It is stated that the Wilkesbarre club of the Atlantic lengue will be trans-ferred to Kansas City in a few days. Manager James II. Manning was at the county seat all last week trying to com-plete a deal which would give him con-trol of six of the best players on the team, but it is said he was not success-ful in his mission until late Friday after-noon, when a majority of the directory ew men, have made extensive explora of the coal deposits underlying that tract beyond doubt. President Stegmaier said that he was through with base ball and that he knew nothing about the Manning deal. The management of the club have not been working in harmony for some time. The active management of the team has been in the hands of Director John Redington for some time past. Mr. Redington said: "We have an offer from Manning and will probably of a good thickness and

"If we dispose of these players we will have only three men left. First Baseman Goeckle is not under contract. He will renew the practice of law.
Third Baseman Coughlin has been sold to Washington. Pitcher Goodwin and Fielders Odwell and Richter alone remain. Wilkesbarre will not support a team in a state league, and we may as well get out of business."
It is understood that Wilkesbarre has lost \$3,000 so far this season.
