Heavy Sentence for Chicken Thief. Albert Steinbaugh, 60 years of age, pleaded guilty in Lackawanna county court on Tuesday to stealing three chickens and was sentenced by Judge Archbald to thirty days in the county jail. It was brought to the judge's at-tention that the old man is a profession-al chicken thief, and the judge revoked the sentence imposed and re-sentenced him to three years in the Eastern peni-tentiary. wick, got together, and before they ad-journed some more damaging evidence of jobbery and high-handed scheming was produced. Fortunately the few members of council who are protecting the citizens' interests against the as-saults of their avaricious colleagues and other plunderers were strong enough in numbers last evening to expose the crooked work that is being engineered by a clique which apparently believes The Republican State Committee Pay the Expenses of the Tenth Regiment to the Dewey Celebration in New York-Can the Flag Save the Im-

York-Can the Fing save the Imperiled Machinet (Special Correspondence.) Philadelphia, Oct. 2.—As patriotism, according to old Ben Jonson, is the last refuge of a scoundrel, so the waving of the fing and an appeal to the martial spirit of the electors is the final re-bource of the Quay machine driven to bay and waiting for the fatal shot to be fired into its gangrened carcas. It is no secret that Boss Quay was seriously thinking of an abandonment of his originally proposed "rally "round the fing, boys," and God-bless-McKin-ley campaign, suppressing the leather lung and brass throated atump scream-er-preferring to trust his luck to the indifference of the people and on the principle illustrated by the following story: "Dad," said the youthful citizen of Dead Man's Gulch, "thar's a big rat-tlesnake under the bed." "All right," replied the old man, composedly, "list let him stuy thar-kase ef you pester the varmit he'll spring his rattle and wake yer mom, and then thar'll be the devil to pay." by a clique which apparently believe the borough can be fleeced withou protest from the taxpayers. As reported in the proceedings of the last meeting, the motion to designate Frank Salmon as architect of the bor-ough building and to pay him \$500 for his plans was rushed. At that meet-ing Councilmen Mulhearn and Rude-wick were absent. Last night Mr. Mulhearn called attention to the fact that the contract made with the architect was for \$400 for the plans, not \$500, and asked for an made with the architect was for \$400 for the plans, not \$500, and asked for an explanation as to how the figures changed during the time between the conference with the architect and the meeting of council. The architect admitted that he alter-ed the figures. Councilmen Rudewick and Mulhern then entered their objections to such high-handed work and demanded that the matter be referred to the borough

in nis nand. Then, too, the state treasurer should be a buisness man. Colonel Barnett is a gallant soldier, who braved Mauser bullets and disease in the far off swamps of Luzon, but because he is a soldier and a lawyer, sans a practice or reputation, does not prove him possessed of the qualifica-tions of a financier. But right here, it may be, is where General Gobin con-fessed to the grangers at the William's grove picnic that "the state treasurer work. The office snatching Gobin con-fessed to the grangers at the William's Grove picnic that "the state treasurer is only a clerk." Colonel Barnett might, as state treasurer, make an excellent and satisfactory clerk for his boss, which his name is Quay, but the contention of the Democrats is to ele-vate this office from the lot of a mere clerk into a dignified state official, who will own himself, and will carry out his campaign pledges to the people and "open the books." HIPPOROMING THE TENTH. Senator Quay could never be induced to persuade President McKinley to wake yer mom, and then thar'll be the devil to pay." But a howl of protest went upagainst a Quaker meetin' campaign from younty chairmen and local candi-dates. In a great many countles that contain the seeds of revolution that were planted at previous upris-ings against the Republican machine the insurgents are either sullen or openly threatening, making things look as blue as indigo for the county tickets. The party henchmen and the nervous candidates, therefore, stretched out their hands to the boss, appealing like whip wrecked mariners for him to throw out the life line or Davy Jones' locker or Mr. McGinty's mishap would be their fate. BRING FORTH THE STARRY FLAC. the matter be referred to the borough solicitor. A motion to this effect was Councilmen DePierro and Rute spoke in defense of the architect's action and resented all efforts to investigate the matter. The vote on the motion to refer the question to the solicitor was a tie, Messrs. Kline, Rudewick and Mulhearn Davis and Rute opposed the action. The discussion was spirited while it lasted, and the manner in which some
