# To the Public!

This is the time of the year when the average family is compelled to expend more money than at any other sea-son. To prepare for winter means the purchasing of numerous necessary articles. Are you aware that an inspec-tion of our stock will let you know that we can

# Save You Money?

It's "volume" we're looking for these days, and not our usual percentage of profit. The lower we make the price the quicker you will buy our goods, and we're figuring on putting out hereafter twice the quantity monthly, at half the usual profits. It will pay us, and it will pay you, to take advantage of this proposition.

## Quantity and Quality.

We carry as large a stock as any other general store in the region and the people tell us that the quality of most articles we sell are somewhat better, and very often somewhat cheaper, than you receive over the average counter. Our butter, eggs and groceries are always fresh, and all our goods are reliable.

WENNER & SONS SECOND WEEK OF STRIKE Troops Arrived at McAdoo This Morning.

Four Regiments of Infantry and Cavalry and Artillery in Schuylkill County--Situation Today.

uation Today. The great strike entered upon its sec-ond week this morning. The miners have made many gains in the past few days among those who continued work-ing after the time set for the strike to been resumed at any mine or shaft in any of the regions where the men laid down their tools. All collierles that were compelled to shut down by lack of workers are still closed. The only change in the local situation is the closing down of the Sandy Run collierles this morning. The mine workers remained at home and the shut-down is complete. There is no decided change at the collierles in the other sur-rounding towns. Since our last issue Governor Stone has ordered troops to Schuyikill county, and the following are now on duty in that region: Fourth, Eighth and Tweifth regiments of infantry, Battery C and the Governor's troop, all a part of the National Guard of Pennsylvania. The majority of the troops are located in and around Shenandah. This morn-ing, howver, four companies of the Tweifth regiment were orderd to locate at McAdoo, and arrived their about 7 o'clock. G. B. Markle & Co, Coxe Bros & Co.

at arCato, and arriver there are a solution of elock. G. B. Markle & Co., Coxe Bros & Co. and the Lehigh Valley Coal Company have requested Governor Stone to send troops to Jeddo, Drifton and Hazleton to protect their property, but, as this request has not yet been backed by Sheriff Harvey, the operators' claim to state protection has not been granted.

SANDY RUN CLOSED.

SANDY RUN CLOSED. Sandy Run mine workers were met on their way to the mines Saturday morn-ing by men from the strikers' ranks and were asked to join the movement. With scarcely an exception the miners agreed to comply and many offered to return home then. They were told, however, to finish the week and remain at home this morning. The men carried out their promises by remaining home this morning.

The men carried out their promises by remaining home this morning. A meeting of the employes of Sandy Run collierles will be held this evening. Rev. J. W. Bischoff, it is expected, will address the men.

#### MEETING AT ECKLE

MEETING AT ECKLEY. Several of the miners of Eckley at-tended a meeting held in that town yes-torday afternoon. The Eckley men were requested, and in some instances ordered, to remain away from the gath-ering. Mine foreme endeavored to break up the meeting, but were unsue-cessful. The speakers pleaded with the workers at Eckley to join the strikers' ranks, and many of those present prom-ised to remain at home this morning. The colleries are working today, but it is claimed the force is much smaller than on Saturday.

FATHER MACK'S ADVICE.

FATHER MAOK'S ADVICE. At the late mass at St. Ann's church yesterday Rev. F. Mack gave advice to the members of his congregation. He explained to them the rights given to each individual by the divine, moral and eivil laws and cautioned them to not transgress these laws he also caution-ed them to remain in their homes, especially after nightfall, and to avoid intoxicating drinks.

#### SHOOTING AT SHENANDOAH.

SHOOTING AT SHENANDOAH. A sheriff's posse fired on a crowd of men near Shenandoah Friday afternoon, killing two persons and wounding seven others. Sheriff Toole was called to Shenandoah to surpress the crowds that threatened mine workers and colliery property. At quitting time the sheriff and a small posse which he had sum-moned on the ground went to the Indian Ridge colliery, of the Reading Company, to escort the workingmen to their Continued on Fourth Page.

#### THREE ARRESTED.

**THREE ARRESTED.** Deputies Sent to Jail on the Charge of <u>Highway Robbery.</u> Three of the men who have been sent to Freeland for the alleged purpose of protecting mine property and miners from the strikers are under arrost, charged with the grave crime of high-way robbery. So far the evidence is against the accused deputes. The three men are Bert Howard, Hamilton Farnharm and Robert Shoo maker, all of Wilkesbarre, where their families are numbered among the aris-tocracy of that city. They are accused by Jacob Yoski, a saloon man who resides at Carbon and Adams street, of robbing him of \$167. Yoski drove to Highland Saturday evening to sell beer and collect out-standing bills. He was met by the guards at the entrance to the towa and notified that no beer could be sold in

guards at the entrance to the town and notified that no beer could be sold in Highland. He was permitted, however, to collect his bills. When leaving the town he was asked by three of the deputies for a ride to Freeland. He consented and the four came to town on his wagon. When Yoski reached the alley at the rear of his home the deputies demanded that he drive them to Jeddo. He refused. Suddenly one of the men grassed him

his nome the deputies demanded that he drive them to Jeddo. He refused. Suddenly one of the men grasped him by the throat, while his two companions rifed his pockets, taking all the money about his person, which amounted to \$167, and fired two shots in the air. The robbors then took to their heels, up Carbon street to Washington, to Luzerne, then to Centre and to the Central hotel, where a number of the deputies are quartered. They were closely followed by Yoski, and although it was after 10 o'clock a crowd soon col-lected about the hotel. Yoski picked out the men at the hotel and they were taken in charge by the police. Later on a hearing was given them before Squire Shovlin, who committed them to prison in default of bail.

bail. Sheriff Harvey, who was notified of the occurrence, arrived in town, relieved the prisoners of their badges and com-missions, and advised that they be taken to the county jail. Constable James Welsh, Officer Benj. Hontz and Daniel Slattery left at 3 o'clock yesterday morning with the prisoners for Wilkesbarre. The prisoners secured bail yesterday and are free until their case is called by the court.

the court. This affair naturally created a great deal of excitoment in town, and the people of Freeland, regardless of their views or sympathies on the strike ques-tion, are indignant that a gang contain-ing such men should be permitted to prowl about the vicinity armed with deadly weapons. The general opinion of the class of men who will act as deputies was always very low, and the occurrence of Saturday night has gone a long way in convincing law-abiding people that the region is infested with a band of unscrupulous thugs who were brough here to create trouble.

#### Trainmen Will Fight.

Trainmen Will Fight. The Brotherhood of Railroad Train-men has submitted a formal complaint to United States District Attorney Hol-land, of Philadelphia, charging that the officials of the Reading Railway have discriminated against certain employes because they were members of the brotherhood. The brotherhood officers desire a test case made, alleging that the action of the railway officials is in direct violation of the act of congress of June, 1808. The first papers of complaint were filed last July. Assistant United States District Attorney Stewart, who has charge of the matter, requested more evidence. Additional papers were pro-vided in August. Mr. Stewart says that he considers the evidence still in-sufficient, but the case will be taken up to its review code

sufficient, but the case will be taken up in its regular order.

#### Building Is Completed.

Building Is Completed. On Saturday afternoon the painters completed their work at the Municipal building, and the structure is now ready to be transferred from Contractor S. Y. Fredrick to the borough. No time has yet been set for the formal acceptance of the building. The committee which has charge of the dedication ceremonies and the ar-ranging of a suitable program for that occasion will report on the matter at the next meeting of council. The date to be chosen will be one about the middle of October.

Against Company Stores. The St. Clair board of trade has taker a decided stand against company stores. At a meeting of that body, held last week, it was determined to notify G B. Linderman & Co., the St. Clair Coal Company and E. White & Co., that un less the company store law was lived up to, and the semi-monthly pay law strict ly adhered to, the board would go into court asking for an injunction restrain ing the concerns named from doing busi ness.
