WALDERSEE COMING HERE.

Commander of Allied Forces to Visit United States.

Berlin, Aug. 10.—Field Marshal Count von Waldersee, recently appointed to command the German forces in China and booked up in some quarters as likely to be commander in chief of the international troops, has arrived here to confer with the emperor. He said last night: "My appointment is due entirely to the initiative of Emperor William."

"I shall start for China, going probably by way of San Francisco, in a short time. I am fully aware of the great difficulties I shall have to meet in China and of the extreme delicacy of my position there, but I can only say that I shall do my best to prove myself worthy of the honor and of the confidence placed in me by the Kaiser."

"Countess von Waldersee will accompany me to the United States."

The field marshal was in consultation last night with the general staff and the minister of war.

Malatesta Laughs at Europe.

London, Aug. 10.—Malatesta, the anarchist who is considered by the Tribune of Rome the leader of the regicide conspiracy, was seen in London yesterday. He is represented as having said: "Signor Sarrao, the Italian premier, is our best friend. He pays the detectives such small salaries that we can buy them cheaply. A few francs and a handful of cigarettes and you can buy an Italian detective. The Spanish police are the cheapest, the Italians come next and then the Russian, American, French and English in that order. The German detectives are the dearest because they are the most stupid. With all the arrests they have not arrested any real revolutionist. We shall shortly establish in Italy economic equality and social brotherhood. Then the whole world will follow the example of Italy."

Trades' Council Picnic.

Albany, Aug. 10.—At Lazon island, near this city, the United Building Trades' council gave a picnic in aid of the Chicago building trade strikers. Governor Atkinson of West Virginia spoke on Republican issues, Thomas Carnody for Governor Stone of New York on Democratic issues and Algeon Lee of New York on the Socialist platform. All three orators denounced trusts, but accused one another of saying a great deal yet taking no action against them. Governor Atkinson touched only lightly on the anti-imperialist question, while Orator Carmody used it as his main text. The Socialist orator condemned both Democratic and Republican officials who had taken part, he alleged with capitalists in the St. Louis, Idaho, New York city and other strikes.

Philadelphians Killed by Heat.

Philadelphia, Aug. 10.—Three deaths and 29 prostrations occurred in this city yesterday from heat. The maximum temperature was reached at 4 o'clock yesterday afternoon, when 94 2-10 degrees were registered on the government thermometer on top of the postoffice building. Thermometers placed in the sun registered as high as 120 degrees.

Baron Russell of Killowen Ill.

London, Aug. 10.—Baron Russell of Killowen, lord chief justice of England, is seriously ill at Kensington. He has been confined to bed for two weeks. The nature of his malady is not clear. Dr. Treves performed an operation yesterday, which the patient passed through satisfactorily.

Boy Killed by Train.

Geneva, N. Y., Aug. 10.—Yesterday afternoon about 3:30 o'clock John McIntyre, aged 15, of this city, while catching a ride on a Lehigh freight train, was run over and terribly mangled. He died within a short time after the accident.

PLOT TO SEIZE ROBERTS

Alleged Conspirators Arrested in Pretoria.

PLAN TO SHOOT BRITISH OFFICERS.

Suspected Burglars Being Watched. Escape of General De Wet—Boers Said to Be Treating Natives Brutally—Other Transvaal News.

London, Aug. 10.—The News' correspondent in Pretoria states that a plot to shoot all the British officers there and to make Lord Roberts a prisoner has been discovered. The plot is believed to have been the outcome of a conspiracy of which Johannesburger's attempted rising was the first indication.

Everything was prepared in the plot to make Lord Roberts a prisoner and shoot the British officers, and the conspiracy was only discovered at the last moment. The conspirators numbered 15. They had planned to set fire to the houses in the extreme western part of the city, hoping that the troops would be concentrated there. The plan was that then the conspirators were forcibly to enter all houses occupied by British officers, these having been previously marked, and to kill the occupants.

All the Boer sympathizers were acquainted with the plot, and several had been told of to secure the person of Lord Roberts and to hurry with him to the nearest commando. Horses had been obtained for this purpose.

Then the British learned the names of the ringleaders, who were put under arrest. The affair has created a tremendous sensation.

Kaffirs who have come into the city report that the Boers are treating the natives brutally whenever they reoccupy a place that has been passed by the British troops. Their usual method of punishment is flogging.

Every night shots are heard around the town. The firing is done by the sentries, who frequently discover Boer emissaries trying to enter or leave the town.

The supplies here for the army are abundant, with the exception of forage. Few of the local farmers bring anything to market. It is expected that trains will be available shortly, and the merchants will then replenish their stores. The military authorities are selling rations of flour to civilians at 3 pence per pound.

The indigent residents are still being fed by the authorities. Lord Milton has charge of the food supplies for civilians.

From the Orient.

Seattle, Wash., Aug. 10.—The Times has the following by mail from its Kobe (Japan) correspondent: "The steamer Goyo Maru called at Chemulpo on July 4 on her way from Vladivostok to Chefu, having left the Russian port on June 29. The captain stated that the steamer carried 625 Chinese from Vladivostok to Chefu. It appears that the feeling against the Chinese was very strong in Vladivostok in consequence of the outbreak of hostilities. A number of inflammatory placards have been posted up in the western suburb of Canton, of which the following is a specimen: 'Kill all the Germans, the French, the Americans and the English. Drive all the foreigners away and our hearts will rest in peace.'"

Richmond Anarchist Arrested.

Richmond, Aug. 10.—Alex Brasseo, an Italian, about 30 years of age, a marble cutter by trade, has been arrested, prominent Italians having declared that he is an anarchist and that he had made a threat to throw a bomb into the cathedral today while the regicide services for King Humbert are being celebrated. It is said that Brasseo was at the anarchist meeting in Paterson, N. J., at the time of the drawing of lots to kill the king. He is also charged now that Brasseo has been trying to organize an anarchist band here and that he boasted he knew beforehand when Humbert would be killed.

Anarchists After Leopold.

Brussels, Aug. 10.—A swarm of anarchists is here. The following notice was posted on the door of the king's palace and on all public buildings: "In 1878 785 workmen were condemned to 1,200 years imprisonment, and 570 workmen were assassinated in the streets of Milan. The starving workers and our murdered brothers in Italy have been avenged by Bresci. Vive Bresci! Vive l'anarchie! Mort a la bourgeoisie." Americans are suspected. Members of the anarchist group of Patterson, N. J., have been traced to Antwerp.

Nixon and the Governorship.

Butte, Aug. 10.—S. Fred Nixon of Chattanooga for several terms a speaker of the assembly, was asked if he was a candidate for governor and replied that he had never announced himself as a candidate and was not putting forth any effort to secure the nomination. He would accept if nominated, but if he would support the nominee, Chattanooga and Chattanooga, he said, had been instructed for him, and he believed Allegheny would instruct for him. Mr. Nixon has been renominated for the assembly.

Terrible Heat in Chicago.

Chicago, Aug. 10.—There were four deaths due to the heat and 29 prostrations, three of which are expected to prove fatal. The dead are Mrs. P. W. Pike of Port Wayne, M. O. O'Brien, an infant child of Mrs. Rose Crabbie and an infant child of Mrs. John Hendricks. These four deaths make a total of 17 due directly to the heat. It is estimated that over 100 deaths of people already ill have been hastened by the weather of this week.

Ship Suddenly Disappeared.

Victoria, B. C., Aug. 10.—The Empress of Japan brings a report that the steamer Doric on her arrival at Yokohama reported that on July 14 she passed a steamer in midocean, saw her lights and heard a whistle and afterward lost sight of her. Soon a piece of wreckage, painted black and white, was discovered. The Doric put back and circled around for eight hours, but could find no trace of the vessel.

Hayre Strike Spreads.

Hayre, Aug. 10.—The strike of the stokers is extending. The quay workmen and cartmen are now affected. The United States training ship Saratoga, which is on her way to Gibraltar, will probably be delayed for want of the assistance of a tug.

Stratton at Tampa.

Tampa, Fla., Aug. 10.—There has been no change in the yellow fever situation here during the past 24 hours, and all danger is believed to be over.

WANT STEVENSON.

Populist National Executive Committee Said to Favor Him.

Chicago, Aug. 10.—The Populist national executive committee held two sessions here yesterday; but, contrary to expectations, senator Marion Butler of North Carolina, the chairman of the national committee, was not present, and no one seemed to know whether he would come to Chicago for the meeting. Harry Tracey of Texas was the only other member of the committee who was not present.

The committee discussed informally the withdrawal of Charles A. Towne, Populist candidate for vice president, but the members did not fix upon a date for the calling together of the entire national committee. The executive committee has no power to fill the vacancy. This must be done by the national committee, and it is apparently expected that it will meet before long and select Adlai E. Stevenson as the Populist candidate for vice president.

There seemed to be a good deal of apprehension among the members of the committee in regard to the attitude of Senator Butler on the vice presidential situation. There has been a strong rumor to the effect that the North Carolina Populist would take the bit between his teeth and insist that a Populist be named for vice president on the Populist ticket. It is said that a majority of the committee take the other view of the situation and believe that Mr. Bryan will be able to win over Senator Butler in case the latter takes an antagonistic stand regarding the selection of Mr. Stevenson. J. C. Johnson, chairman of the Democratic national executive committee, was in conference for a short time with the Populists.

Cured at a Shrine.

Ogdensburg, N. Y., Aug. 10.—A sensation has been created at the shrine of Our Lady of Victory on the lawn of Sacred Heart convent in this city by the miraculous and sudden cure of Mrs. James McCormick, wife of Captain McCormick of the lake tug Seymour of the Ogdensburg Coal and Towing company's fleet. For over a year she had been an invalid, suffering severe pain from acute rheumatism. Believing she would be benefited by worshipping at the shrine, she was wheeled there in her chair, and, pushing up close to the foot of the statue, began reciting the litany. Suddenly, with a cry of joy, she arose from her chair, going among the worshippers and walking to her home some distance away, leaving her chair behind.

Yellow Fever at New York.

New York, Aug. 10.—Health Officer Doty has given out a report concerning a patient at the Swinburne Island hospital. The patient was Miguel Paterno, aged 30. The patient was removed from the Spanish steamer Montserrat, which arrived on the night of Aug. 1. The Montserrat is a Spanish steamer which came from Havana with passengers in transit for Spain. On the morning after the steamer's arrival Dr. Doty decided to remove Paterno, who had a high fever, to Swinburne Island. The case was baffling from the start, and only constant observation decided the character of the disease, which proved to be yellow fever of mild type. The patient is doing well.

Funeral of King Humbert.

Rome, Aug. 10.—With as much simplicity as the last rites to a king would permit the remains of the late King Humbert of Italy received their last honors and tributes today at the funeral yesterday. The casket containing his body, borne on a gun carriage, preceded by his general aid-de-camp carrying his sword, followed by his favorite war horse and surrounded by those who were closest to him in the councils of state, was deposited after an imposing ceremony in the Pantheon. The city was a mass of somber decoration. Rome's appearance of being weighted down by deep grief and sorrow.

Closing of Powers Trial.

Georgetown, Ky., Aug. 10.—It is believed the defense will complete today its testimony on behalf of former Secretary of State Charles Powers, charged with complicity in the "Goweb" scheme. Colonel Campbell of the prosecution states that his side will consume only one day in hearing rebuttal proof. There will be four speeches on each side when the evidence is finished. Whether the trial of Henry Yontsee, another alleged conspirator, will be taken up following the Powers trial will be laid over has not yet been decided.

Coggeshall Out of Race.

Rome, N. Y., Aug. 10.—The Oneida county Republican convention, held yesterday afternoon, was treated to a genuine surprise when Senator Coggeshall declined to allow his name to go before the convention for renomination for the office which he has held for 17 years. Garry A. Willard of Booneville received 50 votes to 48 for Sanger, Mr. Coggeshall's candidate.

Boy Drowned.

New York, Aug. 10.—Marianus de Waal, 17 years old, son of A. E. de Waal of Nulter, N. J., was drowned yesterday in Green pond, Morris county. He was rowing on the pond with Dr. and Mrs. George B. Philhower and Edmund J. Guthrie when the boat sprang a leak. The boy could not swim and was drowned, while his companions had a narrow escape.

Secretary Long in Maine.

Boston, Aug. 10.—Secretary of the Navy John D. Long and family will pass three weeks at Secretary Long's farm in the village, which is his native place. Secretary Long will be here Saturday in the Old Home week exercises.

Secretary Hay Improving.

Concord, N. H., Aug. 10.—Secretary Hay's condition is much improved. His family physician, Dr. Adams, returned to his home in Springfield, from where he was early on Sunday morning summoned. Mr. Hay sat up for about an hour yesterday.

"Cash" Sloan Wins Again.

Death From Heat in Chicago.

Chicago, Aug. 10.—Nine deaths and 13 prostrations is the record of yesterday's intense heat in this city. The temperature was above 90 degrees all day.

Weather Forecast.

Generally fair; west winds.

ALLIES' SWIFT ADVANCE

Yang-tsun Is Taken Twelve Hours After Peitsang.

AMERICANS WERE IN THE FIGHT.

Chaffee Reports the Victory and His Losses—Text of the State Department's Warning to the Peking Authorities.

Washington, Aug. 10.—Another stage of the advance on Peking was covered by the international forces on Monday, when the important town of Yang-tsun, at the crossing of the railway of the Pei-Ho, was occupied. This important strategic point was not relinquished by the Chinese without a fight, but nothing is known yet as to the amount of their resistance. That the Americans participated in this battle is shown by General Chaffee's report that Lieutenant Lang of the Ninth infantry was wounded and that the casualties in the American force amounted to about 60. This number is opposed by war department officials to include those reported by General Chaffee as overcome by heat and fatigue.

Second Lieutenant Frank R. Lang served during the Spanish war in the First Maine infantry. He was appointed a second lieutenant of the Ninth infantry on April 10, 1899. Though slightly wounded at the taking of Tien-tsin, he went forward with his regiment.

First news of the taking of Yang-tsun was received yesterday morning in this dispatch from Captain Sciven of the signal corps, under yesterday's date at Chefu and subdated Monday: "Yang-tsun captured today. Wire up. Need own transportation. All well."

Chaffee's Dispatch.

General Chaffee added slight details later in this dispatch, under Monday's date: "Yang-tsun occupied today. Wounded—Second Lieutenant Frank R. Lang, Ninth United States infantry, moderate, and casualties about 60 enlisted men Ninth United States infantry, Fourth United States infantry, Battery F, Fifth United States artillery. Nearly all from Fourteenth infantry. Names later. Many men prostrated by heat and fatigue."

Much encouragement is derived from General Chaffee's dispatch, which is taken as indicating that the international forces are advancing much more rapidly than had been believed possible. After the early Sunday morning fight the troops rested until the next morning. Then they crossed the Pei-Ho, made a forced march of 12 miles and captured Yang-tsun on the same day. The conviction that little opposition is to be expected from the Chinese troops, based on yesterday's report of the taking of Peitsang, is strengthened by this dispatch, and it is not expected that the co-operating forces will find their advance seriously disputed by the Chinese until the neighborhood of Peking is reached.

From Yang-tsun to Peking two ways are open to the advancing army. The highway which follows close to the river can be taken, or the advance can be made along the bed of the railway, which leaves the river at Yang-tsun and diverges to the westward, entering Peking from the west side.

It is believed by the officials of the war department that the advance will be made by the railway, the repairs to which are doubtless being pushed as rapidly as possible to enable its use for the transportation of supplies and reinforcements.

What has been done during the four days since General Chaffee's report was written can only be surmised, but war department officials believe that another advance has been made. It is thought probable that after the severe work of Monday the troops needed rest and that Tuesday and Wednesday were devoted to getting supplies to the front and preparing the various commands for the advance which it is believed took place yesterday.

If this calculation be right and no material resistance was encountered, it is probable that the relief forces are by this time nearly half way from Tien-tsin to Peking.

State Department's Note.

The state department yesterday made public the following memorandum sent to the Chinese government through Minister Wang: "We are availing ourselves of the opportunity offered by the imperial edict of Aug. 5 allowing to the foreign legations free communication with their respective governments in cipher and have sent a communication to Minister Congor, to which we await an answer."

"We are already advised by him in a brief dispatch received Aug. 7 that imperial troops arrived daily upon the ministers in Peking. We demand the immediate cessation of hostile attacks by imperial troops upon the legations and urge the exercise of every power and energy of the imperial government for the protection of the legations and all foreigners therein."

"We are also advised by the same dispatch from Minister Congor that in his opinion for the foreign ministers to leave Peking, as proposed in the edict of Aug. 2, would be certain death. In view of the fact that the imperial troops are now firing upon the legations and in view of the doubt expressed by the imperial government in its edict of Aug. 2 as to its power to restore order and secure absolute safety in Peking it is evident that this apprehension is well founded, for if your government cannot protect our minister in Peking it will presumptively be unable to protect him upon a journey from Peking to the coast."

"We therefore urge upon the imperial government that it shall adopt the course suggested in the third clause of the letter of the president to the emperor of China of July 23, 1900, and enter into communication with the relief expedition, so that co-operation may be secured between them for the liberation of the legations, the protection of foreigners and the restoration of order. Such action on the part of the imperial government would be a satisfactory demonstration of its friendliness and desire to attain these ends."

Communication Now Free.

Acting Secretary Adee of the state department has made public the following cablegram from Consul Fowler at Chefu, which reached the department at 11 o'clock last night: "Morning Aug. 8.—Telegraphed the governor yesterday protesting against limiting the government to forward the protest to Peking. Governor telegraphs the following: "Received note from tsung-li-yamen dated 5th. Yamen just received edict permitting ministers to have peaceful ser-

M. E. Missionaries Safe.

New York, Aug. 10.—The Rev. Dr. A. B. Leonard, secretary of the Methodist Episcopal Missionary society, 150 Fifth avenue, yesterday received a cable message from the Rev. William T. Lacy, which was sent from Kobe, Japan. The message simply announced the safe arrival in Kobe of various members of the Methodist mission in Chefu. Besides Mr. Lacy and his wife, the following were named as having arrived in Kobe: The Rev. and Mrs. James Simister, Mrs. Julia W. Plum, Miss Sarah M. Bosworth and Miss Isabella Longstreet. All of these are from Chefu.

Prince Tuan's Pedigree Shady.

Vancouver, B. C., Aug. 10.—According to reports brought here by the Empress of Japan many Chinese now aver that Prince Tuan, the rebel leader, is not a member of the imperial clan at all. He is supposed to be the son of the fifth Prince Tuan, but it is known to many in Peking that he is a supposititious son, his mother being a nurse in Prince Tuan's family. By collusion with Prince Tuan's wife the child who is now Prince Tuan was introduced as the prince's son. Though a Mantchoo, he is thus not really of imperial descent, if this story is true.

Money Order Office in China.

Washington, Aug. 10.—The postoffice department announces the completion of arrangements whereby remittances may be made to the troops operating in China or those who will hereafter be sent to that locality. A money order office has been established at military postal station No. 1, China. Its location is at present undecided, but intending remitters may safely purchase.
