## Diamond Bros. Minstrels.

At the Eleventh avenue opera house there was a presentation of fine minstrel and vaudeville talent last night. The audience was very large and showed its appreciation of the exhibition that was furnished for its entertainment by Diamond Bros. big double minstrel. Of all the shows that have been at the opera house recently none seemed to be more thoroughly enjoyed than the one last night. The specialties were highly pleasing and the vocal selections were sparkling and catchy and there were numerous encores. The traditional black first part was full of amusement, among features being humorous remarks and a number of entertaining solos. The wit and brilliancy of the performance did not permit of a single dull moment. The olio of vaudeville performances was remarkably clever. —*Johnston, Pa., Democrat*, October 31, 1899.

## At the Grand November 14.

## Mr. Brightbill as a Lecturer.

That Mr. Brightbill is a platform favorite with our teachers was well shown by the attention and applause given his popular lecture, "A World Without a Fence." It is a timely and up-to-date presentation of an exalted theme, the interposition and guiding hand of Providence in the affairs of America. —*Lebanon, Pa., Daily News*, February 11, 1899.

Mr. Brightbill will deliver the above lecture at the Grand opera house on Thursday evening under the auspices of the Mining and Mechanical Institute.

## Beautiful Chrysanthemums.

The display of chrysanthemums at McDonald's store, corner of Centre and South streets, should be seen this week by every lover of the beautiful. Never has a finer assortment of this handsome flower been exhibited in this town. Every known variety is included in the display. It costs nothing to view the flowers. Purchases, however, may be made if so desired, or orders for future delivery may be placed. The exhibition will continue during this week.

## Reduced Rates to Philadelphia.

On account of the National Export Exposition, November 15, 1899, the Lehigh Valley Railroad will sell tickets to Philadelphia and return November 15, at one fare for the round trip, plus 50 cents for admission to exposition. Tickets will be honored on any train except the Black Diamond express, and good for return passage to November 24, inclusive.

## Special Council Meeting.

Councilmen Rute, DePierro, Mulhearn, Meehan, Davis and Schwabe attended the special meeting of council Friday evening. Mr. Mulhearn acting as chairman. The purpose of the meeting was to hear the report of the street committee.

The committee reported that they had examined the report of the street commissioner and, finding it correct, recommended its adoption, which was done by council.

A bill of \$5.00 from Hazleton Machinery and Supply Company was ordered paid, and the bills approved Wednesday evening were re-passed.

The street committee recommended the extension of the sewer on South Ridge street and the work was ordered done after the secretary procures from ex-Borough Surveyor P. M. Boyle a profile of the Carbon street sewer.

It was decided to notify the property owners on Birckbeck street, between Front and Walnut streets, to at once place sidewalks in front of their properties, in order that the borough can lay gutters along that street.

Pine street property owners are to fence up their properties, there being a dangerous bridge at Walnut and Pine streets.

The light committee recommended placing a light on Fern street, but as council does not know whether that portion is in the borough or not the matter was referred to the solicitor.

Another meeting will be held Saturday evening.

After adjournment council reconvened to discuss the borough building plans with the architect, but at the request of the latter, who objected to considering the matter in public, a secret session was held.

**Died at Perth Amboy.**  
Edward Rielly, of Harleigh, aged 27 years, died Friday morning at Perth Amboy, N. J., where he was temporarily employed as a carpenter. The remains arrived home that evening and the funeral took place yesterday afternoon, many Freeland people attending. The remains were incased in a solid oak casket and were viewed by a large concourse of people. The floral offerings were as follows: Large cross, employees of Lattimer store and office; cross, P. B. Carr; chrysanthemums, Lattimer Quartette; carnations, Misses Bid and Mary O'Donnell; carnations and roses, H. Salem and J. Gallagher; lilacs, St. Aloysius T. A. B. Society; lilacs, Miss Minnie Rosenbaum; carnations, a friend; carnations and roses, Mrs. Nell Kennedy.

Deceased was a member of the Mozart Glee Club and Lattimer Quartette, and both organizations rendered appropriate selections at the home and the grave. He was also a member of St. Aloysius T. A. B. Society for twelve years. These three organizations attended the funeral.

**Echoes of the Election.**  
The Democrats of Luzerne won nothing but county treasurer. They could have captured the commissioners' office, but too much single voting prevailed. Besides, the party refuses to endorse the management of John T. Lenahan. He can bulldoze a convention, but he cannot do much with the people at large. —*Lansford Record*.

The people of Pottsville decided that they are not ready for the adoption of a city form of government, the project having been defeated by a vote of 149. The vote for city charter was 1,368 against 1,517.

McAdoo borough voted for municipal ownership of its light plant by 127 to 39. Few towns are so wise in their young days.

The local friends of Larry Tarleton, of Weatherly, are pleased to hear of his election as treasurer of Carbon county.

Tamaqua defeated a proposition to issue \$50,000 worth of bonds to improve its water supply by 477 to 312.

**Miner's Sight Restored.**  
Cornelius McHugh, a miner residing in Seek, Schuylkill county, who several years ago was deprived of his sight, the result of a premature explosion, has gone to the Medical-Chirurgical hospital in Philadelphia for treatment. Since the accident Mr. McHugh has not seen a spark of daylight. Dr. Fox, the noted eye specialist, operated on him on Tuesday. The left eye was entirely destroyed and removed; the right, however, did not share the same fate, and since the operation Mr. McHugh is gradually regaining his sight and Dr. Fox is sanguine of its complete recovery.

**Serious Accident Yesterday.**  
Joseph Hinkle, Sr., of Upper Lehigh, met with an accident yesterday on Butler hill which may prove fatal. When found on the hill he was unconscious and has remained in that state since. He was taken to his home, where everything possible has been done to relieve his injuries, which consist of deep cuts about the head and face and internal bruises. His condition this morning was very low. Owing to Mr. Hinkle remaining unconscious, the facts of the accident cannot be learned, as no one was present when it occurred.

Gentlemen, for hats and caps go to A. Oswald's. He has a nice variety.

## Foster School Board.

Foster school board met Saturday evening with Messrs. Rumsey, Zeistloff, Lesser, Kellar and Evans present. Principal Hoffman made a lengthy report, showing twenty-six visits to the schools. The attendance was given as \$37 with a percentage of 86. The principal reported that the Tannery building was almost destroyed by fire on October 25, caused by defective stove-pipe.

The principal was instructed to see that pupils from outside districts attending their schools will in future be required to pay tuition fees.

All teachers are to be requested to see that pupils from outside districts attending their schools will in future be required to pay tuition fees.

The principal was given permission to supply high school books to two pupils at Eckley, two at Upper Lehigh and four at Sandy Run.

The board decided to open night school at Highland. The substitute teacher was elected to teach, the regular teacher not desiring to perform the duties.

The report of attendance of teachers at county institute was received from County Superintendent Hopper. The teachers were very attentive with two exceptions, one not being in attendance, while the other was expelled from institute for a cause. The report was accepted and the teachers are to be paid accordingly.

It was decided to exonerate August Krauser, of Oley valley, from the payment of school tax, his house and crops having been destroyed by fire recently.

A vote of thanks was tendered the citizens of the Tannery for their good work in extinguishing the flames that threatened the destruction of the school building at that place.

It was decided to close the schools Thanksgiving Day, also to give the teachers a vacation on the 31st inst.

The salary of the night school teachers was made the same as last year, \$25 a month.

The following bills were ordered paid: Tribune, \$10.20; J. S. Wentz & Co., coal, \$29.30; Wm. Birckbeck, supplies, \$1.50; Kress Stationery Company, supplies, \$102.27; Cross Creek Coal Company, coal, \$7.50; John W. Davis, coal, \$7; Mrs. Thomas Kessel, cleaning, \$16; M. S. Kemmerer & Co., coal and supplies, \$23.93; Lewis H. Lentz, repairs and contract, \$72; Mrs. Thos. Boyle, cleaning, \$4; Mrs. John Mealing, cleaning, \$4; Mrs. Patrick Burke, cleaning, \$3; Reuben Booth, repairs, \$1.65; Jos. Birckbeck, supplies, \$8.05; Silver Burdette & Co., books, \$70.80; Press, printing, \$28.

Treasurer Lesser reported a balance on hand of \$314.22.

## Lured West by Big Promises.

The carload of Schuylkill county miners who left about two weeks ago for Montana likely believe by this time that all is not gold that glitters. The men were employed by John Skeath, formerly superintendent of Greenwood colliery, Tamaqua, and were promised that they would receive \$2.75 from the Bridger Coal Company.

According to the Billings, Montana, Gazette, the men arrived in that city on last Tuesday. They were met by Resse Davis, president of the Western Federation of Labor, who told them that there was likely to be some trouble at the Bridger mine, as the miners employed there were not receiving living wages and that another cut was still to be made. All the Schuylkill county men belong to the Miners' Union and under the circumstances refused to work. It is not known whether the men will return East or not as it is not likely that they have the funds to pay for transportation.

**Anthracite Coal Trade.**  
There is little change in the anthracite coal trade except the dealers are becoming more anxious to have their orders filled before the close of the month. The coal companies are producing all the coal they can and yet there seems enough to meet the demand. Most of the companies are only taking orders at the October circular prices. The scarcity of vessels continues and the rate to Boston remains high. There is only a fair supply of anthracite coal in the New England yards and an effort is being made to increase the stock before cold weather sets in.

A jump of 25 cents a ton in price of anthracite coal at Chicago is predicted with certainty by coal men, and the date for the advance is fixed at December 1.

## Comfort for Democrats.

If there are any Democrats who refuse to be comforted on account of last week's election, we invite them to peruse our Monroe county exchanges. Following are the votes cast in a few districts of that Democratic Gibraltar: East Stroudsburg, North district, 117 to 45; Stroud, 123 to 58; Middle Smithfield, 196 to 15; Hamilton North, 100 to 28; Coalbaugh, 123 to 37; Eldred, 157 to 2; Price, 17 to 1; Pocono, 148 to 24; Smithfield, 193 to 31; Stroud township, 138 to 43. The Republicans did not carry a precinct in the county. Three Democratic commissioners were elected.

## STRIKERS SENT TO JAIL.

### LACKAWANNA MINERS ARE CHARGED WITH INCITING TO RIOT.

**Armed Deputies Surround the Mines at Old Forge and Hurtle the Men Off to Prison in Default of Bail—The Trouble May Spread.**

The proverbial volcano edge is applicable in describing the situation at Old Forge, where 1,400 miners are on strike, and an attempt is being made by Jermyn & Co. to resume operations with the assistance of a squad of armed deputies, who have a line of pickets surrounding No. 1 shaft.

Shots were fired Thursday night and during the earlier hours of Friday by the deputies when groups of the strikers' pickets were found in close proximity to the mine. At 4 o'clock Friday morning three of the strikers were surprised and arrested on a hill top overlooking the mine. They were charged with inciting riot and intimidating workmen, and Alderman Millar, of Scranton, sent them to jail in default of \$1,500 bail each.

They gave their names as Jacob Marcinkovitz, John Zapka and Anthony Gipsinski. They admit that they stopped workmen and turned them back, but deny having used any violence or threats.

Superintendent Edward Jermyn, son of John Jermyn, the millionaire coal operator and head of the firm of Jermyn & Co., disguised himself as a miner and at early dawn started across the field to the mine. He was held up by one of the strikers' pickets, Ludwig Leshinski, and asked to turn back. When he refused the striker caught him by the arm and began to argue with him. Young Jermyn let go his fist and knocked the striker to the grass. Three deputies came up and arrested the stricken striker, and Alderman Millar later sent him to jail in default of \$1,500 bail.

The strikers have retained Attorney John H. Bonner to prosecute three deputies for housebreaking and pointing firearms. It is alleged they went out on a midnight hunt for Frank Apple, a Polish strike leader, and by mistake got into the house of Martin Molinski, who alleged that he was held up with a gun.

The New York, Susquehanna and Western Railroad employees have promised the strikers to refuse to handle cars loaded at the Jermyn & Co. collieries, so that even if the mines were started the company will not be able to do any business.

Twenty additional deputies went on duty on Friday, and a case of Winchester repeating rifles has been added to the arsenal at the company's mine office.

Two more arrests were made on Saturday. Frank Apple and Martin Duffy, on a charge of inciting a riot.

## PERSONALITIES.

Thomas Pendergast, of Upper Lehigh, left this morning for Allegheny City, where he has been promised employment in one of the electric power houses.

John D. Herron, formerly one of Freeland's school teachers, returned home on Friday after a three years' trip through Central America and the South.

James McDyer has returned from New York city, where he was employed for some months past. He expects to secure employment at Mauch Chunk.

Condy McCole, who was a resident of town several years ago, arrived here on Saturday from his home in Ireland.

Miss Maggie Himes, of Sandy Run, has accepted a position as dressmaker in Philadelphia.

William A. Gallagher, of the Ashland, House, New York city, is home on a ten days' vacation.

## MINES AND RAILROADS.

A dispatch from Pottsville says Reading main line coal train crews are authority for the statement that an advance of wages will soon be made, and that a better arrangement of their hours of service will also go into effect in the near future.

At a point near New York a firm has undertaken to manufacture coal dust and culm into fuel cubes or "briquettes," and while the success of the enterprise is not yet assured, a ready sale is being found for the limited product of the plant.

Gomer Jones has resigned as superintendent of the South Side collieries of the Lehigh and Wilkes-Barre Company.

## Praise From the Press.

The Diamond Brothers Double White Minstrels appeared to immense houses here Saturday afternoon and evening and no minstrel show that has appeared here in years gave such universal satisfaction. The show is beautifully staged, the first part being a gold and blue satin setting. The musical features were away above the average, and the singing and dancing superior to any minstrel company that has appeared here in years. The comedians, ten in number, kept the audience in the best humor, among them being Lew Diamond, Horace Knox, Chas. Casad, Charles Decker, Fred Russell, A. J. Rasch, Geo. Knox, J. Seifert and Matt and Lawrence Diamond.

The show is in excellent working order, with J. M. Wall as general manager.
