reduction of freight rates on coal. This offers the only hope for securing a market for the staple product of this region."

Join in that movement! Is it possible that there is a Board of Trade in the anthracite region that is not enlisted in that cause? Is it possible that there is a Board of Trade there that is not doing everything in its power to dot its town with industries of a diversified character in order that it may have a larger local demand for its staple product and give employment to additional labor?

The fact is that there has been a lot of talking about extending the anthracite markets without any considerable results. It was proposed to get the government to use that fuel on the vessels of the navy and they are still using bituminous. They were to open the European markets to the same product, but only the other day we read that the European markets were not yet open to it. A syndicate of wealthy capitalists was also to build a railroad from Scranton to New York that was to bring the roads now in operation to their knees in the matter of tolls, but has the road been built?

Agitation is right enough in its time and way. Little of consequence is accomplished without it. But it won't open markets, build houses or dig canals unless supplemented by action of the most positive character.

The General Merritt who has just made the astonishing statement that Secretary Alger is "the best secretary of war the world has ever seen," is the same General Merritt who in 1864 recommended the same Alger for dishonorable dismissal from the army for cowardice in absenting himself from his command without leave, when his regiment was going into battle. What has caused Merritt to change his opinion?

The commissioners appointed to investigate County Commissioner Guiney's allegations regarding the new court house plans will make their report today.

Some Pointed Questions

Does your urine contain any sediment? Is the lower part of your back sore, weak and lame? Does your urine have a whitish, milky color? Is there a smarting or scalding sensation in passing it? Does it pain you to hold it? Do you desire to urinate often, especially at night?

If you have any of these symptoms, your Kidneys are diseased and your life is in danger. More people die of such disorders than are killed in wars.

Dr. David Kennedy's Favorite Remedy is a direct and sure cure. It goes straight to the seat of diseases in the Kidneys, Bladder and Blood. It hunts out and drives from the system all the impurities that cause pain in the back, Stone in the Bladder, Bright's Disease, Urinary Troubles, and diseases of the Stomach and Liver. It acts at once. There is no long waiting to see if it will help.

"For years I suffered with my Kidneys," writes THOMAS QUACKENBUSH, of Pittsfield, Mass. "The pain in my back was so severe at times that I was obliged to keep to my bed. I suffered awfully when passing water, which was often discolored with blood. I tried almost everything in the shape of medicine, but nothing seemed to help me. One day I got a bottle of Dr. David Kennedy's Favorite Remedy and used it but a little while when it braced me right up. My back became all right, no pain at all; my water cleared up and passed from me without pain, and I grew better in every way. I consider it a great medicine, as it has done wonders for me. My wife uses it for female complaint, and thinks it's the finest medicine in the world."

Sample Bottle Free.
Every man and woman who reads this paper and is in need of medicine, is invited to send full postoffice address for a free trial bottle of Favorite Remedy to the Dr. DAVID KENNEDY CORPORATION, Rondout, N. Y. Our offer is genuine, and the fact that it appears in this paper is a guarantee that the trial bottle will be sent prepaid. Don't delay in writing, and mention this paper. A large bottle costs \$1.00 at all drug stores.
