TAYLOR DEFEATS GOEBEL.

Kentucky Lost to Democrats by Small Margin.

### MARYLAND IS DEMOCRATIC.

Nebraska Gives Big Fusion Majority. Governor-Tammany Triumphs In New York City-Mazet Beaten-New York State Assembly Republican. New Jersey Stays In Republican Column — Democratic Congressman From Pennsylvania-Barnett State Treasurer by Big Vote.

Cincinnati, Nov. 8.—The Republicans have elected George K. Nash governor and the rest of the state ticket by about 40,000 plurality. They have also elected a majority of the legislature.

Jones, the "Golden Rule" candidate, received about 100,000 votes in the state. He carried Cleveland, Hanna's home, by 10,000, but lost his own town, Toledo, to Nash by about 20,000. Contrary to expectations, Jones took more votes from the Democrats than from the Republicans.

At midnight Colonel Dick, chairman of the Republican state committee, said his prediction of last Saturday of 75,000 to 100,000 votes for Jones, 50,000 plurality for Nash and Republican majorities in both branches of the legislature would be realized in every particular.

Chairman Seward of the Democratic committee has nothing to say.

At 11:30 p. m. Senator Hanna sent a telegram to President McKinley, who was in a sleeping car en route, telling him that the Republicans had carried

the state and that Nash's plurality would be not less than 25,000.

the state and that Nash's plurality would be not less than 25,000.

Mayor Jones, the nonpartisan candidate, concedes his defeat, but says that if his work has centributed to the overthrew of imperialism he is well satisfied.

Nash carried his home county, Franklin, by 1,500, a net gain of 2,800.

McLean, Democratic candidate for governor, carried Hamilton county (Cincinnati) by about 4,000. The entire fusion caunty ticket, composed of Democrats and independent Republicans, has been elected by widely varying unjorities. The fusion ticket is monosed matuly of Democrats, the share of independent Republicans consisting of minor boal offices and half the legislative ticket. The fusion victory is a great blow to George B. Cox, who for more than decade has ruled the Republican organisation in Hamilton county.

The local campaign was simply a question of Cox or anti-Cox, and the antis, through an alliance with the Democrats, have won.

through an alliance with the Democrats, have won.

Mayor Jones late last night said:

"The result of the election is extremely gratifying to me, as it must be to every lover of liberty. The vote for the non-partisan idea is large enough to justify the claim that the cause has won the greatest victory ever recorded in the political history of the state.

"I believe the moral force will lead the legislature to pass the municipal code commission bill, which provides that every municipal officer in Ohio shall be elected by the nonpartisan plan, doing away entirely with political parties in all our cities. Furthermore, the vote for the nonpartisan idea will have its induence in shaping national issues next year. There will be more of morals in the national platforms by the reason of it. "I am thankful that the nonpartisan vote in Ohio may be recorded as favoring a Christian policy toward the Philippines."

# General Taylor Wins Kentucky by Small Majority.

Seneral Taylor Wine Kentucky by Small Majority.

Louisville, Nov. S.—By the combined efforts of the Republicans and anti-Goebelites Attorney General W. S. Taylor (Rep.) has been elected governor of Kentucky by a majority variously estimated from 7,000 to 15,000 over Goebel (Dem.). Returns received up to midnight also indicate the election of the entire Republican ticket, while the complexion of the legislature is in doubt.

The weather throughout the state was perfect, and more than an average vote was polled, the total falling but little short of the vote polled in the last presidential election.

Chairman Long of the Republican campaign committee said at midnight that Taylor's plurality would not be less than 15,000. This estimate, he said, was based upon estimates received from the majority of the counties in the state.

Governor Bradley estimates Taylor's plurality at from 15,000 to 18,000.

statement at 1 a. m. regarding the next legislature:

"The Republicans have elected ten senators out of 19 sure. Three more are believed to have been elected, but the returns are not complete, while one is in doubt. There are two Republican holdovers and six anti-Goebel holdovers.

"In the house the Republicans have elected 41 members certain, the Democrats 55 and the anti-Goebel Democrats five. The districts in doubt and not heard from number 19, which include Campbell and Kenton counties and three districts in the city of Louisville. This insures a fusion majority in the house against the Goebel law and probably a Republican fusion majority in the house against the Goebel law and probably a Republican majority."

### NEW YORK ASSEMBLY.

# Republican Gain of Seven or Eight

Republican Galin of Seven or Eight Members.

New York, Nov. 8.—The chief interest in the election in this state centered in the lower house of the legislature, the assembly. The Republicans have made a net gain there of seven or eight members. The losses in New York county are probably offset in Kings. The assembly is likely to stand 95 Republicans and 55 Democrats. The present year it had a membership of 87 Republicans and 55 Democrats. The present year it had a membership of 87 Republicans carry Buffalo. Rochester, Albany, Cohoes and Troy. The Democrats were successful in Syracuse and Utica. The most significant of these local contests was that in Troy, where ex-Senator Murphy's candidate was turned down. Eric county, which went Democratic last year, returns to the Republican column. Chemung, ex-Governor Hill's old home, gives a large Republican majority. Schoharie, the only county that gave Bryan a plurality, nearly slipped from the control of the Democrats yesterday. The state as a whole shows a Republican plurality of about 35,000.

The fate of the constitutional amendments is not as clear as it might be, but it is probable that they were all carried. The heavy vote of New York and Kings counties in their favor doubtless determined the matter.

### IN MASSACHUSETTS.

# Republicans Well Pleased With the 65,000 Majority.

Republicans Well Pleased With the 05,000 Majority.

Boston, Nov. S.—The Republicans carrie—Massachusetts by 65,000 votes, and W. Murray Crane of Dalton will be the next governor. The entire Republican state ticket was elected by practically the same plurality as the head of the ticket, and the legislature of 1900 will also be Republican by the usual large majority, there being few changes in either branch. The total vote for governor, with one town missing, is as follows: W. Murray Crane (Rep.), 168,840; Robert Treat Paine, Jr. (Dem.), 103,812.

The following signed statement was given out by Chairman A. H. Goetting of the Republican state committee:

"The Republican state committee: "The Republican state committee: and the result. To poll about 170,000 votes in an off year shows with what favor our state ticket, headed by Mr. Crane, was regarded by the voters. Our canvass of the state led us to estimate a Republican vote of 170,000 if election day was bad, and the vote bears out this canvass.

"Mr. Crane's plurality of some 65,000 is a very handsome one and shows his strength and popularity in the state."

The Democrats had no difficulty in carrying the city of Boston. For the past three years the city has indorsed the Republican candidate for governor, but this year Robert Treat Paine, Jr., the Democratic nomine, received a plurality of 5,196 over W. Murray Crane (Rep.). Faine's total vote was \$22,592, and Crane received 26,390. Last year Wolcott (Rep.) carried the city by a plurality of 1,897 over Alexander B. Bruce (Dem.). These figures show a loss for Crane from Wolcott's vote of 7,179 and a gain for Paine over Bruce's total of 914. The decrease in the Crane vote is partly due to the fact that he comes from the western part of the state and did not have the local popularity that Wolcott had. The election passed off quietly.

partially offset by private dispatches from the Eleventh district, indicating a falling off in the Republican vote Blackburn claimed at midnight that Goebel would win by 5,000.

This is a reduction of 25,000 as compared with claims made two hours earlier. With slix precincts out, three of which did not come in last night, Goebel's majority in Fayette county is estimated at 300, a Republican gain over Bradley's vote. The Democratic city ticket wisn by a small majority.

The Brown vote (anti-Goebel Democratic) is small, the great majority of the Democrats opposing Goebel having voted outright for Taylor.

Chairman Long gave out the following statement at 1 a. m. regarding the next legislature:

"The Republicans have elected ten senators out of 19 sure. Three more are believed to have been elected, but the returns are not complete, while one is in doubt. There are two Republican holdovers and six anti-Goebel boldovers.

Pennsylvania Republican.
Philadelphia, Nov. 8.—Estimates from all of the counties in the state indicate Barnett's (Rep.) plurality over Creasy (Dem.) to be 125,483. In some counties the estimates were necessarily based on meager information, and complete returns may change the figures here given. In 1897, when Swallow (Ind.) carried ten counties in the state, the plurality of Beacom (Rep.) was 129,717, and in 1895 the plurality for Haywood (Rep.) was 174,294.
One congressman was elected in Pennsylvania. In the Ninth district, comprising Berks and Lehigh counties, Captain H. D. Green (Dem.) was chosen by a majority of 5,000 to succeed D. M. Ermentout, deceased.

Fusion Wins In Nebraska.

Lincoln, Neb., Nov. 8.—There is no doubt as to the result in Nebraska. The returns continue to show steady fusion gains, and the majority for Holcomb will not be less than 10,000. W. J. Bryan gave out this statement at 1 o'clock this morning: "The campaign in Nebraska was fought on national issues, and the result is a protest against the policy of the administration." Mr. Bryansaid he had no comment to make on results in other states. At 1 o'clock Chairman Tofft of the Republican committee admitted that the figures at hand showed the election of the fusion ticket. ### Republican Gains In Iowa

Republican Gains in Iowa.

Des Moines, Nov. 8.— At 1:30 this norming 638 precincts of the 2,082 in the state gave Shaw (Rep.), for governor, 91,593; White (Dem.), 67,505. The same precincts two years ago gave Shaw 86,565; White, 72,392. This is a net Republican gain of 9,853, or about 14 to the precinct. The same ratio, if kept up for the state, will give a Republican plurality of about 0,000. There are a few Republican gains in the legislature, and the indications are the Republicans will have 115 of the 150 members.

Maryland Democratic.

Baltimore, Nov. S.—Maryland has returned to the Democratic column after four years of Republican control. Colonel John Walter Smith, representative of the First district in congress and the leader of what is known as the Eastern Shore Democracy, has been elected governor by a large majority. General Thomas J. Shyrock, chairman of the Republican state central committee, at 10 o'clock last night conceded the election of Colonel Smith for governor by 10,000 majority.

majority.

\*\* Republicans Gain in Kansas.

Topeka, Nov. 8.—Very meager returns indicate Republican gains in the county elections. It is predicted by conservative politicians that the Republican gain will reach 10 per cent. In Shawnee county the whole Republican ticket is elected by a gain of 20 per cent over last year. A very light vote was polled all over the state. In 1896 the fusionists carried 60 out of 105 counties. Last year the Republicans carried 81 counties out of the 105.

Municipal Elections In Rhode Island
Providence, Nov. S.—The election here
was quiet, and a comparatively small
vote was polled in the five cities of the
state which held municipal elections. Returns show the election of Democratic
mayors in Pawtucket (Fitzgerald) by 392
plurality, Woonsocket (Greene) by 129
plurality, Newport (Boyle) by 184 plurality, and Providence (Baker) by 1,600
approximately. Eastwood (Rep.) won in
Central Falls. The Republicans control
the city councils in the five cities.

Troy Goes Republican.
Troy, N. Y., Nov. S.—After one of the hottest fights ever had here, in which ex-Governor Black led on one side and ex-Senator Murphy on the other, the city of Troy has gone Republican by about 1,000. Black and Murphy have personally conducted the contest, night and day, for weeks, and the result is the election of Black's entire ticket—city, county and assembly. This is the first time in 30 years that Troy has gone Republican.

Cessation of Hostilities at Ladysmith Since Friday.

LONDON VIEWS OF THE SITUATION

Reports of Heavy Boer Losses Doubted—Investment of Ladysmith Believed to Be Less Effective Than Has Been Supposed.

Has Been Supposed.

London, Nov. 8.—There was a fresh outbreak of war rumors in London last night. The evening papers printed numerous special editions announcing a big engagement at Ladysmith, in which 2,000 Boers had been captured. The war department, however, had given out nothing to affirm or deny the report all day, which confused the newspapers as well as the reading public.

In the evening the war department posted a dispatch from General Buller, dated Cape Town, Nov. 7, 12:25 p. m., containing the report from the general commanding at Estcourt through the governor of Natal. Commenting on this telegram, The Daily Mail this morning says:

governor of Natal. Commenting on this telegram, The Daily Mail this morning says:

"It seems singular that an apparently official message should be subjected to censorship, but the probability is that the message is not official, the general at Esteourt, in the absence of official news, remitting the above in order to allay anxiety regarding Ladysmith.

Odd Features of the Dispatch.

"We imagine the correspondent who sent the official message was a colonial, for he specially and solely mentioned as the chief loss that of the Light Horse, which is a local force. The British force at Estcourt is believed to be 3,000 strong. "This dispatch, which carries the news from Esteourt and probably from Ladysmith down to Monday, is remarkable as omitting all mention of the heavy Boer losses reported through unofficial sources to have occurred presumably at earlier dates. "By comparing this dispatch with that

losses reported through unofficial sources to have occurred presumably at earlier dates.

"By comparing this dispatch with that of General White of Friday's date and that of The Daily Mail's special correspondent at Ladysmith it is clear that two actions of some importance were fought by the troops under Colonel Brocklehurst, one on Thursday, probably at Bester's or at Tatham's farm, and the other on Friday at Dewdrop or Bester's Station, for the former is four or fixed, most likely at Bester's farm, not Bester's miles west of Ladysmith and the latter is 14 miles away. It is not at all probable that a small force of British would risk attacking the Boers at that distance from their base.

14 miles away. It is not at all probable that a small force of British would risk attacking the Boers at that distance from their base.

"Dewdorf, mentioned in the Estcourt dispatch, is evidently Dewdrop, which is shown on the map to be five miles southwest of Ladysmith. It would correspond to the indication given in General White's dispatch. Friday's engagement seems to have been the more important of the two, for Colonel Brockiehurst's force is described as driving the Boegs back a considerable distance and disabling a gun, with comparatively slight loss on our side.

"It seems to make it doubtful that the Boers lost as heavily as is unofficially reported. On this point, however, we shall have to await further official dispatches. Bullwana is probably Umbulwani hill, where the Boers planted a 'Long Tom.' It is just possible that the engagement at Umbulwani may be that in which the severe punishment of the Boers occurred. This action took place on Friday.

"The statement that there has been a cessation of hostilities since Friday may mean the Boers have had enough fighting for a time."

cessation of hostilities since Friday may mean the Boers have had enough fighting for a time.

"The officers reported killed, Captain Knapp and Lieutenant Brabant, were both of the Imperial Light Horse. Captain Knapp and Lieutenant Brabant, were both of the Imperial Light Horse. Captain Knapp and Lieutenant Brabant was a minig man by profession. Lieutenant Brabant was a son of Captain Brabant, a member of the Cape assembly and president of the South African league."

It is generally conceded by all the London papers this morning that General White is holding his own, notwithstanding the fact that Ladysmith is invested. The various papers differ, however, as to the result of the engagements at Ladysmith during last week. The Daily Telegraph does not see how a fight of several hours with cavalry, the field artillery, the Imperial Light Horse and the Natal mounted volunteers engaged could be a small matter, as Thursday's fighting has been variously reported to have been.

Serious Boer Reverse.

It turns out, says the Daily Telegraph, to have been a very serious reverse for the Boers and adds that their war correspondent counts the Boer losses at 800 killed and wounded and 40 prisoners.

The Daily Telegraph further traces the additional action with cavalry and field artillery engaged, this time apparently on the northern side of Ladysmith on Friday and Saturday.

The Daily Telegraph in summing up makes the following deductions:
"Accounts to hand are naturally brief and incomplete. They are gathered from

When they were 100 yards distant, they fired volleys into the fort, which, however, had been evacuated. The Boers burned all the stores on the Lebonbo and thoroughly ransacked Pomersdorp, which they burn-ed to the ground.

# BOERS ATTACK MAFEKING.

Finding Bombardment Futile, They Make a Vain Assault.

London, Nov. 8.—The following has been received by The Daily Mail from its war correspondent at Mareking, under date of Oct. 20, via dispatch ride to Kuruman and by runners to Orange river:

der date of Oct. 26, via dispatch rider to Kuruman and by runners to Orange river:

"The Boers have bombarded the town for several days past with five 7 pounders, one 10 pounder, two Krupp 12 pounders and one Krupp 94 pounder.

"Three hundred shells were fired in the course of 36 hours. We had four men only wounded. The damage to the town was inconsiderable.

"The bombardwent was so futile it was becoming a joke, when on Oct. 25 the object of it was seen. Having indulged in the preliminary artillery fire, the Boers closed in upon all sides and made a determined attempt to rush the town. This attempt at storming brought out every single man of ours who could carry a weapon. It was indeed a magnificent sight to see how the little garrison turned out to meet the numerically overwhelming foe.

"There was a fearful rifle fire, and the Maxims sent a hurricane of shot right in the teeth of the Boers, who wavered, broke and stampeded in a mad panic." They were driven over mines, which exploded, scattering them in all directions. They must undoubtedly have suffered great loss. They were completely driven off."

Columbia Defeated at Football by 20 to 0.

New York, Nov. 8.—The football warriors of Columbia, who gained sudden fame by defeating Yale not long ago, tackled Cornell at Manhattan field yesterday afternoon. Instead of victory, which was so confidently expected, defeat, overwhelming defeat, was the unpalatable dose that Columbia was compelled to swallow as a result of their gridiron conflict with the strapping young fellows from the Ithaca university. The score of the game was 29 to 0.

Gifted with a more extensive knowledge of football, apparently, than their opponents, the Cornellians were bigger, brawnier and speedier in every way. There was some resemblance between Cornell's game yesterday and Harvard's game last Saturday. Cornell used excellent generalship and wasted little energy in useless line bucking—as Columbia did. But by punting, rendered effective by the fine work and deadly tackling of her ends, and as brilliant an exhibition of open play as ever was seen on a gridiron, Cornell completely sunthered and non-plussed the Columbia men. The delayed pass, great interference and running in a broken field were maneuvers that played a conspicuous part in Columbia's Waterloo.

Columbia's line, strong though it was
rated to be, was entirely outplayed by
Cornell's line. This fact, together with
Cornell's greater variety of offensive tactics and Columbia's muffling and fumbling, explains in brief Cornell's victorya victory that was so thorough and onesided that it almost dazed the Columbia
adherents.

Treaty Providing For Arbitration Signed.

Washington, Nov. 8.—Having disposed of the question of the adjustment of claims arising out of the bombardment of Mataafan rebels in Samoa, the three governments signatory to the Berlin treaty are now devoting their attention to the proposition to partition the islands.

of Germany.

King Oscar of Sweden is selected as arbitrator.

The important article of the treaty provides that the arbitrator shall consider the facts leading up to the bombardment, and if he should determine that the bombardment was unjustifiable then he shall award damages against the pations—Great Britain and the United States—whose men-of-war shelled the native villages. The treaty is so worded that it is open to the interpretation that the award shall be made, if the bombardment were justified by existing conditions and the facts leading up thereto, against the powers whose representatives brought about the conditions which necessitated the use of force, and in this event Germany will have to pay the score. The authorities are satisfied that the arbitrator will find that the bombardment was justified, in which event Germany will settle the claims.
